SHERIDAN'S RESUME OF CONDITIONS EXHAUSTIVE

Report By Territorial Mining Inspector Indicates Gratifying Increase in Output of Various Properties.

Staff Correspondence
The Evening Herald
Room 41, Post Bldg.

Washington, D. C., April 1.—The report of Hon. Jos. E. Sheridan, United States mine inspector for New Mexico, to the secretary of the interior for the past fiscal year, has recently come from the press. It is an exhaustive resume of mining conditions in the territory, and contains many matters that cannot fail to be of interest.

A steady and most gratifying increase in the output of the coal mines of New Mexico is shown by the report. In the language of the inspector, the coal mining industry of the territory "has continued the onward and prosperous stride of the seven preceding years. The gross production of the territory for the past fiscal year was 2,203,488.41 tons, an increase of 312,296.59, or 15.42 per cent over the gross production of the preceding fiscal year, while the increase in the value of net tonnage of coal shipped to market was $344,478.66.

This increase in output and in the value of the product is all the more significant when it is considered that the sources of demand for New Mexican coal have been curtailed in many instances, showing that the development of the territory has created a local demand in excess of that which has been cut off. For instance, the competition caused by the adoption of fuel oil on many of the railroads has restricted the demand for New Mexico coal for railroad purposes more than a million and a half tons a year. The market was still further threatened by the policy of the Mexican government to use only Mexican coal on the railroads of that country, but the inability of the Mexican mines to supply the demand for railroad coal has rendered that policy impracticable, and already agents of the Mexican Central railroad are casting about to find more operators who will supply the road with coal in case the threatened shortage occurs. The prospect is bright for a larger demand for New Mexico coal from Mexico in the near future.

Except for a slight dearth of miners at most of the large coal mines, labor conditions throughout the coal fields have been most satisfactory. The wages paid the miners are good, and the living conditions most excellent. A first-class, able-bodied miner usually earns from $4.50 to $6 a day, and there are many instances of miners earning from $160 to $200 for 22 to 25 days' work. There have been no strikes and the operators and miners are in close accord. The operators are taking greater interest than ever in the safety and comfort of the employes, and in line with other efforts for the safety of the men and the preservation of property they are maintaining better discipline. As a result, fatal and non-fatal accidents have greatly decreased during the last two years.

Colfax county leads in the production of coal in New Mexico, with 72.28 per cent of the total output of the territory. The gross output was 2,412,489.60 tons, an increase of 13.42 per cent over the gross product of the preceding fiscal year. The St. Louis, Rocky Mountain and Pacific company ranks first among the coal operators of New Mexico in production of coal, the combined output of the mines at the camps of Van Houten and Kochler amounting to 1,189,624 tons. It also ranks first in area of coal lands under its ownership in New Mexico.

With the adoption of the latest safety appliances and the most rigid rules controlling the operation of the mines, the percentage of fatalities from mine accidents has steadily decreased during the past four years, and the number of deaths from all causes, per 1,000 men employed, during the last fiscal year was only 4.89. None of these fatalities was due to gas or dust explosions, but were individual accidents arising from various miscellaneous causes.

The report closes with interesting recommendations intended to still further safeguard the lives of the miners and the property of the operators.

FACULTY ACTION IS APPROVED

Regents Uphold Instructors of Roswell Military Institute in Dismissing Mutinous Cadets.

Santa Fe, N. M., April 1.—A special meeting of the board of regents of the New Mexico Military Institute was held at Roswell, at which official action was taken upon matters involving the action of Superintendent James W. Wilson and all the officers of the school in the recent mutiny, in which 20 cadets were expelled and considerable trouble for the manner in which the trouble was arranged.

Governor Mills has announced the following notaries: Atanasio Rodriguez, Pecos, San Miguel county; James N. Hayes, Red River, Grant county; Ramon Sandoval, Pendaco, Taos county; Jesus M. Martinez, East Las Vegas, San Miguel county.

For the Treasury.

