SAN MIGUEL COURT IS ADJOURNED

Judge Roberts Disposes of Last Cases: Long Standing Litigations Settled: Twenty-Two Convictions.

(Special Correspondence to Herald.)

Las Vegas, N. M., May 26.—[illegible] Judge Roberts held a session of the district court in the room of the district court [illegible] which Salazar [illegible] the pleaded guilty [illegible] the terms of [illegible] not less than [illegible] nor more than one year [illegible] penitentiary.

Lee Rodriguez against whom an indictment was returned, charged with the murder of Cruz Chavez will be arraigned in Captain Murray's court martial [illegible] recommendation [illegible] will concur in have the full strength of their commands present on the range before Captain Murray's [illegible] in order that they receive the maximum of instruction.

Captain Murray will deliver a lecture at each station visited. The lecture will be given at the request of any club and will include an explanation for the management of the U. S. [illegible] as great in ordinance purposes. Lieutenant Mills, position and aiming drills, care of the office and methods of keeping target records and conducting target reports.

Target reports for the current year will be sent to Captain Murray immediately after the close of the target season. After being corrected and consolidated the reports will be forwarded to this office.

The adjutant general states that each organization commander will make an effort to develop three or four excellent shots in his organization to compete for places on the team which will represent New Mexico in the national matches at Camp Perry, Ohio.

TWENTY ACRES IS THE LIMIT NOW

Not More Than That Amount of Mineral Bearing Land May Be Taken Up or Held at One Time.

San Francisco, May 25.—The Land Office has issued a ruling which will be welcomed by the mining fraternity throughout the west. It is to the effect that no more than twenty acres of mineral land will be allowed to any person.

Heretofore it has been the practice of prospectors to take up as much mineral land as they desired, relying on the fact that it would be impossible for any other person to dispute their claims. Now, however, it is ruled that no more than twenty acres will be allowed to any person.

The decision was brought out in the case of Noyes and Silverik against Mickey, involving a mining claim in Nevada.

The decision of the land office is that a locator can take up but twenty acres, no matter how much mineral land he may have in his claim.

TAJIQUE FIRE LOSS WILL BE REPAIRED

Estancia, N. M., May 26.—The work of repairing the damage done in the big fire near Tajique recently, when the Romero mill and more than a million and a half feet of lumber were destroyed, will be begun within ten days. Mr. Romero has already ordered new machinery to be shipped immediately and the work of rebuilding will go forward promptly.

The loss of the mill will not be nearly as great as the loss of the unfilled contracts that will result on account of the mill not running.

Mr. Romero and Leo Padilla, petitioners, who took up Tejique, where they will remain until the mill is ready to running order.

S.S.S. KILLS THE GERMS OF SCROFULA

Scrofula belongs to the type of diseases known as blood poison, and is a trouble usually manifested in childhood. The ordinary symptoms of Scrofula are swollen glands about the neck, sores and ulcers on the body, scalp diseases, skin affections, weak eyes, poor physical development, etc. The trouble being deeply seated in the blood, often attacks the bones if the poison is not removed from the circulation, and this should be seriously considered in the case of any child who shows symptoms of having scrofulous blood. Some persons who inherit Scrofula reach maturity before the trouble develops, but being bred in the circulation, the disease is bound to show itself in some form. Frequently a debilitating spell of sickness offers a favorable opportunity for the disease to manifest itself. S. S. S. is the greatest of all blood purifiers, and by going down into the circulation, and ridding it of the scrofulous germs, and enriching the blood with healthful corpuscles, S. S. S. cures Scrofula permanently. S. S. S. is a purely vegetable remedy, and is perfectly safe for children. If you or your child have any symptoms of Scrofula, begin the use of S. S. S. at once, and get the disease forever removed from the system. Book on the blood, and any medical advice free. S. S. S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

MAYOR SELIGMAN GIVES BANQUET IN SANTA FE

Spirit of Civic Pride and Cordial Harmony Manifested by Boosters Gathered at Festive Board of Executive.

Santa Fe, N. M., May 26.—Mayor Seligman gave a banquet at his home on East Palace avenue on Wednesday night at which were present all the commissioners and officials of the city. The spirit of the affair was for the betterment of Santa Fe and the toasts and speeches all made for a greater and finer city. It was a real "get-together" banquet.

