From Saturday's Daily.

Robert E. Putney, the wholesale grocery man, who was up in the Cochiti district on business, returned to the city last night.

Mrs. Thomas Hughes left this morning for Santa Fe on a visit of several weeks to her daughter, Mrs. O. C. Watson and family.

The Mutual Protection society will hold an election meeting tomorrow afternoon. The election of a president promises to be exciting.

Seven boys, who attended the college of Rev. Thos. Harwood on Lead avenue, left this morning for their homes in northern New Mexico.

Mr. and Mrs. Louis Trauer, who have been touring the eastern cities, returned home last night. They report having had a most delightful visit.

Beginning with today the shop employes will not work Saturday afternoons until further orders. The order was posted at the shops the other day.

W. H. Cobb, with a complete surveyor's outfit, left this morning to do some surveying for an eastern gentleman, who has recently purchased some land near Cerrillos.

The college on Lead avenue, under the management of Rev. Thos. Harwood, will close for the season to-night. Exercises will be given by the scholars at the building this evening.

Rev. A. P. Morrison, the English missionary superintendent of the Methodist Episcopal church, was a passenger for Santa Fe this morning, where he will hold divine services to-morrow.

Day before yesterday, the Harvey eating house at Bagdad, on the Santa Fe Pacific, was destroyed by fire. The No. 2 passenger train, the best on the road, stopped at Bagdad for dinner.

Rev. Hunker will preach Sunday morning at the Lead Avenue Methodist church on practical religion. In the evening a popular sermon on mites and molecules, or the power of little things.

This morning, in the Trimble "tombo" wagon, the pupils of Mrs. Le Bar's room took a ride to Bear canyon, where they will picnic during the day. Misses Poyas and Willey accompanied Mrs. Le Bar.

The infant son of Mr. and Mrs. J. Felipe Hubbell was christened at the old Pajarito homestead today, and Sheriff T. S. Hubbell, uncle of the youngster, officiated in the role of godfather.

The Albuquerque Guards again distinguished themselves last night by giving another of their delightful dances at the Armory hall. About twenty-five couples attended and everybody had a jolly good time.

The Eastern addition, comprising about 200 lots and located just south of the Santa Fe Pacific railway hospital, was sold this morning by F. H. Kent, the real estate agent, to O. N. Marron, consideration private. The addition belonged to Mrs. Hattie B. Crary.

John Butler and wife left last night for Milwaukee, where they will attend the national convention of the Brotherhood of Locomotive Engineers, and the Ladies' Auxiliary orders, and also to visit relatives and friends. Mrs. J. H. Fenner, who is the Ladies' Auxiliary delegate from the local lodge, will leave for Milwaukee to-night.

Dr. L. T. Velder, wife and son, accompanied by Mrs. G. W. Smith, left this morning for the former's home at Schenectady, N. Y. The doctor was here the past two years for his health, and now returns to pass his few remaining days on earth among relatives and friends. The doctor is a brother-in-law of Master Mechanic G. W. Smith.

George W. Baxter, the hotel keeper at the Sulphur hot springs, who was here yesterday purchasing supplies, returned to the famous resort this morning, via Thornton and Bland. Mr. Baxter stated this morning that on yesterday he hired two servants—one a cook—to accompany him to the Sulphurs, and they accepted his terms. A short time later they came to the conclusion that it was not work they wanted, and threw up their jobs. Mr. Baxter also stated that quite a number of tourists have already located at the resort, and indications are most excellent for a good trade this summer.

From Monday's Daily.

The chuck holes on Railroad avenue are being filled with adobe dirt.

Try the new remedy for costiveness, Chamberlain's Stomach and Liver Tablets. Every box guaranteed. Price 25 cents. For sale by all druggists.

D. W. Lane, one of the letter carriers of the city, and R. Mills, a recent arrival from the east, left this morning for the Ellis ranch near Bernalillo, where they will visit for a few days.

Capt. C. M. Tyler and daughter, Miss Media, have given up their house on West Lead avenue, and have taken rooms in the Columbus house, corner of Second street and Gold avenue.

The west side of Second street, north, is being greatly improved, and concrete cement sidewalks will soon be extended from Railroad avenue to the Mausard residence, corner of Fruit avenue.

Prof. Carrera, the well-known mineral expert and collector of mineral samples, passed through the city from Las Cruces for Denver this morning. The professor's New Mexico ore exhibit for the Paris exposition was shipped some time ago, and the professor now goes to Denver to negotiate the sale of a mine in order to secure funds to pay some incidental expenses connected with the exhibit and to help him along, financially, toward reaching Paris himself. He stated that he received poor encouragement from the territory for the interest he took in securing a New Mexico exhibit at the big exposition.

