WASHINGTON LETTER.

Matters and Things Transpiring at the National Capital.

[Special Correspondence.]

Washington, Jan. 20.—Senator Davis of Minnesota has received many congratulations for the vigorous Americanism which stands upon every line of the Monroe doctrine resolution, which has been reported to the senate from the committee on foreign relations. The resolution was written by Senator Davis, he having been appointed a subcommittee of one to report in that line, and the resolution itself furnishes the best evidence that the task could not have been put in better hands. There are a few timid men in congress, mostly democrats, who are a little bit afraid that the resolution goes too far, especially that portion of it which declares the United States to be the sole judge when it comes to determining the question of infringement of the Monroe doctrine. But congress is practically unanimous in favor of the sentiment contained in the resolution, and there is no doubt that it will be adopted by both senate and house, and that even the timid individuals referred to will record their votes in its favor when put to the test.

Democratic papers, with whom this Monroe doctrine broke the old custom of the party to go over holding the national convention in St. Louis, with the hope that the republicans will make some mistake in their platform or platform which the democrats, by holding their convention several weeks later, will be able to profit by. This merely shows the desperate straits to which the party of Cleveland is reduced. Democratic party is reduced within less than six months of the holding of their national convention. They have no idea what they intend doing further than to take advantage of any blunder that may be made by the republican platform to put forward some sort of a plea that may humbug the voters. But the impression is widely abroad that the humbugging of voters by a democratic platform will never again be successful. It was done once too often. This lack of cowardice is strikingly characteristic of the democratic party as well as in striking contrast with the record of the republican party under similar circumstances. During its long control of the government the republican party never failed once to hold its national convention first. But, the republican party has always known where it stood upon every great question, and has never attempted to straddle questions or to make platforms which may be construed to mean anything or nothing according to the construer. Which makes quite a difference.

Ex Secretary Noble, of President Harrison's cabinet, who is in Washington in connection with the commission charged with selecting the site and design for the Sherman equestrian statue that is to be erected, has been pumped energetically by the newspaper men for information as to Gen. Harrison's intention towards the presidential nomination, but if he knows anything he kept it to himself. The following remarks made to one newspaper man give the substance of what the ex-secretary said to all: "I am out of politics. I have no idea about these matters. Whoever is nominated by the republican convention will be elected. The democrats haven't one chance in a million to win, it doesn't matter what kind of a platform they promulgate or who they nominate."

The general pension appropriation bill was passed by the house just fifty days earlier in the session than the same bill passed either of the last two democratic houses. Several of the proposed amendments to the bill were ruled out under points of order raised by a democrat, but they will all be covered by the Pickler pension bill, which is now in the hands of the committee on invalid pensions, but which will soon be reported to the house and passed by that body. The Pickler bill has been approved by the legislative committee of the G. A. R.

Rumors of an intended special Cuban message from Mr. Cleveland to congress have been floating around for several days, but no definite information on the subject can be obtained either at the White House or the state department. Meanwhile there is considerable adverse comment heard upon the slowness of Secretary Olney in furnishing the Cuban information called for by a resolution adopted by the house several weeks ago. It is not at all evident what he is waiting for, except to delay favorable action of congress towards the Cubans, which might follow his answer.

There is practically no change as to the status of the house tariff bill which is tied up in the senate finance committee. Something may develop at this week's regular meeting of the committee that will result in getting the bill reported to the senate in some shape, although there is nothing certain about it.

Tim O'Leary, in the secret service of the Atlantic & Pacific, came up to the city from the south last night.

J. E. Hurley, the popular division superintendent for the Santa Fe road, is in city to-day arriving late yesterday afternoon from Las Vegas.

Col. J. Francisco Chaves, the well known republican politician and lawyer of Valencia county, who has not visited the metropolis for many months, is here to-day, and all are glad to see him.

Teamster Leddy, who freights between this city and Jemez hot springs, was here yesterday, leaving for the springs last night. He stated that when he passed the Indian village of Cia, the Indians were making considerable fuss over the illness of one of their women.

Rev. L. B. Worth, sometime since, made his resignation final, as pastor of the Baptist church, which the church accepted and extended a call to Rev. L. S. Young, of Moline, Illinois. Mr. Young has accepted the invitation and will be here about the middle of next week. He comes very highly recommended.

