Weekly Citizen

ALBUQUERQUE, MARCH 21, 1896

[illegible]

Pedro Sisneros of Rincon is in the city on business.

Ernest A. Grunsfeld, postmaster, visited Santa Fe last night.

The mother of W. A. Walton is expected to arrive from Fort Smith, Ark., in a few weeks.

L. Herndon and Chas. McAllister, of San Marcial, are in the city and on the tropolis to-day.

J. M. Dwyer, the Wagonmaker, returned to Kansas City, Mo., yesterday, to be the bridegroom.

C. L. Hall, United States marshal, who was here attending court, returned to Santa Fe last night.

J. Harry Peers, who has been visiting in El Paso and Mexico, has returned to the city and will probably remain.

F. E. Case, conductor on the Atlantic & Pacific West, from Winslow, and wife are at Sturges' European for a few days.

F. J. Harrington, the switchman for the Atlantic & Pacific at Winslow, and wife are here visiting friends for a few days.

Miss [illegible] has arrived in the city and will be the fashionable milliner at Mrs. Bernstein's emporium.

[illegible] Mr. Shafer and family, who have been visiting in this city for the past two weeks, returned to their home in Kansas City last night.

George H. Hosmer, bookkeeper in the wholesale house of Strong, Hodgin & Company, Kansas City, is in the city on business.

F. W. Spalding and wife, popular people of La Junta, are visiting the city. They are pleased with the business appearance of Albuquerque.

Mrs. S. C. Dunning, of Rincon, is here on her way to her parents, Mr. and Mrs. Burton, near Albuquerque. She has been with us for several weeks.

Guy Herman, representing the Monongahela Whiskey Company, Pittsburg, is in the city and night from a successful trip to Socorro and San Marcial.

C. W. Wright, general superintendent for the Company of Europe, returned from the east on Saturday morning. He met friends at the depot in the evening when No. 1 rolled in from the west.

Thomas Hubbell, sheriff of Lincoln county, took Fred Watson, charged with horse stealing at Socorro, to the Socorro jail, returned to the city last night. Max Luna, sheriff of Valencia county, accompanied Mr. Hubbell to the city.

E. E. Estes, a northern cattle buyer, who makes his headquarters in this city, returned last night from an absence of two months in St. Louis and Kansas City. He reports miserable bad weather back in Missouri.

Archie Hilton, who received the contract to trim the trees along the sidewalks, states that he is not only a trimmer but also a painter. He is doing a good job and it is hoped that the caterpillars will give the trees a wide berth this year.

The Las Vegas Examiner says: "Herman Ridgely, Frank Sturgis and Henry Meyers are the committee to see about getting up a running team to represent this city in the tournament at Albuquerque, which will be held on the 2nd, 3rd and 4th of July."

John L. Trimble, John Oakes, John Veach and J. N. Wilkerson constituted a party which left this morning for Belen and from there will penetrate the Jarosa mining country. They left prepared for a ten days' absence and expect to make some good locations.

Chas. B. Summers, of St. Louis, introduced to Ernest A. Grunsfeld, H. L. Whitman, of St. Louis, by W. C. Ellison; C. W. Kingsley, of Boulder, Colo., by W. L. Childers, H. A. Hamblin, of Chicago, by B. F. Davis, were callers at the Commercial club last night and this morning.

Prof. H. Hadley and wife met at the depot on the incoming passenger train last night their friends, Mrs. J. W. Dawson and her daughter, Miss E. M. Dawson, of Las Cruces. The ladies registered at Sturges' European, and to-day took left for Los Angeles, where they will visit friends.

John T. Barraclough, one of the proprietors of the big hardware firm of E. J. Post Co., and wife, who were east on business and pleasure, arrived in the city this morning and have taken a comfortable room at Sturges' European. They will remain for a few days and then continue west to Oakland, Cal., their residence home.

The registration lists of voters at the city election, the registration closing at 6 o'clock yesterday evening, were hung out for inspection this morning at the ward registration places. The books will be opened again the Saturday before election, for the purpose of making corrections and adding the names of voters omitted.

A car load of cement for the dams and reservoirs of the Rio Puerco Irrigation and Colonization company, arrived this morning from the east, and about two dozen wagons were loaded and sent with the cement out to the Rio Puerco settlements this afternoon. It looks very much as if the company means business in dead earnest.

Voters are informed that the registration books will be opened for correction and the addition of names omitted, on Saturday before the city election. The list can be found at D. J. Abel's for ward 1, Insley & Hopping's, ward 2, Joseph L. Johnston's, ward 3, and L. Ruppe's, ward 4. Let the voters see that their names are on the books.

