## DIED FROM POISON.

### Little Girl in Rutland Swallowed Corrosive Sublimate.

Rutland, Oct. 30.—Elizabeth, 16 months old daughter of Mr. and Mrs. George Schmitt of Woodstock avenue, died yesterday as the result of swallowing corrosive sublimate which she obtained from a paper accidentally left on a table.

About 7 o'clock in the morning the child was taken from her bedroom down stairs by an older brother. While lighting a fire the boy had occasion to take from a shelf a tin box in which was a paper package containing a few grains of the corrosive sublimate. Without the boy's knowledge of it the paper fell from the box to the table and the little girl while playing about swallowed some of the drug. Mrs. Schmitt went down stairs a little later and noticed that the baby was gagging. She soon discovered the empty paper on the floor and immediately knew the cause of Elizabeth's difficulty. The parents rushed the child to the house of Dr. N. J. Delehanty on North Main street and all that was possible was done for the little sufferer but death soon came. Mr. and Mrs. Schmitt have two other children, Charles and George. The father is well known in this city having been a partner in the bakery firm of Fanning & Schmitt.

## FOUND DEAD IN BED.

### Frank Dumas of Northfield Was as Well As Usual the Night Before.

Northfield, Oct. 30.—Frank Dumas was found dead at his home on King street yesterday morning at about six o'clock. He was upon the street Monday evening and on going home lay down on the lounge in the living room, as was often his custom. When his wife went to awake him she found him dead. A physician was immediately summoned, but life was extinct. Heart failure was the immediate cause of his death.

Mr. Dumas was a long-time resident of Northfield. He was a slater by trade and formerly worked with his father-in-law, John Ryan, one of the old-time slaters here. He has been employed as a polisher in Cross Brothers' granite sheds for some years past and his work of whatever nature was always well performed.

Mr. Dumas is survived by a wife, one daughter and two sons. His age was about 48 years.

## UNIVERSALISTS IN CONVENTION.

### Delegates Pledge Themselves to Wipe Out Indebtedness of $31,000.

Philadelphia, Oct. 30.—The General Universalist convention in session here yesterday decided after much discussion to have the president, treasurer and secretary of the convention elected ex-officio members of the board of trustees. The Universalist church is chartered under the laws of New York, and it was said that it is the only corporate body in which the president and some of the other officers are not ex-officio members of the controlling body. Though the vote was in favor of the amendment, which, when effective, will make the board of trustees a body of 12, the change must be ratified at the biennial convention.

The convention also pledged itself to wipe out an indebtedness of $31,000, and secured the promise from members and church bodies of payments that will aggregate probably twice that sum within the next two years. The delegates and ministers pledged the payment of $1 for each member of the Universalist church.

In addition, at the suggestion of F. W. Bets of Syracuse, who demanded the amount wiping out of the debt, five individuals agreed to pay $1,000, several pledged themselves to give $500 and four ministers in the names of their congregations pledged $1,000 each. These pledges were given by Rev. Frank Hall, New York; Rev. Dr. Robin, Boston; Rev. Vincent Tomlinson, Worcester, Mass., and Rev. L. D. Case, Chicago. Lyman Sweet of Attleboro, Mass., started the contributions which aroused the convention by pledging $1,000.

The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by the Red Cross Pharmacy. 50c and $1.00. Trial bottle free.

## MONTPELIER

Albert Foster is confined to the house by a sprained ankle, sustained while deer hunting. He was walking along a log and slipped off, straining the ankle so badly that he had to be carried to the nearest house by his companions. He will be laid up for several weeks.

E. F. Hartley, who has been at work in the city for the past few days getting a list of the criminal proceedings in the county during the past 50 years, finished the work on Saturday evening and left the city. Mr. Hartley is an agent of the U. S. census bureau. He has a district comprising the New England states.

J. A. Ewing is to begin work at once on his new house between North and Highland streets. There are several good lots in that vicinity and it is expected that several houses will be erected next summer. The city is to lay out a connecting street to run up over the hill from North street to Highland.

The marriage of Miss Ruth Stinehour, daughter of Mrs. Kate Stinehour of this city to C. Arthur Hawes of Boston, occurred in Cambridge, Vt., on September 28. Mr. and Mrs. Hawes are living in Burlington. The groom is a travelling man and the bride was employed at the Montpelier house for several years and has many friends here. Mr. Hawes was in the city on business yesterday.

The work on the new engine house at the Junction is being carried along as fast as the weather will permit. At present the men are puting in a foundation for a pile driver. As soon as this is in place a driver will be brought and piles sunk for the foundation. The land where the house is to set is moist and wet all the year, so that a pile foundation was necessary to hold the weight of the engines which will be housed in the shed.

The Montpelier association of Congregational ministers held a regular meeting yesterday at the Montpelier house. There were clergymen of that denomination present from this city, Barre, Northfield, Waterbury, Waitsfield, Cabot and Williamstown. Yesterday morning Hon. J. A. DeBoer spoke on "The Ideal Minister," giving a highly interesting address. In the afternoon there were papers on some of the problems before the church at the present time. The church and Socialism, the Church and the Individual and the Church and Secret Societies were treated in these papers, which were all of much interest. Dinner was taken at the hotel.