When the republicans of Indiana, in state convention the other day, nominated W. T. Durbin for governor, Judge J. W. Crumpacker wired his congratulations. Mr. Durbin replied by letter, and that letter was received this morning by Judge Crumpacker, wherein the latter was thanked for his congratulatory message and good wishes for his (Durbin) success in the gubernatorial race. Mr. Durbin states that the convention was the largest gathering of republicans ever held in Indiana; all old political sores were healed and the party goes into the fight full of confidence of winning in November.

Mrs. Maria Rengina Montano, of Los Ranchos de Albuquerque, died last Saturday night at 11 o'clock, after an illness of nearly a year with chronic fever. She was 68 years of age and leaves to mourn her death three sons and five daughters, one of whom is sister Eloisa of the order of Sisters of Charity in the convent in this city; also a large number of grand children, among them being Mrs. Juan Anaya and Mrs. Carlos Cervantes of Old Town, and Ben Lucero of this city. The funeral took place from the SanFelipe church and interment was made in the Santa Barbara cemetery.

Louis Ilfeld has returned to the city from his sheep ranch, and he reports, like all other sheep raisers, that the sheep and ranges are in the very best of condition, and that lambing will make an average of about 85 per cent. He states that his brother, Nau Ilfeld and wife, who left here a short time ago on their way to Europe, were now in New York, and would sail for the old country on May 25.

W. J. Matthews and T. J. Flynn, two well known gentlemen from Bland, who have held the responsible positions as day and night foremen in the Lone Star mine for a year, have taken a vacation for a couple of months. They will spend a couple of days here and will purchase a camping outfit preparatory to taking an outing in the vicinity of the famous health resort at Sulphur Springs. They report everything moving along nicely in the Golden Cochiti.

A. M. Blackwell and H. W. Kelly, two popular and active members of the wholesale grocery firm of Gross, Blackwell & Co., came in from the north last night, the former from Las Vegas and the latter from Clayton, where Mr. Kelly established a branch store of his firm. They are here talking over the situation of the contemplated improvements.

The ladies of the Women's Relief Corps of the Grand Army of the Republic, will erect in Fairview cemetery a monument to the unknown soldier dead. A committee has been at work soliciting funds, and the monument, which will be of iron and made in this city, will be placed in position by Decoration day.

The grip has fastened its angry claws upon Frank Lee, "the Ward McAllister of this city," and he now looks very much like a character in a "Weary Willie" show. Frank states that the worst kind of rheumatism, with all of its varied aches, cannot compare with the aches coming from la grippe.

Coyote Springs was a popular resort for Sunday visitors from the city. The following well-known citizens visited the resort yesterday: F. H. Kent and wife, Wm. Furr and wife, Dr. E. J. Alger and Miss Edith Stevens, Ed. L. Medler and Miss Margaret Kent, David Weiller and Captain Powell.

Charles Mausard, the miller, is putting up a fine brick warehouse, adjoining his mill, at the north end of town. It will be 25x60 feet and is used to store grain, flour and feed stuff. Dodd & Lembke are the contractors.

J. Akers, the efficient blacksmith of the Cochiti Gold Mining company, came down from the wealthy district last night with his family. They will visit with friends in the metropolis for a couple of weeks.

Dr. G. S. Easterday, who now resides at Watsonville, Cal., came in from the west last Saturday night, and will remain here a few weeks on business. He reports Mrs. Easterday and the baby in good health.

Dr. Francis Crosson and son left Sunday morning for the Las Vegas hot springs. Dr. Knapp, who was here on several surgical cases, returned on the same train to his home in Santa Fe.

### TRYING TO SAVE HIS NECK.

**An Effort in Behalf of Ruiz—Judge Crumpacker Will not Interfere.**

An effort is being made to have the death sentence of Jose P. Ruiz, the murderer of the boy Patrick O'Bannon, commuted to life sentence in the territorial penitentiary.

Summers Burkhart, the attorney who represented the unfortunate murderer, assisted by several ladies, are at work on the commutation sentence.

Judge J. W. Crumpacker, before whom Ruiz was tried and found guilty of murder in the first degree (the case being appealed to the territorial supreme court and the verdict of the lower court affirmed) was seen this morning by The Citizen representative and he stated that he would positively decline to interfere in the carrying out of the order of the supreme court as to the hanging; that he considered Ruiz a cold-blooded murderer, and that he purposely, but in a reckless manner, shot into the group of little children for the purpose of murder, killing one little innocent child and branding another with a deadly bullet across the back of the neck.

The Citizen also understands that Governor Otero will not interfere.

