S.S.S. REMOVES BLOOD HUMORS

The intimate relation of the skin to the blood is shown in the fact that impurities or poisons of any character are usually manifested on the skin. Blood on the outer skin. Humors in the blood produce what we call Skin Diseases. These are divided into several classes, such as Eczema, Acne, Tetter, Salt Rheum, Psoriasis, Pimples, Itches, etc., and each of these troubles indicate the presence of humors or acids in the blood. The humors and acids by their irritating nature cause the delicate tissues underneath the outer skin to inflame and disintegrate, and make the life a misery. Accompanied with symptoms which often are torturing to the sufferer because of soreness or intense itching. Salves, washes, lotions, etc., may have temporary effect on skin diseases. Such treatment can perhaps soothe the irritation to a little, but the real cure must be accomplished by purifying the blood. S.S.S. cures Skin Diseases of every kind by purifying the blood and permanently removing them from the circulation. It neutralizes all impurities and restores the blood, and builds it up to normal strength. Then the skin heals of itself. Being treated by acrid impurities and humors, is more fine, soothed and refreshed by pure, rich blood. Book on Skin Diseases and medical advice free to all. S.S.S. is for sale at drug stores.