At the meeting of the faculty of the high school Monday evening four of the boy students were suspended until December, but they will be given the privilege of attending school until then during their good behavior. They have been found guilty of gross misconduct and dishonesty. The suspended students were summoned into the superintendent's room yesterday morning and informed of the action of the faculty. The names of the boys are not published, because it is believed they are good boys at heart, and that henceforth their department in the school will be such that there will be no cause of complaint against them. Any more outbreaks from them may mean absolute suspension and an entailing annoyance and disgrace.

### TURKEY WILL COST 40 CENTS PER POUND.

**Cold Spring Caused Many Gobblers to Die Utimely.**

Burlington, Oct. 30. — Vermont Thanksgiving turkeys at 40 cents in the Boston market and scarce at that price. That's the outlook.

Exposure to a cold spring got in its work months ahead of the man with the axe this year, and many hundreds of young gobblers succumbed to colds, grippe and pneumonia, despite bands of red flannel about their throats and other marks of the tender solicitude of the farmer's wives.

This year's brood is from four to six weeks late, and the number of available birds on hand in the Green Mountain state is estimated at from 40 to 60 per cent. less than that of last year.

### IN BOSTON MARKETS.

**Dairy Products Do Not Change a Great Deal—Butter Moderately Active.**

Boston, Oct. 30.—The local market for dairy products does not change a great deal. Butter is only moderately active, but prices, particularly of the best goods, are well maintained. Buyers continue to take only enough cheese to satisfy their immediate needs, but prices are as firm as ever because supplies are not heavy. The egg market is still dull and easy for the general run of offerings, but as firm as ever for fancy fresh goods.

### MEAT IS CHEAPER.

**Cudahy Reduction at Omaha Effective Yesterday.**

Omaha, Neb., Oct. 30.—The 10 per cent. decrease in the price of meat announced by the Cudahy Packing company Monday became effective yesterday.

On account of the present financial situation, this action of the Cudahy company was taken, and Edward A. Cudahy predicts an immediate decline in the price of produce and staples.

Edward A. Cudahy said: "General business expansion has been carried too far. There has got to be a halt. We have been buying cheaper for several days, and we think that the conditions justify us in selling cheaper."

The reduction in Omaha will probably affect the retail price of meat throughout the middle west. Sioux City packers have made the same cut, and as the price of live stock has been going down for several days, similar reductions are looked for in Chicago, Kansas City and other packing centers.

The cut in prices concerns not only fresh meats, but lard, butterine, and other by-products.

### COSTLY TO APPLE GROWERS.

**Cold Weather of Saturday Night Froze Over 100 Barrels.**

Hillsboro, Bridge, N. H., Oct. 30.—The cold snap Saturday night caught many of the farmers napping on their apple crop, some having from 100 to 200 barrels spoiled. The cold snap a few days before froze them some, but it was thought that they would come out of that all right. Saturday night they were frozen solid, as was everything else not protected.

### MILK PRODUCERS UNITE TO INVADE HUB MARKET.

**Form Co-operative Society at Worcester, Mass., to War on the Contractors.**

Worcester, Oct. 30.—The Worcester county milk producers are going to organize a co-operative society and fight the milk trust in Boston. This was voted at a convention of farmers in Horticultural hall yesterday.

This was the resolution adopted: "Voted, that a committee of eleven be appointed by the chairman, with instructions to prepare an agreement and by-laws for the formation of a co-operative association under the general laws of Massachusetts, for the purpose of carrying on a business for the sale of the agricultural products of its members and others, and that the committee appointed submit the agreement and by-laws to the convention of the adjourned meeting, to be called by the chairman."

The resolution was adopted unanimously and later the committee was given full powers in the matter of organization.

General Charles W. Woods of Shrewsbury, the leading spirit of the opposition to the Boston contractors, presided. In making his address to the meeting, General Wood said, among other things:

"We shall yet see milk sold in Boston on a competitive basis and cease to maintain automobiles for contractors to run down the citizens in our streets.

"The time is now ripe for such action as must be taken to throw off the grasp of the contractors which has slowly been tightening for the last quarter of a century. It is time that farmers cease to be farmers and become men to fight for their rights.

"One words of encouragement I have for you. Every candidate for the legislature in Worcester county at least and probably in a larger district is absolutely committed in favor of the farmers.

"Governor Guild telephoned me today that he was in heartfelt sympathy with our movement."

A letter was read from Thomas W. Lawson of Boston, in which he offered to lease and guarantee payment for as many cars as the farmers need to bring their milk to Boston independently of the contractors.

"In a word," says Mr. Lawson, "I will back the farmers to the limit in any fight they make to eliminate the contracter and his extortion."

The producers adjourned at 2 o'clock after voting to send their milk to the Boston contractors until November 1, and not to make any new contracts with the contractors after that date. An effort will be made by the producers to have the question of price settled by a board of arbitration to be appointed by the governor.