As stated in The Citizen yesterday afternoon, the supreme court set the day for the hanging on Friday, June 1. In accordance with a territorial law on the subject the hanging will be private; that is, only a certain number, about twenty-five, will be invited to witness the hanging.

**Injured Mine Operator.**

J. T. Graham, with his wife and son, Blakely Graham, passed through the city from the Mogollon country to Denver this morning. Mr. Graham uses crutches. A few days ago, while going to his mine in a wagon, his horses took fright and in some manner the wagon was overturned. Mr. Graham was thrown violently to the ground, and an investigation revealed the fact that the right ankle bone of the leg was broken and the knee of the left leg badly wrenched. The gentleman is interested in the Helen Mining company, which company is developing some of the very best mineral properties in the Mogollon country.

**The New Superintendent.**

The new superintendent of the local government Indian school is Ralph Collins, of the Rapid City, South Dakota, school. He filed his bond, which has been accepted by the proper authorities, and he is expected to arrive here on any passenger train from the north. Since Superintendent Allen's departure, the school here has been under the personal supervision of Supervisor M. F. Head. Mr. Allen is still on his vacation, and is now visiting friends at Wyandotte, Indian Territory.

## Asthma's Clutch

The sufferer from Asthma is constantly wheezing, gasping, hacking and clearing the throat. When a storm approaches, when there is a cloud of dust, when a room is being swept, or when there is a bad color, breathing becomes most difficult. Often it seems as though someone was clutching the sufferer by the throat with a terrible grasp. The choking sensation is almost unbearable. The trouble sometimes lasts only a few minutes and again comes on for many days. There is only one thing to do, and that is take Acker's English Remedy for Throat and Lung Troubles. Just what this medicine accomplishes is shown by the following letter from Mr. N. H. Andrews, a prominent resident of Springfield, Ohio, who writes—

"W. H. Hooker & Co., New York:

"Gentlemen.—It is my great pleasure to assure you that I have received both immediate and permanent relief from throat, bronchial and asthmatic troubles by using Acker's English Remedy, taken strictly according to directions. It is a blessing to humanity."

SOLD ALL OVER. 25c. and $1.00 a bottle, throughout the United States and Canada; and in England, at 1s. 9d., 2s. 9d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist and get your money back.

We endorse the above guarantee.
W. H. HOOKER & CO., Druggists, New York.

For Sale by J. H. O'Reilly & Co.

### MAY CAUSE STRIFE.

**Cattlemen Objects to Being Taxed by Colorado and New Mexico.**

More trouble is threatened over the state boundary line between Colorado and New Mexico, and serious complications which are arising every day threaten to result in a little civil war involving 600 persons and the tax officials, who will be backed up by the officers of the law of the state and the territory, says the Denver Republican. Both state and territory claim the right to tax the disputed strip. The town of Edith is the worst sufferer, as it is right on the line. From near Edith came French Nesley to the attorney general protesting against the taxation of his cattle by Colorado when he and his cattle and all his other property were taxed also by New Mexico. Said Attorney General Campbell,

"The man said to me: 'I vote in New Mexico and live there. All my interests are there, and now along comes a tax agent and says that, according to some surveyor who was of a different opinion from his predecessors, I am a resident of Colorado and must pay taxes on my cattle in this state. I pay taxes on the same property in New Mexico, and I do not think double taxation in this way is right. If they let me vote in both places that would be another thing, but they don't.'"

Mr. Campbell of course was forced to tell the indignant cattle owner that he could do nothing for him, and that the question must be settled in some other way. Governor Thomas some time since asked the attorney general for an opinion as to the federal laws on the subject, but the attorney general, after merely looking up the federal laws covering the point, decided to let the case be disposed of through the medium of the local federal land office.

E. T. Walker, of Pagosa Springs, originated the movement. Mr. Campbell was assured by Mr. Nesley that the line could be told with accuracy by any one acquainted with the locality who would take the trouble to look the matter up. He felt confident that there was no good ground for dissension as to the state line.

"But," added Mr. Nesley as he left the attorney general, "if the matter is not settled soon there is likely to be a few real good fights reported and several hundred persons voting on both sides of the line this fall."

**Discovered by a Woman.**

Another great discovery has been made, and that, too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much better on taking the first dose that she slept all night, and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at J. H. O'Reilly's drug store. Regular size 50c and $1.00. Every bottle guaranteed.

