RICH, RARE AND RACY.

Department Official Investigating the Government Indian School.

CHARGES AND COUNTER CHARGES

The government Indian school of J. Mehaffy, superintendent, and which is located just beyond the northern limits of the city, is being investigated by several department officials from Washington.

A short time ago some of the teachers preferred charges at Washington against the superintendent and other employes, while the latter filed counter charges against the teachers.

Testimony is now being taken and it would seem by this time that some of the items of it would make very interesting reading in family circles, as the grossest immoralities are being brought out which have existed for some time between the teachers and students.

Mr. Stinson, the school facilities of this city are of a superior character. The gentleman and family reside on the Highlands.

Very Popular in Minnesota.

We have a good trade on Chamberlain's Cough Remedy, in fact sell as much of it as of all other cough medicines combined, and we handle more than a dozen different kinds.—RAE & PETTIGREW, Druggists, Pelican, Rapids, Minn.

This remedy is popular because it can always be depended upon. Its prompt cures in curing bad colds, croup, and whooping cough, makes it a favorite everywhere. For sale by D. A. H. Burgess & Son.

GRAND JURY REPORT

An Elaborate and Interesting Presentment—The Jurors Discharged for Term.

We the grand jury for the March term of the district court sitting at, in and for the county of Bernalillo, beg leave to submit the following report:

The present grand jury have endeavored to dispatch all business brought before them with all the promptness possible and have since they have been convened, examined and passed on thirty-seven cases. Five have returned twelve-eight true bills and nine bills ignored. Five have passed on all cases found over to the justices of the peace and all jail cases and in addition have investigated all reported cases and all cases where it has come to the knowledge of the grand jury, by information or otherwise, that there had been an infraction of the law.

The grand jury would report that they find the jail building in the Territorial capitol city which is used more than any other jail in the county, in a very bad condition and would respectfully suggest that the county commissioners should, if possible, see that the same is put in order. We find the bridge at Barelas in a very bad condition and in a dangerous condition, and that the average load on the county road is to be improved. We find that the county commissioners should see to it that the amount paid to the [illegible] of this county before [illegible] and not paid for [illegible] and that the amount paid [illegible] should be made public [illegible]

[illegible] in the report and [illegible] should be made public [illegible]

[illegible] We find that there are no complaints from prisoners in regard to the way they are treated. We also believe as we are able to determine, but that the officers in charge of the court house are well kept. We would respectfully suggest to the court that the present room used for a grand jury room is below the surface of the ground, that it is situated as not to be exposed to the sun, and in consequence damp and unhealthy, that in this the room cannot be ventilated [illegible] bringing all the privacy of the [illegible] that which filled with some [illegible] of these persons, that it is unhealthy and dangerous to the [illegible] that are forced to stay in it [illegible] without sunlight, with a [illegible] two weeks since or twice without proper ventilation [illegible] to the health of [illegible] forced to stay in [illegible] the grand jury [illegible] who sit upon a [illegible] county and secrecy [illegible] to the county [illegible] to imperil their [illegible] and that [illegible] by all [illegible] the grand jury. [illegible] the court house [illegible] the sheriff [illegible] that the grand jury be in session and that the health and lives of its citizens are worth more than the small additional expense would amount to.

We also would suggest that there is no toilet room in the court house for ladies, and that ladies are constantly required to be here in attendance on the grand jury, and also at court, and have to stay here at the court house sometimes two and three days at a time. That as the toilet room is now, where men and women are forced to go to the same place, it is not only indelicate, but indecent, and that there should be provided by the county commissioners at once a separate room for ladies, and that the same should be kept in order.

We also report that we find the books of the county clerk, sheriff as we can tell, in good order and they are neatly kept, but no committee, in the hurry of examination that they are forced to make, can tell whether or not they are correctly kept.

The school superintendent reports all the schools in the county as running and in full operation for the specified time.

We find that the treasurer's books show a balance of $[illegible].

REPUBLICANS IN LINE.