Jesse M. Wheelock, one of the oldest real estate and insurance agents and architects in this city, and his wife and child, will take up their residence in Rhode Island, and they are now en route to their new home. The best wishes of THE CITIZEN accompany Mr. Wheelock and family. His insurance business, with additions, passed into the hands of W. P. Metcalf, while R. A. Sleyster will act as the local agent for O. E. Cromwell.

Stuart Patterson, the dairyman about five miles south of the city, informs THE CITIZEN that the farmers of his neighborhood are busily engaged preparing their ground for early planting, and that all the ditches are running full of water. Regarding the new ditch company, organized a few months ago by farmers south of the city, Mr. Patterson stated that the company will probably not operate this year, but will perfect plans and be ready next spring.

By special request the Easton Comedy Co. will open in the great four act American society comedy "The Carmencita." This play made a wonderful hit when presented by this company in December. Miss Keene and Miss Di Sano will each introduce new singing specialties. Miss Keene appears as the dashing New York widow, Mrs. Fitzsimmons, and Mr. Easton as Richard Armstrong the old New York stock broker. The supporting company is first class in every particular and the performance as a whole is one of the best ever given in our opera house. Secure seats at Newcomer's. They are now on sale and going rapidly.

FINALLY CAPTURED.

A Cattle Thief Run Down and Jailed at Silver City.

Chas. L. Fowler, cattle inspector for the central New Mexico division, received the following dispatch from Silver City:

"We have Frank Jones in jail. Come at once."

The dispatch is signed "Taylor Shannon, sheriff."

Jones is a well known cattle thief who operated for years out west, especially in Valencia county, and about two years ago he was indicted by the grand jury of that county. He was a fugitive at that time, but Inspector Fowler kept on a hot trail after the thief, and located him in several places. About a year ago he ascertained that Jones was on a ranch in Grant county, but the thief got wind that the inspector was after him and skipped over the line into Mexico. Six months ago the inspector ascertained that his much wanted prisoner was in Arizona, but again the wily Jones escaped arrest. The inspector was not to be outdone, he kept right after Jones, and a short time ago had him again located in Grant county. Sheriff Shannon was advised a description of the man sought, and soon Officer Fowler he was arrested. Jones was indicted in Valencia county for stealing a bunch of unbranded cattle from Narciso Pino, of Cubero, and driving them to Gallup, where he sold the cattle to butchers. Mr. Fowler will leave tomorrow morning for Silver City, and expects to have his prisoner in the Valencia county jail in a few days.

Easter this Year April 26.

Easter Sunday this year falls on April 26, and since Tuesday the close of the federal season in France and in the Latin countries, fell on February 18.

The establishment of the Christian festival of Easter dispute of the Reuter [illegible] was a matter of much controversy in the church for centuries, but was finally established as the proper [illegible] adopted by the Roman church in 325, and Easter is always the first sunday after the full moon which happens upon or next after March 21, which date is the beginning of the ecclesiastical year.

Therefore the earliest date upon which Easter may occur is March 22. If the full moon should fall on March 21, Easter is the following Sunday. The latest date upon which the festival may fall is April 25. In 1954 and 1954 Easter fell on March 22, but this will not occur again in this of the next century. In 1956 it fell on April 25, and will do so again in 1973.

A Fine Trip.

Hon. A. L. Morrison left safely last night in response to a telegram from Hon. Richard Kerens and others of St. Louis, and will speak at a banquet in that city. Judge Morrison will return home at once in order to attend the republican territorial convention at Albuquerque on Monday next. New Mexican.

Very Popular in Minnesota.

We have a great trade on Chamberlain's Cough Remedy, in fact sell as much of it as of all other cough medicines combined, and we handle more than a dozen different kinds. RAY & FETTINGER, Druggists, Tobacco Rapids, Minn.

This remedy is popular because it can always be depended upon. Its promptness in curing bad colds, croup, and whooping cough, makes it a favorite everywhere. For sale by Dr. L. H. Burges & Son.

FIRE DELEGATES

Albuquerque's Efficient Fire Companies Elect Delegates.

Last evening the regular monthly meetings of the several companies of Albuquerque's efficient volunteer fire department were held and besides the transaction of routine business and indulging in jolly conversation, the following delegates were elected to the April convention, at which time new department officers for the ensuing year will be chosen:

No. 1 Hose company—C. A. Bruns, chairman, W. S. Marbeth, W. J. Dixon, Frank Scotti, William and Frank Kramer, Joseph Farr, E. J. Wendell, L. C. Granger, Peter Metcrath, Richard Powers, W. E. Rogers, Will Moore. After the naming of the delegates, the fire boys of this company turned themselves into a "musical concert company" and jollity reigned supreme for a short time.

