HOPES GAIN 750 NEW MEMBERS

Roll Call of 1,000—Each Member is Asked to Get a Buddy Before Christmas.

Island post of the American Legion has adopted a plan for its membership without an intensive drive. At there are 250 members on Each of these will be asking in at least one new before Christmas. After the same plan will be and if each member in a former soldier to join, the will reach the 1,000 mark, is the goal set. It is believed that this will prove a practicable method of obtaining 1,000 members. In this event the local will have the numerical strength necessary to make itself a power for betterment of the city, state and nation.

Commander D. K. Brennan announces that a series of musical entertainments are to be given by the post during the winter. Added to this, an especial effort in an athletic way will be put forward. Already plans are being considered for the organization of a basketball team.

Seek Ladies' Auxiliary.

Another matter to receive consideration with a view towards definite action is the question of a ladies' auxiliary to the post. Wives of the members have been clamoring for such an organization and the move has the backing also of a large number of members.

At a recent informal meeting of the membership, question of changes in the outlay of the club-rooms was discussed. It is proposed to enlarge the rooms upstairs in the armory building to provide one large enough for meeting purposes. The present necessity of meeting in the gymnasium of the building does not meet with general approval.

It has also been suggested that keys be provided every member on the order adhered to by other lodge organizations. This would permit keeping the doors to the building locked at all times.

Plan Canteen at Rooms.

Many members have expressed themselves in favor of establishing canteen service in the club rooms and placing a former service man in charge who is unable to do other work.

A meeting has been called for Friday, Nov. 19, to consider changes in the constitution and by-laws of the local post. Another matter to come up will be the question of changing the regular meeting night from Tuesday to Thursday and meeting twice monthly instead of once, as at present.

'Service Flag' of Church Is Lowered to Be Preserved As Memorial to Her War Heroes

Rev. Joseph A. Chapman of the First Methodist church conceived and carried out a unique and impressive service Sunday morning in connection with the removal of the service flag which was hanging in the church auditorium since enlistment in the World war began in this city.

The service opened with singing of "America," and was followed by a squad of Boy Scouts marching down the aisle following the stars and stripes to the pulpit platform. Thereupon the pastor, with much feeling, addressed the assemblage as follows:

"Three years and more ago our nation began mobilizing her manhood for the World war, and continued until over two million men were under arms, fighting to preserve the peace of the world, and guarantee life, liberty and happiness to men, and to maintain inviolable the ideals of Christian civilization. Fifty-eight of the choice young men of this church and congregation entered the service of their country. When they left us, we set a blue star in this service flag for each of them. Four of these stars have been changed to gold. Three died in battle, and one in camp. We record their names with pride: William Aldrich, C. L. Fulmer, Carl Kromer and Floyd McGee. We cherish their memory and glory in the gallant service of all our men. This church extends its sympathy to the families of those who fell and rejoices in the presence of those who have returned.

Renew Devotion.

"With the problems facing us a nation today, at home and abroad, we express the hope that our men who so splendidly dared in the world's crisis will serve and achieve even more grandly in the struggle for national goodness and greatness, and for the peace and comity of the world. From their devotion we renew our devotion to the cause of free government: that government of the people, by the people and for the people may not perish from the earth.

"We lower this service flag to preserve it and shall inscribe on the records of the church the names and military record of each man whose name graced the flag."

One of the committee of the church having charge of the service flag removed it from the wall and gave it over to the charge of the Boy Scouts; and the other member of the committee lowered Old Glory and draped it so as to cover the space made vacant by the removal of the service flag.

It was a well-deserved tribute to the boys of the church, who so nobly and bravely offered themselves upon the altar of their country and to the world, and in grateful memory of those who went, never to return.

At the evening services an unusually interesting recital was given by Giavanni Sperandeo, noted lyric tenor, and by Hugo Hagen, Norwegian concert pianist.

The following program was given:
