Weekly Citizen

ALBUQUERQUE, APRIL 24, 1897.

[illegible] war seems inevitable.

[illegible] the Santa Fe have quit breaking, but [illegible] work.

[illegible] railroad [illegible] the fairy project [illegible] estimated to exceed [illegible]

[illegible] for water if he[illegible] the streets and the [illegible] the can.

[illegible] Mexico is acting good [illegible] secretary and secretary [illegible] immigration.

[illegible] expresses the opinion [illegible] commercial [illegible] working better all [illegible]

[illegible] mine there now is the fact that prospectors almost all Albuquerque men, were not able to develop the mines when lead was only worth [illegible] cents but with lead at twenty a price that it is rapidly approximating there are many claims in this district that will pay for their development from the grass roots down.

[illegible] district [illegible] is now [illegible] change to low of low grade gold [illegible] that need only capital to [illegible] it to profit.

[illegible] and all the country be[illegible] Bell camp is highly [illegible] and with proper prospecting and development, become a fairly good district. La Cuchilla, Las Huertas, and [illegible] the white sandia range offers good to thousands of the skilled prospector.

[illegible] and suggest that the commercial club take the initiative and that our business men and the national authorities be asked to assist in having prepared a series of maps, each of which shall describe one of these districts, showing their extent, what development work has been done, the character of ore they are showing for carry and how they may be reached from Albuquerque.

These maps should be of preferred size large enough to contain descriptions of all the mines should be carefully prepared and contain no statement that could not be explained. The manuscript should be carefully revised by men who know what should be published, and thus prove a real value to the capitalist, who is seeking investment. Every business man in Albuquerque should be willing to purchase copies of this work and actually send them to his eastern correspondents. If Albuquerque is to reap her share of the mining harvest now ready for gathering she must be willing to reach out her hands and do her share of the work of advertising her resources.

C. A. SNOW.

Wrenched and Racked

by the pangs of rheumatism, the joints eventually become grievously distorted and sometimes assume an almost grotesque deformity. To prevent such results by a simple and agreeable means is certainly the part of wisdom. A tendency to rheumatic ailments may be successfully combatted with Hostetter's Stomach Bitters, a medicine with a long and successful career, of unbounded popularity, and of emphatic professional endorsement. It removes from the blood those inflammatory impurities which pathologists assign as the cause of rheumatism, and not only purifies the life current, but enriches it, promoting vigor by fertilizing its source. Digestion, the action of the bowels and the secretion of the bile, are added to it, and it impels the kidneys and bladder to a regular and active performance of their functions. It is besides a thoroughly reliable remedy for and means of preventing periodic fevers.

POLITICS IN SCHOOL BOARDS.

Lyons Optic.

Taxpayer's inquiry in yesterday's issue of THE CITIZEN is fairly entitled to consideration. Since your correspondent has been on the board of education he has been asked quite a number of times regarding the $15,000 deposited with the Albuquerque National bank which was popularly supposed to have been especially set aside for a High school building. This was the understanding not only by the people who take an interest in school matters outside of the board but by members of that body as well. This was the view the writer had before he became a member. It is not, therefore, surprising that taxpayer should make this inquiry. It is a most natural one for him and the interested public generally to make.

It is true that the board early in 1893, I believe, instructed its treasurer to make an interest bearing time deposit of $15,000 with the Albuquerque National bank. This was done and the interest accrued on the same till the time the bank failed, amounting to $900. The certificate of deposit was surrendered to the bank after it closed in exchange for a receiver's certificate for $15,900. As dividends were made from time to time the board instructed its treasurer to transfer, on two different occasions, sums from this building fund to the general fund to meet current expenses. By this process the building fund, on October 11, 1895, showed a credit balance of $10,060.71 only instead of $15,900, the amount of the time deposit and interest to the date when the bank closed. It would appear that the board believed at this time that this money all properly belonged to the building fund to be used in the construction of a High school building.

In November of that year 1895, however, the board instructed its finance committee, consisting of Geo. F. Albright and Karl A. Snyder, to look into the matter of the various funds and find their exact status. The following December they reported that instead of the building fund having any credit balance it was overdrawn to the amount of $3,475.17 when all the items they believed should be borne by it were charged up. Thus the whole of the money that was supposed to be set apart for a high school building was transferred and covered into the general fund.

In this way the general fund, on September 30, 1896, instead of being in debt $2,457.20, as was supposed, had in reality $7,888.51 of a balance to its credit. Some bills contracted before that date had to be paid out of this balance. But when every allowance is made for those there was still a very handsome sum left for the board to draw against.

With this now little credit balance to commence on a year and a half ago, it must be deducted from any sum that may now be in our treasury less bills contracted prior to and since that date chargeable to the building fund before we can say whether the current two years' revenues will have exceeded the expenses. In view of this fact it would seem a little early for any of us of the present board to put in large claims for distinguished services in the field of rigid economical management.

The finance committee's report referred to above shows that the building fund was credited with $[illegible] from the sale of bonds and charged as follows:

Commissions paid	$ 3,000.00
Printing bonds	100.00
Paid for sites	10,000.00
Buildings erected	43,561.25
Sewer system, not included in cost of buildings	1,000.00
Architect's fees	600.00
Furniture purchased for buildings	3,818.80
Total	$61,679.05

The additional charges made up to November 9, 1896, show the fund to be overdrawn to the amount of $4,339.40.

This statement answers taxpayers as fully and clearly as the writer can make it. He will be glad to give such further information on this or other phases of interest in connection with our schools.

JOHN JAMES.

THE RAILROADS.

Russian railways have ladies' smoking carriages.

The new waiting room for the New York central depot will be the largest in the world.

The Financial Chronicle computes the gross earnings of 126 roads for March at $[illegible], an increase of $[illegible].

Fifty new freight cars of the gondola pattern have been received by the Union Pacific, Denver & Gulf railway for use up in its system.

The Kansas City, Pittsburg & Gulf road has arranged with the Mallory Steamship company for through service between Kansas City and New York via Galveston.

The sale of the Kansas Central road is fixed for May 25. The sale is to include everything appertaining to the road, and the order of sale fixes the upset price at $[illegible].

The New Mexican says: There will be some railroad building and some railroad extensions in New Mexico this year. They are bound to come.

The Santa Fe company is transporting many cattle from Mexico and Arizona, and large numbers of sheep from along the line of the Atlantic & Pacific road.

It is announced that the Chicago, Indianapolis & Louisville Railway company, formerly the "Monon," will purchase 4,2[illegible] tons of rails and four engines.

The contract has been let for the building of a railroad from Saltillo to Trevino, on the line of the Mexican International road. The distance is 125 miles.

The Kansas City, Pittsburgh & Gulf railroad company has placed an order with the Manchester Locomotive Works, of Manchester, N. H., for ten locomotives.

It is stated on the authority of a justice of the United States supreme court that there will be no relearing of the Trans Missouri Freight Association case.

Since the price of oil at Los Angeles has gone up so high the Santa Fe road has discontinued the use of oil as fuel and has gone back within a few weeks to coal.

A recent Chihuahua, Mexico, dispatch stated that the immense increase in exports from the United States had produced a serious car famine on the Mexican Central railroad.

The department heads at La Junta are straining every nerve to get the motive power undergoing repair, in the best possible shape to handle the spring rush of live stock, soon to commence.

The Santa Fe company have closed a contract to haul Ringling Bros'. circus train, consisting of fifty seven cars, from Chicago to Denver. The Ringlings leave Great Bend, Kansas, May 15, going to Trinidad.

In March, for the first time since July, 1896, there was a gain in gross railway earnings compared with a year ago. Total earnings of 122 railroads for March aggregate $[illegible], an increase of 1.7 per cent over a year ago.

The annual report of the Canadian minister of railways and canals for the year ended June, 1896, has been issued. The total number of controlling companies, not including the government railways was 16,387, an increase of 296 miles.

The Santa Fe railroad company has let a large contract to R. D. Hall, of Deming, for changing the line of the Silver City branch between Whitewater and Silver City, and heavy levee work near Hudson. The work is being done under the direction of Engineer J. M. Meade.

The rods and tires of the Atlantic & Pacific engines are now being painted a steel color, instead of black, as formerly. The number is left off of the back of the tank and side of the cab. All this is in conformity with the style on the Santa Fe, and will prevail on this road now.

Charley Butler, who carried Optics for a livelihood some years ago, is now employed as a boilermaker in the Atlantic & Pacific shops at Albuquerque, a position he has held down for the past seven years. His elder brother, Howard, is employed as a locomotive fireman on that road.—Las Vegas Optic.

Officers of the Missouri, Kansas & Texas railway entered into a contract with the Sedalia, Mo., board of trade, whereby the railway company binds itself to begin at once the erection of permanent car and coach shops in that city. The buildings are to cost $100,000, and 800 men will be employed when they are completed.

Net railway earnings for February point to economies in operating, more than offsetting a small decrease in gross receipts. Total gross earnings of 58 roads aggregate $34,575,455, a decrease of 1.3 per cent from last February year, while net earnings, on the other hand, aggregate $10,388,285, a gain over last year of 6.5 per cent.

Certain railroads having discriminated against Keokuk in matters of freight rates, fifty leading manufacturers and jobbers have organized a shippers' league, pledged to give offending lines no business that can be handled by competitors unless discriminations are removed. The movement is particularly directed against the Wabash, Rock Island and Santa Fe railroads.

Western lines have agreed upon a round-trip rate of one and one-third fares for the annual meeting of the general assembly of the Presbyterian church of the United States at Warsaw, Ind., May 29-June 5; the Northwestern Cycle show at Minneapolis, April 19-24; the annual meeting of the Wisconsin State Medical society at Racine, May 5-7; the Northwestern Iowa Teachers' association at Sioux City April 29-May 1, and the biennial session of the Grand Lodge, A. O. U. W., at Streator, April 30-May 1.

LATE INCORPORATIONS.

Companies That Have Filed Articles of Incorporation With the Secretary.

The following corporations have filed certificates of incorporation with the territorial secretary:

The Cripple Creek Deep Mining, Drainage and Revenue Tunnel company. The objects for which the company is created are principally to purchase, own, operate and carry forward the Cripple Creek Deep Mining and Revenue Tunnel and tunnel site, located in the Cripple Creek mining district, El Paso county, Colo., and to generally engage in the business of mining. The capital stock is $10,000,000 and the directors are Allen B. Kiler, Edward Kiler, Fred H. Thompson, all of Denver, and John Creighton and C. F. Graves, of Magdalena, N. M., who are also the incorporators. The company expects to operate in Magdalena, N. M., and in other portions of the territory as well as in Colorado, carrying on a general mining business.

The Rio Grande Tunnel Mining and Milling company, organized by Frank Smith, M. Garrett, J. W. Donley, R. I. Metcrew and H. T. Bartlett, with a capital stock of $1,000,000, for the purpose of doing a general mining business in the territory of New Mexico and also in adjacent states and territories. The management of the company is in the hands of six directors. The principal office of the company is to be located at La Belle, where Frank M. Anderson, territorial agent of the company, will be stationed.

The Kiler Brothers' Deep Mining, Drainage and Revenue Tunnel company is organized by Allen B. Kiler, Edward Kiler and Fred Thompson, for the purpose of conducting a general mining business in New Mexico and Colorado, with a capital stock of $[illegible].

The Bland Ferry company is organized by F. Wason, W. L. Trimble, L. S. Trimble and John Trimble, all of New Mexico, for the purpose of buying and selling real estate, and for establishing a ferry across the Rio Grande river near Pena Blanca, county of Bernalillo, New Mexico, opposite the Indian Pueblo of Cochiti. The capital stock of the company is $5,000.

The Gibsonburg Mining company is organized by C. J. Gantz, E. L. Pugh, Henry Lom, W. H. Masterman and F. C. Homberg, all of Gibsonburg, Ohio, excepting Gantz, who is a resident of Baldy, N. M. The capital stock is $15,000 and the object of the organization is mining, milling and dealing in metals, ores and minerals in the territory of New Mexico.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxirant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50 cents and $1 per bottle at all drug stores. At wholesale by J. H. O'Reilly & Co., Albuquerque, N. M.

The Eddy Party.

Hon. C. R. Eddy and Attorney W. A. Hawkins have left San Antonio for White Oaks on their tour of inspection of the resources of Lincoln county and of the country through which the White Oaks-El Paso railroad is to pass. The following eastern capitalists are in the party: W. A. Lathrop, Colonel Henry M. Boise, B. S. Harmon, C. D. Simpson, M. M. Gillam, J. W. Ogden, George Dickinson and Commodore G. O. W. Lowery.

