ROUSING MEETING FOR WILSON HELD TOMORROW NIGHT

Joint Session of County Club and Central Committee Arranged for Rock Island House.

SENTIMENT GAINING RAPIDLY

Women Are Especially Interested in Advancing Candidacy of Leader Who Has Maintained Peace.

A rousing rally and conference in the interests of the success of the Democratic candidate for the presidency, will be held tomorrow evening at 8 o'clock at the Rock Island house when a joint meeting of the Woodrow Wilson club of Rock Island county and the county central committee will have a joint session.

It is remarkable the sentiment that has been recently aroused in this country for Wilson. Not only have the past few days especially been very women been working hard in behalf of the great friend of labor and of peace and are finding that the tide is turning their way.

Women Called for Wilson.

Naturally the women are especially interested in Wilson. They are not too allied to look at the candidate from a partisan standpoint. They want to support the man who has saved their sons from bloody fields of battle and who has labored against the greatest odds to maintain peace with honor while the world has been ablaze over the greatest conflict in history.

All who are interested in seeing fair play and for seeing a progressive country in office, should make a special effort to attend the meeting tomorrow evening. Both men and women will be welcome.

ASTHMA SUFFERER

Write today, I will tell you, free of charge, of a simple home treatment for asthma which cured me after physicians and change of climate failed. I am so grateful for my present good health, after years of suffering that I want everyone to know of this wonderful treatment. Mrs. Jennie Lakin, Box 5 252, Des Moines, Iowa.

PLAN NO RADICAL CHANGES IN CAFES

Commissioners Say There Is Possibility Bar License Will Be Increased, but Cabaret Will Remain.

CONSIDER MAKING THE FEE $500

City Authorities May Advertise Cost to Sell Drinks $100 in Order to Meet All Legal Requirements.

There is a possibility license to sell liquor in cafes in Rock Island will be increased this but there is little likelihood absolute entertainment will be abolished. Commissioners so express themselves today.

Cafes were discussed at an informal session of commissioners yesterday. No decision was reached except to call in the proprietors of the cafes before now, i. e. when licenses are to be renewed, and talk over the methods of conducting the cafes in the future. It is generally conceded if owners show a spirit of willingness to meet the requirements the commission and forth there will be no radical changes in the operation of the cafes.

The only modification which at present seems to receive serious consideration on the part of city authorities is the increase in the license to sell drinks in cafes. The commission has taken this up as a result of a recent threat alleged to have been made by cafe owners that they would attack the legality of the cafe section of the ordinance on the grounds the commission has not complied with the law in regard to demands made. The commission assumes cafe owners contend because the license for cafes is $500 per year the fee is illegal, as the statutes generally set licenses to sell liquor can be no less than $500. In order therefore to meet the requirements of the statute and meet the threats, it is the intent that an attempt be made to increase the license to $500 per year. This would make the fee for cafes $400 (illegal).

Not to Affect Present Method.

While no decision was reached on the commissioners spoke of hard of plan [illegible] the sale of intoxicating cabaret entertainment but there is also a feel [illegible] to the contrary. [illegible] the office Several commissioners said [illegible] they would [illegible] any changes if the management of the cafes agreed to meet certain requirements which would be laid before them. These requirements are all [illegible] and will not affect the [illegible] manner of operation to any great extent.

Notice of Publication.

State of Illinois, Rock Island county, ss.

In the circuit court January term, A. D. 1917.

Susie Ford vs. Daniel Ford. In chancery.

Affidavit of nonresidence of Daniel Ford, the above defendant having been filed in the clerk's office of the circuit court of said county, notice is therefore hereby given to the said non-resident defendant that the complainant filed her bill of complaint in said court, on the chancery side thereof, on the 14th day of October, 1916, and that thereupon a summons issued out of said court, wherein said suit is now pending, returnable on the first Monday in the month of January, A. D. 1917, next, as is by law required. Now, unless you, the said non-resident defendant above named, Daniel Ford, shall personally be and appear before said Circuit court, on the first day of the next term thereof, to be holden at Rock Island in and for the said county, on the first Monday in January, A. D. 1917, next, and plead, answer or demur to the said complainant's bill of complaint, the same and matters and things therein charged and stated will be taken as confessed, and a decree entered against you according to the prayer of said bill.

GEORGE W. GAMBLE, Clerk.

Rock Island, Ill., Oct. 14, 1916.

Master Yourself First

Money in the bank so often proves the best friend of men and women that it is unbelievable the number of people who are without this protection. As a basis of a home or a business of your own; as a protection to you and yours in sickness, accident and death, as the means upon which your children must base their state in life, a bank account is without equal.

If you are a man or woman of purpose, if you hope to attain something, you must practice economy and thrift. It makes you master of yourself and your future. We invite you to take advantage of our superior facilities for caring for your funds.

We are giving an American flag free with savings accounts of $25.00, or more.

COAL IS MONEY!
Are You a Spendthrift?

Over 200 TRI-CITY folks will tell you that their DETROIT OVERDRAFT heater gives them MORE heat and uses LESS and CHEAPER coal than any other heater they ever used or saw used. You may convince YOURSELF, however, by TRYING a DETROIT OVERDRAFT in YOUR OWN HOME for 30 days.

Heat Instead of Waste

A chemical analysis of average soft coal shows that 45 per cent is carbon, 45 per cent combustible gases and the remainder ashes and water. In the old system of "drafts" cold air is admitted into the firepot, as you are aware of. This causes these combustible gases to condense and pass, in the form of smoke, out the chimney. The Detroit Overdraft admits no cold air into the stove. Here the arrangement of drafts first causes the air to be thoroughly heated. Thus is the complete combustion of these volatile gases, or 45 per cent of the coal, accomplished.

The Detroit Excels in Any Weather

When called upon to do so, the Detroit will furnish an unbelievably intense heat. It will defy the coldest, "snappiest" weather, giving a warmth and comfort to your home, the like of which you have probably never before experienced. In more moderate weather, you regulate it accordingly in the simplest manner. It can be "slowed down" to a "two-miles-an-hour" gait. Thus fire can be kept going for 24 to 36 hours without touching the stove or adding fuel.

Burns Coal, Wood or Slack

The grates, the draft and the entire construction are so scientifically perfect that it will burn any kind of fuel, and furthermore, will get more heat from it than any other stove made, regardless of price.

Steel Exterior and Cast Iron Lining

Steel is wonderfully sensitive in radiating heat, far more so than cast iron. The Detroit, therefore, will heat quicker and more intensely than a cast iron stove. Cast iron, on the other hand, is exceedingly more durable. The Detroit has a cast iron inner lining, and has, therefore, the durability of a cast iron stove in combination with the radiating ability of a steel stove. The result is a permanent satisfaction that a "single-metal" stove cannot even approach.

Low Prices and Very Convenient Payments

place the Detroit within the reach of all. There is style to fit every home or storeroom from the Special Detroit at $14.50 to the De Luxe Detroit at $54.00, large enough to easily and comfortably heat 7 or 8 rooms. On the present supply there is no advance in price over last year. Large productions, the elimination of surplus market, [illegible] factory economies, etc., have brought the prices to the very lowest level.

Important Warning

There is no similar stove to the Detroit Overdraft. The most "fakeonate" on the market are, in principle, but an inversion of the old-fashioned "burn-coal" oak heaters. Every feature that has made these stoves excel is thoroughly guarded by patent. France's is the only up-to-date store where the genuine Detroit Overdraft can be purchased.