CITY SOLONS!

They Hold a Very Interesting and Important Meeting.

BUSINESS TRANSACTED

The board of aldermen met in an adjourned regular session last night.

Present: Mayor Baldridge, Aldermen Ashright, Cummings, Long, Simpier, Stevens, Otero, and Clerk Dixon.

Absent: Aldermen Blocksnicer and Armisfield.

The minutes were read and approved.

A number of new bills were read, and referred to proper committees.

The finance committee approved and ordered warrants drawn for the following bills:

L. F. Kohlberg	$ 1 00
Albuquerque Democrat	2 50
Electric Light Co., two bills	125 80
Albuquerque Gas Co.	8 75
Hughes & McDonald	24 00
H. Dodsworth	1 00
E. A. Pearson	1 00
W. L. Trimble & Co.	11 25

The following resolution was adopted by the board of education at a special meeting held Saturday evening, Jan. 18, 1896:

Whereas, It has been reported that several cases of diphtheria and scarlet fever exist in the city, and in consequence of said report this board has ordered the city schools to be closed for a period of two weeks; and

Whereas, The cases of said diseases have not been promptly reported by the attending physicians;

Resolved, That the vice president of this board be instructed to call upon the mayor and city council and urge them to enforce the ordinance requiring persons with infections or contagious diseases, or who have been confined with such diseases to keep off the streets, and physicians to report all cases of such diseases promptly to the proper officer, and if necessary to that end, to prosecute all persons and physicians violating said ordinance.

The marshal was instructed to enforce the ordinance bearing upon the subject of the resolution.

After discussion on the above, Mayor Baldridge appointed the following board of health:

Drs. Ashright and Wroth, Aldermen Cummings and Stevens of the sewer committee, with Mayor Baldridge as chairman of the board.

The Crystal Ice company, J. W. Palmer and F. Frank petitioned the board to change the limits to read as follows: From Douglas avenue north to Roma avenue, the eastern boundary to be the center line of First street. The change was placed as an amendment to a previous ordinance on the subject, and passed during the evening.

A memorial, requesting the speedy construction of the Nicaragua canal under the control of our government, was read and adopted, and the mayor was instructed to attach his signature and city seal to same and forward it to Washington.

On motion, the new telephone was granted sixty days further time in which to erect their poles.

The matter to grade Fourteenth street to the Mountain road was referred to the street committee, with power to act.

Alderman Ashright, of the special committee to place fire hydrant on railroad property between passenger and freight depots, asked further time to report on same.

Motion prevailed instructing street committee to erect four stand water pipes—one in each ward, to be used to secure therefrom water for sprinkling purposes, etc.

The request of E. S. Bodey and others, on the subject of quieting title to certain lands was denied.

Amendments were made to several ordinances, and the ordinance, relating to bill posting, was introduced and read for the first time.

A. A. Grant was granted permission to extend the iron awning in front of his buildings, corner Third street and Railroad avenue.

The subject of collecting license from the Chicago Lady Quartette, who give a performance at Perkins hall on Friday night under the auspices of the Conservatory of Music, was discussed, and as A. A. Grant, proprietor of Grant's opera house, was present, that gentleman was called upon for an opinion and he stated that the city should collect the regular license. The board so ordered, after which an adjournment was had.

Poor Indeed!

There are degrees and kinds of poverty, just as there are differences of opinion among those who compute and measure poverty and riches by different standards. Some men deem themselves poor because they are less rich than others, again there are comparatively poor people who are satisfied with a competence. There is a kind of poverty for which no amount of wealth can compensate, namely, a poverty of bodily stamina, evinced by nervousness and a derangement of the functions of digestion, bilious secretion and the bowels. To restore vigor upon a permanent basis there is one remedy that fully covers the requirements, "fills the bill," and this is Hostetter's Stomach Bitters. By restoring digestion, giving a healthful impulse to the action of the bowels and liver and tranquilizing the nerves, it fulfills the condition necessary to a resumption of strength by the system. It also overcomes malaria and rheumatism.

Champagne Opening.