No. 2 Hose company—H. B. Johnson, chairman, Fred Fornoff, Frank Harris, Joseph Ortega, Will Hayes, John Trimble, W. H. Earickson, Chas. Quier, Harry Russell, Chas. Whiting, Ed. Farr, Harry Johnson, L. B. Strauss.

Ferguesson Hook and Ladder company—Martin Tierney, chairman, F. E. McCanna, Wm. Mason, J. H. Gaines, Wm. Baird, John Arntzen, F. J. Murphy, Chas. McDonald, R. K. Gentry, W. C. Booth, G. E. Pearce, Milt Gilbert and Ed. Lockley. Jimmy Tierney was appointed lantern boy, vice Fred Talbott, resigned. The meeting was a very animated one, and several important subjects were discussed.

The No. 3 Hose company will hold their meeting one evening this week.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Risers, the famous little pills. Pillsbury & Walton.

Has Suit About Carpets.

Some days ago Mrs. Dearborn and Mrs. Griffin started in to furnish a lodging house, in the Moller building, on Second street, and bought their carpets and matting from J. D. Torlina. The carpets were not paid for and the rent was not paid. Yesterday, Mr. Torlina went after his carpets, and found them gone from the building. He Torlina then had Mrs. Dearborn arrested for the larceny of the carpets, and the case is set for a hearing before Judge Wagg this afternoon. It has since been learned that the carpets are in possession of Mrs. Dearborn, at her home on Silver avenue, where she claims she took them for safe keeping with no intent to injure any injure Mr. Torlina.

The Graphic Sale Closed.

Hon. W. H. Patterson, Capt. A. B. Fitch and the latter's attorney, W. S. Williams, last evening closed up finally the Graphic mines sale, whereby Capt. Fitch and his Philadelphia associates come into complete control of these celebrated Socorro county mines. The price was $[illegible]. Mr. Patterson, former lessee of the mines, negotiated the sale, and the proceeds were divided equally between himself, Mrs. Manderfield and Col. A. S. Shelby. Yesterday's final payment amounted to $15,000. New Mexican.

Two Albuquerque Kids.

Two little fellows, one of whom sells the city papers, met yesterday afternoon and began fighting. Policeman Glover separated the young combatants, and marched them off to the city jail, where he let them remain for a short time and then turned them at liberty. These aspirants for pugilistic honors have had a grudge against each other for the past few days, and they thought it best to settle their differences yesterday afternoon which they proceeded to do in regular fighting order.

A GOOD MAN.

Colfax Republicans Want Marion Littrell to be a Delegate to St. Louis.

Springer, N. M., March 16.—The republicans of Colfax county feel that they are entitled to one of the delegates to the St. Louis convention. In the election of last fall they gave a majority to Hon. Thos. B. Catron and elected nearly all the county officers. The man who came nearest to carrying the party to victory in that election, against previous great democratic majorities was Marion Littrell, our candidate for sheriff, to whom the honest working men of the county then rallied. He is the backbone of the republican party in Colfax county, and to the man we republicans would delight to honor with a seat in the convention at St. Louis which will name the next president of the United States. We ask this favor of the convention at Albuquerque, that they give Colfax county a delegate to St. Louis and that his name should be Marion Littrell.

RICHARDS.

FOUR COURT BOUNDS.

Justice Crawford Sends Three Violators to the Chain Gang.

Gilbert Murphy and Wm. Dancy, two men who imbibed freely of red eye, walked into the restaurant of Phil Trainer on First street last evening and ordered "supper for two." After eating, they refused to pay for the meals, on being requested by the waiter and commenced to break the dishes. The police were called in and Murphy and Dancy slept in a cell last night. This morning Justice Crawford sent them to the chain gang for ten days each.

E. J. O'Brien took it into his head to have a little fun while in an inebriate condition. The police objected, however, and O'Brien, who was celebrating St. Patrick's day, was locked up. This morning Justice Crawford took cognizance of his case, sending him to the chain gang for ten days.

Ben Brown, a young fellow about 20 years of age, arrived in the city a short time ago, penniless and without friends. He applied to Mrs. Johnson, who conducts lodging rooms on gold avenue between second and third streets, for work, and was put to doing chores around the rooms. Yesterday afternoon Mrs. Johnson had occasion to open her pocketbook to pay a bill, when she was surprised to find that about $12 in money was missing. Brown denied the theft, but when Policeman Harris was called into the case and began investigating, he found Brown gambling at one of the saloons. The boy was marched off to the city jail, and although he declared he had no money about his clothing, a diligent search brought forth $[illegible] in silver. He will have a preliminary hearing before Justice Crawford at 10 o'clock this afternoon.

