LONG TIME IN BUSINESS.

Albert Worcester of St. Johnsbury Closes Out Store.

St. Johnsbury, Feb. 7.—After more than forty years in the mercantile business, Judge Albert Worcester has closed out his general stock and will hereafter devote himself to other duties. At the time of his retirement he was the only one left on Railroad street of those doing business when he began his career here in 1870. In fact, there is probably only one older merchant in business now in St. Johnsbury who was serving the public then.

Judge Worcester began his life work in 1860, in the store of his father-in-law, A. C. Babbit, in Greensboro. Ten years later he came to St. Johnsbury and went into business with A. C. Harvey. They conducted a hardware and grocery store in the old Hoyt block for two years, when Judge Worcester sold his interest to Capt. J. W. Haskell and went to Wells River to accept a clerking position with Frank Deming. But Judge Worcester was not content with Corning and after a few years he returned to St. Johnsbury and opened a general store in partnership with his father-in-law, Mr. Babbit, in the building which he has just vacated. Mr. Babbit died in 1888, and Judge Worcester has since conducted the business alone.

For more than twenty-five years he has been a justice of the police court, and he still retains this office. At 75 he is active and erect, and says that he dreads the inactive life that will follow his retirement from the store. He was devoted to his business, and makes the change because the close confinement to the store was becoming injurious to him.

Judge Worcester has sold his stock to W. F. Holton of Barnet. The building, after some repairs are made, will be occupied by A. G. Rand.

FOUR PROBABLY DROWNED.

The Coal Barge, Bound For Boston, Founders.

New York, Feb. 7.—One of a tow of three coal-laden barges which left Norfolk last Saturday bound to Boston in tow of the tug Waltham foundered off Absecon, N. J., early Tuesday morning and all hands aboard were lost. It is believed four men composed the crew.

Telephone In War

The telphone is destined to take a great part in the wars of the future, and the new system of rapid laying is doubling its utility. At Hoshiarpur, in the Punjab, a mounted man riding at a canter connected up in seven minutes the whole of a position stretching two miles, over all kinds of going, and the line was wound up in eighteen minutes. —From the Lahore Gazette.

Rest, Health and Comfort to Mother and Child.

MRS. WINSLOW'S SOOTHING SYRUP, for children teething, softens the gums, reduces inflammation, allays all pain, and cures wind colic. Twenty cents a bottle. We would say to every mother who has a suffering child, go to your nearest store and get the genuine article, stand behind it, you and your children will bless the day that you did so. Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children for over fifty years with never failing success. Price 25c. a bottle.

POST OFFICE BILL READY

Soon to Be Reported by House Committee

DELAY IS TO BE FAVORED

On Second-Class Mail Legislation—System of Department to Be Revised—Pay to Railroads for Transportation Is Reduced.

Washington, Feb. 7.—The postoffice appropriation bill was voted out of committee yesterday, and Chairman Overstreet expects to report it to the House today. It was the final decision of the committee not to attempt to get through any legislation affecting second-class mail matter at this session. Mr. Overstreet advised that the whole subject go over another year, and the committee approved the suggestion. Two recommendations made by the postal commission are incorporated in the bill: that experts be employed to overhaul that postoffice department with the view of introducing modern business methods and that the mails be weighed and the weights classified for a period of six months beginning the first of next July. The increases in pay for all classes of railway mail employees recommended by the subcommittee were approved by the whole committee. The provision affecting railway mail pay as finally agreed upon goes a little further than the recommendation of the subcommittee.

Besides making a direct cut of about seven per cent in this pay, the bill provides that empty mail bags shall be eliminated from the weighing of the mails, and stipulates that Sunday shall be taken into consideration in arriving at the basis of pay. For years, as pointed out by Representative Murdock of Kansas, the mails have been weighed seven days to the week and the roads paid on the basis of six days' work. A provision has also been put in the bill reducing the railroads' pay for hauling postal cars. The bill on the whole is regarded as the most important one ever reported by the postoffice committee. It carries a little over $200,000,000. It is evident that it will give rise to much discussion when it is taken up in the House.