Commodore Kent called at THE CITIZEN office this morning and invited the editorial force to a champagne opening on his flag-ship this evening. It will be the coup de maitre of his naval career. The commodore has suspended Captain John A. Lee, of the flagship, and has ordered a court martial in the case. It is charged that Captain Lee confounded the starboard with the larboard side and ran the ship into the bank of the acquia madre. It is considered a serious offense.

Married in Kansas City.

J. van Houten, vice president and general manager of the Maxwell land grant company, office at Raton, was married to Miss Marie Theresa Wiegand, of this city, at the residence of her aunt, Mrs. M. Haefner, in Kansas City, yesterday, and are at the Wellington hotel in Chicago to-day, where friends may wire congratulations on the happy step in life they have taken. Miss May Wiegand is one of the popular young ladies of Las Vegas, and Mr. van Houten is a man of affairs, his father being secretary of the interior, of Holland.

AN OLD AND WELL-TRIED REMEDY.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhœa. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

UP TO CERRILLOS.

And Then to the Meadow City. Brief Paragraphs.

[Correspondence.]

Chas. Fred. Helwig was a passenger Monday morning returning to the mines at Helwigsburg, in the Cerillos district, after a two weeks' visit with the home folks.

While in Albuquerque Uncle Fred consulted with the county commissioners concerning a road to Helwigsburg, and he speaks confidently of the project.

Cerrillos business men were found during the general feeling of hopefulness for a decided improvement in business by the opening of spring.

The company which has the smelter project in hand, is now engaged in a test of some ore at Golden, and it is thought that a favorable result of this test will do much toward inducing the company to proceed at once with the building of the proposed smelter.

Val Schick, former landlord of the Cerrillos House, has a contract for hauling ore from the Ortiz mine, and expects to be kept busy all spring with that and similar contracts.

Rev. Hodson, formerly of the Albuquerque Highland M. E. church, reports his work in hot fuel condition. He plans to go soon to Magdalena to assist his brother, the pastor at that point, in a series of special meetings.

W. H. Kennedy recently returned from a business trip to Island, and reports business temporarily affected unfavorably by the smelter failure.

Mrs. Moore, the temperance worker, who was recently in the metropolis, delivered a lecture in the church here Monday evening.

Las Vegas

Both the Las Vegas towns move along in a steady march of improvement, seemingly oblivious to the fact that "quiet times" are abroad in the land. Wide awake, energetic business men who have faith in their town can do much to counteract the effect of quiet times and the example of Las Vegas in this respect is to be commended.

David Winternitz, the hardware man, has nearly completed a substantial one story business block adjoining the Examiner office. The front here is also of buff pressed brick and the building is so designed as to admit of the addition of a second story in the future.

J. H. Stearns has a handsome dwelling about completed on the east side, and a block or so away Capt. R. C. Fort has the frame up for a fine dwelling.

The city has under way a much needed job of filling on Railroad avenue, which has heretofore been so much under water in wet weather. The grade of the street will be raised several inches and good drainage provided.

Work on the normal school goes steadily on; material is being placed on the ground for the addition to the asylum, and the sanitarium is said to be assured.

The old telephone company, perhaps provoked to good works by its younger competitor, is putting in new poles on its city lines, and building extensions to Mora, Watrous and Las Alamos.

Judge Booth and M. A. Otero are in Mora on business.

Col. T. B. Mills is in St. Louis and the populist convention is said to be the wherefore.

Ralph Halloran is up from the metropolis impressing the uncertainty of life upon the Meadowites.

Brown & Manzanares are receiving large quantities of oats from the Mora valley. W. A. N.

Trying to Save Santa Fe.

The New Mexican, among its personal paragraphs of yesterday, says:

Mr. Sherrard Beatty, of Rescue mission, Cincinnati, Ohio, and Mr. T. J. Strowbridge, of gospel mission, Albuquerque N. M., will address a union meeting at the Presbyterian church at 7:30 to-night upon rescue and gospel mission work. Everybody is invited. Admission free.

Mr. Thos. J. Strowbridge, years ago a printer boy who dallied with the red paint upon the slightest provocation, renewed old friendships in the New Mexican office to-day. Ten years ago he was employed as a typo in this office. To-day he is doing rescue mission work and has made his mark by lifting many a faltering brother to a higher life. God bless you, Tom Strowbridge.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price, 25 cents per box. For sale by Pillsbury & Walton.