Territorial Treasurer M. A. Otero has received the following sums for the treasury: From Jacobo Chaves, insurance tax, $1,300.18; from Chas. V. Safford, traveling auditor, bank examiners' fees, $35; Game and Fish Warden Gable, $6.25; Territorial Secretary Jaffa, corporation filings, $1,795.

The Ghost Walk.

Every one in the capital seemed in a good humor today. Today the "ghost" walked with pay checks.

Back From Big Tour.

Having traveled 500 miles in his auto, visited 40 teachers and delivered 24 addresses, Superintendent J. E. Clark of the department of public instruction had somewhat of the William Jennings Bryan smile on his face after a successful week's work of speechmaking and traveling. "I had a very delightful trip," he said, "and did not meet with an accident in all the eight days' travel.

"I have written several letters describing the trip. I wish to lay stress on the good work being accomplished by Blas Sanchez, superintendent of public schools in Mora county. He has the schools in excellent condition. He has visited each school several times this year and he has a remarkably efficient system of keeping record of the work done and the funds to do more. He can pull out a little ledger from his pocket and tell the school teachers just how much longer the funds will allow them to keep their schools open. During our visit he lengthened the school term one month in each of five schools as he found there were funds to justify it. Mr. Sanchez is insisting that the teachers get the Spanish speaking children to study English and the teachers without exception are lending their cooperation to him in his good work."

New Company.

The National Slavonic society of the United States of America has been admitted to the territory. It is a fraternal organization.

Addition to Miners' Hospital.

The directors of the New Mexico Miners' hospital located at Raton are considering the advisability of building a north wing addition to the present building, corresponding in size and shape to the south wing built last year. A meeting will be held soon to determine the matter. Such an addition to the hospital's facilities is badly needed at the present time and has been made necessary by the use to which it has been put for the care of indigent miners and for the patronage of the general public.

More Prisoners.

There are quite prisoners at the penitentiary. Four were sent from Santa Fe county today, as follows: Bernardino Martinez, three years in 37 months; Juan Erwin, one year to 15 months; Estalio Muniz, two to three years; Demetrio Monteya, one year to 12 months. From Roosevelt county Sheriff E. A. Bain brought Jodo Cox, sentenced for one to 15 months, and also brought up Crabtree, found guilty of murder in the second degree for killing a homesteader on Christmas eve in Roosevelt county and now a jail prisoner pending an appeal.

Postoffice Site.

Washington, March 31.—The postoffice site at Leyba, San Miguel county, has been ordered moved two miles southwest of the present location.

NIGHT SCHOOL.

Night school in session the entire year. Individual instruction. Bookkeeping, stenography and special subjects taught. Spring term begins Monday, April 3d. Send for new catalogue. Office, open 8 a. m. to 9 p. m.

ALBUQUERQUE BUSINESS COLLEGE—"A PRACTICAL SCHOOL FOR PRACTICAL YOUNG PEOPLE."

SANTA FE VETERAN IS KILLED

A. J. Reader, Conductor, Well Known in Albuquerque, Dies in Emporia As Result of Accident.

A. J. Reader of Kansas City, Mo., a train conductor on the Santa Fe, for many years a passenger conductor, and well known in Albuquerque, among railroaders and others, was totally injured at Emporia, Kansas, Wednesday afternoon, and died a few minutes after he was taken to the hospital there. In attempting to cut the train of Emporia, Reader fell between the cars, being severed near the hip, and his left leg between the ankle and the knee. Burial was made today in Kansas City.

ANCIENT CITY GETS LOTS OF AUTOMOBILES

Half a Dozen Cars Coming to Capital in One Shipment.