**Back from Jemez Hot Springs.**

Capt. Hubbs Leeds and Harry Willett, who were at the Jemez hot springs the past few weeks, returned to the city last Saturday afternoon, and both report having had a most delightful time. They state that quite a number of tourists are now at the resort, and that Blocks's famous mountain hotel is supplying guests with the finest meals imaginable. Mr. Willett returns to the city weighing about ten pounds heavier than the day he left here, and he says his old pains are pretty well cleaned of the rheumatism. While absent from his post at Kruger's Cafe, Billy Sanguinette officiated.

Experience is the best teacher. Use Acker's English Remedy in any case of coughs, colds, or croup. Should it fail to give immediate relief money refunded. 25c and 50c. J. H. O'Reilly & Co.

**Will Orate at Socorro.**

Col. R. E. Twitchell, of Las Vegas, has consented to deliver the commencement address for the school of mines this year. Colonel Twitchell is recognized as one of the ablest lawyers and best speakers in the territory and a rare treat is in store for those who are fortunate enough to hear him. The subject of the address will be "The New Century and Its Opportunities."—Socorro Chieftain.

The Citizen regards Colonel Twitchell one of the most eloquent orators in the southwest. His address here two years ago, when a reception was given to the rough Riders, was considered by those who heard it as a masterly one in every sense of the word.

### BASE BALLISTS.

**A Few Pointers—Suggestions for a Manager—A Fund Better Needed.**

It has been suggested, since the city papers have started an agitation about base ball, that the fans get together Monday night at the store of Henry Brockmeier and organize by the election of officers and the naming of a playing team. The material for a cracker-jack championship club is here, and all that the boys have got to do is to get together, start the ball rolling, and the "gig" is won for a season at least.

The writer of this item tried the scribe for sixteen years, up to within five years ago, and he knows the temper of this town about as well as the next man when it comes to making things lively and interesting during the warm summer months.

The Citizen has heard the names of H. S. Knight, W. Y. Walton, P. F. McCanna, Thos. J. Shinnick and W. H. Earickson, all old-time veterans, and good ones at that time on the diamond field, mentioned in connection with the position of manager. Henry Brockmeier and W. P. Metcalf have also been mentioned for the position.

This is a position requiring a man who can almost every day jump out with a subscription paper and secure a few hundred dollars, when funds are needed, from the local merchants and fans.

Boys, organize; there is no sport like the national game of base ball.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue, and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by all druggists.

### BASE BALL.

**University Team Victorious—Game Yesterday—Players Should Organize.**

The New Mexico University team of base ball players visited the local government Indian school last Saturday afternoon and walloped the gallant little red men to the tune of 11 to 16. It was an interesting game of the national sport, but the many errors charged up against the players showed that both teams need practice. Clarence French officiated in the pitcher's box for the University lads, and Roy McDonald was the catcher.

Yesterday afternoon quite a number of base ball enthusiasts met on the new town fair grounds on West Gold avenue and organized themselves into two teams. Several old Browns' players were present, and they formed themselves into a club known as the "Browns," while the tother side was classified as the "Picked" nine. The score resulted 13 to 19 in favor of the latter.

If the boys are really in earnest about organizing and getting ready for summer playing, it has been suggested that they meet at the store of Henry Brockmeier's this evening, at 8 o'clock and talk over the situation. Of course there will be a base ball tournament at the territorial fair in the coming fall, when half a dozen outside clubs will participate, and it behooves the home players, if they desire to compete, to begin preparing themselves for the struggle.

**Bound for the Black Range.**

Hon. H. O. Bursum, superintendent of the territorial penitentiary came in from Santa Fe last night and continued north this morning. At Lamy he met Colonel Machen, president of the International Trust company, of New York, and Mr. Carey Wright, a well known mining expert. The party will go to Socorro, where it will be joined by Hon. C. T. Brown and will then make a trip over the surveyed line of the Black Range Railway company from Magdalena to Chloride in Sierra county and make a thorough examination of the resources and character of the country adjacent to the proposed line. It is understood that the International Trust company of New York, will do the financiering and become the financial agent of the Black Range railway.

### THE VALCK CONCERT.

**Held at Belen—Musicians Royally Entertained.**

Miss Estelle Valck and her orchestra, and the other young people who assisted in the concert at Belen, returned to the city this morning. The concert, which was given at the Heyday club, was voted by everyone a decided success, and the company had several invitations to play a return engagement in the near future. After the concert the young men of the club gave a very enjoyable dance in honor of the members of the company. Sunday was very pleasantly spent at the Becker home. Mr. and Mrs. Becker were untiring in their efforts to make the occasion enjoyable in every way. That they were successful is proven by the fact that the time passed all too quickly and the young people were loth to return and all agreed that the Beckers are royal entertainers.

