WESTERN LIBERAL.

FRIDAY, AUGUST 23, 1889.

Tim Shine is convalescent.

District court met on Monday.

J. P. Edoff was in the city this week.

Dr. Simpson has mounted a fine new sign.

Jas. Calgohoun of Clifton was in the city Monday.

Only 245 voter were cast in Grant county.—Enterprise.

John Jeffords was up from Hachita this week on business.

Mrs. B. S. Horton has about recovered from her recent illnes.

Thos R. Fox, the Mayor of Stein's Pass, was in the city Tuesday.

W. E. Smith was up from Hachita yesterday. He reports the Dugout as being finer than ever.

R. P. Hart, assignee of Classen Bros, has a very interesting communication in another column.

There was an ice famine Sunday but Charly App secured a supply from El Paso on the evening train.

Dr. Simpson has received word that his baby is very sick, in Los Angles, from an attack of cholera morbus.

Genial Joe Leany of Lordsburg paid friends in Clifton and Longfellow a welcome visit last Saturday and Sunday.—Clifton Clarion.

There will be children's service at the church this evening. The little ones are making many preparations for it and it probably will be very interesting.

Sheriff Whitehill captured Col. Mike Cronin, the fugitive commissioner of Lincoln county, and when he found there was no reward offered for him turned him loose.

In the Secretary's office at Santa Fe a charter has been filed for the Southwestern publishing company; incorporators, E. G. Ross, E. L. Donahoe, S. M. Ashenfelter. Capital stock $10,000. Principal place of business, Deming.

"Uncle" John McCarty came into town this week and the first thing he noticed was a couple of boys barefooted. Uncle John don't like this, even in hot weather, so he took the boys off and bought each of them a pair of new shoes.

A Lordsburg contractor made an offer the other day to dig a ditch a foot deep for a cent and a quarter a foot. He got the contract. Yesterday he worked from 4 a. m. until dark and earned 65 cents. There is nothing like being a contractor.

The chief of the fire department brought it out for a practice run Friday night. The boys did not anticipate the call, nevertheless, from the time the alarm was sounded until they had water through the hose was less than three minutes.

The many friends of J. M. Hawkins, formerly of the Enterprise, will be pleased to learn that he has become a father. You may brag about the New Mexico climate but J. M. insists that for business purposes there is no climate like that produced in Iowa.

The Spiders have instituted a branch lodge at Hudson's hot springs. The king and chief organizer having gone down there for the purpose of opening it. This branch will, undoubtedly, prove very handy for the regular members and we predict will be one of the most popular in the county.

The laws passed by the last legislature have been delivered to the justices of the peace but as they are not accompanied by diagrams or illustrations it is impossible to tell what they are all about. For instance: There is a law which says that any body found in a "trippling shop" is a vagrant but neither Webster's dictionery nor Judge Graves knows what a "trippling shop" is.

Does any one know what kind of water is in the springs in the Black Range? A prominent citizen now located up there recently wrote to a gentleman at Separ and enclosed his letter in an envelope directed to a Lordsburg gentleman. The Lordsburg man who received the letter says the mistake is a natural one to be made when a man has been drinking Black Range spring water.

The other morning a couple of strangers marched up to a prominent bar in the city and invited everybody in the house to come up and drink. This unexpected generosity blinded the barkeeper and he did not notice the seedy appearance of his customers, and everybody drank. The barkeeper was greatly disgusted to be requested to "mark it down," and turning to the men who had accepted the invitation said, "you fellows ought to have had more sense than to drink with such old bums."

Mat. McCebe, of New Brunswick, Ill., offers to pay five dollars to any person troubled with bloody flux, who will take Chamblerlain's colic, colera and diarrhoea remedy according to directions and does not get well in the shortest possible time. One half of a 25 cent bottle of this remedy cured him of bloody flux, after he had tried other medicines and the perscriptions of physicians without benefit. Mr. McCabe is perfectly safe in making this offer, as more than a thousand bottles of this remedy are sold each day and it has never been known to fail in any case of colic, cholera morbus, dysentery, diarrhoea or bloody flux; when the plain printed directions were followed. For sale at Eagle drug store.

MINING MATTERS.

Reports from Various Camps—Items of General Interest to Miners.

The latest quotations are: Silver 92¼; copper 12.00; lead 3.90.

The new mill is kept busy pounding away on Shakespeare ore.

The Socorro people have at last secured the necessary land for the school of mines.

J. B. Malone left the first of the week on a prospecting trip in the southern part of the county.

Igancio Campbell is still bringing in some remarkably rich specimens from his Refugio mine in Gold gulch.—Clarion.

Col. Marcus Hulings, president of the Standard Mutual company, has arrived in town and taken charge of the property.

Robert Williams and B. B. Ownby were in Silver City this week to answer the injunction on their working the Last Chance mine.

E. G. Payne, John Spiller and W. C. Davenport have surrendered their lease upon the Silver Rain in the Faue mine and mill.—Sentinel.

The alum deposits on the upper Gila are said to be the largest in the world, but they are so inaccessible that with the present transportation facilities they are practically worthless.

Six carloads of carbonate silver ore have arrived for the International smelting company from the American mine at Hachita, New Mexico. This mine is turning out large quantities of rich ore, and promises to be one of the richest mines in this section.—El Paso Herald.

The Arizona & New Mexico railroad has promulgated a new freight tariff, principally affective rates in copper and coke. It is arranged on a scale affected by the running market price of copper.—Clarion. As a result of this change of rates the Detroit copper company has again started up and is now shipping three carloads of copper per day.