Bishop at Socorro.

Rev. Dr. J. M. Kendrick, bishop of the Episcopal diocese of New Mexico, Arizona and western Texas, arrived in Socorro last Saturday morning and held services at the Episcopal church here on Sunday. The bishop is well known to the people of this city who always have a warm place in their hearts for him, and who are always glad of the opportunity to welcome him. He now resides at Phoenix, Arizona, and is much pleased with his new home, and the more so as it brings him nearer to some new work he is doing in that territory.—Chieftain.

Executive Appointments.

Acting Governor Miller has made the following appointments during the past week:

R. H. Greenleaf, of Albuquerque, game warden for the county of Bernalillo for two years. A. M. Robertson and W. A. Finlay have also been appointed fish and game wardens for the county of Chaves for the same period.

Francisco Delgado, of Santa Fe, notary public for Santa Fe county.

Mr. L. L. Brown, delegate to the Tennessee Centennial exposition at Nashville, Tenn.

Francis J. McCormick, of Santa Fe, notary public for Santa Fe county.

W. J. Staicup, of Eddy, N. M., notary public for Eddy county.

Redmond McDonagh, of East Las Vegas, notary public for San Miguel county.

Station Entered.

The station at Los Lunas was entered and robbed of a few things on Thursday night. An old Mexican gentleman, who carries the mail from the station to the postoffice, sleeps at the station, and he scared off the robbers, before they had made a "clean sweep" of the building. In their exit, the old gentleman got a good peep at two of the men and gave their descriptions to Special Officer Harris, who telegraphed the facts to Watchman Hammer at San Marcial. The watchman last night rounded up half a dozen or more tramps, and arrested two of them as the robbers. They gave their names as Sullivan and Lynch, and they are now in the Los Lunas jail. They will have a preliminary hearing Monday morning at Los Lunas.

Real Estate Transfers.

Justiniano Castillo to Martin Lucero, warranty deed to a lot of land in precinct No. 1; consideration, $300.

Jose de la Luz Garcia et al. to Filomena Garcia de Peres, warranty deed to two pieces of land in Los Corrales; consideration, $200.

Jose de la Luz Garcia, et al. to Juan Garcia, warranty deed to two pieces of land in Los Corrales; consideration, $200.

Friendly Rivalry.

Messrs. Wallace Hesselden and J. C. Flournoy, of the Whitney company, Albuquerque, paid Cerrillos a visit Wednesday. These gentlemen were out on a tour of inspection, driving in by the way of San Pedro, Golden, Dolores and Galisteo, returning via the Cochiti country. They were well pleased with their trip when here, and expressed themselves to the effect that Cerrillos, next to Albuquerque, would soon be one of the best towns in New Mexico.

Any one who knows Albuquerque people will not be surprised at the exception made in favor of their home town. It has grown upon just such enthusiastic loyalty; but, seriously, we expect Cerrillos to distance her ducal neighbor with in a few years by the general developments of her superior natural resources.—Rustler.

Gave Up the Chase.

Thursday night, about 11 o'clock, two horsemen rode into town from the north, stayed long enough to get something to eat and drink, and then traveled southward. One of these men was Tom Anderson, one of "Black Jack's" gang. The other was not recognized. They were broke, for one of them went into a saloon and wanted to get a drink for a nickle, saying that was all the money he had. The bar-keeper refused to sell him a drink for a nickle, but as he appeared to be thirsty, asked him to have one on the house, which he seemed glad to do. By some it was thought that these men were the ones who killed George Smith, near Magdalena. Constable Hardin telegraphed Sheriff Bursum, of Socorro county, about them, and received instructions to get a posse and go after them. Mr. Hardin got a posse ready, and telegraphed Sheriff Bursum that his men wanted five dollars a day and expenses. Mr. Bursum telegraphed back for the posse to stay at home. The Socorro officers evidently wanted the men but did not want to pay the necessary expenses to get them.—Lordsburg Liberal.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by J. H. O'Reilley & Co.

District Court.

This morning Judge Collier sentenced August Raymond, convicted of burglary Thursday afternoon, to the penitentiary at Santa Fe for one year. Under Sheriff Newcomer will leave with the prisoner for Santa Fe this evening.

