Weekly Citizen

ALBUQUERQUE, - OCT. 10, 1896.

Republican Ticket.

FOR PRESIDENT,

WILLIAM M. KINLEY

OF OHIO

FOR VICE-PRESIDENT,

GARRET A. HOBART

OF NEW JERSEY

FOR DELEGATE TO CONGRESS,

T. B. CATRON

This best thing Tom Watson can do is to bolt Bryan.

Republican tickets are being refitted in every town in New Mexico.

Let the democratic chairmen be the more of Jefferson and Jackson.

The republicans of Otero county are busily at getting together.

The terrible democratic panic due to the threat of free silver is a bugaboo.

The Bryan convention will cost $1,000 a day on sports during last week.

The Cunningham gang in Santa Fe county will be wiped out in November.

The optic gives into apoplexy at Judge Freeman's speech at the Las Vegas convention.

The social democrats appear to be in the map with Kelly and Coxey in counties.

The paper of Frank Miller as secretary of the territorial democratic central committee.

Bryan's speech at Chicago was a second edition of his speech at Indianapolis.

The hangers-on of Bryan are arranging for a local procession by the torchlight during campaign.

Colonel Fred Fornoff has agreed to keep in a good humor during the whole campaign.

A few democratic leaders in this territory will pack their carpet bags after the 4th of next March.

Arizona republicans are all right. A. J. Doran will be elected delegate to congress by a handsome majority.

Franklin is a worthy and wholesome fellow, although a republican, congress in 1895. Let it keep him at home.

Dry weather growers of New Mexico have been where prosperity would come in under Bryan's free trade policy.

The local committee are arranging all the necessary details of the encampment of the territorial militia in this city during Fair week.

Mr. Fergusson seems to feel much worried over the lamentable failure he made in attempting to reply to Judge Seeds's speech.

Not one of the democratic papers like the course of THE CITIZEN, and after the election we shall ask them what they are going to do about it.

The republicans have a lead enough in Indiana, and also on Illinois, Missouri, Iowa, and in fact nearly all the rest of the great and glorious country.

The people of Doña Ana county do not defeat ex-Judge Fall in November, they will deserve to be attached to old Mexico for political and political purposes.

THE CITIZEN seconds the Rincon Weekly's nomination of W. H. H. Llewellyn for the legislature from Doña Ana county. He would make a first-class legislator.

Having bested ex-Judge Fall, the editor of the Rincon Weekly thinks he is a bigger man than Catrett and has dared another Doña Ana citizen to an encounter in the notice arena.

The friends of Mr. Fergusson say that his promise about the validating of the capitol bonds should not be considered as binding, because he was forced to make it to secure his nomination.

Col. Pino writes that the republicans of White Oaks have organized a club of the Union League, and that he finds the sentiment in Lincoln county favorable to the republicans.

The Cerrillos Rustler says: "We do not think the people of New Mexico care to experiment any longer with democratic free trade, and we predict Mr. Catron's election by a handsome majority."

At first the democrats were loud in their assertions that they were going to carry this town by four or five hundred majority for Mr. Fergusson. Now, the knowing ones will be satisfied with an even break.

McKINLEY's speeches show that his most earnest thoughts are directed to the welfare of work men, but Bryan's reveal only a desire to involve labor in a conflict with capital, in order that he may be elected to the presidency.

The silver democrats want to drive gold out of circulation, and the sound money democrats want the coinage of silver stopped. The republican party want both metals used in the coinage and the largest circulation of both coins circulated at a parity.

Geo. Bartlett, chairman, and Col. Max Frost, secretary, of the territorial republican committee, are busily engaged in arranging the details of the campaign. The best speakers in the territory will be asked to take the rostrum for the republican ticket.

The correspondence from Rio Arriba county shows the dastardly way the Cunningham gang have worked to try to injure Delegate Catron. The people at the polls in November will rebuke such work by giving Mr. Catron an increased majority over that of two years ago.

The republican territorial platform seems to worry the democratic politicians and democratic newspapers in New Mexico very much. It is said that Governor Thornton is also much worried over it, and thinks the republicans have made a bad mistake. Its generosity and kindness of these illustrious friends of republicans will not easily be forgotten.

THOSE MINTS

THE CITIZEN is informed that one of the glittering generalities held out by Mr. Fergusson to the people of southern New Mexico in general and to those of Las Cruces in particular is the idea if elected, to secure the establishment of a mint in the town of Las Cruces in the Mesilla valley. Now, if there is any [illegible] which is [illegible] these things [illegible] them will have to be abandoned. But then probably it is intended to make promises where they will do the most good and let their fulfillment take care of themselves. This is said to be the origin and particular idea of that immortal statesman, Hon. A. D. Earle, of Doña Ana county, and of the chairman of the democratic central committee, Colonel [illegible] whom the people in this county formerly knew very well indeed [illegible] parts.

THE TURNING OF THE WAYS

The sentiment with which the Las Vegas Optic takes itself and the leading sentiments of the far West to the republican party and the admirable [illegible] yet leaving a hopeful [illegible] it [illegible] appreciated [illegible] were it not for the fact that it [illegible] Mr. Walker [illegible] New Mexico [illegible] the policy and principles [illegible] this paper [illegible] the Dwells years of the nation [illegible] for a national [illegible]

[illegible] Mr. Walker [illegible] the people [illegible] the republican party [illegible] What [illegible] Mr. Walker [illegible] the people [illegible] the republican party [illegible] Mr. Walker [illegible] the people [illegible] the republican party [illegible] Mr. Walker [illegible] the people [illegible] the republican party