J. W. Pierce, Republic, Iowa, says: "I have used One Minute Cough Cure in my family and for myself with results so entirely satisfactory that I can hardly find words to express myself as to its merit. I will never fail to recommend it to others, on every occasion that presents itself. Pillsbury & Walton.

CUSHMAN-HUGHES.

Chas. O. Cushman and Lena Hughes Married Last Evening.

Last night, at the residence of Mr. and Mrs. Thos. Hughes on Walter street, on the Highlands, Mr. Charles O. Cushman, of Needles, Cal., and Miss Lena Hughes, of this city, were joined in marriage by Rev. Allen, pastor of the Congregational church.

There were present about twenty-five intimate friends, and after the saying of the beautiful words that made the happy couple "husband and wife," a substantial supper was served, which was heartily enjoyed, amid many good wishes for a long and prosperous married life to Mr. and Mrs. Cushman.

After supper, the party engaged until train time, in conversation, interspersed with singing and music, Miss Gilmore, the accomplished and worthy music teacher, officiating at the piano.

During the evening, the colored quartette appeared and rendered several appropriate selections.

The list of presents showed that the young couple had many warm friends, not only in this city but elsewhere, and the list represented some very costly presents.

The couple left on this morning's passenger train, No. 1, for Needles, Cal., where Mr. Cushman is a prosperous merchant, and where they will reside in the future. The bride is the eldest daughter of Editor Hughes, of THE CITIZEN.

A Valuable Prescription.

Editor Morrison, of Worthington, Ind., Sun, writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for constipation and sick headache, and as a general system tonic it has no equal." Mrs. Annie Steele, 2625 Cottage Grove avenue, Chicago, was all run down, could not sat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Price 50 cents and $1. Get a bottle at Pillsbury & Walton's drug store.

Chief of Police Badenock and wife, of Chicago, passed through the city the other day for Los Angeles, Cal., where they will see and enjoy the beauties of that delightful country for a few weeks. Conductor Sam White, who had the pleasure of the company of the big policeman as far west as Winslow, states that he found him a most pleasant gentleman and intelligent in conversation.

McClure's Magazine.

McClure's Magazine for February will contain eight important portraits of Lincoln, and will present material never before published. During this period Lincoln suffered financial wreck as a country merchant, made his first acquaintance in a very romantic way with Shakespeare and Blackstone, mastered surveying in six weeks, and became deputy county surveyor, was elected to the general assembly, and began his acquaintance with Douglas, and fell in love with a sweet and beautiful young girl, Ann Rutledge, and suffered the half-crazing affliction of her death on the eve of their marriage. In illustration of the paper there will be including the eight portraits of Lincoln, twenty-eight pictures, many of them also never before published.

Afternoon Teas.

Flit Hartwell, in her last syndicate article, says: "I don't recommend any special brand of tea for afternoon teas. Books I do, however, know all about the best tea to take at night. HIS REASONS.

Why the President Cannot Recognize the Cuban Insurgents.

A Washington correspondent says: There are unsurmountable obstacles in the way of granting belligerent rights to the Cuban insurgents under present circumstances, and chief among them is the fact that the principal leaders of the revolution and the officials of the provisional government are either citizens of the United States or other countries than Cuba, and the president feels that we might as well declare war against Spain and be done with it as to recognize the belligerency of a party of our own citizens who are trying to destroy the government of a friendly power with that kingdom. And attention is then called to the following facts:

Salvador Cisneros Betancourt, who was formerly known as the marquis of Santa Lucia, but dropped his title when he became president of the Cuban republic, has been a naturalized citizen of the United States since 1878, and has never renounced his allegiance.

Rafael Portouondo, the minister of foreign affairs, who is seeking the recognition of the president for the provisional republic, was naturalized in New York about the same time, and his family have collected $50,000 indemnity from Spain through our government for injuries inflicted upon them as citizens of the United States by the Spanish authorities.

Carlos Roloff, the secretary of war, is a subject of the czar of Russia, a citizen of Poland, although some of his friends say that he has declared his intention to be a citizen of the United States by taking out his first papers.

