Only genuine DeMiracle has a money-back guarantee in each package. At toilet counters in 60c, $1 and $2 sizes, or by mail from us in plain wrapper on receipt of price.

PLAINFIELD

Enjoyable Entertainment Given for the Service Men Last Week.

The rainy weather and muddy roads failed to detain at home the 200 people who gathered at the opera house Tuesday evening to show their appreciation of their sacrifice made by the young men who entered the service from this town. An interesting and enjoyable program was given by the young people in recitation and song. The last number on the program was an address by Rev. A. W. Hewitt in his usual able manner. Then he introduced E. V. Duke, a veteran of the Civil war, who unveiled the roll of honor for the local service men.

Plainfield is indeed fortunate in only having two gold stars for her service flag. The young men who gave their lives for their country were Raymond Parks and Grover Townsend. At the close of the entertainment, Dudley's orchestra furnished music for dancing. Refreshments of ice cream and cake were served. Several service men were present from out of town. All reported the evening as the most enjoyable spent in many months.

A Call for "Anyone" Saves Time and Money

We know that many telephone toll calls can be satisfactorily completed if the call is made for anyone at a telephone address instead of for a particular person. If it is not absolutely necessary to talk with a particular person, one can transact one's business, in most instances, if communication is established with an office or residence.

If YOU can make your TOLL calls this way, the rate will be about 25 per cent less.

Quicker service will be obtained if you call the telephone number desired. If you do not know the number, the toll operator will get it for you.

WELLS RIVER

Special Meeting of W. R. A. C. Takes Some Important Action.

A special meeting of the W. R. A. C. was called last Friday evening to decide what should be done in regard to the club. Fifteen members were present. It was voted to continue the club in the present rooms for the present, that the officers take into consideration the advisability of securing more appropriate rooms, that the club rooms be open for members only and that no resident of Wells River be allowed admission unless he had been voted a member. The treasurer's report showed a balance of nearly $100, with all bills paid to Aug. 1. By a motion of Mr. Baldwin, seconded by H. L. Lyster, the following officers were elected to serve for six months: President, H. T. Baldwin; vice-president, R. H. Symes; secretary and treasurer, M. F. Buck; executive committee, John Stevens, chairman, R. E. Farwell, A. B. Woodman. Voted that all dues must be paid quarterly. Earl McMiken, Philo Van Dyke and Cecil Chase were admitted as members. It was also voted that any infringement of the by-laws would be followed by immediate expulsion. We would advise that every member read this and also the by-laws, that they may understand just what is required of them.

Miss Maida Perry returned last Friday from a 10-day visit with friends in Richmond.

Carl Morse, wife and daughter arrived last Friday by auto from New Jersey for a few days' visit with Mrs. Morse's father, David Allison.

Miss Julia Farwell and party of friends motored from Tarrytown, N. Y., to her old home in Wells River last week Thursday. She returned Sunday by the way of Rutland and Glens Falls, N. Y.

Catherine Peach, who has been employed by the government in Washington, is at home on a few weeks' vacation.

Ronell Cox of Portsmouth, N. H., visited friends in town last week. He reports that work in Portsmouth is good, although one shipyard is closed down; but the larger one, employing 5,000 hands, is still in operation.

Capt. Frank Rourke, who recently returned from France, is visiting in town. It is his intention to go back to his old job as train dispatcher on the White Mountain division, living in Wells River. We all are glad to welcome the boys back.

Mrs. Kidder's sister and husband, Mr. and Mrs. Fellows, are visiting at her home for a few days.

Mr. Rendlett of Woodsville had a funny accident at the bridge going to Woodsville last Saturday. He had recently purchased a second-hand car and was driving home when something went wrong with the machine, causing it to run into the bridge. While the car was standing still with the motor running it suddenly began to go backward and only prompt action and a heavy post saved it from going into the river. As it was, it broke the post off and jammed the fence. To the machine it did little damage.

J. A. Moore and family, with Dr. Perry, motored to Newport, N. H., last Sunday. Mrs. Moore stayed at Newport on a few weeks' visit with her daughter, while Mrs. Cody's daughter returned with them for a short visit at Wells River.

Fred Vincinent has arrived on this side of the water. He was at Camp Devens Sunday and is expected home soon. John Lamere and Barney Mayhew are also reported to be on this side.

The intense heat on Sunday caused everyone to seek relief at some of the nearby ponds and lakes. The larger number went to Hall's pond. Among these were Mr. and Mrs. Dan Farwell and children, the Miller family, John Peach, wife and friends, Mr. and Mrs. Sheldon.

Carl Hutchins, who has been having a two weeks' vacation, returned to his work in Lyndonville last Sunday.

Woodsville was defeated by Lyndonville at Woodsville last week Saturday by the score of 10 to 7.

The Wells River baseball team is being reorganized with an effort to put on a better game. The infield and outfield have been changed over, as we think, for the better. An extra pitcher has been secured and we expect to be able to give a better account of ourselves in the future. All communications to the team should be addressed to B. H. Vincient, manager. Games are being arranged with Lisbon, Corinth, Chelsea and Woodsville. These are all strong teams and we hope to be able to give them all a close, lively game.

RECOMMENDS THIS REMEDY TO WOMEN IN NEED OF A TONIC

Torrington Resident Relates Her Experience with Dr. Williams' Pink Pills.

"If more women knew of the great benefits to be derived from treatment with the blood builder that helped me, I am sure there would be a great deal less suffering," says Mrs. William Klinch of No. 121 Funston avenue, Torrington, Conn. "It is because of what Dr. Williams' Pink Pills did for me that I am anxious to recommend them."

"My health became so poor that I couldn't do my work. I was told that I was suffering from anemia but nothing seemed to reach the cause of my trouble. I suffered from sour stomach and practically everything I ate distressed me and I couldn't sleep well.

"I read about Dr. Williams' Pink Pills in a newspaper and procured a box. Almost from the very first the remedy helped me and I was encouraged to continue the treatment until my digestion was restored to normal. I can now eat a good meal with enjoyment. I have regained my strength, my nerves are stronger and I sleep well. It has been a long time since I have felt as well as I do now and my housework no longer seems an impossible task."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, $2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write to-day for the free booklet, "Building Up the Blood."—Adv.

Co-operation to the limit is the way the Bethel Chrome Tanning company lines up on the war savings movement. When the plant, which is under the management of E. C. and E. A. Fisher, was visited recently by J. J. Lamere, field secretary, a man from the plant was allowed to go around the tannery with Mr. Lamere to assist in organizing a war savings society, giving up practically a day of the man's time to the subject. The International Leather Cutters' Union of America, local union No. 7, which is composed of all the men and women employed in the tannery, formed a war savings society, practically all the members of the union joining.

Dear Sir: I haven't cleaned the carbon from the piston and cylinder as yet, and think it needs it. The Delco Light Plant runs like a lily.

I am all alone and have been all winter.

It has kept us lighted up all winter, operated the milking machine for twenty cows, night and morning, and separated the milk, all for seven cents per day. It really is among the faithful, as it has been running nearly two years since carbon was cleaned from the piston. When you are out this way sometime, show me how to do the job properly.

Yours respectfully,