Captain Kingsbury, who is conducting the Hotel Highland during the absence of Proprietor Richardson (who, it is now stated, will not return) insists that he has the genuine Aguinaldo stopping at the hotel, and proposes to hold onto him until General Otis reaches the United States from Manila.

## CLUB MEETING.

### Delegates to Territorial Convention of May 15 Appointed.

### MILITARY POST PROPOSITION.

Pursuant to notices for a called meeting of the members of the Commercial club, to take some decided and emphatic action against the passage of the Stephens bill, now pending in congress, quite a large membership met at the club on last Saturday evening.

After the meeting was called to order by the president of the club, O. N. Marron, who stated the object for which the meeting had assembled, the following gentlemen were appointed a committee on resolutions and arrangements: O. N. Marron, W. S. Burke, Dr. W. G. Hope, A. E. D. Carscallen, J. E. Saint and J. S. Beaven.

The resolutions protesting against the passage of the said Stephens bill will be drawn up and given to the delegation to be appointed as the territorial convention to go to Washington.

The following gentlemen were then appointed delegates to the territorial convention, which is called to meet in this city on May 15:

E. S. Stover, H. P. Hall, W. B. Childers, A. B. Mcintiffey, O. N. Marron, W. S. Burke, Dr. W. G. Hope, A. E. D. Carscallen, J. E. Saint and J. S. Beaven.

The following resolution was introduced and passed:

Resolved, That the second paragraph of the first section of Article 5, of the by-laws be amended by striking out the word "fifteen" and substituting the word "seven" in place thereof, so that it shall read: "For all meetings of the club seven members shall constitute a quorum, except as provided in section 7 of article 4."

The following amendment to the by-laws was proposed and ordered posted for two weeks in accordance with the law:

That section 6, of article 2, shall be amended so as to read: "Associate members shall be entitled to the social features of the club, may participate in all business meetings, and shall be entitled to vote except for the election of officers or directors, or upon matters pertaining to the government of the club."

The meeting then discussed the military post question, and reference was made to the report of Capt. A. M. Fuller, of the Ninth cavalry, United States army, who, it is well known, favors the establishment of a big military post at this city.

After some further discussion on the fort proposition, a motion prevailed that the meeting adjourn until Tuesday (to-morrow) evening, May 8, at 8 o'clock. The secretary was instructed to notify all club members, by card, to attend the meeting and start the ball rolling for the establishment of a military post here.

**Kingman Depot Burned.**

The Santa Fe Pacific Railroad company's depot and warehouse at Kingman, together with several cars loaded with coal, were entirely destroyed by fire Saturday morning at an early hour. The origin of the fire is somewhat of a mystery, as the wind was blowing in the wrong direction for it to have caught from a train, and as there was a little sprinkle of rain during the night there is some reason to believe that it may have been started intentionally. The fire had gained such headway before it was discovered that nothing could be saved from the freight house, and Agent Gooding and family had only just time enough to escape with their lives, losing all their household effects, and not having time to save even their clothes and valuables, all of which were consumed. As the warehouse was full of freight and the books and the waybills all destroyed, it will be a hard matter to straighten affairs out. The depot will doubtless soon be replaced with a more substantial one.—Coconino Sun.

"I think DeWitt's Little Early Risers are the best pills in the world," says W. E. Lake, Happy Creek, Va. They remove all obstructions of the liver and bowels, act quickly and never gripe. Berry Drug Co. and Cosmopolitan drug store.

**A Santa Fean in Luck.**

William Breeden, who lived in Santa Fe until he was 15 years old, and seven years ago went with his mother, brothers and sisters to Jamestown, N. Y., for educational purposes, will graduate at Hobart College, Geneva, N. Y., in June, and early in July will sail for Europe as the duly accredited representative of prominent New York exhibitors at the Paris exposition. The fortunate young man will remain in the magnificent French capital until the exposition closes, being paid a good salary and his expenses by his employers, and will then make a tour of Europe before returning home. He is 22 years old.—New Mexican.

**A Follower of Measles.**

In many instances a persistent cough followed an attack of measles. In speaking of this Mr. Walter B. Beel, editor of the Elkin (N. C.) Times, says: "Three weeks ago I had an attack of measles, which left me with a bad cough. I took several doses of Chamberlain's Cough Remedy and the cough has entirely disappeared. I consider Chamberlain's medicines the best on the market." For sale by all druggists.