The Cruz Gutierres murder case, the wife held for poisoning her husband and which was set down for trial Monday next, has been discontinued for the term.

Two criminal cases, however, will be tried on Monday, viz: Territory vs. C. H. Schultz, charged with obtaining money under false pretenses, in other word playing the confidence game, and Territory vs. Severo Armijo, charged with burglary, after which the jury will be discharged.

No civil cases will be tried after that date, except in cases where jury has been waived.

Presbytery of Santa Fe.

The Presbytery of Santa Fe held its regular spring meeting at Taos, April 13-15.

The following ministers were present: Revs. Norman Skinner, R. M. Craig, Thos. C. Moffett, W. S. Williams, J. J. Gilchrist, E. M. Gilchrist, John M. Whitlock and S. W. Curtis. Only one minister, Rev. A. McIntyre, of Farmington, was not able to attend. Nearly all the Mexican evangelists were present.

Rev. Thomas C. Moffett was chosen moderator, Rev. J. J. Gilchrist temporary clerk and W. S. Curtis stated clerk.

Reports were received from all the churches of the Presbytery showing good progress in the work of the various churches.

The large attendance of the citizens of Taos, both Americans and Mexicans, was especially noticeable at the evening meetings. Rev. S. W. Curtis, of Las Vegas, and Elder F. P. Critchton, of Santa Fe, were elected as the commissioners of the Presbytery to the annual meeting of the general assembly, which will take place at Winona Park, near Warsaw, Indiana, on Thursday, May 20.

THE ALLEGED "BLACK JACK."

Brought Up to Socorro from El Paso and Jailed There.

Socorro, N. M., April 18.—Deputy United States Marshal George W. Major, of El Paso, arrived here on the train last night with Black Jack, who is charged with being one of the two participants in the White Oaks stage hold ups last fall, and turned him over to Deputy United States Marshal Hill, of this city.

He is now lodged in jail here and will have his trial at the next term of the United States court, which should open May 3. It is understood, however, that the court fund has sunk down to $1,800, a sum entirely too small to pay all the expenses of holding a term of court, which generally amount to $3,200. Unless congress shall appropriate a sum of money in the meantime, no term will be held on the United States side of the court, and Black Jack will have his trial adjourned until the next term.

The Texas officials have kept Black Jack locked up, ever since he was arrested several months back. While the officers do not believe that this party is the notorious Black Jack who was the recognized leader of that desperate band of desperadoes and mail robbers who have terrorized the southern portion of New Mexico and Arizona for some time past, the evidence deduced at the preliminary hearing before the commissioner resulted in strongly connecting the Black Jack now under arrest with the White Oaks hold-up. An ex-stage-driver, who knew Black Jack, was on the White Oaks stage when it was held up. Before the commissioner he positively identified Black Jack as one of the two men who held up the stage.

Black Jack says his defense will be in the form of an alibi, claiming that he was in other parts when the hold-up occurred. He also discourses quite enthusiastically over the case he will have against the government for damages, in case he proves that his hands are clear of guilt.

ON-THE-ROAD.

For Over Fifty Years.

AN OLD AND WELL-TRIED REMEDY.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

In Danger.

Sheriff Hubbell called at THE CITIZEN office at noon to-day and stated that the river is gradually rising. He also stated that the bank above the city, at the bend in the river near Alameda, is in a bad condition, and should be investigated as soon as possible.

Messrs. Saint and Neher, with Capt. Foss, of Crete, Neb., and Col. Martin J. Miller, of Chicago, returned from the Gold Standard mine, Dolores district, last night. The visitors announce themselves as very well pleased with the mine, but, up to the hour of going to press, had not fully made up their minds to purchase the bonanza. They will leave for the east this evening.

A project is on foot for constructing a railroad in British Central Africa, from Chiromo, near the Rue River, to Blantye the Church of Scotland station, on Lake Nyassa. The estimated cost is £185,000, and the line would take about three years to construct.

It takes each year 200,000 acres of forest to supply cross-ties for the railroads of the United States. It takes 15,000,000 ties to supply the demand, for which the contractors get on an average 35 cents apiece.

GOLDEN COCHITI DISTRICT.

Work Progressing in Some of the Mines of this First Class District.

From Bland Herald-Weekly.

Work on the Albemarle is progressing satisfactorily, and a good deal of shipping ore is being piled on the dump.