Dalzell Speaker for the Day.

Representative Dalzell of Pennsylvania called the House to order yesterday, the indisposition of Speaker Cannon, who is confined to the house with a cold, making it necessary to designate a speaker pro tem for the day. The House at once went into committee of the whole for the further consideration of the river and harbor appropriation bill.

Action Delayed on Time Limit Bill.

Representative Hepburn of Iowa, chairman of the House committee on interstate and foreign commerce, is confined to his home by a severe cold. His committee has postponed action on the bill limiting the employment of railroad men to sixteen hours a day and also on the bill for two cents a mile interchangeable mileage books good on all railroads.

Child Labor Question for States.

Chairman Jenkins of the House committee on judiciary submitted a report yesterday in which it is stated emphatically that the committee is of the opinion that "Congress has no jurisdiction or authority over the subject of women and child labor, and has no authority to suppress any abuses of such labor or ameliorate conditions surrounding the employment of such laborers." The committee holds that the regulation of women and child labor is within the police power of the various states. The report was made in compliance with the resolution from the House committee on appropriations asking for an opinion on the subject before the committee included an item to cover the expense of the investigation of woman and child labor in the United States.

CALIFORNIA RIGHT IN JAPANESE SCHOOL CASE.

General Belief in Washington About Richard Olney's Argument.

Washington, Feb. 7.—Richard Olney's argument in a letter to Representative McCall that the United States cannot make the Japanese treaty exercise jurisdiction over the school regulation of California or any other state, is attracting much attention here. Moreover, the belief here is that the administration realizes that the legal points in this controversy are not against the California people. The president and Secretary Root are not hopeful of winning in the courts the case involving the right of the San Francisco school board to segregate Japanese pupils.

Members of the California delegation are extremely skeptical of an early settlement of the trouble, despite offers of assistance from Washington. They think it doubtful if any special decree can be issued to control immigration, and they look for a long drawn-out controversy that will be as acute next session as it is now.

Some comment has been aroused over the fact that the navy department is planning to combine the Pacific squadron and the Asiatic fleet into one fleet, probably to be known as the Pacific fleet. The navy department denies there is any reason for alarmist talk in this, however, or that the strength of the navy in Pacific waters will be materially increased.

PRESCRIPTION FOR "CYCLONE" CATARRH CURE.

The name "Cyclone" is given to the following prescription. It is supposed, because of its promptness in driving from the blood and system every vestige of catarrhal poison. To prepare the mixture, get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon and three ounces Compound Syrup Sarsaparilla. Shake well and use in teaspoonful doses after each meal and at bedtime.

This is a harmless, inexpensive mixture, which has a peculiar action upon the eliminative tissues of the kidneys, assisting them to filter and strain from the blood and system the catarrhal poisons, which, if not eradicated, are absorbed by the mucous membrane, and an open sore or catarrh is the result.

Prepare some and try it, anyway, as it is the prescription of an eminent catarrh and throat specialist of national reputation.

SPEAKER CANNON ILL; SUFFERING FROM COLD.

Confined to Home, But Condition Is Not Serious.

Washington, Feb. 7.—Speaker Cannon is confined to his home with a severe cold, which has been troubling him for several days.

The speaker's secretary said today that Mr. Cannon could be at the Capitol if his presence were imperative, but that the river and harbor bill would be under consideration all day with the House in the committee of the whole, and consequently the speaker could remain away without delaying the business of Congress.

ROOSEVELT WANTS TO MAKE A VISIT TO ALASKA.

Hopes to Go on Hunting Trip After Term Expires.

Washington, D.C., Feb. 7.—President Roosevelt hopes to visit Alaska on a hunting trip after his presidential term expires.

He expressed this desire yesterday to Robert W. Wiley, who has spent seventeen years in that country, and has travelled in remote sections, where big game is still abundant.

$830,000 for Four Cutters.

Washington, Feb. 7.—The Senate yesterday passed a House bill appropriating $830,000 for four steam revenue cutter vessels.