### MUTUAL PROTECTION SOCIETY.

**Election of New Officers for Ensuing Year Yesterday Afternoon.**

The Mutual Protection society of Old Albuquerque held a rousing meeting at their hall yesterday afternoon and after the transaction of some minor matters elected the following officers to serve during the ensuing year:

President, Jesus Romero; vice president, Jesus Candelaria; secretary, Trinidad Lucero; treasurer, Ambrosio Samora; council committee, Cornelio D. Murphy, Miguel Duran and Juan Sandoval; sergeant-at-arms, Claudo Baca; funeral director, Martino Garcia; attorney, Tomas C. Montoya; reception committee, Tedosio Sandoval, Ambrosio Contreras, Frank de Luchi, Francisco Gabaldon, Jose Ignacio Garcia, Tranquilino Sedillo, Jesus Lucero. Quirino Coulter was elected chairman of the sick and relief committee. Ninety-eight votes were cast, of which the successful candidates received 79 to 19 cast for the defeated candidates.

### CONFIRMATION SERVICES.

**Impressive Ceremonies in the Episcopal and Catholic Churches Yesterday.**

Last evening the audience room of the St. John's Episcopal church was filled to over-flowing with the friends of those who were to be confirmed, to witness this solemn ceremony. After the confirmation services Bishop Kendrick delivered a very interesting and instructive address on the subject, "Living by the Day." His first thought was an earnest admonition to begin each day with the resolve to make it a religious day; second, pray every day that strength can be had to overcome the temptations and obstacles of life, and third, do not let a day go by without doing some good.

Those confirmed were: Felix H. Lester, Mrs. Marion S. Lester, Lindsay A. Dudley, Horace R. Yewell, Mrs. Lillian M. Yewell, Fred Farrah, Mrs. Ina Louise Wheeler, Wm. H. Wheeler, Thomas Topham, Mrs. Marion Kennedy, Ernest Dougherty, Master Lorron Miller, Misses Clara Louise Saint, Gertrude Margaret Eddings, Norah L. Werner, Helen W. Roder, Gladys Childers, May Hazeldine, Grace Hawks, Wyneeta Miller, Mabel Kennedy. A special service was held this afternoon at 4 o'clock at which George H. Frost was confirmed, he not being able to be present last evening.

AT THE CATHOLIC CHURCH

With much splendor and devotion eighteen children, namely: Helen Teresa Hogan, Lulu May Lutz, Jane Louise Walsh, Stella Mary Boatright, Anna May Horn, Eloisa Dolores Adeline Grace Borradaile, Pauline Marie Schneider, Eloisa Mary Rossi, Mary Josephine Donahue, Mary Irene Burke, Juanita Armijo, Joseph Thomas Abell, Frank Armijo Sandoval, Marcellus Stern, John Edward Lawler, John Joseph Tierney, Joseph Patrick Brennan, went the first time to Holy Communion at the 7 o'clock mass.

The girls, twelve in number, were dressed in pure white, the boys in black suits trimmed with white ribbon. The procession formed in the sacristy, and took its way over to Sixth street into the church. Two little cherubs were at the head and two at the end of the procession. St. Mary's choir rendered the music. The church was decorated very beautifully, and the pews of the first communicants were draped in white. After the children gave their solemn promise to be good Christians, and after the profession of faith, they for the first time received the sacrament.

In the evening, at 7:30, solemn vespers were chanted and a most beautiful sermon on the occasion was preached by Rev. Mandalari, the church being crowded to its utmost capacity.

From Tuesday's Daily.

Mr. Luke Walsh, with her daughter and son, left this morning for Monette, Mo., where they will spend the summer months with relatives and friends.

Mrs. Louis Hostetter with her daughter, Miss Cecil, passed through the city this morning from Las Cruces to Trinidad, where they will visit Mrs. J. Metzler, a sister of Mrs. Hostetter, for several weeks.

Jose L. Perea, collector for Bernalillo county, began at 10 o'clock yesterday morning on the court house steps, to sell property for their taxes and will continue the sale each morning until the property is all disposed of.

Yesterday, Dr. Grove, the oculist, examined John Mullen of Cerrillos, for a pension. Mullen was a Rough Rider in troop E, and fought in the San Juan hill battles. He was wounded with a Mauser bullet which struck him in the face.

George W. Shutt, of the Shutt Improvement company, who, up to a few days ago, was at work on the low-line ditch, returned to the city from a hasty trip to Pueblo, Colo., last night. Work has not yet been resumed on this great enterprise.

On Friday evening, May 11, from 9 to 12 o'clock, A. L. Newton will give a dance to all who participated in the "Queen Esther" entertainments. The dance will take place at the Orchestrion hall, and each member of the company may invite one lady and gentleman.

D. H. Reeves, accompanied by his family and a party of friends, passed through the city last night in a private car bound for southern California. Mr. Reeves for years was the general traffic manager of the Grand Trunk railway system, having resigned the position a short time ago.