Santa Fe, N. M., April 1.—A half dozen new "horseless vehicles" will be seen in the city soon. Frank Owen, manager of the Santa Fe Water and Light company, is going to dazzle the city with a seven-passenger White Steamer car that "will go some." It is coming from El Paso and Douglas Walker, son of Jesse H. Walker, also an auto enthusiast, has gone after it. Other autos of the "E. M. F." make, like that recently purchased by Sheriff Closson, are coming too. They are for A. M. Cartwright, Sparks, District Attorney E. C. Abbott and Attorney A. B. Renehan. It will be a great bunch of new motors for Santa Fe and will prove that the city is up-to-date.

BIG NEW SHOW AT GEM TONIGHT

The auditorium was cut out today at the Gem to give the fifteen employes a holiday on account of the circus. This being the first time in a year the popular amusement was ever closed. The Finto circus, one of Sam Houston's projects, was the cause of the holiday. They will all be with the moving crowd at the circus beautiful. Tonight will find the Gem in full swing again, new pictures and vaudeville. It happens for ten cents. Come with the crowds the pleasure is yours.

BARTON BREAKS INTO PRINT

Enterprising Estancia Valley Town Gets a Date-Line for First Time.

Barton, New Mexico, April 1.—We wish to introduce to the readers of "The Evening Herald" our little valley on the west edge of the great Estancia valley, one of the most productive non-irrigated valleys in New Mexico. We have a valley of some seven or eight miles long from one to three miles wide. The soil is as rich as Illinois. Farming has begun in earnest, the farmers are all highly elated over the fine prospects for a crop. It was never better. With the soil soaked to the depth of three and a half to four feet, and the assured rains of the summer, a bumper crop is insured.

G. Ash is farming quite extensively this year, putting in one hundred and fifty acres.

Mr. Sanderson made a flying trip to Albuquerque last week.

Jno. Metz started to Hodges this week to resume his work with the Santa Barbara Tie and Pole company.

J. S. Ennis made a business trip to Albuquerque.

Miss Belle Woods departed for Oklahoma Wednesday, where she will join her parents.

Ray Klock and family have moved back to Albuquerque after a short stay in the valley.

Andrew Ash and family went to Oklahoma this week where they will make their future home.

A. J. King and wife have returned from Albuquerque, where they spent the winter.

The young people enjoyed a party given at Willie Laurence's Thursday night.

Miss Rebecca King is visiting home folks.

Mrs. Albert Hughes is improving rapidly after a short siege of measles.

A party was given at the home of Mr. and Mrs. Wagner Tuesday night. Ice cream and cake were served as refreshments. Everybody reported an enjoyable time.

Clint Calkins of Albuquerque was the visiting his parents, Mr. and Mrs. G. C. Calkins, this week.

Stella Staley of Albuquerque visited of Bernice Calkins recently.

Earnest Guest died Sunday at T. M. Kings. Women and

Cleve Eden made a 25-98 trip to Albuquerque.

Archie Klock of Independence, Kansas, is visiting his father, W. S. Klock.

PERSONALS.

Thomas Donlin, an old timer of Albuquerque, who is going to Bakersfield, Cal., to fill a position with the Santa Fe railroad, has returned to this city and will be here several weeks.

Mrs. Hood, wife of Attorney Felix Hood, was today taken to St. Joseph's sanitarium suffering from an illness which may require a surgical operation.

Mrs. S. C. Norris, president of the W. C. T. U. in New Mexico, organized Albuquerque W. C. T. U. No. 2 in the African M. E. church last Thursday night, with eleven active and four honorary members. The officers were: Mrs. J. H. Lett, president; Mrs. Rachel Lett, secretary; Mrs. Maude Smith, treasurer.

St. Paul's English Lutheran church, corner W. Silver and Sixth street, Rev. W. S. Oberholzer, pastor. A cordial welcome to all. Sunday school, 9:45, Albert Behnke, superintendent. Lesson: Elisha Heals Naaman, the Syrian. Morning worship, 11, subject, "The Deathless Life." Instruction in the catechism at 2 o'clock. Evening Christian meeting at 6:30, topic, "Lessons from Great Lives, Joshua" (consecrative meeting), evening sermon, 7:30, theme, "Touching Jesus." Holy week services from April 11-14 inclusive at 7:30. Holy communion on Easter Sunday morning. Ladies' Aid Wednesday afternoon, April 5, with Mrs. Anson. The C. E. enjoyed a social Friday evening at the pleasant home of Mr. and Mrs. John I. Hamilton, the popular druggist, at 901 S. Third street. Election of church officers immediately after the morning service.

