MARKET QUOTATIONS

BUYERS BOOST PRICE OF CORN

Strained European Situation Has Affect on Market—Demand for Wheat Quickens.

Chicago, April 24.—Buyers continued to be in a majority today in the corn market and to lift prices to new high levels for the season. Persistent strength of hog values, together with quickened demand for wheat substitutes such as rye and barley were the chief reasons assigned. Considerable notice was also taken of the strained political conditions in Europe. Opening prices, which ranged from ⅛c off to 1⅛c advance, with July at 1.63 to 1.63½ and September 1.59 to 1.61, were followed by a moderate reaction and then by a decided fresh upturn.

The advance continued until midday. Then profit-taking sales became heavy and a setback ensued. Besides hedging operations were in evidence. The close was unsettled ⅛c net lower to 1⅞c advance, with July $1.63⅝ to $1.63¾, and September $1.58¾ to $1.60.

Practically all deliveries of provisions went above previous high record quotations but did not hold the entire advance.

Oats sympathized with the advance of corn. After opening unchanged to ⅝c higher with July 73¾c to 72c, the market sagged a little, but soon rose again above the initial top figures.

Provisions reflected the action of corn and hogs. Lard led the movement upgrade.

STEEL STRONG IN DAY'S TRADE

Equipments Also Showed Strength—Marines and Motors Continue Uncertain.

New York, April 24.—Offerings of the first half hour on the stock exchange today were easily absorbed, due largely to the strength of United States steel, which rallied over a point. Pronounced strength was shown by equipments, especially General Electric, Baldwin Locomotive, American Locomotive and Westinghouse; also oils and rubbers. The movement among shippings and motors continued uncertain, however, fertilizer and food shares were 1 to 3 points lower. There was a perceptible falling-off of activity among rails, but that group improved on the strength of Southern Pacific and Texas Pacific.

Liberty bonds at 11:30 a. m. today were: 3½s, 98.56; first 4s, 95.90; seconds 4s, 93.26; first 4¼s, 95.98; second 4¼s, 93.28; third 4¼s 95.08; fourth 4¼s, 93.22.
