Corns Quit, Pains Stop, With "Gets-It"

Quit Plasters, Salves and What-Nots

After using "GETS-IT" once you will never again have occasion for asking, "What can I do to get rid of my corns?" "GETS-IT" is the first sure, certain corn-ender ever known.

Why "Suffer Yet" With Corns? Use "GETS-IT." They'll Vanish!

If you have tried other things by the score and will now try "GETS-IT," you will realize this glorious fact.

You probably are tired sticking on tape that won't stay stuck, plasters that shift themselves right onto your corn, contraptions that make a bundle of your toe and press right down on the corn. Put two drops of "GETS-IT" on that corn in two seconds. The corn is then doomed, as sure as night follows day. The corn shrivels. There's no pain, no fuss. If you think this sounds too good to be true, try it to-night on any corn, callous, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Excursion to Boston via the Central Vermont Railway Monday, October 12.

Round trip fare from Barre and Montpelier $7.00. Tickets good on all regular trains October 12, final return limit to arrive back to starting point until October 22, inclusive. See flyers for particulars.

AFTER YOU ARE FORTY

Forty years is middle age or should be. People who squander their youth are old at forty; everybody needs to give a little more care to health and careful living after passing the fortieth milestone.

The reserve of strength is not what it used to be. Nature needs a little help if we are to continue the work and worry of modern life. To most people Dr. Williams' Pink Pills, non-alcoholic, but a supporting tonic, gives just the necessary assistance.

These pills make the thin blood rich and red, carry nourishment to weak and inflamed nerves, increase the appetite and make digestion normal, correct sleeplessness and most forms of headache. Try them for any trouble caused by thin blood or weak nerves such as anæmia, rheumatism, neuralgia, sciatica, lumbago, indigestion, sick headache or St. Vitus' dance. It is surprising how many diseases are due to thin and impure blood, how quickly they yield when by proper treatment the blood is built up and the starved nerves nourished. Dr. Williams' Pink Pills contain no poisonous or habit-forming drugs and cannot do harm.

Pamphlets on the treatment of diseases of the blood and nerves will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Herbert Cottrell, 24 years of age, former commander of the Vermont department of the United Spanish War veterans, died Saturday at the hospital in Brattleboro of acute Bright's disease. He underwent an operation for appendicitis last Tuesday. Mr. Cottrell had been a member of the Brattleboro fire department for a number of years. He was honorably discharged from war service in 1903.

Mr. and Mrs. Miles Green have just announced their marriage, which took place at Sheldon, Sept. 1, where they went to attend the fair. Mrs. Green has been living in Morristown and Mr. Green in Highgate. They are to reside in Highgate Center.

A fire on Mount Holly, thought to have been incendiary, is being investigated by the proper authorities. A barn belonging to a Boston man was burned last Tuesday. The farm is unoccupied and is far from the railroad, which makes the circumstances seem suspicious.

Patrick Prozzo of Rutland, an employe in the foundry of the Howe Scale company's plant, suffered a bad burn on his left foot Thursday when the hot metal in a mold which he was handling ran out through the seams of the mold over his foot.

Rev. L. H. West, pastor of the Baptist church at West Rutland, has gone to Canada, where he intends to offer his services as a chaplain or in other capacity, to the dominion branch of the British government in the present war. He is a Canadian and a British subject by birth. He has been in West Rutland two years.

Leon Thompson of Berkshire, who was repairing a fence in his field Thursday heard the report of a gun and soon felt something damp on his face. He found that a bullet had just grazed the side of his head and passed through his cap.

David Londergon, a farmer at Bresee mills in Brandon, had his right hand cut off at the wrist, and the arm badly mangled up to the elbow last Friday afternoon by getting it caught in an ensilage cutter while at work filling a silo. He was taken to the Rutland city hospital, where the arm was amputated at the elbow.

Injuries Caused Fatal Illness.

Cassius Farmer, 53, who was hurt in an automobile accident at the Willard Smith bridge in East Putney Tuesday, Sept. 29, died about 5 o'clock Saturday afternoon as a result of illness brought on by his injuries. Soon after the accident peritonitis developed and pneumonia followed.

At the time of the accident Mr. Farmer, who lives in the old Bennett house in East Putney, was standing on the bridge, which is at the foot of the Sleeper hill on the main road from Putney. He was employed there with other men making repairs when an automobile driven by A. M. Corser of Putney and containing Mr. and Mrs. Corser and Mr. and Mrs. Martin V. Sleeper met on the bridge the Baxter car from the corn canning factory in Westminster. The Corser car, in the collision which followed, was forced off the bridge, turning completely over in its fall of some 15 feet. It pushed Mr. Farmer off the bridge, causing a fracture of some ribs.

Mr. Farmer was born in Hopkinton, N. Y., April 1, 1861. He came to East Putney from Walpole, N. H., about five years ago, having brought the Bennett place. Besides his wife and a son, who live in Worcester, Mass., he leaves two older sons, Leo of Holyoke, Mass., and Clarence, who lived with his father.

Mrs. Corser, who was badly cut, bruised and shaken up in the wreck, is still confined to her bed. Mr. Sleeper, who fractured an elbow, is able to walk about and Mrs. Sleeper gets around the house a little.

LEFFINGWELL HAS RETURNED.

Work of Charting the North Alaska Coast Completed.

San Francisco, Oct. 6.—Charting of the north Alaskan coast has been completed by Ernest DeKoven Leffingwell of Pasadena, Cal., after a year alone in the northern wastes, it was learned yesterday.

Leffingwell arrived late yesterday on the whaler Jeannette.

He journeyed north on the Mary Sachs, one of the vessels of Stefanson's Arctic expeditions, and returned with the word that two ships of the Canadian expedition which were frozen in last winter near Flaxman island, 35 miles from Leffingwell's headquarters, made their way to sea in July and are now sailing for Dominion waters.

Speaking of a visit from Stefanson, Leffingwell said yesterday:

"Early in December I was surprised on answering a knock at by door, to see Stefansson stride into my cabin. I had supposed him to be hundreds of miles distant. He and several of his party were encamped at Collinson point.

Later they sent a dog team to my camp and took me to their headquarters for Christmas. We exchanged several visits after that.

"When the ice broke up about the Karluk, Stefansson's ship, her seams were found open and she was abandoned, the explorer and his party embarking on one of the other vessels."

Leffingwell says he believes that land to the north of Canada, for which the Stefansson party is searching, exists and soon will be discovered.

Stop Those Early Bronchial Coughs.

They hang on all winter if not checked and pave the way for serious throat and lung diseases. Get a bottle of Foley's Honey and Tar Compound and take it freely. Strips coughs and colds, heals raw inflamed throat, loosens the phlegm and is mildly laxative. Best for children and grown persons. No opiates.—Advt.

W. T. Hutcheson, Nicholson, Ga., had a severe attack of rheumatism. His feet, ankles and joints were swollen and moving about was very painful. He was certainly in a bad way when he started to take Foley Kidney Pills. He says: "Just a few doses made me feel better, and now my pains and rheumatism are all gone and I sleep all night long."—Advt.