FILIPINOS WANT

(Continued from Page One.)

cause they had not learned what freedom and justice were. As time advanced, however, and education spread through the islands, they began to feel the heavy burden of Spanish rule, and immediately tried to secure concessions. They wanted justice and better judgment, but the Spaniards would not listen, and the Filipinos found it necessary to resort to that time-honored axiom, which states that when the connection between the mother country becomes burdensome to the people of the colonies the people can cut the connection.

"In the struggle that followed, the Filipinos were finally successful, with the aid of the Americans. The final struggle against the Americans was apparently suicidal, but the Filipinos never thought they would win. They fought to stamp upon the pages of history their long for liberty. After the Filipinos conquered the islands, they established a government of their own, republican in form, with a constitution that was liberal and democratic. When war came with the United States the Filipino government was smashed. At present, however, the Filipinos have municipal governments composed entirely of men who are, elected by direct vote. Official reports will bear out the statement that the municipalities are successful. As is universally admitted it is not a national government that is difficult to run, but a municipal government, and where the ability of the people to govern themselves is best shown.

"This is the evidence which the Filipinos have given of their ability to govern themselves. They have given no more because the opportunities have not been given them. You never see a man swimming unless you put him in the water. Give the Filipinos, tomorrow, the power to elect a Philippine commission and they will elect the men best qualified to serve their country, and furthermore, they will see and all do everything in their power to make the country happy and prosperous. There are various ideas as to the best form of government, ranging from monarchy to the referendum, and it is impossible for people to agree as to which is the best form. The question is practical, not theoretical, and what is a good government for one people may not be good government for another. That is a good government which best cares for the people which it governs.

GRAYS PLAY BALL TOMORROW

Albuquerque Club to Go After AQ Team on Traction Park Diamond; Admission Free.

Baseball fans will be welcome at Traction park tomorrow afternoon to witness the preliminary work of the Albuquerque Grays in a game with the AQ of Santa Fe freight depot team. There will be no admission to the park, but those who care to sit in the grand stand will be asked to contribute fifteen cents each for the payment of the balls, etc. Ladies, however, will not be taxed and may sit in the grandstand without charge. A number of new recruits will be out to try for positions on the Grays. Practically the entire club as it finished last season, will be out, and Manager Dan Padilla will look over a good squad for prospects.

The AQ team flourished in great style for several weeks last year, defeating all comers. This year the Santa Fe boys claim they are in the game to stay for the entire season and intend to be formidable rivals of the Grays all along.

The Grays will line up tomorrow as follows: Chaves and A. Salazar, catchers; Young O'Banion and Young Weeks, pitchers; "Rube" Weeks, first base; Burns, second base; Salazar, shortstop; Allen, third base; De Blasis, left field; Kutz, center field; Aldrich, right field.

The game will begin at 3 o'clock.

ROSWELL HIGH SCHOOL TEAM BEGINS PRACTICE

Strong Club Is to Be Put to Front This Year by Pecos Valley Boys.

Roswell, N. M., April 1.—Spring practice has begun for the Roswell High School team. Coach M. S. Wiggins has already practically framed up a good nine, the following players being those who are almost assured of their positions:

Ed Amonett, pitcher; James Williams, catcher; Pike Bradley or Miles Tuttle, shortstop; Lockridge Wilson, first base; Frank Hunting, second base; George White, third base; Willie Murphy, left field; Brice Rose, right field.

The boys have chosen Ed Amonett, captain.