The breaking upon the winter is the signal for the breaking up of the system. Nature is opening up the pores and throwing off toxins. DeWitt's Sarsaparilla is of unquestionable assistance in this operation. Pillsbury & Walton.

Honors for Dr. Cuneo.

Dr. Joseph Cuneo, acting Italian consul in this city, has been honored with the knighthood by King Humbert of Italy. The order, the insignia of which is conferred upon him, is the Corona d'Italia and is a recognition of his good services as consul and of his ability in his profession. Denver Republican.

Dr. Cuneo is a brother of John Cuneo, of the St. Elmo of this city.

The case of the United States vs. Francisco Rail, adultery, which was on trial the past two days, was given to the jury this morning. Attorney Wycoff, so it is stated by those who attended the trial, made a powerful talk in defense of his client.

Manuel Chaves, found guilty of adultery the other day, was brought into court and sentenced to four months in the penitentiary.

The case of the United States vs. Antonio Ballejos, adultery, was continued, on motion of defendant.

On the territorial side of the court, the case of J. A. Coates & Son vs. Felipe Gerrule, assumpsit, was called. Default for failure to plead and final judgment for $27 entered.

Arguments on motion for a new trial in the Washington mine case will be heard Saturday morning.

Will Soon Begin Work.

W. W. Allen, of the Pueblo smelting company, and J. S. Humphreys, the mine expert, who recently purchased the Milagros group of mines in Bell canyon, through C. F. Davidson, and who were here the past few days, left the city last night. Mr. Allen returning to Pueblo, and Mr. Humphreys going to El Paso. The three gentlemen visited the canyon on Monday and returned to the city yesterday afternoon. A site for a mill was selected. Mr. Davidson informs THE CITIZEN that the new owners will be ready in about three weeks to begin permanent and substantial work on their properties.

Taken to Socorro.

Sheriff Hubbell left this morning for Socorro with Fred. Watson. Watson broke into a hardware store at San Marcial about a month ago, and fled northward, being captured in Trinidad and returned to this city.

Passed Away.

G. L. Hillard, a well known Atlantic & Pacific trainman, died at the Atlantic & Pacific hospital last evening, aged about 30 years. Deceased was brought to the hospital about two months ago from the Needles. His wife and little daughter were present at the final parting, and they will take the remains to Pennsylvania for interment, leaving here tomorrow night. The body is being embalmed at Strong's. He was a member of the Knights of Pythias and A. O. U. W.

Quick in effect, heals and leaves no scar. Burning, scaly skin eruptions quickly cured by DeWitt's Witch Hazel Salve. Applied to burns, scalds, old sores, it is magical in effect. Always cures piles. Pillsbury & Walton.

A fire in the rear of the Gurule stables on Copper avenue, caused quite an excitement at 11:30 o'clock. A portion of the fence was noticed on fire, but a few buckets of water soon had the flames out. The fire bell was rung, and the laddies were ready but their services were not needed. It is thought a lighted cigar or cigarette was responsible for the fire.

A NEW LINE.

Report that the Santa Fe Will Build West From Albuquerque.

ATLANTIC & PACIFIC INDEPENDENT.

The Topeka Journal, after reviewing the situation with reference to the St. Louis & San Francisco, says:

"Much interest is also manifested in regard to the future movements of the Santa Fe in reference to the Atlantic & Pacific road. 'Should the Santa Fe be required to pay one hundred cents on the dollar,' said a prominent railroad official of this city when speaking of the matter today, 'in order to retain the road as a part of the system, it will never be retained. In this event it is my opinion that a new line would be constructed from Albuquerque to the Needles, as provision is made for such in the reorganization plan of the Santa Fe. This new line would undoubtedly touch on the Grand Canyon of the Colorado, which would prove an attractive feature for the route. Although the Atlantic & Pacific is apparently independent, it wishes to maintain relations with the Santa Fe, as that road forms its only eastern outlet. The only other road with which it could connect to advantage is the Rock Island, and at present that company has no intention of extending its line south to Albuquerque from Liberal, Kansas.'"

