[illegible] Arizona, who has [illegible] the city, lingers in the metropolis. He has friends here and they make him visit very pleasant.

Back from Gila.

Wm. Burns, a democratic politician who is long head on his shoulders and one who doesn't allow himself to get tangled up in uncompromising alliances, returned last night from the Gila valley, in northwest New Mexico, where he was in the discharge of his duties of deputy internal revenue collector for the second district of New Mexico. Mr. Burns informs THE CITIZEN that he found the people of the sections visited prosperous, all claiming that times are better and that money is easier to get hold of than for several years past. Some desired to talk politics and the present legislature, but as his time was limited and it was "business before pleasure" with him, he did not give them any ideas for consideration.

A Horrible Fiend.

The section men working between the stations of Rowe and Glorietta were going over the section, and the foreman, John N. Bach, noticed on one side of the track a package, wrapped in a newspaper. On picking it up and undoing the package, to his horror, he beheld a new-born babe, frozen stiff. It was a little boy babe, and had evidently been thrown from the window of one of the passenger trains, which one, or which way it was going, no one knows, as three passenger trains pass the place during the night. Mr. Bach and his men dug a grave and buried the little stranger near the track.

A. & P. Surgeons.

The Atlantic & Pacific Surgical association met at the company's hospital, in south Albuquerque, this morning at 10 o'clock. P. G. Cornish, of Flagstaff, is the president, and H. C. Hinsee, of Needles, the secretary. The latter is present from off the road, likewise Dr. W. M. Johnston, of Williams.

The following physicians and surgeons were present: Drs. J. P. Kaster, C. E. Winslow, A. E. Callender, J. R. Haynes and Mrs. Pardine, W. M. Johnston, of Williams; H. C. Hinsee, of Needles. A paper written by Dr. Dryden, of Winslow, who could not be present, was read by the secretary, while Dr. Johnston read a very interesting paper. After the election of officers, the association adjourned to meet next year in Kingman.

Won by Santa Fe.

For some time past the Santa Fe officials have contended that they could send stock trains from Deming to the Kansas City market quicker and in better condition than via the Texas & Pacific and Rock Island from Deming. The trial took place last Saturday, two trains of cattle, the same number of cars, leaving the Santa Fe and Texas & Pacific depots at Deming for Kansas City at the same hour. The train over the Santa Fe road passed through this city last Sunday, and that the other train over the other route, in reaching Kansas City by almost a day. THE CITIZEN has not been supplied with the time made, but from cowboys, who came up as far as Albuquerque, it is learned that the stock train rolled over the country and across the Jornada del Muerto a few miles faster than scheduled passenger train time. G. L. Brooks, the live stock agent for the Santa Fe road, is a happy fellow, and he superintended the loading of the cars.

FOODS FOR REFLECTION.

Big money turned over by ex-Collector Vivarez.

Yesterday ex-Sheriff and ex-Collector J. [illegible] Vivarez turned over to the several treasurers the following amounts:

For U. S. Treasury	$11,081 20
For this county	24,646 [illegible]
For the school	1,024 [illegible]
[illegible]	[illegible]
City Schools	4,[illegible]
Total	$[illegible]
Land office fees	[illegible]
Gallup's fees	[illegible]
[illegible]	$[illegible]

Again, THE CITIZEN is compelled to repeat that as long as this county is in the hands of inexperienced officials, so long will there be some money, and a good deal of it, in the several treasuries. This paper does not say ex-sheriff and ex-collector, in the territory, just out of office, made such a showing of money [illegible] but it does say that the showing made by Mr. Vivarez. He's all right and a good man, else his people would not be sticking by him.

Sad Accident.

The funeral of Andreas Ogle, the little six year old Mexican boy, whose tragic death occurred yesterday afternoon at 5 o'clock, will take place at the Barelas Catholic church to-morrow afternoon at 2 o'clock.

The circumstances of the sad accident are as follows: W. L. Trimble & Co. were hauling ice to the Atlantic & Pacific Railroad company's hospital in one of their truck wagons drawn by the two big gray horses. The little fellow stepped to steal a ride, and in grabbing for the side of the trucks, failed to catch hold, and fell to the ground, the hind wheel passed over his head, crushing out his life instantly. The accident happened near the hospital and within a few yards of the home of the unfortunate lad. The little boy was picked up by the driver, Frank [illegible], and carried into the house, where Justice Burke was informed. A coroner's jury was empaneled, and they rendered a verdict this morning, exonerating the driver from all blame.

Precinct Elections

At the precinct elections which will be held on the 14th inst., there will be chosen justices of the peace, constables and mayordomos de acequias.

"The qualifications of voters at such elections shall be as provided by law, but no registration shall be necessary for any such election, the same shall be ordered and held in other respects as the general elections are ordered and held, but no judge of election or clerk shall receive any pay for serving as such at said election, and should any person appointed refuse without sufficient reason to act as judge or clerk of election, he shall be deemed guilty of a misdemeanor and punished as provided in cases of misdemeanor where no other punishment is provided."

Officers Installed.

At the regular meeting of A. O. U. W. last night the lodge deputy, A. D. Johnson, installed the officers for the ensuing term, which were as follows:

Geo. Giegelitt, P. M. W.; F. L. Griggs, M. W.; A. W. Hayden, O.; J. J. Vosaw, recorder; W. H. Hahn, financier; A. D. Johnson receiver; J. F. Elwood, G.; F. Brittenstein, O. W.

After the business of the order was gone through with an elegant lunch was served, but thereby hangs a tale. As the order was given to march to supper the ladies (God bless them, with bright faces and merry laughter) thinking that it was not good for man to eat alone, surprised them with their presence and with baskets of good things and made the time glide merrily by till a late hour, feeling that to belong to the A. O. U. W. was something more than a name.

Characteristic.

Mose Hughes A. Merright.

You fellows may be all right, but in politics we can trust no one. My race will be legitimately run, and if I am not sufficiently capable of caring for it, the aid of you and other "city folks" will not be called for. TOM F. PHELAN.

Borden; first vice president, Mrs. Granger; second vice president, Mrs. Romaine Bippus; recording secretary, Mrs. E. C. Vaughn; financial secretary, Mrs. Romaine Bippus; treasurer, Mrs. J. M. Moore. Papers will be forwarded to the legislature praying for the passage of an act incorporating this association. The capital stock of the association is $10,000, divided into shares of $10, which can be procured from the secretary, Mrs. E. C. Vaughn.

A Sad Case of Drowning

Little Charlie Westerfeld was drowned yesterday afternoon while playing on the ice on the river near his grandmother's home in the boulevard.

Yesterday he went over from his parents' home on Topeka avenue to visit his grandmother and after staying there a short time started towards his father's store on Commercial street. He met two children, a boy of ten and a girl some years older, and all three went down on the river to play on the ice. While playing there he slipped into a hole where the water was about four feet deep and must have immediately drowned and floated a short distance under the ice where he was found.—Trinidad Advertiser.
