When [illegible] labor leader, he found [illegible] men with little practical experience in factory work. One of the first steps in the improvement of this new department was to appoint laboring men as [illegible] inspectors. Under present conditions it is the mechanic who investigates the conditions under which machinists throughout the state are working, the same holding true in other lines of work.

"The most impressive speech I ever listened to" was the verdict given today by a prominent Moline business man on Secretary Baker's address. It is of interest to know that the local business man has been a republican. Throughout the city today there could be heard nothing but praise of Mr. Baker's speech from those who were privileged to hear him. His explanation of the Mexican situation as seen by the administration was a revelation to many, who labored under prejudices created by newspaper criticisms and political speeches. Governor Dunne found an equally appreciative audience and won many converts to the cause of honest service by his explanation of political issues as they concern Illinois.

AUTO BANDITS SHOW DEGREE OF HONESTY

Chicago, Oct. 25.—It must have been the "honest burglar" who broke into the garage of Frank D. Glass[illegible] Pine Grove avenue, last night and appropriated his car. He broke a small window in making his entrance. Before exiting he penciled the following note, which he left anchored down with a nickel and five pennies on a chair:

"Just to convince you that some automobile robbers are on the square we're leaving herewith the cost of the window we had to break to get in. Hope you'll like your new car. You'll never see this one again. Thanks."

WILL CONTINUE TO EXPORT GOLD OVER

New York, Oct. 25.—Bankers here expect that the British treasury will continue to export gold to this country as fast as the government's mints can handle it. Since Monday of last week gold valued at $28,000,000 has entered the local assay office. Since May 15 the total value of British gold sent to the United States has reached $350,000,000.

IN THE LODGES

A number of members of Moline drove No. 106, Stags, attended institution of the new lodge in Davenport last evening. The new branch of the order was started with a membership of about 300, mainly due to efforts of Organizer Chalfant of Davenport. Mr. Chalfant will at once take up the work of directing a membership campaign to boost the roll of the Moline lodge, the effort to last until Jan. 1. The class of 47 initiated here last Friday night was signed up through efforts of the local members in a 30-day drive, the charter having been open since Sept. 8.