Pursuant to Call, Republicans Meet and Elect Delegates.

ALL FEEL SANGUINE.

Pursuant to official call, signed by J. W. Claney, chairman, and R. W. Hopkins, secretary, and published in the extensively circulated DAILY CITIZEN, the republicans of the county held precinct primaries yesterday afternoon and last night, for the purpose of electing delegates to the county convention which meets in this city next Monday, March 16.

PRECINCT 12.

The republicans of precinct 12 held their meeting last night at the room of the Ferguson Hook & Ladder company, and the meeting was full of enthusiasm, the following representative citizens being chosen delegates:

Justo R. Armijo, M. S. Otero, Isaac Rankin, R. W. Hopkins, Noa Efflett, W. H. Lee, A. Lombardi, R. S. Bailey, E. W. Robinson, E. W. Booker.

PRECINCT 9.

Independent DAILY CITIZEN office, at the headquarters of the No. 2 hose company, a big meeting of republicans took place, and it was pleasing to note the enthusiasm and enthusiasm exhibited. This is a banner republican precinct and the following well-known gentlemen were elected as delegates:

W. K. Walsh, J. C. Baldridge, Sig Grunsfeld, C. E. Bowman, A. Barnett, W. H. Fox, B. Benham, Robert Caldwell, R. H. Crawford, R. E. Myers, Jose L. Perea, Frank Bowman, M. F. Metzgar.

PRECINCT 13.

Down in old Albuquerque, in precinct 13, for the past few years respected gentlemen have been here in the cause of republicanism, held a meeting yesterday afternoon at 3 o'clock, one of the excellent committee of the county, informs THE CITIZEN that the meeting was well attended and everybody seemed to be ripe for future victories. The following delegates were chosen:

Jesus Garcia, Jesus R. Garcia, Jesus Mapley, E. S. Stover, M. Springer, Jesus Ignacio Garcia, Dennis Werner.

Johnston $25 in money.

Mr. Futrelle says Nash is very talkative, stoutly built, sandy hair, and would weigh about 175 pounds. The bicycle was a Crawford, No. 6, and factory No. 8[illegible]. The pistol was a H. C. dit's, nickle-plated and rubber handle, with a russet leather scabbard. The thief was last heard of at Gallup, and any information leading to his whereabouts is kindly requested by the sheriff of this county.

Checked a Fire.

G. H. Palme, who is here representing the "Land of Sunshine Publishing company," Los Angeles, at noon today prevented a big fire. He called at the dental office of Dr. Chamberlain, upstairs in the First National bank building, and noticed a volume of smoke coming out of the work room. The doctor was absent at the time, but Mr. Palme proved equal to the emergency and soon had the flames, which enveloped the middle of the work bench, completely subdued. It was a timely discovery.

An Old Soldier Cured of Chronic Diarrhoea.

During the war, John L. Hase, of Mill Creek, Ill., contracted chronic diarrhoea, which inconvenienced him very much and at times greatly impaired his strength. He says: "One dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy has always relieved me and two bottles cured me so that I could attend to my business." I always keep the remedy at hand." CONSIDERED A FRAUD.

E. A. Dow Has Something to Say About the Brazilian.

Kansas City, Mo., March 9, 1896.

Editor Citizen, N. M.: Dear Sir—The kindness to give space to the following letter:

I see by several territorial newspapers that one Cachiro Gomez Juan Miguel de la Garda, from Brazil, says he is about to marry one of my daughters, which is utterly false and homestic. I believe him to be a fraud. He has been about a year, off and on, for the last thirty days making himself too familiar with my store, hay, corn, etc., and that even after I told him his presence was not wanted. Last Friday I told him in very plain words to go away and keep away. If you judge the man from the company he keeps, he is nothing more than an adventurer and a fraud. Yours,

E. A. DOW.

INDICTED FOR PERJURY

Mrs. Ellen L. Lockhart Will Have to Answer Charges.

