COLLECTOR GIVES ADVICE ON TAXES

T. J. Cavanaugh, deputy collector of this district, has received a telegram of importance from Collector of Revenue E. D. McCabe of Peoria.

The telegram states that it is of the utmost importance to the financial arrangements of the government, that taxpayers who have purchased treasury certificates of indebtedness, maturing June 25, 1918, should use such certificates in payment of their income taxes, and should not present the certificates for payment in cash.

Deputy Cavanaugh is informed that he is to accept all certificates maturing June 25, tendered in the payment of taxes and to do all in his power to induce taxpayers to tender the certificates instead of cash.

ATTEMPT ESCAPE.

London.—A daring attempt to escape from England by crossing the English channel in an ordinary rowboat was made the other day by two escaped German prisoners. They were caught on a dark night by a patrol at a point on the coast near Zeebrugge, their objective.

The prisoners were dressed as seafaring men, wearing blue serge suits and high boots, had traveled about sixty miles from their camp near Salisbury Plain. One who spoke English fluently, made no secret of their intention. When searched they had between them nearly the equivalent of five dollars in silver. About a mile along the beach from the spot where they were captured they had concealed, beneath a boat, bags of biscuits, together with bread and fruit, a razor, shaving brush and a large bottle of water.

POSLAM PROVES PACIFYING BALM TO ITCHY SKIN

Try Poslam for any bad case of eczema, particularly when nothing else seems to help and the itching is almost intolerable.

Poslam is so active, stops itching so quickly, that it does away with much uncertainty.

This directness—this getting right at the trouble—is a quality exclusive in Poslam. Poslam possesses healing energy in such concentrated form that one ounce of Poslam is worth a pound of ointments less efficient. Use it to drive away any eruptional disturbance of the skin.

PROFITEERING.

For months the 7-year-old poultry delaer, Ignaz Hirschl repeatedly deposited poultry and raw goose fat in the municipal cold storage house, and later sold it at the increased market prices of the day. In spite of the noticeable scarcity of meat he has at present in storage more than 10,000 kilograms of poultry. Moreover, by demanding excessive prices and taking advantage of the scarcity of fat, he made a profit of 18,000 crowns ($3,600 last November and December alone. Furthermore he has frequently sold poultry wholesale to retailers. Ignaz Hirschl was arrested yesterday and held for trial.—Neues Wiener Journal.