With regard to the intentions of the Rock Island, the Journal's informant spoke without being well informed upon his subject. While it is not probable that the Rock Island will advertise its intentions to the world, it is well known that it wants an outlet to the Pacific by this route, and that the line which now stops at Liberal was started for the purpose of coming to Albuquerque to connect with the Atlantic & Pacific, and the plan was not carried out simply because the latter road fell into the hands of one of the Rock Island's most formidable competitors, but when the Atlantic & Pacific again becomes independent the situation will become exactly as it was when the Rock Island commenced work upon its projected line to Albuquerque. The Journal should take these things into consideration in connection with the fact that it isn't at all probable that intelligent men in this age of the world, would risk twenty millions of dollars in a railroad across the plains of New Mexico and Arizona without having some definite idea of where and how they were to get an outlet.

Soothing, healing, cleansing. DeWitt's Witch Hazel Salve is the enemy to sores, wounds and piles, which it never fails to cure. Stops itching and burning. Cures chapped lips and cold sores in two or three hours. Pillsbury & Walton.

That's So.

The San Francisco Call says: "When Cleveland was practicing law in New York, if he had taken half as much duck time from the office as he takes from the presidency his partners would have hit his share of the profits with a club and advised him to sell ducks for a living."

Held for Murder at Las Vegas.

In the matter of the brutal murder of Luisa Archuleta y Mares, at Las Vegas on Sunday night, the coroner's jury yesterday afternoon brought in a verdict laying the crime at the door of Anderson Taylor, the colored man accused of the crime by the alleged husband of the dead woman.

No. 1 Hose Delegates.

The No. 1 hose company, Atlantic & Pacific, held a meeting and after the transaction of routine business, foreman Schickle appointed the following delegates to the April convention: Chas. Dodge, chairman; John Dwight, H. G. Grigsbit, Jr., James Lannigan, D. Rogers, George Hutton, L. D. Bartlett, George Frazier, F. J. Donohue, Fred Griggs, Harry McGue, Ros Powell, Sam Akers.

TRULY ASTONISHING.—Miss Annette N. Moell, Fountain, Minn., says: "Ayer's Cherry Pectoral has had a wonderful effect in curing my brother's children of a severe and dangerous cold. It was truly astonishing how speedily they found relief after taking this preparation."

Was Not Drowned.

A recent telegram stated that John Catron had been drowned while out sailing at Annapolis, but a later telegram from that city says:

"A telegram was received here this afternoon from Representative Catron, of Washington, stating that his son, John W. Catron, and Hamilton Gale, had been picked up by a steamer and taken to Cambridge, Md.

"The young men started to cross the bay to Kent island on Saturday, and were swamped in a storm. Great anxiety prevailed among the college authorities and their friends here, who supposed they had been drowned. Young Catron has an appointment to the naval academy as a cadet."

No Clue.

Valentine Becker, the armless and legless man, who makes his home at intervals in this city, writes to Marshal Fornoff from Cerrillos, asking if the marshal has secured any clue to the soldier that robbed him in this city the other evening. It will be remembered by CITIZEN readers that Becker met a soldier friend on the train coming in from Fort Wingate. They occupied the same room and last that night, and next morning Becker's wearing clothes were gone and with them considerable money. The soldier has not been found.

J. W. Pierce, Republic, Iowa, says: "I have used One Minute Cough Cure in my family and for myself with results so entirely satisfactory that I can hardly find words to express myself as to its merit. I will never fail to recommend it to others, on every occasion that presents itself. Pillsbury & Walton.

New Gold Mills.

Three different companies are said to be contemplating putting up mills in the La Bejie district, New Mexico, viz: The Gold and Silver Extraction company, of America, limited, Denver; Howarth & Co., London, England, and E. C. Smith, E. M., Trinidad, Colo.

Dr. Gentry's Work.

Dr. W. D. Gentry, who is now laboring in the east in the interest of the A. O. U. W. sanitarium, proposed for Las Vegas, by invitation, appeared before the legislature of New Jersey, and talked of the climate of New Mexico. After finishing his lecture he was asked to prepare a resolution which the members agreed to pass, recommending to congress that the National Forest park be set aside for a national free sanitarium, for all the consumptives in the United States who can go there, and to appropriate money to build houses on a large scale, and also to fix a low rate of transportation for those having consumption, and who desire to locate in New Mexico.

Even should this scheme come to naught, it can be readily seen that great good will come from the agitation of it.—Optic.

The First Open Air Concert.

The open air concert given last night by the First Regiment band, at the corner of Railroad avenue and Second street, under the big electric light, was listened to by a large crowd, showing that the people read THE CITIZEN, for the concert was exclusively announced in this paper. This is the first of a series of concerts to be given by the above popular band, and THE CITIZEN is pleased to say that the first one proved an exceptionally fine one. The band boys have announced that they will give a ball at Armory hall on Friday, April 10, and, as the proceeds to be derived therefrom are to be applied to the purchase of new music for the band, the ball should be liberally patronized by our citizens.