THE CITIZEN yesterday, in its court items stated that the territorial grand jury will report seventeen indictments and be discharged. The Democrat has the following to say this morning regarding one of the indictments:

The territorial grand jury yesterday returned a true bill against Ellen L. Lockhart, the charge being perjury. The indictment bears the names of J. G. Wills, J. A. Johnson and Hubbard as witnesses before the grand jury. This charge arises out of the celebrated Washington mine case, Henry Lockhart, plaintiff, vs. Lockhart et al. The indictment charges the accused with feloniously, willfully, corruptly and falsely swearing to collusion between parties in the suit and fills about a dozen pages, typewritten. Summons were issued and placed in the hands of Sheriff Hubbell requiring accused to answer to the charge preferred.

Death of an Old Man.

Last night, at 10 o'clock, at his residence in old Albuquerque, Don Jose Lucero, father of Trinidad A. Lucero, died from old age, he having passed the 86th milestone in his life's journey. He was a fine old Mexican gentleman, and was very hospitable. His funeral will occur to-morrow morning at 9 o'clock at the old town Catholic church, and interment in Santa Barbara cemetery. Friends of the family are invited to attend.

DEATH OF LUCIANO ORTIZ.

The Ex-County Commissioner Passes Beyond the Line.

Yesterday at his home in Peña Blanca, Luciano Ortiz, ex-county commissioner of this county, passed quietly into eternity. The deceased had been ailing for several years with a complication of diseases, and only a few months ago went to the City of Mexico for treatment but received no permanent benefit. He was a good citizen and a faithful public servant. The funeral will be attended by relatives and friends from all over the country.

Holman-Patterson.

A quiet wedding took place last evening in Barelas avenue. Mr. Elbridge A. Holman and Mrs. Kate Patterson were united in marriage at the bride's home, in the presence of a few intimate friends, Rev. A. W. Atkinson officiating. Mr. and Mrs. Holman have the very best wishes of many friends.

"Monte Cristo," by Jas. O'Neill and his company of stars, was rendered at the opera house last evening, to a fairly good house. Mr. O'Neill is a star of the first magnitude and was at home in the leading role of "Monte Cristo." The company left this morning for El Paso, and will return in time to render "Virginius" at the opera house Saturday night.

Jacob Korber, whose return from a visit to Cripple Creek mining district, Colorado, was published in THE CITIZEN, states that he found Joseph Halbekann, formerly of this city, doing a rushing business on the main street of Cripple Creek. Mr. Korber states, however, that Mr. and Mrs. Halbekann have kind recollections of Albuquerque, and when they make a "big stake" in Colorado they will return to their first love—Albuquerque.

Robert W. Bell, of Flagstaff, brother of T. B. Bell, of that city, died in El Paso yesterday. T. B. Bell and Chas. A. Bush, recorder of Coconino county, came in from Flagstaff last night, and went to El Paso this morning, to arrange for the burial.

The Non-Sectarian Benevolent association needs money, and a kind-hearted gentleman has volunteered to call on the saloons in a few days and ask contributions.

P. A. Simpson, who was in Chicago on some land and irrigation scheme, has returned to the city.

A large flouring mill will be erected in a few months at Bernalillo.

Jas. Bibo, merchant of Bernalillo, is in the city.

A quiet home wedding was celebrated last evening in the presence of a few friends, the contracting parties being Mrs. Hattie Lewis and Mr. Ernest A. Brown. The ceremony was performed by Rev. Wm. P. Clexton. May a happy and successful life attend them.

SAM P. JONES IS COMING.

He will Lecture at Grant's Opera House April 17, Provided a Sufficient Number of Tickets Shall be Sold to Justify the Expense.

[illegible] Sam P. Jones, the [illegible] than any other man in the world. Read on the best advertising.

First—Sam P. Jones can become in like different languages. His father was a distinguished lawyer, a polished scholar. Sam had good school advantages, entered college at the age of 14 years, received his A. M. degree at 17, age of 19 years. He then attended one of the leading medical colleges of country four years, he practiced law four years, he has been around the world three different times, has been in the evangelistic field and a platform lecturer 14 years.