Commenting on Mr. Amonett, who pitched for the High School nine last year, the "Coyote," the High School annual says:

"Ed, who has for the last two years pitched league ball for the Roswell High School base ball team, is certainly a person with whom we could not well dispense. His hard work in the box and his great endurance have helped to add victories to the already large numbers of the Roswell High School. He is very strong at the bat and is a good base runner."

HAPPYS AND BROWNS WILL MEET TOMORROW

Two Crack Juvenile Aggregations to Work Hard to Victory; Means Much to Both Teams.

Tomorrow afternoon on Luna park diamond, beginning at 2:30 o'clock will happen a game of baseball in which the Happy-Go-Luckys and the Old Town Browns will be the principals. Much rivalry exists between the teams, each having won and lost one game to the other this season. Although juveniles, the lads put up a brand of ball which is a little bit better than semi-pro and the usual large crowd of fans will doubtless be out to see the game.

Catholic Priests and Laymen
ENDORSE
NEAL DRINK HABIT CURE
A THREE DAY CURE

There is not a single reader of this paper who does not know of some relative, friend or acquaintance that needs help to escape from the awful consequences and rid themselves of the drink habit. This can be easily and quickly accomplished by taking the Neal Treatment. With a view of overcoming skepticism and convincing those interested we publish the following:

Rev. J. M. Nugent, the well-known Catholic priest and platform lecturer of Des Moines, Iowa, says: "It is the marvel of the world and the greatest thing since the raising of Lazarus from the dead."

Monsignor Flavin of Des Moines, Iowa, says: "It is a grand good work and a great benefit to humanity."

Hon. John Jesse C. Sherman, a judge of the supreme court of Iowa, says: "I unhesitatingly recommend the Neal Cure to all the afflicted, their suffering families, relatives and friends."

These are but samples of thousands of strong endorsements that the Neal Cure has from leading clergymen and men of all classes in Chicago and all parts of the country. There today there are extensive Neal Institutes established and opening in nearly all of the large cities and centers on the American continent. The address of the nearest one to you will be furnished upon application. The Neal Treatment, originated and perfected by Dr. R. R. Neal, consists of the administration of a purely vegetable and perfectly harmless medicine, taken internally without a single hypodermic injection.

This famous treatment has been indorsed and adopted by the old-established Chicago Hospital, where hundreds have already received its benefits. Arrangements can be made for those who prefer to take the treatment in their own home or at any hotel or club. In all cases the company guarantees that: Unless the patient and any friends with him are not entirely satisfied at the end of only three days' treatment they will refund every cent paid to the company. The Neal Company is financially responsible, having a capital stock of $1,000,000, and is composed of men such as Senator James B. Rider of Iowa, a prominent and leading banker of that state, who is at the head of this world-wide work for the uplift of humanity. He says: "I appeal for the investigation of all clergymen and all others interested in humanity. I know that investigation means their cooperation. I shall also be pleased to hear from those who may be interested in taking up the work where Neal Institutes are not established." Those desiring to rid themselves or their friends of Alcoholism or the drink habit should call, write or phone (phone 321) for any further information, advice or counsel desired. Address THE NEAL INSTITUTE, 512 North Second Street, Albuquerque, N. M.

OXFORD IS WINNER OF BOAT RACE

Thirty-Seventh Victory for English University; Cambridge Has Thirty to Its Credit.

Putney, Eng., April 1.—Oxford won the annual boat race from Cambridge today. The Dark Blue led from the start and won by three lengths.

The day was perfect. It was Oxford's thirty-seventh victory, Cambridge having won thirty contests.

Oxford's time was eighteen minutes and twenty-nine seconds. This is record-breaking time, and was a complete surprise to all the prophets.

NOTED BULL FIGHTER GOES TO FRANCE

El Paso, Tex., March 31.—Felix Robert, a well known sporting man in Juarez and El Paso, will leave next Sunday to take charge of the bull ring in Marseilles, France.

Mr. Robert was manager of the Juarez bull ring for a number of years, and when racing started in Juarez bought a string of race horses, which he has been running at the Juarez track this season. On account of having to leave for France, Mr. Robert has sold his racing stables.

