Order By Parcel Post

Our Mail Order Department gives each mail order the most careful consideration possible. From the moment your letter arrives at this store until the shipping clerk rushes it to the post office, an efficient mail order shopper watches after it just as though she were buying the article for her own personal use. If, as rarely happens, we haven't the article ordered in stock, the clerk in charge personally runs to other stores and tries to get it. Try ordering from us by parcel post.

Look! Compare, BE WISE!

Many people come to our new SUPERIOR Furniture Store, who eventually visit all furniture stores in the tri-cities. These are the people we are calling to. They look, compare, and buy our SUPERIOR Furniture. Why? Because they find our prices lower, our goods better, our stock more complete, our service more satisfactory than elsewhere.

A HOME FOR YOU AWAITS!

QUALITY—That's the Thing You Want in Home Furnishings!

In charge of our third, fourth and fifth floors are Messrs. Holcombe and Spore, who are making a sales record since their stay here that is suprising the Furniture men all over the country—they sell one-third of their enormous stock each month, new merchandise coming in by freight and express to fill the gaps. It is because of these enormous sales that we are able to sell more cheaply our new *Superior* Furniture than is asked elsewhere for Furniture not so rigidly examined before purchasing. Look, compare, when you buy.

Rich and Radiant Are the New Ribbons!

The new fashion ideas are reflected in Ribbons, the new Ribbons of the year that are not like ribbons at all half the time, so odd and fascinatingly different are they. The colors are decidedly impressionistic and last year the ideas would have been called cubist or futurist of new school because of their queer designs and daring contrasts. Even grandma's cashmere and camel's hair shawl has been robbed of its cornucopia designs and Persian effects and these is used enough to please an East Indian.

Bovine Signal Service.

Before the decisive battle at Istitib an ingenious method of signaling on the part of the enemy was discovered by the Servians. A cowherd was taking five cows out to pasture on a hill halfway between the two camps. He drove them about, sometimes two together, then one at a time, then three, thus conveying information to the Bulgarians as to the position and strength of the Servian battalions.

HIS PROPHETIC DREAM.

Curious Story of a Warning That Came From Slumberland.

The following prophetic dream was related by the president of a theological seminary:

It had been the custom of one of the professors to invite all the students, with members of the faculty, to dine at a hotel on the annual Thanksgiving day. On the morning of that day the wife of the professor suddenly fell dead in her dressing room at 8 o'clock.

That morning at 7 o'clock one of the students woke up from a bad dream. He had dreamed that he sat down with the usual company at the Thanksgiving dinner and that inadvertently one of his fellow students rose in his place saying that it was his painful duty to announce to the company that the wife of their host had suddenly died at 8 o'clock that morning.

This dream, however, he had instantly banished from his mind as an unusually probability and had thought no more about it. But on going to the dinner and taking his seat with the company he was unspeakably amazed to see the student seen in the dream rise and to hear him make the announcement made in the dream.—Exchange.

Temporarily Handicapped.

Mr. Doughbelly—I met that French nobleman, Count de Brie, today. Dolly Doughbelly—Really. Is he a brilliant conversationalist? Mr. Doughbelly—Well, no, not at present. He has pneumonia in his shoulders.—Judge.
