Not Married.

Yesterday, someone at the Albuquerque Boarding, who does not know a joke from a serious matter, telephoned to The Citizen office that "Harry Robins and Miss Minnie Solem had been married by Justice [illegible]." Considering the item genuine and failing to believe that Albuquerque possessed a man who would perpetrate such a joke, this paper matchless for news and concealed to verify that "the young couple have a wide circle of friends who wish them well." Mr. Robins called at this office last night and stated that he has no intention, at the present time, of contracting single blessedness, and that he regretted the circumstance the published item of his marriage would necessarily cause himself and the young lady. Mr. Robins is not averse to a joke being placed on him, but thinks to be made a married man when not single, and says he will get even with the sewer stock at the foundry if it takes all winter.