Mr. Robert stated yesterday that he would probably return to El Paso in the next year or so as he has considerable interests in this city.

WRESTLING MATCH DEFINITELY ARRANGED

Maisee and Olson Will Go on Mat in Elks' Theater Here April 6.

Followers of the wrestling game in Albuquerque will be interested in the announcement that Roy Maisee, the Oklahoma farmer, has been definitely matched to meet Young Olson of St. Louis at the Elks theater on next Thursday, April 6th.

All the arrangements for the match have been completed, and Maisee has fitted out training quarters in the theater and is working hard in preparation for the bout.

Maisee is a favorite in Albuquerque and will be locally supported by his many friends in this city. Olson is well known to the game as a man of much class, and the event will doubtless attract a large crowd.

PRESCOTT BALL TEAM PREPARING FOR SEASON

Arizona Circuit is Being Framed Up in Good Shape; Schedule Practically Arranged.

Prescott, April 1.—In a few days definite plans will be outlined for starting the Prescott Baseball club into an active career for the coming season, in conjunction with the association with the Northern Arizona league. At a meeting held yesterday in the office of the board of supervisors, President H. D. Aitken, Manager George Merritt, Treasurer John Lindell and Secretary C. A. Peter, Jr., arranged to secure a team for the Prescott club, and to adjust various other matters. W. C. Alvord of Flagstaff, president of the league, will arrive Monday, when another meeting will be held. It was ascertained from a hurried canvass of the local field that there are many players available, and with the exception of a good battery, the team is practically ready to practice. The purpose is to get the men out early in April, the first game being called on the 30th of that month. Williams, Flagstaff and Winslow are filled and are already at work. A lively feeling is prevailing in the north to secure the coveted trophy and the people are taking a great deal of interest in getting the first league team in action. Next week the Prescott end will be perfected, and the next event on the boards will be the familiar cry to "play ball."

LAS VEGAS WILL HAVE FIRST CLASS BALL TEAM

Reorganization of Club is Effected; Old Time Fans are Enthusiastic Supporters of New Aggregation.

Las Vegas, N. M., April 1.—At an enthusiastic meeting held last night in the armory the Las Vegas baseball association was reorganized and plans were laid for a successful season on the diamond of a strong team to represent Las Vegas. The affairs of the association are to be controlled by an executive committee composed of four men and a manager, who is to be under the jurisdiction of the committee. The directors selected are representative men and are thorough fans. They are L. W. Ilfeld, chairman; Charles Farley, D. W. Lee and E. T. Plowman. Howard Simpkins was chosen manager by the meeting and L. C. Witten was elected secretary and treasurer.

It was decided at the meeting that Las Vegas will be given the best baseball this year that it is capable of supporting. The directors in the immediate future will ascertain what amount of money can be raised each month for the support of the team. This will be spent in a manner that will insure every cent of it going for real baseball.

Before the reorganization of the association was attempted a statement of the financial affairs of the organization was made. This showed that the association, starting last year with nothing, had built a handsome park with ball diamond and race track and furnished good baseball all summer. In spite of disadvantages the association had closed the season with only a slight debt.

Many baseball players and fans attended the meeting last night. They were all enthusiastic and there will be no lack of candidates for positions on the team. At least five of last year's Maroons will be in the harness, with three or four good men engaged to fill in the weak places. Las Vegas will be represented by a strong aggregation. It is planned to open the season about the middle of May, although the Maroons will meet the Normal and other local teams much earlier than that date.

TOO LATE TO CLASSIFY

CAPITAL FOR CORPORATIONS—Place for sale your industrial and mining stock issues for prompt action with Gordon Malcolm & Co., First National bank, Cincinnati, no advance fee.

SECRETS FOR WOMEN—Send 2c stamp for catalogue of special rubber goods remedies and toilet necessities. Fairbank Supply House, Dept. 387 H, 40 Wabash Ave., Chicago.
