## WAGNER'S REVIEW

### Morning Grain Letter.

Chicago, Sept. 25.—During the past 10 days war excitement seems to have ceased and the grain markets have quited. The 12 cent upturn to 115 wiped out general buying interests and the cautious bulls are again seeking a profitable buying level.

Some judges believe December wheat will have to figure 106 to 108 before foreigners become active in exports or the futures. It is the general opinion that an upturn in the grains today will not be permanent.

The popular fancy turns to wheat and oats on breaks. The country displays no interest in the bull side of corn. Any large export demand will mean a rally in the future.

The Examiner thinks foreign export wheat interest has shifted to Canada, where wheat is cheaper. The Herald considers local feeling as somewhat bearish, but looks for export sales. The Tribune says cash corn demand is poor. Poor business conditions and a fear that the south will be a slow buyer of pork, and ribs, govern hog products.

### Business Summary.

Standard oil hearing is postponed.

President defied by Colorado operators.

Opposition to new marine bill grows.

The British government may aid London stock exchange.

Cotton states face danger of disaster.

$100,000,000 gold pool completed.

Steamship lines accept pool dissolution.

### Drift of the Weather.

Illinois—Fair tonight and Saturday; rising temperature in north Saturday.

Missouri—Fair tonight and Saturday; not much change.

Wisconsin—Fair tonight and Saturday; probably frost tonight; rising temperature.

Minnesota, Iowa, North and South Dakota and Kansas—Fair tonight and Saturday and warmer Saturday.

### Special Taxation Notice.

Notice is hereby given to all persons interested that the city council of the city of Rock Island, Ill., having ordered that a local improvement be made by paving Sixteenth street from First to Second avenues, the ordinance for the same being on file in the office of the city clerk, and the city having applied to the county court of Rock Island county for an assessment of the costs of said improvement, according to frontage, and an assessment therefor having been made and returned to said court, the final hearing thereon will be held on the 7th day of October, A. D. 1914, at the hour of 9 o'clock a. m., or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before the said day and may appear on the hearing and make their defense. Said assessment is payable in eight installments, and all installments except the first shall bear interest from and after the dates of confirmation until paid, at the rate of 5 per cent per annum.

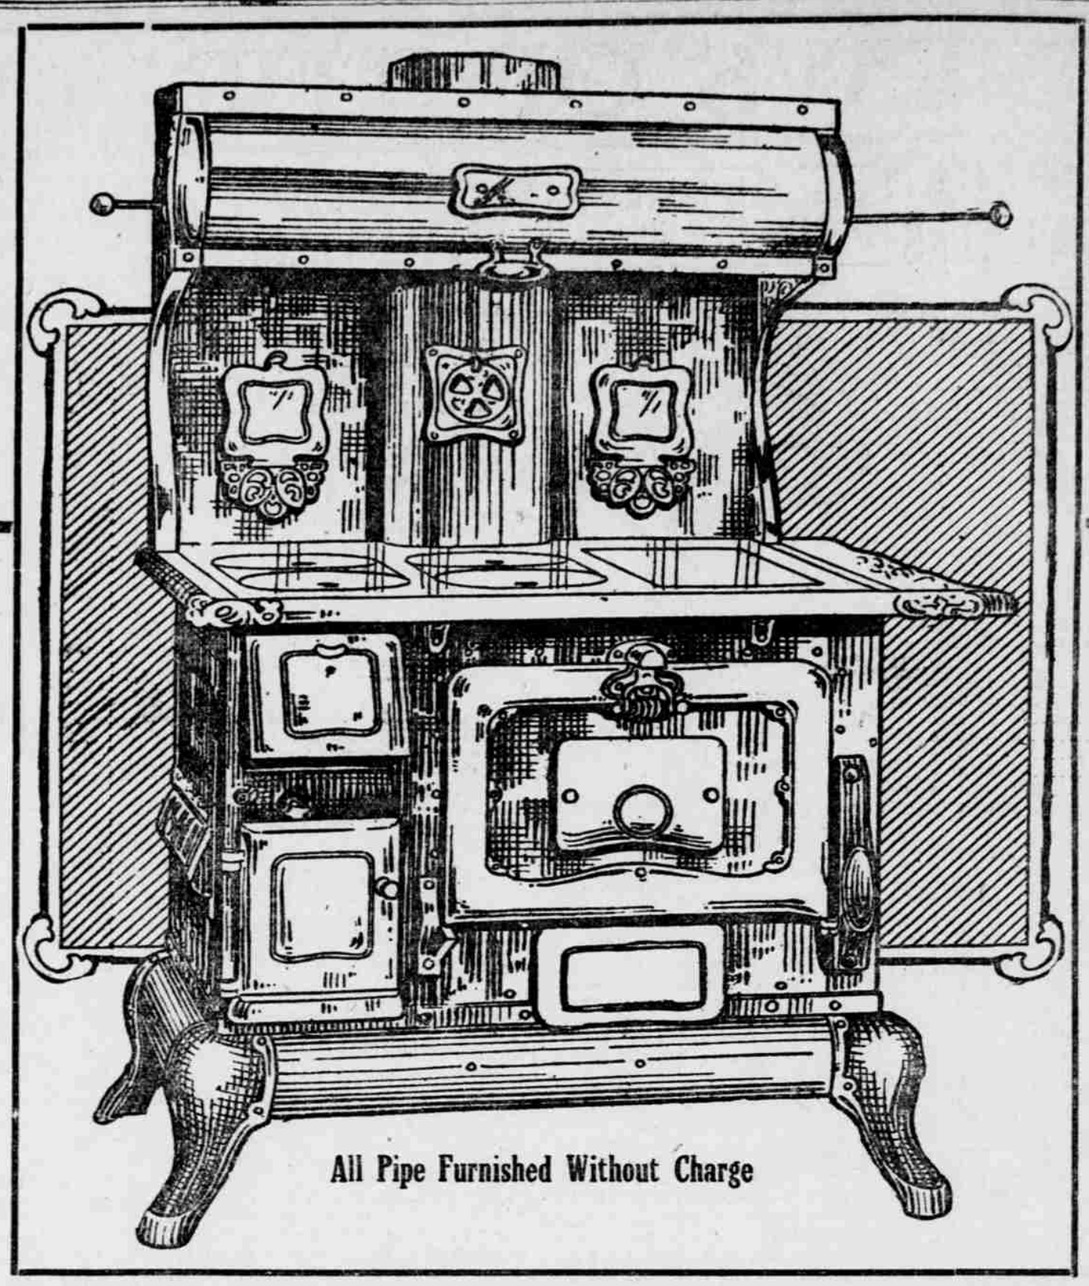
This Range Delivered for $2.50 Cash; $1.00 Weekly