George Utrander has returned to Peralta canyon from Albuquerque, and is at present working on the White Horse, one of the most valuable properties of that canyon.

Jim Sherlock was in from Peralta during the week with the usual report that constant mining development is under way there, many of the claims improving as depth is gained.

Henry Brown was over from the Colla recently and reported that he is driving a tunnel on the main lead of the Sheridan in order to intersect an ore chute about thirty-five feet from the present work.

The force on the Giant, one of the Crown Point group, have crosscut one of the leads on that property, and are making rapid headway toward the main lead in the development of the mine.

The Herald is the name of a claim lately located in Colla canyon. It has a strong lead from ten to twelve feet in width cropping above the surface for a length of fifty feet. Work will be begun on it to-morrow.

Messrs. Lanzelere and Charles McCoy finished the assessment work on the Detroit on Wednesday. The Detroit is the southern extension of the Mollie Gibson, which is a claim of great value and well situated in Colla canyon.

The Lone Star has two shifts working on the uprise in the second level, besides the force working in various parts of the mine. Ore teams began hauling yesterday on a carload to be shipped to the Silver City Reduction works.

Work on the Isabelle is progressing well toward making it one of the leading mines of the district. This claim is owned by R. S. Philpot, is an extension of the same lead as the Albemarle, and the vein, recently encountered in cross cutting, shows that it possesses the same character and grade of quartz as the Albemarle.

W. C. Wynkoop, who has been elected general manager for the Cochiti Mining and Reduction company, the projectors of the new mill at Allerton, is expected to arrive at island about Monday, when he will let several contracts, among which will be a contract for 200,000 brick, contracts for grading, etc., preparatory to the construction of the new mill, which will have a capacity of 50 tons daily, built to accommodate enlarging to 200 tons as the supply of ore demands.

The stamps at the Beckman mill dropped steadily for six days. Messrs. Young and Hart having begun running on Black Girl ore Wednesday of last week and shut down yesterday at noon in order to make a clean up. From all appearances a satisfactory saving has been made. The assay value of the ore treated is $12 to the ton, and if half this value has been saved it will pay the operators handsomely. About thirty tons of ore were treated and the concentrates, which contain most of the value, were apparently all saved. If this meets the expectations of the operators, they will continue running on Black Girl ore until compelled to give up the mill for improvement and operation by the Bland Milling company.

B. C. Pittenger, secretary of the Victor Mining company, of which he is also a member, writes that he expects soon to leave Las Vegas for the Cochiti, "the greatest camp on earth," for the purpose of putting a force of men to work on the Victor group of valuable mines. It will be remembered that some time ago a deal was on between the Victor company and T. J. Stewart, of Aspen, Colo., for the sale of the Victor group, but the absence of B. P. English, one of the company, delayed the transaction. This deal is sure to go through after a time, but meanwhile the Victor company intend to more fully develop their property, thereby greatly enhancing its value.

Something to Depend On.

James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from the first dose, and half a dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at all drug stores. At wholesale by J. H. O'Reilly & Co., Albuquerque, N. M.

Reeves has Resigned.

City Ticket Agent A. W. Reeves, of the Santa Fe in this city, has resigned, and will leave Monday with his family for Grand Rapids, Mich., where he will go into commercial life. Mr. Reeves came here one year ago last January to take the place of Mr. McCarty, who went to San Francisco, and has made many friends for the Santa Fe by his efficient service. Mr. Reeves will be much missed.—El Paso Herald.

Mr. Reeves and family resided in this city several years, when he was the efficient and popular day ticket agent at the local depot, and their many Albuquerque friends will join THE CITIZEN in wishing them health and prosperity in their new Michigan home. Mr. Reeves and family will arrive from El Paso this evening, and, it is understood, they are likely to remain here for several days before continuing on north.

Big Battle in Progress.

Athens, April 20.—Fighting between the Greeks and Turks was resumed this morning at Reveni, not far from Tyrnavo, northwest of Larissa. A big battle is in progress. The Turks attacking are in still greater force than yesterday, but the Greeks are making a stubborn resistance.

Strictly "In It."