Hon. H. M. Dougherty, a well known attorney of Socorro, passed through the city for Las Vegas this morning, where he goes on some important matters before the probate court of San Miguel county. Mr. Dougherty states that the jury trials of the Socorro county court closed yesterday and the jurors were discharged.

J. McKenzie, the extensive bridge builder, who has been at work on the low-line ditch, informs the Citizen that H. M. Fox, the man who built the dam at the head of the low-line ditch, has secured the contract to build two cyanide mills at Florence, Col. Mr. McKenzie is interested with Mr. Fox, and expects to leave for Florence to-morrow night.

Miss Julia Lee is superintending the placing in Robinson Park, of twenty-four handsome iron benches of liberal dimensions. The old wooden ones have become worn out and it was thought best to invest in lasting material for the new ones. The improvement is one that will add to the appearance of the park and be much appreciated by the public.

Sixty-two Russian emigrants, with their wives and children and a few poor dogs, passed through the city this morning for Russell, Kansas. They were induced to leave their homes in Russia and settle near Tampico and Vera Cruz, Mexico. They could not compete with the extreme cheap labor of that republic and live, and thought it best to leave before the whole colony died from starvation and disease.

Last night, on the east bound limited, Mrs. W. W. Strong, wife of the well known contractor and builder, left for Rochester, N. Y. Mr. Strong expects to join his wife at Rochester some time this summer, in which event they will both visit the great Paris exposition, returning to this city in time to participate in the Territorial Fair festivities which will no doubt be in full blast in the third week in September.

A man came in from the west last night and to-day he has given out the information that Judge Theodore Maxwell, of Gallup, had been shot and killed while out on the Navajo reservation. The man also stated that the body of Maxwell, accompanied by the murderer, had been brought to this city. The story is a base falsehood, and stamps the fellow who told the news as the meanest and biggest liar now in this city.

# A Busy Woman

**Is Mrs. Pinkham. Her great correspondence is under her own supervision.**

**Every woman on this continent should understand that she can write freely to Mrs. Pinkham about her physical condition because Mrs. Pinkham is**

# A woman

**and because Mrs. Pinkham never violates confidence and because she knows more about the ills of woman than any other person in this country.**

**Lydia E. Pinkham's Vegetable Compound has cured a million sick women. Every neighborhood, almost every family, contains women relieved of pain by this great medicine.**

## THE VIADUCT QUESTION.

### Messrs. Hurley and Twitchell Confer With the City Council.

### EVERYTHING WILL BE SATISFACTORY.

J. E. Hurley, division superintendent of the Santa Fe Pacific railway, Ralph E. Twitchell, assistant counsellor for the company in New Mexico, and M. H. Williams, superintendent of bridges and bridge building, came in from Las Vegas last night and are here to-day.

Messrs. Hurley and Twitchell came here to discuss the viaduct question with Mayor Marron and the city council, and a conference was held at the mayor's office this morning.

Mr. Hurley stated at the conference that it was for the city council to say what kind of a viaduct should be built, the amount of money to be expended in the construction of the viaduct, and that the railroad company stood ready to pay its half-share according to agreement.

Considerable talk was then indulged in as to the closing of Railroad avenue to the switching and making up of trains. The council stated to Mr. Hurley that no objection is intended to be made to the company doing switching necessary for the warehouses located on and adjoining the right of way, but the council would object to the switching and making up of trains as now carried on across that thoroughfare.

Mr. Hurley then stated that evidently a misunderstanding exists between Mr. Ripley and the council on this subject.

Several of the councilmen present then remarked that they distinctly remembered the talk with Mr. Ripley on the subject, and that no misunderstanding should exist.

After the conference, the following letter was prepared by Mayor Marron, signed by the members of the council and submitted to Mr. Hurley.

Albuquerque, May 7.

J. E. Hurley, Division Superintendent A. T. & S. F.

Dear Sir—Referring to the matter of the viaduct proposition in this city, it seems that there is a misunderstanding upon one point talked between Mr. Ripley, the president of the road, and the members of the city council, and that is as to the keeping of Railroad avenue an open street.

It is our distinct recollection that one of the reasons assigned for the building of the viaduct was that trains would not be made up and broken across this avenue, as at present. Of course, it is not contended that the switching necessary to supply the warehouses on or adjoining the right of way should not be done across Railroad avenue, but we do insist that the understanding between Mr. Ripley and the council was that there should be no breaking or making up of trains on that avenue and that the same should be kept an open street, except as herein mentioned. The necessity for this is apparent when it is remembered that over one-half of our population live on the east side of the tracks and there will be but two grade crossings and the viaduct whereby that section of the city can be reached within the city limits, a distance of more than two miles, and, furthermore, Railroad avenue being the principal thoroughfare between the two sections of the city.