SILVER CITY ITEMS.

Politics Engrossing the Attention of the People.

The political pot in Grant county is beginning to simmer at a lively rate and before these lines are in type, will no doubt be fairly boiling.

The forces are gathering for the county convention which will meet at 2 o'clock this evening and it bids fair to be a spirited gathering. Three candidates are in the field for the honor of a place in the delegation to St. Louis and the friends of each are doing some close figuring to secure the endorsement of today's convention.

B. Y. McKeyes is a member of the delegation from Deming and is for Israel King for the endorsement.

United States Attorney Hemingway was in town several days and went south Monday.

Judge Bantz went to Las Cruces Monday to open court.

Some of the results of the flood of last year are enough to bring tears to the eyes of a book lover. J. S. Fiebler's library was one of the choicest, comprising works of both law and letters in substantial and handsome editions, which are now scarcely recognizable in the mud and water stained volumes that tell a mute story of the disaster.

D. P. Carr is acting deputy sheriff in a special case.

Bartender Ben Dunkle has broaken himself to greener fields, leaving several creditors to lament his departure. An attempt to intercept him by telegraph failed, because of badly working wires.

C. C. Whitehill, foreman of the Silver City fire company is an enthusiastic fireman who is doing his utmost to build up the department. He hopes to have a company at Albuquerque in July to compete for the prizes in the tournament.

The Virginia club is an organization of substantial young men of the town who enjoy bachelor life in ideal style. The club house is the home of the members, and a most delightful home it is. This scribe enjoyed its hospitality and speaks from knowledge.

C. F. Grayson, of the Silver City National bank, expects to go east soon on a business trip.

There is considerable life apparent in mining matters hereabouts and the prospect for a genuine boom is very flattering.

Bishop Kendrick, who has been in town several days, left today. W. A. N.

Will be Shipped East.

This evening, on the northbound passenger train, the remains of G. L. Hillard, whose death occurred at the Atlantic & Pacific hospital, mentioned in yesterday's CITIZEN, will be taken by the bereaved wife to Faxburg, Penn. The local lodges of the Ancient Order of United Workmen and Independent Order of Odd Fellows, of which the deceased was a member, will have charge of the remains from Undertaker Strong's to the depot. The deceased was 35 years old.

Good Results.

James McCorriston, half owner of the "Lucky Jim" mine in the Ladrone country, received a letter, this morning, from W. J. Harris, in which he says "the mine is looking fine and the lime is turning into mineral." The other day Mr. McCorriston had some of the ore assayed by Assayer Stevens, and the returns were as follows: Gold, $2; silver, $3.63; lead, 72 per cent., or $43.20 to the ton. An assay on fine dust, lead carbonate, was as follows: Gold, $1; silver, $1.38; lead, 15 per cent, or $6 to the ton. The returns are excellent, and prove that there is some good mineral bearing rock in the Ladrone country.

Saints Not Hurt.

The other day the private car of President Ripley, of the Atchison, Topeka & Santa Fe railway, containing himself and other officials of the road, was slightly wrecked on the St. Louis & San Francisco road in Kansas. A. G. Wells, general superintendent for the Atlantic & Pacific, desired to know how serious the wreck was and who of the officials were hurt, so he wired for the facts to Charles S. Gleed, one of the directors. This morning Mr. Wells received the following self-explanatory telegram from Mr. Gleed:

"A few of the unrighteous were scratched and bruised slightly, but the saints are not hurt at all. A poor brakeman was killed. Thanks."

Do you lack faith and love health? Let us establish your faith and restore your health with DeWitt's Sarsaparilla. Pillsbury & Walton.

The horse of the Sisters of Charity ran away with the vehicle, containing four sisters yesterday afternoon, but no damage was done. The sisters were returning from a visit to Atrisco across the river, and just as they drove on the Barelas bridge the horse took fright and ran across the bridge at break-neck speed, coming to a stand-still from sheer exhaustion on this side and near the Atlantic & Pacific offices. There were two teams on the bridge at the time, but the sisters kept their runaway horse clear of all obstructions.

REDUCTIONS PLANNED.

It Seems that the Santa Fe Railway Will Undergo More Changes.

The meeting in Chicago during the last few days of the officials to decide the subject of [illegible] reviews on the Atchison, Topeka & Santa Fe railway and the Atlantic and Pacific company has given rise to much talk among local railroad officials and employees as to the future of the big staff of officers at the head of the Atchison system.

