MORE LIGHT FOR HOME DISTRICTS

Dark Streets to Be Brightened—23 Tungsten Lamps Increase City Bill $483 a Year.

More light for the dark corners in Rock Island was the decision reached Monday afternoon by the city commissioners, after presentation of a resolution by Commissioner Frank Wich, calling for the installation of 23 lights, which will cost the city $483 a year.

Complaints over dark street corners have been heard by the city officials and numerous requests have been made for lighting accommodation. Commissioner Wich, in charge of the department of streets and public improvements, has made a survey of the street lighting system and decided that 23 new lights should be installed immediately. His resolution Monday afternoon provided for authorization of the People's Power company to install the new "glims."

All the lights now to be lamps of 100 candle power. They cost the city $21 each per year as against $36 each for arc lights, which, by the way, are in use mainly in the business section. The tungsten light is the generally accepted residential district light and give good satisfaction.

Where Lights Will Go.

Positions, throughout the city where the new lights will go are as follows:

Corner of Thirtieth street and Twentieth avenue, Thirty-first street and Nineteenth avenue, Thirty-first street and Twentieth avenue, Thirty-second street and Seventeenth avenue, Thirty-third street and Seventeenth avenue, Thirty-third street and Seventeenth avenue, Thirty-fifth street and Nineteenth avenue, Thirty-ninth street and Nineteenth avenue, Twenty-ninth street and Fifteenth avenue, Thirteenth street and Forty-fifth avenue, Eleventh street and Twenty-fourth avenue, Tenth street and and Thirty-first avenue, Ninth-and-a-half street and Thirty-first avenue, Fifth street and Eighteenth-and-a-half avenue, Eighteenth avenue between Forty-fourth and Forty-sixth street, Thirtieth street between Eighth-and-a-half and Ninth avenues, Seventeenth street and Twenty-fourth avenue, alley between Fifth and Sixth avenues and Eighteenth and Nineteenth streets, Twenty-seventh street and Twenty-third avenue, Twenty-sixth street sixth street and Twenty-third avenue, Twenty-fifth street and Twenty-third avenue, Twentysixth street and Twenty-third-and-a-half avenue, Twenty-fifth street and Twenty-fourth avenue, Twenty-sixth street and Twenty-fourth avenue.

Fownes chamoisette gloves in either plain or with contrast stitchings. See how low the price is pair **1.35**

Mazola fried 24½ pounds of potatoes—lard fried only 7 pounds 14 ounces!

THAT Mazola is a better and more economical frying fat than lard has again been demonstrated. This time by Mrs. A. Louise Andrea, admittedly one of the greatest experts in modern cookery.

Mrs. Andrea found that 4 lbs. of Mazola, cooked down to 2 lbs., fried 24½ lbs. of potatoes. While 4 lbs. of lard cooked down to 2 lbs. fried only 7 lbs. 14 oz. potatoes.

Tested on fish steaks, one inch in thickness, Mazola fried 25¾ lbs.; while lard fried only 16½ lbs. of fish.

Of doughnuts cut uniformly 2¾ inches in diameter, Mazola fried 208, while lard fried only 138.

This proves conclusively that Mazola goes more than three times as far as lard for frying potatoes; almost twice as far for fish; and two-thirds farther than lard in frying doughnuts.

No housewife who wants to use the most wholesome, as well as the most economical cooking and salad oil, should fail to order Mazola from her grocer today.