Maximo Gomez, the general in chief of the revolutionary forces, is a citizen of Santo Domingo and is employed upon a salary by the Cuban patriots to command their armies.

Jose Marcos, the second in command, is a negro exile from Hayti, born and being expelled from this country some years ago for a crime committed in Cuba, where he has been a noted black terror—a bandit king. It was he who plotted the capture of John Sherman, while that gentleman was making a tour through Cuba some years ago. It was intended to seize him, carry him off into the mountains and hold him for ransom, with the expectation that the government of the United States would pay a large sum of money for his release.

Thomas Estrada Palma, the envoy extraordinary and minister plenipotentiary from the Cuban republic to this government, is also a citizen of the United States and has resided in this country continuously for nearly twenty years. Mr. Quesada, his secretary, and the active leader of the Cuban propaganda, has been a citizen for nine years.

These two gentlemen last named are now in Washington seeking recognition by President Cleveland of the independence and belligerent rights of the republic of Cuba, and hold commissions signed by Salvador Cisneros Betancourt, its president.

HERE FROM BLAND.

Rogers, Who Shot Milt. Cunningham, in the City.

W. H. Rogers, ex-constable of the Bland precinct, Cochiti mining district, who had some difficulty with Milt. Cunningham a few days ago, in order to protect himself he took four shots at Cunningham, arrived in the city last night, accompanied by his attorney, W. C. Hearcock.

Mr. Rogers, when requested to give his version of the shooting, stated that he did not care to talk, but when his trial comes on he will prove to the mind of every sensible person that he was not the aggressor and that he had to shoot in self defense. Mr. Rogers also stated that at his preliminary hearing before Justice Young, at Bland, last Saturday morning, he was placed under $2,000 bail to await the action of the next grand jury of this county, and offered the names of B. H. Shaw, Phil Barbour, Joseph Overhuls, Chester Greenwood, M. L. Bletcher, George Hofheins, M. L. Cole, Joseph Eagle, Thos. S. Kline and H. E. Anderson, ten good men of Bland, as his bondsmen, but for some unknown reason Justice Young refused to accept the bond.

Sheriff Hubbell, however, took charge of him, placing him in the care of his attorney, and he is here to fix up matters with the district court.

It is learned this afternoon, from another source altogether, that a big majority of the miners of the Cochiti district are with Mr. Rogers, and that he could have given a bond, with the names of good and wealthy men on it, for $20,000 if necessary.

A Big Winning.

Joe Barnett, of the St. Elmo, who is visiting El Paso, is reported to have won $3,000 at a faro table in that town. He doubled on a bet of $500 and kept on winning until he raked in the amount stated and quit. An offer to raise the limit to $1,000 failed to secure his return to the table. He had made all the spending money he wanted for the trip.

Returned to the City.

J. Brook Emsley, the young Philadelphian, who, with three others, came very near, a short time ago, having a genuine taste of justice that prevails in our New Mexican courts, Judge Adams coming to the rescue of the young men and saving them in the "nick of time," has returned to the city from a month's stay on the Skinner sheep ranch east of the city. Mr. Emsley was accompanied to the city by Fred. Hamm, and these two will return to the ranch in a few days. Mr. Emsley states that he enjoys mountain life and can ride a broncho with an ease that would put to blush the best efforts of the cowboys.

Judge Whiteman in Colorado.

Among the persons who have recently settled in Pemberton, the booming West Creek town, up in Colorado, is Judge W. H. Whiteman, late of Albuquerque. The mining excitement in Colorado induced him to visit the state, and among other parts he visited the West Creek district. He knew nothing of mines or minerals, prospects or indications, but the bustle of Pemberton attracted him, and he has taken out a license to practice his profession in that state, procured a tent and opened a law office at Pemberton.

Postponed One Day.

The Aramenti Concert company will appear January 29 at Grant's opera house in place of January 28, as advertised. The Library association have arranged with the eastern bureau to have their people to spend more time in Albuquerque rather than take the chances of the evening train from El Paso not being on time. The company will arrive at 8:05 p. m. on January 28, and instead of playing that same evening will be able to give a more satisfactory performance on the following evening, thus enabling the concert to begin at the usual time, viz, 8 o'clock, and avoid the possible necessity of disappointing the audience through any unforeseen delay. Reserved seats Saturday morning at 9 o'clock at Armijo's.