It seems to be an acknowledged conclusion that both the Frisco road and the Atlantic & Pacific will hereafter be operated as separate lines, which leaves to the Atchison, Topeka & Santa Fe system a mileage of 2,811 miles.

This being the case, conservative railroad managers fail to see the need of the present immense staff of officers, which is the same as maintained when the Colorado Midland, Frisco and Atlantic & Pacific roads were part of the system.

President Ripley's retrenchment policy has so far failed to effect any weeding out among the general officers of the company. In fact, the list having been added to rather than decreased.

Chairman Allen G. Walker, of the board of directors, has been in Topeka for several days past, in consultation with President Ripley, and it is rumored that changes of an unknown nature will soon be announced.

STILL AFTER "HYLAND."

His New Mexico Wife will Probably Cause Him Trouble.

From the present outlook John P. O'Connor Hyland, editor and publisher of the defunct Kansas Shaft, will shortly learn the truth of Longfellow's words that "hell hath no fury like a woman scorned." Mrs. O'Connor Hyland, wife No. 2, who is now in El Paso, threatens to have the gay old Lothario brought before the statue of weeping justice and explain away his polygamous tendencies or do penance therefor. O'Connor is now living on the fat of the land in Missouri, wife No. 1 having recently inherited $12,000. The wily Captain Jack smoothed the troubled waters in that quarter by informing his Missouri better half that the New Mexico female in the case was but a wife in name only. And now Mrs. New Mexico O'Connor Hyland, in that it is so familiar to the tragedienne cries for vengeance. If the New Mexico woman was married to him he's in it for bigamy, if not then the Edmunds law will cover his case. Sort of a "devil and the deep sea" proposition.

The Edmunds law doesn't apply in Missouri.

SCHOOL BOARD.

A Proposition to Take the Election of Members out of Politics.

At the meeting of the "outlook club" held Tuesday evening last, the question of politics in the election of members of the city board of education incidentally came up and led to somewhat extended discussion.

Prof. Hiram Hadley read extracts from letters he had received from the superintendents of education in the city of Cleveland and Kansas City, which we here quote:

"It is true that the board of education in Kansas city is now and has been for twenty years on a non-partisan basis, and that the schools have been kept free from political influence.

"By common consent, each party in its convention preceding the time for the election of school officers, recognizes the desire of the people, and presents the name of one of the opposite party to go on the ticket with the person it endorses as a suitable one from its own convention. The convention that meets first sometimes names only the man who is to represent that party and the convention that meets next endorses the one who is selected by the first convention and a man of its selection.

"This condition of affairs has been made possible for so long a time by placing only men of the highest integrity and standing on the board of education. In all our building and in our employment of teachers and officers, there has never been a suspicion even that a member of the board of education was holding his place for private gain.

"This matter of making the school board non-partisan, or, as some term it, bi-partisan, has taken a pretty strong hold in Missouri. The last legislature gave St. Joseph the same law that Kansas City has, and at an election held a few days ago the republicans and democrats joined in a plan similar to that of Kansas in electing a first-class school board. Gov. Francis, as true a democrat as ever breathed in Missouri, recognized, when he took his seat as governor a few years ago, that all the schools of the state should be put on the Kansas City non-partisan basis. Upon his recommendation the legislature made the board of regents in control of the state normal schools non-partisan, and the last legislature put the university board on the same plane.

"What is needed in every state is a few bold but successful politicians from both parties to assist in seeing that the good of the schools will best be served by making their administration non-partisan and non-sectarian."

No definite action was taken by the club, but undoubtedly at its next meeting, to be held on next Tuesday evening, a committee will be selected to wait upon the different city conventions in the approaching election and urge the adoption of some plan such as is in force in Kansas City for our own city schools.

"Adobizing" South Walter.

Geo. E. Hopkins, the well known contractor and excavator, who secured the contract to put Walter street between Railroad and Coal avenues into good condition, started work this morning with a force of men, and expects to have south Walter street "adobized" in a short time. Broadway, Arno and Edith are three pretty Highland streets, and "Why not Walter?" was the cry, until the property owners petitioned the council and the street committee recommended the work.

A Valuable Directory.

The members of the registration boards, composed of republicans and democrats, found the advance sheets of the city directory, which will soon be published by THE CITIZEN, of great advantage to them yesterday in securing names of voters who had failed to register themselves. The gentlemen spoke in high praise of the value of the directory, and stated that it will prove of great benefit, in many ways, to the citizens of Albuquerque. The directory is now in the binders' department of THE CITIZEN office, and will be ready for subscribers the latter part of next week.

Police Affairs.