WOULD MAKE PURE FOOD LAW SUPREME IN NEW YORK.

Bill at Albany Legalizes Its Provisions Within That State.

Albany, Feb. 7.—A bill introduced in the Assembly today would make the new United States pure food law, covering interstate commerce between states, the law within the boundries of this state also.

MOB PELTS THE POLICE.

Prussian Election Crowd Showers Down Missles from Windows.

Elberfeld, Rhenish Prussia, Feb. 7.—The local police in trying to maintain order among the election crowds Tuesday night were pelted with stones, beer bottles and other missiles, until finally the crowds became completely out of hand.

A strong body of police was then solicited and charged the people with their swords. The rioters sought refuge in neighboring houses and threw from the windows pieces of furniture and other articles over the police below. There were a number of casualties on both sides and many arrests were made.

BALKS CONGO INQUIRY?

The Charge Against the Belgian Government.

Brussels, Belgium, Feb. 7.—M. Van der Velde, the Socialist leader, and M. Hyman, leader of the Liberals, the opposition members of the commission appointed by the government to inquire into the administration of the Congo Independent State, have protested against the alleged action of the government in withholding documents which are essential to the investigation.

NEBOGATOFF GOES TO CELL.

Ten Years in Fortress, Punishment for Admiral Who Gave Up Ships.

St. Petersburg, Feb. 7.—The emperor has confirmed the sentence passed by the court-martial on Vice Admiral Nebogatoff and the other naval officers in connection with the battle of the sea of Japan.

Nebogatoff will be interned in a fortress for ten years and the others for varying periods.

The Best Poultry Food.

Fresh cut bone and meat has been called the best food for laying hens by many to develop it a high concentration but easily assimilated form all the material which are essential in the egg. If your hens are not laying you should send to C. S. Page, Hyde Park, Vt., for his pamphlet, free of the freight will cost you only three cents per pound to your railroad station.

AMMUNITION ALL TURNED IN

Brownsville Witness Denies Knowing of

NO CONSPIRACY SILENCE

Senators in Wordy War — Pettus Accuses Senator Foraker of "Leading" a Brownsville Negro Witness.

Washington, D. C., Feb. 7.—The Senate committee on military affairs began it third day of the Brownsville hearing yesterday, Jacob D. Fraser, former first sergeant of company D, 25th infantry, taking the witness chair. Senator Foraker conducted the examination and had not proceeded far before his methods were challenged by Senator Pettus, who declared that the Ohio senator was "leading" the witness.

Fraser, who is a physical giant testified that he was married and with other married soldiers had been permitted to live outside the post quarters. He was at home with his family on the night of August 13, when the firing in Brownsville occurred. On his way to the quarters he heard the general fusillade, which appeared to be near B and D companies' quarters.

The witness described the call to arms and the roll call which was ordered by Captain Lyons, and he said he found every man present or accounted for. After roll call the company marched through the town, and on their return to the barracks the guns were locked in the racks and the men ordered to quarters until the reveille, about 6:45 next morning.

Fraser then described in detail the inspection of arms by Captain Lyons. About two days after the trouble all the ammunition was ordered turned in, and all was properly accounted for.

Fraser declared he did not know of any member of his company being engaged in the riot, nor did he believe that any had been. He had withheld no information and he insisted that there was no conspiracy of silence.

FATAL FIRE IN BOSTON.

One Killed and Thirteen Badly Injured in $100,000 Blaze.

Boston, Mass., Feb. 7.—One man was killed and at least thirteen other people injured in a fire that destroyed the block occupied by Hunt Bros.' department stores and several tenements at 1275 and 1277 Tremont street, in the Roxbury crossing district, early yesterday, causing a monetary loss upward of $100,000.

The dead man is Jacob Gold, who was overcome by smoke and died before medical assistance could reach him. Two of the injured were taken to the city hospital in a critical condition. They are Mrs. Kate Glass and her baby, only two days old.

BY OSCAR EAGLE

Stage Director Tells How Father John's Medicine Cured Him of the After-Effects of Pneumonia.

