Today's Market Quotations

VALUE OF WHEAT STRONGER TODAY

Reports of Urgent Milling Inquiry From Liverpool Has Its Effect Here.

Chicago, Sept. 28.—Wheat values hardened today owing to Liverpool reports of an urgent milling inquiry and of disappointment in regard to offers from Canada. Opening prices, which ranged from ⅛c off to ¼c advance, with December at 93⅞ to 94⅛@94⅜ and May at 96⅞ to 97, were followed by a moderate upturn.

Corn developed a little strength in sympathy with wheat, besides, some damage from frost was reported. After opening ⅛c lower to a shade, the market scored slight advances.

The close was unsettled, ⅝c off to ⅛c up, compared with last night.

Oats took the same course as corn.

Higher prices for hogs gave firmness to provisions.

Chicago Cash Grain.

Chicago, Sept. 28.—Wheat: No. 2 red, 1.02@1.05; No. 3 red, 95@1.00; No. 4 red, 90@97; No. 2 hard, 1.07@1.08.

PULSE OF STOCK IS YET FEVERISH

Exchange Is Scene of Wild and Exciting Trading—Further Advances Reported.

New York, Sept. 28.—The stock exchange was again the scene of wild and excited trading today with further spectacular advances in war shares and a resumption of renewed investment buying. Dealings in the first hour were almost 400,000 shares, somewhat under yesterday's high level, but sufficient to tax the machinery of the exchange to its utmost.

The ticker was again minutes behind the actual business on the floor and quotations of bonds were delayed to the extent of the official reporters to keep pace with the high pressure of operations. Commission houses were again conspicuous in the buying indicating a continuance of the general inquiry for specialties from out-of-town points.

Among the high records of the first hour were Bethlehem Locomotive (40¾) added 12¾, to its previous points at 120; General Motors 15 at 375, Willys-Overland 7 at 225, Imperial Airbrake 7 at 97, La Rockawa Steel 2½ at 52½, Baldwin Steel 2 at 369, and Crucible Steel 2½ at 105½.

Everywhere in the same group advances of 2 to 4 points were made, some of the minor industrials showing renewed animation.

United States Steel was again under selling pressure, being 1 point from its best price of the early trading.

Many of the high priced railway issues fell under yesterday's liquidation and Missouri, Kansas and Texas issues were lower as a result of the receivership announcement.

Eddie Collins Canned.

Pittsburgh, Sept. 28.—President Barney Dreyfuss of the Pittsburgh National league club announced yesterday that Eddie Collins, the earnerbat, had been released by the Philadelphia Americans.

Shower for Moran.

St. Petersburg, Fla., Sept. 28.—Baseball enthusiasm manifested here great interest in the fact that the Philadelphia Nationals train here, has led to arrangements for a "post card shower" for Pat Moran, the Phillies' manager. Scores of persons stamped cards today into boxes which have been placed at several points in the business part of the town. The boxes will not be opened until Oct. 1, when all the cards will be sent to Moran at one time. Enthusiasts here hope there will be at least 1000 cards.

WEATHER OBSERVATIONS

High pressures prevail from southern California to Florida and South Carolina and relatively low air pressure is noted in North Dakota and Alberta. Cloudy and unsettled weather, with occasional light showers, has resulted from the northeastern Rocky mountain slope to the upper Mississippi and lower Missouri valleys. The northern area of high pressure and cool weather remains central over upper Michigan and light frosts have occurred in the lower lake region. Another high, attended by lower temperatures, overlies the north Pacific coast and is overspreading the northern Rocky mountain sections. Owing to the low pressures to the southwestward, mostly cloudy weather is indicated for this vicinity tonight and Wednesday. No important change in temperature is expected.

J. M. SHERIER, Local Forecaster.

The Day in Davenport

Levy Held on Bond of $500.—Abe Levy charged with violating the traffic ordinance last night, waived preliminary hearing before Justice of the Peace Olin Dwire, entered a plea of no guilty and was bound over to the grand jury on $500 bond, which was furnished. Levy introduced the slogan of the Bears some more, when that concern went bankrupt. He was later sued for a sale of the old Harry Iowa cabins in the 200 block West second street. It is the opinion of the state that he tried to take out a license to engage in a fire sale, which is the wholly adverse. Good. It is also the allegation of the administration city and county, that the bond which for the protection of creditors should be taken out was omitted.

Negro Breaks Cage and Escapes.—Henry Williams, paroled but a short time ago from the Industrial School for Boys at Eldora, Iowa, and arrested yesterday, escaped from the steel cage at the Jackson street police station early yesterday morning by prying the bars apart and squeezing his small body through the aperture. Young Williams, when arrested on a charge of stealing brass fixtures from several buildings in the city claimed he was age 15 years old, and his parents wanted for his support. His actual age is 16. The young negro was taken to the Juvenile home shortly after excitement yesterday afternoon. He was placed in the cage for the night, and at 5 o'clock was given supper. Miss Cook, matron of the home, investigated an attempt and attempted to let Mistresses. Williams was sleeping quietly in his bunk. An investigation at 6 o'clock yesterday morning revealed the empty cage. The bars of the cage were nine inches apart. Williams had managed to shove one far from the present. Later and the opening was made a trifle wider. He then forced the little body out to small and slight for his age) through the opening.

—o—

Dozens of Girls Ask After Job.—City Attorney Lambach was flooded at his home all day yesterday with calls from applicants for the position of stenographer in his office, the place to be made vacant by the resignation of Mrs. Cable, which takes effect Oct. 1. Mr. Lambach told all applicants he had made other arrangements. Almost an equal number of applicants have been received for the position of switchboard operator at the city hall. Frank L. Pollard, purchasing agent, has received a dozen or more and aldermanic circles have been besieged with inquiry. Mr. Pollard intends that he is not to make the appointment and Mayor Mueller and the aldermen also decline to accept the responsibility of making the recommendation.