Pay day of the Standard Mutual company was passed this week and the men were notified they would be paid after returns were received from the ore. Some of the men did not like this way of doing business and so run attachments on the property as follows: Jas. Bartlet one for $81 and one for $51 50; Dan Hampston one for $94 50 and one for $59 50, Andrew Kern one for $81 and one for $51 50; U. C. Williams one for $75 50 and one for $48.

There was a great time in Deming last Sunday. The fat men of the town had wiped up the local base ball club and sighed for new worlds to conquer. They sent a challenge to the fat men of El Paso to come up and be done up. The El Paso men chartered a special train and about 200 of them came up. They beat all the Deming ball players, they drank all the Deming beer, they ate all the Deming provisions and returned home triumphant leaving the Deming people despondent, with starvation staring them in the face, and suffering withal from a terrible thirst. The fate of the Deming people would have been sad indeed if the Lordsburg people had not heard of their predicament and sent down a relief train loaded with the necessities of life—principally beer.

James Winters, one of the old-time prospectors, is in town.—Enterprise.

There was a terrible epidemic of dysentery and bloody flux in Pope county, Illinois, last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Waltersburg, sold 380 bottles of Chamberlain's colic, cholera and diarrhoea remedy during this epidemic and say they never heard of it's failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 50 cents bottles for sale at Eagle drug store.

Those who write at once can be sure of receiving the Watch and Samples. We pay all express, freight, etc. Address Stinson & Co., Box 815, Portland, Maine. FREE

The men who wrecked the passenger train at Benson have not yet been captured. When the engine went down the bank and stopped in the ditch Fireman Ingram did not stop but kept a running till he got to the top of the bank on the opposite side, and then sat down under a tree to look at the wreck. The express messenger saw him and thought he was a train robber and so went for his shot gun to take a shot at him. When he drew a bead he noticed the train robber had no hat and thought he had better investigate before he shot. The investigation saved the kid's life, to the delight of all the pretty girls from Lordsburg to Tucson.

An unprecedented occurance in the history of American courts transpired in California this week. Justice Field, a justice of the supreme court of the United States, was arrested on a warrant issued by a justice of the peace. The arrest was made on the charge of being a party to the killing of Judge Terry. Justice Field immediately sued out a writ of habeas corpus before the United States court in San Francisco, the hearing of which was to take place yesterday. Marshal Neagle was taken from the local authorities at Stockton on a similar writ, which was to be heard at the same time.

Last Monday evening W. H. Small picked up a roll of oil cloth in his store to take home. The roll was long and the other end reached the chandelier knocking the lamp out, which being of brass did not break but simply let the burning oil run out on the floor. Mr. Small picked up the burning lamp and carried it out into the street while the secretary of the fire department picked up the roll of oil cloth and blew out the blaze, all being done before an alarm of fire could be turned in. The loss consisted of one brass lamp and two glass chimneys.

The festive game of stud poker has been revived in town and again the boys are happy.

People in general should know what's best to do in any case of a sudden complaint. It is a well established fact that prompt relief may be had in any case of colic, cholera morbus, dysentery or diarrhoea by giving a few doses of Chamberlain's colic, cholera and diarrhoea remedy. It acts quickly, can always be depended upon and pleasant to take. For sale at Eagle drug store.

ALL THE NEWS FOR ONE CENT IN THE CHICAGO DAILY NEWS

The Real Secret of the unparalleled success of THE CHICAGO DAILY NEWS may be found in *two distinguishing characteristics*, which more than anything else have contributed to its remarkable growth.

FIRST:—*It is a Daily Paper for Busy People.* The people of the busy West appreciate keenly the necessity of an intelligent knowledge of the world's daily doings, but they are too busy to waste valuable time in searching through a cumbrous "blanket-sheet" newspaper for the real news of art, literature, science, religion, politics, and the thousand-and-one things which make up modern civilization. They want news—all the news—but they don't want it concealed in an overpowering mass of the trivial and inconsequential. It is because THE CHICAGO DAILY NEWS is "*all wheat and no chaff*," that its circulation is over "*a million a week*."

SECOND:—*It is an Independent, Truth-telling Newspaper.* The people demand a fair, impartial, independent newspaper, which gives *all the news*, and gives it free from the taint of partisan bias. With no mere political ambition to gratify, no "ax to grind," the impartial, independent newspaper may truly be "guide, philosopher and friend" to honest men of every shade of political faith; and this is why THE CHICAGO DAILY NEWS has today a circulation of over "*a million a week*."

THE CHICAGO DAILY NEWS now adds to these two comprehensive elements of popularity, a third, in its unparalleled reduction of price to ONE CENT A DAY.

It is always large enough,—never too large. THE CHICAGO DAILY NEWS is for sale by all newsdealers at *One Cent* per copy, or will be mailed, postage paid, for $*1.00* per year, or *25* cents per month. The farmer and mechanic can now afford, as well as the merchant and professional man, to have his metropolitan daily.

Address VICTOR F. LAWSON, Publisher "The Daily News," Chicago.

SCOTT'S EMULSION

OF PURE COD LIVER OIL AND HYPOPHOSPHITES

Almost as Palatable as Milk

So disguised that it can be taken, digested, and assimilated by the most sensitive stomach, when the plain oil cannot be tolerated; and by the combination of the oil with the hypophosphites is much more efficacious.

Remarkable as a flesh producer.

Persons gain rapidly while taking it.

SCOTT'S EMULSION is acknowledged by Physicians to be the Finest and Best preparation in the world for the relief and cure of

CONSUMPTION, SCROFULA, GENERAL DEBILITY, WASTING DISEASES, EMACIATION, COLDS and CHRONIC COUGHS.

The great remedy for Consumption, and Wasting in Children. Sold by all Druggists.