Speaking of the risks taken by business and professional men, Oscar Eagle, stage director for Liebler & Co.'s productions, says:

"After an acute attack of typhoid pneumonia, I got up out of a sick bed to attend to an important matter. I had a racking cough such as it is impossible to describe. My business associates expected me to die. Three of the best physicians obtainable could do nothing for me. I lost 20 pounds in eleven days and was never so completely run down in my life. That I recovered is regarded by my friends as a miracle. I was about to go to a hospital when Father John's Medicine was recommended to me. After continuous failing under the treatment of doctors, I had little faith left, but began taking the medicine. I continued to take the medicine, and after six bottles was restored to good health, gained the flesh I had lost and have ever since been as well as ever in my life. Since then I have talked with my physician and learned that he prescribed Father John's Medicine in such cases. He agreed with me that it has wonderful merit."

FISH, Oysters and Clams

It is our aim to handle the best class of these goods that money can buy, whether used Fresh, Salted, Smoked or Canned. We expect our usual large variety of Fresh Stock for this week, including Oysters and Clams in the shell. We are also handling all the nearby fancy Fresh Eggs and new Dairy Butter we can get. BOODLING INQUIRY AIMS AT JEFF DAVIS.

Senator-Elect from Arkansas Under Fire of Legislators—"Corruption" Order Goes Over a Day.

Little Rock, Ark., Feb. 7.—Mr. Smothers of Baxter introduced a resolution in the House Tuesday providing for the appointment of a joint committee to investigate thoroughly the charge of official corruption preferred against Senator-elect Jefferson Davis by Prosecuting Attorney Rhoton of Litll Rock in his recent open letter.

Under the rules the resolution went over until yesterday. The resolution says, in part:

"That a committee of five be empowered to investigate such charges of official corruption and to report to the House and Senate their findings, together with the proper recommendations for ousting said officials in event the said charges are proved true."

President Moore has announced the appointment of Senators Amis and Simms to consult with Prosecuting Attorney Rhoton regarding "boodling" cases.

PRESIDENT CASTRO DYING DOCTORS GIVE UP ALL HOPE.

Vice-President Gomez of Venezuela Cables News to This City.

New York, Feb. 7.—President Castro of Venezuela is dying, and the doctors have abandoned their efforts to save him.

This is the gist of the cable dispatch sent yesterday by Vice-President Gomez of that country to former Venezuelan cabinet official now in this city.

PROMINENT BETHEL MAN.

Edgar A. Maxham Died Suddenly Monday Night.

Bethel, Feb. 7.—The funeral of Edgar A. Maxham, who died Monday night of heart trouble, was held yesterday afternoon. He had been feeling ill for some time, but had not been confined to his bed. He retired at 9 o'clock, complaining that he felt very cold, and an hour later passed away. Mr. Maxham represented this town in the legislature of 1882, and was prominent in the grange.

The deceased was born at Quechee January 21, 1833, and was educated at Randolph and South Royalton academies. He entered the drug business in South Royalton in 1855, continuing it until 1864. In 1870 he moved to Bethel, being proprietor of a drug store here for 23 years. Mr. Maxham had not been in active business since he sold his drug stock to J. T. Sisco in 1894.

Mr. Maxham was married October 2, 1857, to Miss Ella E. Davis of Bethel, who survives him, with a son, Frank.

COST OF MONTPELIER POOR.

Overseer Lamphere Makes Annual Report of Department.

Montpelier, Feb. 7.—The report of Overseer W. L. Lamphere shows that the net cost of the poor department for the year that ended January 31, 1907 was 3,374.23. The city farm was maintained at a net expense of $367.01; the gross expense was $1,882.21 but the income was $1,515.20, this giving the small net cost.

A total of 11 persons were cared for at the farm at the net cost of $361.01. Eight persons are now inmates at the farm.

The expense of the poor not at the farm was $2,234.22. The salary of the overseer was $333 and that of the city physician was $200. During the year a total of 59 individuals and families were given aid by the departments varying in amounts from 70 cents to $171.42 in each case.

BRYCE STARTS FEB. 13.

