CORONADO.

Last Sunday morning at the usual preaching service, there was a little impromptu program given in honor of our visitor having been present the preceding Sunday. The songs and prayer were given. We can only wish that more of our visitors would favor us with a little music.

Mr. C. F. Gray landed a fine lot of fish Saturday. Many of our visitors availed themselves of the opportunity to buy. Mr. Gray landed a fine lot of fish Saturday. Many of our visitors availed themselves of the opportunity to buy. It was a wonder that so large a fish could be caught and be so good to eat. It was dressed and shared out to the neighbors.

We see by last week's paper that some of the visitors who spent a pleasant month here upon returning home gave sad reports concerning our mosquitoes. We who live here the year round and are as tender as any who come, think it is not fair to come, enjoy the pleasure and when it's over return to their homes and say life is unbearable here. A great many honest people say they come over every possible season, in hopes of a change, and are willing to pay the price for the privilege. We do not expect there to be no mosquitoes, but we do expect there to be less than there are in Indianola for place purchase.

The last Legislature took out of the hands of the people of Volusia County the privilege of voting on the question of the location of the County Seat. Whether or not any County Seat will be voted on and moved depends on the Legislature. Whether or not the people of Volusia County want a change, it is not for us to say. We are not in Indianola for place purchase.

The Lake Republicans took out of the hands of the people of Volusia County the privilege of voting on the question of the location of the County Seat. Whether or not any County Seat will be voted on and moved depends on the Legislature. Whether or not the people of Volusia County want a change, it is not for us to say. We are not in Indianola for place purchase.

If the State printer would pay more attention to the proper printing of papers sent out from his office and less attention to the business of other people, the people of the State would be benefited.

The time may come when the State of Florida will see fit to employ a State Printer who is a successful business man or a competent printer; until that time, we suppose we shall have to put up with old worn out political hacks and corporation hangers-on.

I do not suppose you will publish this correction of your unfair and scheming equity, but I shall see that it is given publicity in due form.

OSTEEN

Mr. J. L. Hall and Miss Elma Hall of Kissimmee, visited in Osteen the past week and spent much of their time at the home of Mr. A. P. Hall and wife, also providing some time with relatives here. They were an enjoyable visit from a return at Kissimmee.

Mr. A. T. Pattillo and family have taken a cottage for a month at Orange Beach.

Rev. and Mrs. Harris with their daughter, Lovejoy, and son, are at Mr. Pattillo's house in his absence.

We are delighted to have the ministers family in our midst and trust the temporary exchange from coast and interior will be of mutual benefit.

Mr. and Mrs. Crawford left Mrs. Edwin Pattillo's Wednesday and have gone into their new home across St. Johns near Sanford. They are well pleased with this part of Fla. after trying various farm interests in Oklahoma, Texas and Mexico without desired results, and say they are here to stay. Mr. Crawford is an expert well driver, contractor-builder and cabinet-worker.

Mr. L. P. Pattillo spent a few days with his parents recently from Buford Georgia.

Mr. Webster Osteen made a visit to his relatives here last week.

REVOLTS AT COLD STEEL.

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from severe rectal trouble, "lies in an operation,"—"then I used Dr King's New life Pills," she writes, "till wholly cured." They prevent Appendicitis, cure Constipation, Headache, etc. at all druggists.

THE BLACKSTONE SCHOOL FOR GIRLS
Established in 1894. The aim of the school is clearly set forth by its
MOTTO: "Thorough instruction under positively Christian influences at the lowest possible cost."
The school was established by the Methodist Church, not to make money, but to furnish a place where girls can be given thorough training in body, mind, and heart at a moderate cost. The object has been so fully carried out that as a
RESULT: It is to-day, with its faculty of 20, its boarding patronage of 300, and its building and grounds, worth $140,000
THE LEADING TRAINING SCHOOL FOR GIRLS IN VIRGINIA.
$150 pays all charges for the year, including the table board, room, lights, steam heat, laundry, medical attention, physical culture, and tuition in all subjects except music and elocution. Apply for catalogue and application blank to