He is the only American lecturer that has been called upon to deliver a lecture before the House of Lords in England. Talmage says he is the greatest lecturer the world ever had.

Second—He is the most philanthropic man in principles of any man of notoriety. It costs more to secure him than any other man. But he gives it all away. He has an Orphan Home in which he keeps no less than sixty children at any time, he has a farm, blacksmith shop, carpenter shop, shoemaking department, mill, tinners department and a regular school of building here. [illegible] boys.

He takes [illegible] and girls that have no relation to another, gives them an education, teaches them a trade, at the age of twenty-one sends them out and starts them out in the world.

Who does not want to hear such a man as that?

He is [illegible] Who can not [illegible] will laugh and [illegible] and [illegible] and cry and [illegible] himself.

Detaining Witnesses.

Deputy Sheriff Frederick is in the city looking after the marriage of Charles Lewis, into jackets for at Cerrillos. The marriage license cost $1 per. Messrs. Dodge and Emery are anxious to leave here and have contributed their pro rata share toward making the government whole, but the exact specifics have not been decided and it is possible that suit will be instituted against all the bondsmen. Lewis has left the territory and is now in Cripple Creek, New Mexico.

It is not to be wondered at that Ayer's pills are in such universal demand. For the cure of constipation, biliousness or any other complaint needing a laxative, these pills are unsurpassed. They are sugar coated, easy to take, and every dose is effective.

Has Come Last.

"Col." Juan Miguel de la Garda, the Brazilian fraud, who sold some extravagant stories about hidden treasures to the newspapers of Santa Fe and Las Vegas, and who announced that he was engaged to be married to a daughter of E. A. Dow, merchant of Lamar, which announcement was denied by Mr. Dow in a card which was published in THE CITIZEN of yesterday, has left Las Vegas for the east. The "colonel" is considered a harmless fraud, but he is truly a bore and should not be tolerated.

J. W. Pierce, Republic, Iowa, says: "I have used One Minute Cough Cure in my family and for myself with results so entirely satisfactory that I can hardly find words to express myself as to its merit. I will never fail to recommend it to others, on every occasion that presents itself. Pillsbury & Walton.

HOLE IN THE WALL.

The Store of A. Bratina Broken Into Floor Stolen.

The grocery store of A. Bratina, located on south Second street opposite the Atlantic & Pacific general offices, has a hole in the north wall of the adobe building.

Last night, while the proprietor and his sleepy-headed dog were snoozing inside of the store, some person or persons were on the outside working and removed enough adobe bricks to comfortably admit any ordinary sized man.

The workers were acquainted with the manner in which the goods were distributed in the store, and after they had the hole large enough eight sacks of flour were removed.

Mr. Bratina reports nothing else taken. This morning he reported the theft to Marshal Fornoff, who tracked the thieves as far south as the river road, where the trail was lost. The marshal, however, believes that he will soon have the thieves in the clutches of the law.

Hyland's Sentence.

John O'Conner, better known in New Mexico as John P. Hyland, formerly proprietor of the Rincon Weekly, was last week sentenced at St. Joseph, Mo., to pay a fine of $[illegible] and to serve a term of government [illegible] in Marysville, Mo., fifteen years ago. Many petitions were presented to the court asking remitting for the prisoner. The fine was paid and O'Conner is again a free man.

Cause for Congratulation.

We congratulate Albuquerque upon the happy chance in railroad matters by which she acquires the location of the office business of the Atlantic & Pacific road. We are interested in her welfare, and are always pleased to make her advance in any way. Not only is Albuquerque benefited but directly also the territory, by the late order of the receivers, Gallup Gleaner.

A Bad Soldier.