Incorporation.

The American Building and Loan association of Minneapolis, Minn., which at one time had a branch office here and still collects from some investors in the concern has been placed in the hands of a receiver—Major W. H. Rankin having been appointed to that office. The association for a receiver is a [illegible] Ponzi, fraud, extravagance [illegible] the state law governing [illegible] corporations. This will be of interest to members of this city holding [illegible] association. This is another wildcat scheme, of outside origin, [illegible] associations. There are several [illegible] that our citizens should [illegible] against.

BLAZE LAST NIGHT.

After a Rest of Several Months the Fire Company Has a Call.

For the [illegible] about six months, the volunteer [illegible] department of this city had a call to [illegible]. The alarm rang out on the still alarm [illegible] at 11:25 and a blaze, apparently as big as a mountain, lit up Second street. To the scene the gay volunteer fire ladies, urged on by their manly and daring foremen, made rapid strides, and on arriving it was discovered that the outhouses and fence surrounding the residence of Milton Dow, on Huning avenue, between First and Second streets, were on fire. A stream of water from the company of Captain Knight was soon playing on the burning structures, and the flames were extinguished in a few minutes. Dr. Chamberlin, of the No. 2 hose company, got tangled in the hose strapped his company, and received slight bruises.

Col. Dunlap has charge of the house for Mr. Dow, who resides at Cubiti, this county, and he advances the theory that the fire was caused by some tramps taking advantage of the shed for sleeping purposes. He is having the residence remodeled, repainted and repapered, and had just finished the necessary repairs on the outhouses. He estimates the loss at about $150, fully insured.

The best regulator to regulate a people is Simmons Liver Regulator. It regulates the liver and the liver regulates the person. If the liver is regular then health is good, but if sluggish or diseased then there is constant Biliousness, Indigestion, Headache and all the disorders of the stomach that one hears of. Try Simmons Liver Regulator and prove this.

Room at the Rankin Meetings.

A good many were turned away Sunday night, but since then the Congregational church has been reseated, and the seating capacity much increased. Those who come to-night will find seats. Last night Mr. Rankin preached another able and forcible sermon. His subject was "Ambassadors." All were impressed by his earnestness, and there was an unusual desire to be truer ambassadors of the Father in Heaven. Large numbers will desire to hear him at 7:30 to-night.

How much business can a man do whose system is in a state of disorder? Headache is only a symptom. It is not a disease. The pain in the head is the sign of rebellion. There have been mistakes in diet. There has been over work and sleepless nights. The machinery of the whole system is demoralized. A business man feels that he cannot afford to be disabled to quit work. He drags along play after [illegible] makes bad deals, says the wrong thing and health and business collapse together. There's no need of either disaster. Dr. Pierce's Pleasant Pellets are a gentle, effective renovator of both stomach and bowels. They assist nature without threatening to tear the body piece-meal. There are no griping pains, no nausea. One is a barely perceptible laxative. Two give more noticable results, and they may be continued until the system is throughly renovated, strengthened and put into harmony with nature. One need not fear a "habit" of taking the "Pleasant Pellets." As soon as health is restored they may be discontinued without a return of illness because of their absence. Therefore, you don't become a slave to their use.

A GREAT BOOK FREE.

When Dr. R. V. Pierce of Buffalo, N. Y., published the first edition of his work, The People's Common Sense Medical Adviser, he announced that after 680,000 copies had been sold at the regular price, $1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it, he would distribute the next half million free. As this number of copies has already been sold, he is now distributing absolutely free, copies of this most complete, interesting and valuable common sense medical work ever published—the recipient only being required to mail to him, at the above address, twenty one (21) cents in one cent stamps to cover cost of mailing only, and the book will be sent post paid. It was a veritable mammoth of a library, complete in one volume. It contains over 1,000 pages and more than 300 illustrations. The Free Edition is precisely the same as those sold at $1.50, except that the leaves are bound in strong manila paper covers instead of cloth. Send now before all are given away.

A new literary society under the auspices of the Educational protective association was organized last evening, with the following persons present: Pat. Gonzales, O. A. Larrazolo, K.