—o—

County Corn Is Worth $3,000,000.—The corn crop in Scott county is worth $3,000,000 as it now stands, according to the estimate of County Agriculturist O. H. Bliss. Mr. Bliss said there would be 2,000,000 bushels of it here and unless there is an extra damage the above figure is conservative.

—o—

Aged Woman Is Injured by Car.—Mrs. Fred Lucht, 1746 West Third street, an aged woman, was painfully injured when she fell while alighting from a car near Third and Davis streets late Saturday night. The woman is suffering with a broken shoulder blade and injuries which are more serious because of the fact that she is more than 70 years of age. It is presumed that Mrs. Lucht attempted to alight from the car while the conductor was drawing the crossing. Conductor and motorman claim they did not hear a signal for the car to stop. When the aged woman was getting down to the pavement, she said, the trolley was started again and she fell. The car continued on its route, the motorman not knowing of the injury to the aged woman. She was taken to the home of Mrs. M. O'Brien and the city ambulance summoned. She was later removed to her home, 419 Block street. Mrs. Lucht had been visiting with her daughter, Mrs. Amelia Koestler, at the St. Louis house and was returning to her home.

—o—

Hold Parents for Children's Neglect.—Charged with contributing to the delinquency and ungovernancy of their children in that they refused to force them to attend school, information was yesterday sworn out against Mr. and Mrs. Walter Fort of West Davenport in the court of Justice of the Peace W. H. Maines by Henri Hargens, the truant officer.

—o—

Licensed to Wed.—Jennie E. Mullin of Blockton, Iowa, and Saran C. Beegan of Davenport, and Harry Tanis and Marie Kohler, both resident of Peoria, Ill.

—o—

Obituary Record.—Herman J. Benson, a clerk at Tim Evers grocery at seventeenth and Harrison streets, died yesterday after a short attack of appendicitis. He died at the home of his parents, Mr. and Mrs. John Benson at 1107 East High street before he could be rushed to the hospital for an operation. The deceased was born in Davenport July 1, 1891, and was 24 years old at the time of his death. His death, which was sudden and untimely, will come as a shock to his many friends. Besides a host of friends he is survived by his parents, one sister, Mabel Benson, and a brother, Barney T. Benson.

The death of Mrs. Lydia Sievers occurred at Mercy hospital after a short illness. The deceased was born in March 28, 1888 in DeWitt and has lived there ever since. Six years ago she was married to August Sievers of Davenport. Besides her husband, the deceased is survived by her parents, Mr. and Mrs. John F. Brandenbarg, three children and several brothers and sisters. The remains were shipped for interment in DeWitt cemetery.

GIRL TO TEACH IN QUARANTINE

Children Isolated With Scarlet Fever in Orphanage—Are Holding School There.

Springfield, Ill., Sept. 28.—The Home of The Friendless here is quarantined because of an epidemic of scarlet fever which has attacked 18 orphans in the home. None of the inmates has been able to start to school this fall as a result. Today, however, Miss Mabel F. Easton, of Bridewater, Mass., entered the orphanage to direct the children's studies until such time as the quarantine is lifted. "You may have to stay in the orphanage all winter," she was told by Superintendent of Schools Hugh S. Magill, Jr., "I'll take a chance," replied Miss Easton.

Miss Easton formerly taught school in Mt. St. Clair, Mass. She will be unable to write to anyone during her exile, but arranged to dictate letters to her mother over the telephone to a stenographer at the board of education offices.

PILES
ANNOUNCEMENT
We have a new method of curing piles that is far superior to any of the old barbarous methods. By our new method we cure Piles and Hemorrhoids without any cutting, without chloroform and without any injection of carbolic acid or similar substance. This new method is practically painless, the most sensitive or delicate person can easily take our treatment. We call it our Painless Absorbent Treatment.
So sure are we of our ability to cure any case of itching, bleeding, protruding or blind piles that we are willing to make our patients an iron-clad, no cure no pay proposition.
This treatment for piles does not require that you go to a hospital or go to bed. Be treated and go on about your business; we will cure you in from one to three or four treatments, depending upon the severity of the case. The time required for a cure is usually from 10 days to two weeks.
We also treat with success rectal ulcers, fissures and fistula. In fact, all diseases of the rectum except cancer.
STOMACH AND BOWEL DISEASES.
In order to perfect our cure for Piles we found it necessary to so deeper than the rectum. The old method has been to put the patient to bed, chloroform him, cut or burn off his piles and call the patient when perhaps the real cause of his trouble, farther up in the bowels, was left untouched. We have studied the entire alimentary canal and are in position to treat all diseases of the bowels from the liver and stomach on the bowels and rectum, such as Gall Stones, Indigestion, Stomach Disorders, Constipation, Bloating, etc. When we cure Piles we are also able to look after your other bodily troubles and put the entire digestive tract in good condition. This often results in extra strength and extend the general health to improve wonderfully.
We intend to open offices for the treatment of all Rectal, Bowel and Stomach diseases in this island. These offices will be opened to receive patients in a short time. Date of opening and location of office will be announced soon. Watch for the announcement in this paper.
FREE OFFER
In order to secure a few cured cases to demonstrate our cures, the next ten cases accepted for treatment will be cured free, except a small charge for the medicine used in the treatment. We invite the worst cases of Piles to come and take advantage of this free offer. We want good, honest, reliable people to come and test our ability to cure piles painlessly without even breaking the mucous membrane covering the pile tumor.