Valentine Becker, the aimless and legless individual who vibrates on the Atlantic & Pacific, west, and the Santa Fe road north and south of the city, arrived here last night with a soldier from Fort Wingate. The men were around town for a few hours, retiring to bed about midnight. This morning when Mr. Becker awoke he found that his companion, the soldier, had disappeared, and with the soldier went the clothes of Mr. Becker. The soldier was considerate enough to leave his soldier's coat. He took also about $35 in money from Mr. Becker.

To Elect Fire Delegates.

The fire companies of the department, at their next regular monthly meeting, which will be held next Tuesday evening, March 17, at the several headquarters, will choose delegates to a called meeting of the department in April for the purpose of electing new chief, assistant chief, secretary and treasurer to serve during the ensuing year. THE CITIZEN understands that there will be several candidates for the various incumbencies.

School to be Continued.

Miss Mamie Randel, of Albuquerque, has gained permission of the school board to conduct a private school in the school building, the public school term having closed on Thursday for lack of funds. The tuition fees will be: Higher grade, $2 per month; intermediate, $1.50; primary, $1. No doubt many parents will avail themselves of this opportunity to keep their children at school. Miss Randel is an aid to Mrs. Lou Jenkins, whose guest she is at present. San Marcial Star.

R. B. Spencer Convicted of Timber Trespass on Public Domain.

In the case of the United States vs. R. B. Spencer, on trial for three days this week, resulted in a verdict of guilty at a late hour last night, the jury also finding that the value of the timber cut by defendant was the sum of $100.

Col. Morrison made an able and brilliant fight in behalf of his client. A motion for a new trial was interposed and the same is being argued this afternoon.

Judge Morrison has secured final affidavits showing that during the time the jury was trying the Spencer case, in the night, in violation of the instructions to them that they were to remain together and hold no intercourse with parties outside of the jury, two of the jurymen came from the room, which was assigned to them by the judge, to the new town in charge of the bailiff and while in the city, in violation of the affidavit of a car driver, at about 12 o'clock at night, came on board a street car drunk. He saw the two jurymen coming out of a saloon. They were both noisy and singing, and one of them wanted to fight the car driver for insisting that they keep quiet. On these grounds and others of like character, Judge Morrison insists upon a new trial for his client.

This morning Henrique Benavides and Juliana Lobato withdrew their pleas of not guilty heretofore pleaded to them, and pleaded guilty to the indictment. They were each sentenced to one month in the county jail.

The cases of the United States vs. Luis Selva and Dolores Sandoval were dismissed by the United States this morning, the district attorney having announced that the material witness on the part of the defendants had died.

On the territorial side of the court, in the cases of Agnes Robbins vs. W. W. McClellan, the defendant withdrew his plea and consented that judgment for the amount of the note sued on and interest might be entered against him, which was done, the amount being $[illegible].

The National Cash Register Co. vs. W. Leonard Lepkin, heretofore argued and submitted to the court was decided this morning, resulting in a judgment for the plaintiff for the recovery of the property sued for and $[illegible] damages.

A similar precedent to the one decided in Tuffs vs. Maxwell was involved in this case, to wit, the effect of the usual contract for sale of such articles as cash registers, soda fountains, etc. This case as well as the case of Tuffs vs. Maxwell, will go to the supreme court.

The breaking up of the winter is the signal for the breaking up of the system. Nature is opening up the pores and throwing off refuse. DeWitt's Sarsaparilla is of unquestionable assistance in this operation. Pillsbury & Walton.

Shows Gold.

A big chunk of ore taken out of the Belvidere mine in the Hell canyon district, is on exhibition at the clothing store of E. L. Washburn & Co. The specimen was brought in yesterday by Ed. Propper, and a piece of the ore assays $16 in gold and $17.8 in silver. The Belvidere is one of the best mines in the above district, and is owned and operated by the Messrs. Propper, E. L. Washburn and James Rice. Mr. Washburn is enthusiastic over the future of the Belvidere, and the property will be extensively worked.

In THE CITIZEN's account of the fire, published yesterday, one lone figure told a story. It was the No. 2 hose company, and not the No. 3, that was present at the fire. The correction is made out of justice to No. 2.