He Will Sail for New York on the Oceanic.

London, Feb. 7.—James Bryce, the ambassador of Great Britain to the United States, and Mrs. Bryce, will sail for New York on the steamer Oceanic, February 13.

Eyes And Exercise

It was a matter of surprise to Emerson that the following little piece of advice by De Quincey should not have attracted more attention: "The depth and subtlety of the eyes thus exceedingly with the state of the stomach, and if young Ladies were aware of the magical transformations which can be wrought in the depth and sweetness of the eye by a few weeks' exercise I fancy we should see their habits on this point altered greatly for the better. —From the Health Record.

A German View

The British shipping firms have no alternative but to go to Southampton if they wish to maintain their supremacy in the transatlantic trade. —From the Boston Traveller.

WILLIAMS' KIDNEY PILLS.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a dullish appearance of the eyes, especially under the eyes? Do frequent a desire to pass urine? If so, Williams Kidney Pills will cure you. Sample free. By mail 50c. Williams Mfg. Co., proprietors, Cleveland, Ohio. Sold by C. H. Sanborn & Co.

VISITORS OUTCLASSED

Burlington Independents No Match For Crescents

AND THEY LOST 61 to 13

Ball Was Easily the Star of the Burlington Team, But They Were Hopelessly Out of It After the First Period.

The Crescents added another to their list of victories last evening at the Church street gymnasium by defeating the Burlington Independents, a basket ball team from the university of Vermont, by a score of 61 to 23. The Burlington team was plainly outclassed from the start, but put up a fairly good exhibition of the game during the first period.

In the first period the features were a long throw to goal by Ball, who was easily the star of the Queen city team, and a long throw by Smith of the local team. This period was quite fast and at times rough-house play was quite in evidence. The score at the end of this period was 18 to 8 in favor of the Barre men. In the second period there was something doing all the time from the first whistle, the Crescents giving an excellent exhibition of passing. All through this period the Barre team had fun with their opponents, not allowing them to score at all and themselves adding 13 to their score.

In the third period sevral reserve players were substituted by the Crescents for their regular men, all of them giving good accounts of themselves, and the game developing into a race from one end of the hall to the other. In this period Barre scored 29 to their opponents' 15, making a total of 61 to the Burlington team's 23. This is the last home game which the Crescents will play at present, as they leave Tuesday for a series of games with teams through the northern part of the state, including St. Johnsbury, Lyndonville and Barton.

The line-up:

CRESCENTS	BURLINGTON
Smith, l. f.	r. g., Cahill
Buchanan, l. f.	
Clark, r. f.	l. g., Lavelle
	l. g., Morgan
Rust, c.	c., Cassidy
Heath, c.	
Sheriffs, r. g.	l. f., Ball
Wright, r. g.	
Mullen, l. g.	r. f., Brown

Summary: baskets from the floor, Smith 3, Buchanan 3, Clark 8, Rust 5, Heath 3, Wright 3, Mullen 4, Ball 5, Brown, Cassidy, Lavelle 2, Morgan; basket from fouls, Rust, Heath 2, Ball, Brown, Cassidy; referee, Gauthier; time, three 15-minute periods.

LUMPERS WON OUT BY GOOD MARGIN.

Defeated the Carvers at Candle Pins Last Night by Two Out of Three Strings.

The Lumpers defeated the Carvers at candle pins last evening, winning two of the three strings played by good margins. Brown and Cardi rolled the single high strings, with 109 and 102, respectively. Score:

LUMPERS.			
Burgess	78	86	86— 250
Jones	82	97	84— 263
J. Fraser	87	89	94— 270
Cordiner	79	84	82— 245
Brown	87	109	87— 283
Totals	413	465	433—1311
CARVERS.			
Rossi	88	81	74— 243
Cardi	102	70	81— 253
Bianchi	84	88	77— 249
Scampini	97	87	84— 268
Gabelloni	96	90	86— 272
Totals	467	416	402—1285

The match scheduled for this evening is between the Roughers and Rushers.

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on Materia Medica who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*