This Blue Steel Range, $26.50 Cash Or Credit

# Sanitary Base Steel Range, $26.50

## $2.50 Cash; $1.00 Weekly

### Construction

This range is made of Wellsville blue steel of a very heavy guage. Has large warming closet. Nickeled drop tea shelves. Nickel towel rack and heavily nickeled spring balance oven doors. Duplex grate for coal or wood.

### The Make

This range is made for us by a well known maker, who has given us a price on this particular range that enables us to put a price on it that cannot be equaled in the tri-cities.

### The Baking Qualities

This range has been sold by us for the past two years and by a number of our stores for several years and has always proved satisfactory. Therefore we have no hesitancy in giving you an absolute guarantee as to its baking qualities.

### The Terms and Price

The price and terms are such that there is no reason why you should not own one. We make this offer with the one idea in view, of giving you an opportunity of getting acquainted with this store and its methods of selling. $2.50 places this range in your home complete, set up with pipe, then pay us $1.00 each week until the balance is paid.

# The Detroit Overdraft Heater

## The Most Wonderful Heating Stove Ever Constructed

**$14.50 up**

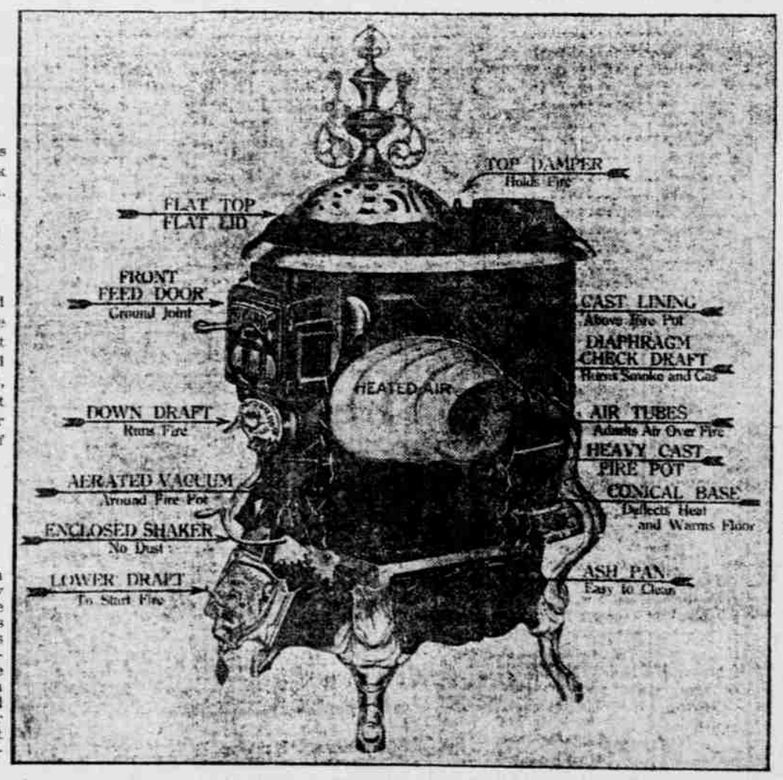
Hundreds of these stoves sold in the tri-cities. Ask your neighbor about them.

### Burns Coal, Wood or Slack

The grates, the drafts and the entire construction are so scientifically perfect that it will burn any kind of fuel, and not only that, but will get more heat from it than any other stove made, regardless of price.

### Holds Fire 24 to 36 Hours

Just as the speed of an engine can be regulated by the throttle, so can the rate of combustion of this stove be regulated by its drafts. A slight adjustment of the draft and the fuel can be made to burn fast or slow at will, and fire can be kept going for 24 to 36 hours without touching the stove or adding fuel.



**TERMS:**

**$2.00 Cash**
**50c Weekly**

You can not afford to buy a heating stove without first seeing the Detroit.

### Heats the Floor

This is the only soft coal stove made that effectively heats the floor. The inverted cone base radiates the heat out and down, every part of the floor receiving direct heat waves. This is even better than a base burner, which only sends heat to the floor directly under the stove.

### Burns Smoke and Consumes Gas

If you threw away a half a loaf of bread each day your bread bill for the year would be doubled. It is the same with coal. Every other stove but this allows half the coal to escape up the chimney in the form of smoke or gas. The patented construction of this stove consumes everything—the gas, the smoke and all, and cuts your coal bill in two.

### Songs of a Nation.

Andrew Fletcher a Scotch writer, who died in 1716, wrote to the Marquis of Montrose, the Earl of Rothes and others, "I once knew a very wise man that believed that if a man were permitted to make all the ballads of a nation he need not care who should make the laws of a nation."