Jack Thompson and Robert Haggart, two tramps, were arrested last night and placed in the city jail. The men had got into a mail box side-tracker at the depot, had built a fire and were making themselves comfortable for the night when the night cops interrupted them. Justice Crawford attended to their wants this morning, and sent both to the chain gang.

Ben Brown, the young fellow arrested for stealing money from Mrs. Johnson, of gold avenue, was brought before Justice Crawford at 3 o'clock yesterday afternoon. He made a full confession, and turned over to the lady $8 of the stolen money, forfeiting bond sewed up in the lining of his coat, and $3 being taken off him when he was arrested. He pleaded for mercy, and instead of sending him to the county jail to await the actions of the next grand jury, Justice Crawford sentenced him to sixty days in jail.

Brief Services.

As mentioned in THE CITIZEN of last Tuesday, short Episcopal services were held by Rev. Bennett at the residence of Chas. E. Crary, on West Gold avenue, over the remains of our late townsman, George F. Crary, yesterday afternoon at 5 o'clock. The choir of the church took part in the services, and J. P. Dupuy sang with much solemnity the hymn, "Abide with Me." After the services the remains laid in state until 7:30 o'clock, when Undertaker Strong conveyed the body to the depot, the following gentlemen acting as pallbearers: A. G. Wells, Neill B. Field, R. E. Hall, Felix Lucero, B. S. Rodey, Wm. Jackson, E. H. Kent and F. W. Spencer. The bereaved brother, Chas. E. Crary, accompanied the remains to Columbus, for burial.

A high liver with a torpid liver will not live a long liver. Correct the liver with DeWitt's Little Early Risers, little pills that cure dyspepsia and constipation. Pillsbury & Walton.

S. L. Newcomb, a prominent republican attorney of Las Cruces, passed up the road for Santa Fe last night. He was careful in talking about the murderers of Col. Fountain and son, but the judge did say that he thought the officers had a clue to the murderers and that it was his opinion they would soon be in the clutches of the law.

Capt. S. M. Saltmarsh and L. N. Hosmer are being mentioned by their republican friends for the office of city treasurer. The election of either of these gentlemen would ensure faithful and competent service in the treasurer's office.

The man who stands idly by and sees the life fade out of his wife's face, sees her body going, sees her hair coming old, sees her face fade and wrinkle, sees her when she should be still be in the prime and enjoyment of her glorious, useful life, is either less than a man or else does not know of the wonderful remedy which would bring her back to health and strength. Most women do not understand their own bodies, or the things that make them well or sick. The most frequent cause of sickness in women is the cause last looked for. A woman will go to a doctor when she has a severe cold, or some acute digestive disturbance, but she hesitates and procrastinates when the trouble is with the distinctly feminine organism. And yet the latter is infinitely more serious. It is the most serious sickness that any woman can have, it is the most dreadful—the most dangerous. Its consequences are always serious, and serious right at the beginning because it debilitates. It sapps the life and strength and works on the nerves to such an extent that the whole body is disturbed. Appetite leaves, the color goes from the face, hollows sink into the cheeks. Irritability succeeds good temper and fretfulness usurps the place of contentment. Little by little life becomes more and more miserable. The woman is killing herself with neglect just as surely as if she were taking deadly poison. Perhaps her husband cannot understand why she does not go to her doctor, because she naturally dreads the inevitable examinations and local treatments. He can only see that she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for 30 years. It is not an experiment there are no chances about it. It is a certain and infallible cure for all derangements peculiar to women. To those who care to know all about it, and to receive the best medical work ever published for the general public are invited to send at one cent stamps to cover cost of mailing only, and receive a copy of Dr. Pierce's thousand page book, "Common Sense Medical Adviser." Address World's Dispensary Medical Association, Buffalo, N. Y.

Sheriff Sena Removed.

On application of Jose Analla and others of Lincoln county, sureties on the bond of George Sena, sheriff of Lincoln county, Judge Hamilton has removed Sena from office. He was required to give a new bond, and the court refused the amount of said bond from $[illegible] to $[illegible], but Sena was unable to furnish bond even for that amount, hence the order vacating the office. The Lincoln county board of commissioners will be called upon to fill the vacancy.

Geo. W. Johnston, member of the firm of Johnston & Finical, who was in Las Vegas taking testimony in the case of W. A. Givens against J. D. W. Beckwith regarding a life insurance policy, returned to the city at noon today.

Want a sure relief for pains in the back, side, chest, or limbs, use an

Allcock's Porous Plaster

BEAR IN MIND—Not one of the host of counterfeits and imitations is as good as the genuine.