We understand that this agreement regarding Railroad avenue can not be complied with until the viaduct is built and the improvements completed, but we want it understood that within a reasonable time after such completion, say three months, this avenue will be kept open in accordance with our understanding with Mr. Ripley. Very truly yours,

O. N. MARRON,
Mayor.

The Citizen has direct information this afternoon that the alleged differences between the railroad company and the city council will be satisfactorily arranged and adjusted to the city and in accordance with the recollection of the council as to the conference held with President Ripley when he was here sometime ago.

Mr. Hurley was seen at his car by The Citizen representative and he stated that the viaduct question now rests with the city council, after which, when everything is arranged, the other big improvements will be put into execution. Accompanied by Mr. Twitchell, Mr. Hurley left this afternoon for the south.

**An Epidemic of Whooping Cough.**

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and found it effected a complete cure.—John E. Clifford, proprietor Norwood House, Norwood, N. Y. This remedy is for sale by all druggists.

**To Forest gate.**

Gifford Pinchot, forester of the department of agriculture, and F. V. Coville, botanist of the same department, will leave Washington for the west about May 15 to make a personal investigation of the problem of grazing in the forest reserves. The restriction of sheep grazing in these areas has raised a storm of protest from woolgrowers, and public feeling in the west has become divided and intense. A plan for an exhaustive investigation by the government was published a few weeks ago; but the tour of these officials will be the first actual work in the field.

They will be met at Holbrook, Arizona, by a committee consisting of A. E. Potter of that city, who is secretary of the Arizona Wool Growers' association, and J. E. Park, of Phoenix, who represents the cattle and sheep interests. They will spend three weeks in the Black Mesa reserve and then visit others in Arizona. The examination will be extended to other western reserves later in the summer.

**District Court.**

In the case of insanity against Marie A. Baca, of Valencia county, the case was tried this morning and the defendant was adjudged insane. Sheriff Carlos Baca, of Valencia county, will take the unfortunate woman to the Las Vegas asylum to-night.

Case No. 3311, Dunlap vs. Lopez, appealed from the justice of the peace court, was also heard this morning, and the judgment of the lower court affirmed.

The case of Stover vs. Hazeldine, being No. 3711, was set for tomorrow.

The divorce case of Mrs. J. J. Phelan against her husband was to have been heard this morning, but failed to materialize.

**Police Court Matter.**

Judge Crawford had a crowd at his Monday morning's session of the police court. Eleven hobos were rounded up and charged with vagrancy. The stories told by nine of them, together with their general appearance, softened his honor's feelings and he let them go, with orders to get out of the town at once. The other two got five days on the streets.

A Mexican wife-beater was up for the sixth time. His wife wanted the complaint dismissed, but it wouldn't go and he was fined.

A well-known young colored bootblack paid $10 for disturbing the peace and assaulting another colored boy. He received a good lecture free.

**Locomotives Run With Oil.**

One of the largest railroads on the Pacific coast has decided to substitute oil in place of coal as fuel on its engines. But whether the experiment will prove a success remains to be seen. In this respect it differs from the famous Hostetter's Stomach Bitters, which has made a decided success in its fifty years of cures of stomach ills such as dyspepsia, indigestion and biliousness. Do not experiment with unknown remedies when this safe and reliable medicine can be had of any druggist. Try a bottle and be convinced. It will build up your debilitated system, strengthen your weak stomach and make it capable of digesting the food taken into it, and when this is done health must naturally follow.

### WEALTH OF THE PHILIPPINES.

**Lieut. Ballard Says they are Rich in Minerals and Productive.**

Lieut. Charles Ballard, formerly one of Roosevelt's rough riders, has returned to Roswell from the Philippine war. He sent in his resignation some time ago, owing to the breaking down of his health, but could not get relieved of duty and reach home before. Lieutenant Ballard says the islands are destined to produce great wealth in both agriculture and mineral products. He says the soil in the valleys is rich and will produce immense yields of tobacco, rice, hemp and sugar, as well as all vegetables, crops and tropical fruits. It is the belief of all the soldiers that the mountains are full of gold. At present no mines are developed and no prospecting done, but both placer and quartz gold have been found in traveling over the country. Mr. Ballard thinks that as soon as the war is over, or the soldiers are relieved, they will nearly all stay and go to mining, and if the mines prove as rich as they think there will be a great rush to that country.

**Beware of Ointments for Catarrh that Contain Mercury.**

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly on the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75c per bottle.

### GRAND INSPECTION.

**Adjutant General Whiteman Will Inspect Guards at Las Cruces.**
