## STREET CAR SERVICE CAUSES A COMPLAINT

Some time ago when a petition signed by several hundred residents tributary to the eastern end of the Fourth avenue car line was presented to Tri City Railway company officials and a promise was made to run the Moline city cabs on the morning and evening runs to and from the Fifteenth street car line, thus cutting the number of cars that go through to the end. This has been a cause of complaint for some time and last week the following petition, addressed to the public utilities company, was circulated:

"As citizens of Moline, residing along and around the eastern end of your Fourth avenue line, we wish to call your attention to the service, or lack of service, that has been given us for the last few months. The cars are very often packed before they start in motion on Twenty-seventh street, and no dependence can be placed in the time the cars will arrive, making it necessary for workmen in the morning, either to take an earlier car than is necessary, or walk to their work. In the evening the service is even worse and no effort seems to be made to maintain any kind of schedule. Women who work all day are compelled to stand up all the way home on the car even after waiting sometimes half an hour for the car.

"We believe that reference to your fare registers will show that this end of the line should receive better attention than it is now receiving, and we would respectfully request, as patrons of your line, that you at least make an investigation of the service complained of."

Four copies of the petition are being circulated and will be presented to the company some time this week, the circulars state.

## BAPTIST CHURCH HAS ITS CAPACITY TAXED

The First Baptist church was packed to its capacity last night when Rev. R. Wilbur Babcock spoke on "Quitting the Game, or Backsliding." Every seat in the main room of the church was filled before the hour of the service and the side rooms were opened, these, too, being quickly taken. By the time the pastor began his sermon people were leaving because they could not find places.

The special meetings will continue this week and some special music has been arranged for each night. Mr. Babcock will speak tonight on "Profit and Loss," and he has a strong subject for each evening during the week. Sunday afternoon there will be a meeting for men only, the subject to be "Every Man His Own Smoke Consumer." **Has Narrow Escape.**

Samuel Zanswartmaelen, Fourteenth street and Eighteenth avenue, East Moline, had a narrow escape from death under the wheels of an automobile this morning in front of his residence. A machine driven by A. H. Craemer of Fifteenth street, Moline, had just turned out in order to pass a wagon when Zanswartmaelen walked from behind the wagon directly into the path of the automobile. Craemer, who was driving slowly, was able to turn his car into the curb, so that the body of the car passed above the East Moline man without touching him. ## TAXIS TO ANSWER TELEPHONE CALLS

**Operators of Jitney Buses Would Have Instrument Placed in Park Opposite Their Headquarters.**

**PETITION COUNCIL FOR PERMIT**

**Commissioners Will Not Oppose Plan if Booth Is Not An Eye-Sore. Favor Metal Box.**

If operators of jitneys, or taxicabs, as the lawyers would have them called, have their way it will no longer be necessary for you to stand indefinitely on some street corner waiting for one of the motor conveyances to be found in sight. The jitney men, if permission of the council is gained, will have a telephone placed opposite their headquarters on Sixteenth street. Soon as arrangement will enable one to call a phone, call a certain number and have a bus at your service within a few minutes.

The Moline city council in session this morning considered a petition from the drivers asking for permission to place a phone in the park. The council did not grant permission, but it will probably do so. The cost of a booth or box to be erected will decide the matter. The council is willing to have a phone installed there provided it does not become an eye sore.

**Gong Is Objectionable.**

The commissioners are of the opinion that an ordinary phone bank is undesirable as it would be an ordinary post with an ordinary box on it to contain the instrument. Objection will be made to the drivers that they obtain a post and box similar to the police and fire alarm boxes. In case this is done permission to place a gong the sidewalk in the park will be granted.

It had been the intention of the drivers to attach a gong which could be heard for some distance, with because this might stop at any hour of the night, disturbing the sleep of people living in flats in that neighborhood, the council will insist that an ordinary telephone bell be used.

## BELGIC DRAMATISTS WIN MUCH APPLAUSE

A large audience greeted players of the Belgian Art and Literature club in the double bracket entertainment which was presented last evening in the Moline Turner hall. It was the first of a series of musical efforts planned by the club and [illegible] many Belgians present from Moline and surrounding towns.

The three-act comedy, "If the Ivy Bush," was put over with a [illegible] with Mrs. Richard Meagles and Miss Serinna playing the leads. **Those new "Bran Foods"**—a new one is born every week—a recognition of the need of food laxatives instead of drug laxatives. The problem of presenting bran to the human stomach in combination with a nutritious, easily digested food was solved twenty years ago by the invention of **Shredded Wheat Biscuit,** the food that supplies all the body-building material in the whole wheat grain in a digestible form, combined with bran which is Nature's laxative. A body-building, strength-giving food. Serve with milk or cream or baked apple or other fruits. Made at Niagara Falls, N. Y.