Our neighboring town of Albuquerque is strictly "in it" when it comes to applicants for the office of internal revenue collector for New Mexico and Arizona. In addition to Hon. E. S. Stover, F. C. McKinley and Benjamin Johnson, now comes the news from Washington to the effect that Col. A. W. Harris, of Albuquerque, called on the president in company with Delegate Fergusson and presented his papers and claims for the position. The fight for this place is getting decidedly warm, there being in it the four Albuquerque men mentioned; Marcus Brunswick, of Las Vegas; Jacob Weltmer, of Santa Fe; F. U. Duff, of Socorro; W. L. Merrill, of Deming; John S. Clark, of Las Vegas, and Col. Richard Hudson, of Silver City. The latter has the strongest territorial endorsements. George Crist, of Nogales, and J. M. McMillan, of Tucson, are the Arizona applicants as far as heard from.—New Mexican. You are mistaken as to Col. A. W. Harris. He is not an Albuquerquean to our knowledge; he resides at Kingston, Sierra county, and always registers from that town.

Two years ago, R. H. Warren, a druggist at Pleasant Brook, N. L., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word. "It is the same in hundreds of communities. Wherever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by J. H. O'Reilley & Co.

NEW MEXICO.

A meeting of the stockholders of the Las Vegas Masonic building association will be held on Monday, April 26.

Gov. Thornton and Messrs. J. W. Akers and W. E. Dame are in the vicinity of Hermosilla, Sonora, examining some mining locations.

L. S. Roberts, member of the territorial republican committee from Eddy county, is an applicant for appointment as postmaster of that thriving town, Eddy.

The final list of school poll tax delinquents for the school district of East Las Vegas has been placed in the hands of Judge Wooster, and suit ordered brought.

Cochran & Dowling have contracted for the delivery of 8,000 head of one, two and three year old steers from the Lyons & Campbell cattle company, at Silver City, May 1st.

At the Socorro city election, C. T. Brown was defeated for school director by Joe Epple, the driver of the delivery wagon for the Illinois Brewing company, by two votes.

There are at present more people confined in the Grant county jail than for years and their offenses represent nearly every phase of crime. Among them are three charged with murder.

Charles Miller, a boy about 12 years of age, is in Santa Fe endeavoring to ascertain the whereabouts of his father, Henry Miller, who is supposed to have been in Santa Fe some time ago.

G. M. Tomlinson and Howard Snodgrass returned to Hillsboro from their search for a lost mine in the Socorro county mountains. They found the mine but it had already been located by others.

Several of the Masonic grand lodge officers expect to make an official visit to the lodges in the second Masonic district, beginning with Raton on April 22d, Clayton 24th and Watrous and Las Vegas on their return trip.

The Congregational Educational society of Boston maintains five mission schools in New Mexico. Tuition at these schools is free and they are well conducted. A school is in Barelas and another one is at Atrisco, in Bernalillo county, while a third is at San Mateo.

Fully one hundred million persons, nearly equal to the entire population of the western hemisphere, are every year carried into or out of New York on the railroads, while two alone of the many lines having their chief terminal there have a combined capital of $900,000,000 and a pay roll of 125,000 employees.

The Rev. W. H. Weaver, pastor of the U. B. church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, coughs and hoarseness." So does everyone who gives it a trial. Sold by J. H. O'Reilley & Co.

JEMEZ NOTES.

Jemez Hot Springs, April 16.—Easter, or Holy Week, is a great time for our Mexican friends, and still more so for the festive Indian population. At our neighboring pueblo, Jemez, festivities are in vogue all the week, at which they have secret dances, to witness which no outsiders are admitted, ingress and egress to the town being guarded, compelling the traveling public to circle around it. This is an infringement of the law which ought to be stopped by the government, the more so as these secret society dances, according to reliable information, are exceedingly demoralizing, and should not be tolerated any longer.

Mr. Moore, of the livery firm of Johnstone & Moore, brought up W. T. McLean, a mine owner of Bozeman, Montana, yesterday. This gentleman took quarters with mine host Louis Zollhoefer, of the palace, and intends to stay with us four or six weeks, as he is satisfied that these waters, as well as the pure, invigorating air, will cure him of a long-standing case of liver and kidney trouble.

Thomas Cross, who has been staying here for the last three weeks, and had intended to pull out to-morrow, will prolong his stay another week or more, which shows pretty well for the springs.

JEMEZ.

N. W. Alger, of south Edith street, who has been driving a beautiful pair of buckskin ponies around the city the past week, it is understood sold them to-day. Mr. Alger is quite a horse trader.

ELY'S CREAM BALM is a positive cure. Apply into the nostrils. It is quickly absorbed. 50 cents at Druggists or by mail; samples 10c. by mail. ELY BROTHERS, 56 Warren St., New York City.

Notice to All Creditors of School District No. One, County of Bernalillo.

The Directors of School District No. One, county of Bernalillo, territory of New Mexico, will meet at the county school superintendent's office at the court house, in the city of Albuquerque, on the first Monday in May, 1897, being the third day of said month, for the purpose of ascertaining and determining the amount of outstanding indebtedness of said district, in order that the same funded under the provisions of the Bond act, recently passed by the twenty-second legislative assembly of said territory, and all holders of said school bonds of said district are hereby notified to present their claims against said county to the probate clerk and ex-officio recorder of said county, and said city are notified to present their claims to the city clerk of said city, at his office, on or before the said first Monday of May.

M. S. OTERO, Mayor pro tem.

Attest: WILL J. DAVIS, City Clerk.

Be it Resolved by the Mayor and City Council of the City of Albuquerque, in session assembled,

That the above statement or notice be published in the Weekly Citizen, the official paper of said city, and that the same be published in the WEEKLY CITIZEN, a weekly newspaper published in Albuquerque, in Bernalillo county, New Mexico, in its issue of April 17, 1897, and for four consecutive weeks thereafter.

Corporation Notice.

A special meeting of the stockholders of the Western Homestead and Irrigation company will be held at the principal office of the company in the N. T. Armijo building, Albuquerque, New Mexico, on the 6th day of November, 1896, at 2 o'clock in the afternoon, for the purpose of voting upon a proposed increase of the capital stock of said company from $600,000 of 5,000 shares of the par value of $100 each, to $1,000,000 of 10,000 shares of the par value of $100 each.

By order of the board of directors.

PETER McCRESSKY,
CHARLES H. CRUMP,
HENRY D. HARROUN,
J. H. PRITCHETT,
JAMES E. CARPENTER.

October 14, 1896. Dec. 30.

Notice to All Creditors of Bernalillo County, New Mexico.

The Board of County Commissioners of Bernalillo County, New Mexico, will be in session at the court house, in the town of Albuquerque, on the first Monday in May, 1897, being the third day of said month, and continuing in session for such time as shall be necessary for ascertaining and determining the amount of outstanding indebtedness of said county, in order that the same may be funded under the provisions of house bill No. 67, known as the Bond act, recently passed by the twenty-second Legislative Assembly of said territory, and all creditors of said Bernalillo county are hereby notified to present their claims against said county to the probate clerk and ex-officio recorder of said county, at his office in said town of Albuquerque, on or before the said third day of May, 1897, or same will be forever barred.

JESUS ROMERO, Chairman.
PEDRO CASTILLO,
HILARIO SANDOVAL,
County Commissioners of Bernalillo County in the Territory of New Mexico.

Attest: J. C. BALDRIDGE, Clerk.
By J. A. SUMMERS, Deputy.

Notice to Creditors of the City of Albuquerque.

Notice is hereby given to all creditors of the city of Albuquerque, a municipal corporation under the laws of New Mexico, located in the county of Bernalillo, in the territory of New Mexico, that the undersigned board will, on the first Monday in May, A. D. 1897, at the city hall of said city, begin proceedings for the purpose of ascertaining and determining the outstanding indebtedness of said city, as provided by house bill No. 67, known as the funding act, entitled "An act for the purpose of funding the floating indebtedness of boards of education, municipal corporations and school districts, and for other purposes," and the said city council will at said time be in session for a sufficient length of time to transact the business before them. All creditors, other than those holding bonds of said city, are notified to present their claims to the city clerk of said city, at his office, on or before the said first Monday of May.

M. S. OTERO, Mayor pro tem.

Attest: WILL J. DAVIS, City Clerk.

Be it Resolved by the Mayor and City Council of the City of Albuquerque, in session assembled,

That the above statement or notice be published in the official paper of said city, and that the same be published in the WEEKLY CITIZEN, a weekly newspaper published in Albuquerque, in Bernalillo county, New Mexico, in its issue of April 17, 1897, and for four consecutive weeks thereafter.