There were [illegible] discussions of the past, present and future of the ancient capital. There were toasts to the mayor, proposed by Alderman Arthur L. Bloom, to the city of the mayor, by "novel behind the mayor" by Alderman R. L. Bloom, to the press by Alderman T. P. Gable. The party threw himself with [illegible] and gave the newspapers a send-off than any editor could [illegible] in his own advertising column. Alderman Celso Lopez, who was called at the next mayor, by Engineer John H. Walker, to City Marshal Nicholas Sena, whose broad smile indicated the pleasure he felt at having his pretentions but important service recognized, and to others, for all of the numerous workers in the same field, giving time and energy toward the planning and making of a city beautiful, orderly and clean.

Especially prominent was the discussion of specific projects for widening and straightening streets, for creating boulevards, for other betterments. There was but one opinion, as voiced by ex-Mayor Jose D. Sena, that the present administration has made good and has given Santa Fe more permanent improvements in one year than any administration before. At the same time it was acknowledged that ex-Mayor Jose D. Sena had laid the foundation for much of this permanent improvement work, that he had inaugurated the era that has brought the new Santa Fe.

Alderman George W. Armijo eloquently declared that politics has no place in city management, that all should be treated alike, that all should be animated with the spirit that what was good for the old town should have the unanimous support of all, be they Republican, Democrat or Socialist.

Covers were laid for fourteen, those present being, besides Mayor Seligman, ex-Mayor Jose D. Sena, who sat at the mayor's right; Alderman Celso Lopez, who sat the mayor's left; Aldermen George W. Armijo, Juan Mora, M. E. Ortiz, Thomas P. Gable, R. L. Bloom and A. L. Wheeler and City Engineer John H. Walker, City Marshal Nicholas Sena, City Clerk T. P. Delgado, School Director James L. Seligman and Paul A. F. Walter. Alderman Canuto Alarid was prevented by illness from being present.

Juan Cruz, charged with killing an Indian named Garcia near Chamita the past winter, and who has been held at the penitentiary as a prisoner pending trial, was taken to Chamita today by a guard to testify in a boot-legging case. Cruz will be brought back tonight in J. H. Walker's auto. Mr. Walker and Attorney J. H. Chist went to Chamita with Cruz.

It is understood that Cruz's testimony will be of great importance in running down certain alleged bootleggers who have been operating in the San Juan pueblo near Chamita. Juan Cruz was appointed an officer by the governor of the pueblo, it is said, to help break up the liquor traffic. It was in his attempt to stop the disposal of whisky among the Indians that Cruz was set upon by several drunken Indians, who beat him with rocks and, a self-defense he is said to have drawn his revolver and shot Juan de la Cruz Garcia. Cruz was brought here and given a preliminary hearing before Judge McFie and locked up without bond awaiting the next term of court.

Territorial Treasurer M. A. Otero has received the following sums for the treasury: Charles V. Safford, bank examiner's fees, $50; Charles D. Miller, stream gauging fees, $8; William Sutherland, road fund, $22.50.

Sheriff E. F. Ballard of Chaves county brought in seven prisoners today from Chaves county and lodged them in the penitentiary. The names of the prisoners will be given out tomorrow.

P. J. Moran, one of the efficient postal railway clerks who for a number of years has been on the run between Silver City and Lincoln, received his appointment from Postmaster General Hitchcock as postoffice inspector and will assume his new duties about June 1.

Territorial Superintendent of Public Instruction J. E. Clark stated today that the contract for the Union county institute has been closed. It begins July 31 and will be conducted by John H. Vaughn and Miss Fanny Ford, both of the New Mexico College of Agriculture and Mechanic Arts.

No requisition papers have been served on the governor by the governor of Oklahoma for A. Williams, who was arrested this week at Las Cruces, charged with the shooting of a constable at Claremore, Okla. It is thought that Williams will go back to Oklahoma without papers.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says everyone that has used it. Sold by all druggists.

FRAUD CHARGES AT ELECTION ARE DISPROVED

Grand Jury of San Miguel, in Report Declares Polling to as Conducted in Straightforward and Lawful Manner.

NO EVIDENCE THAT SALOONS WERE OPEN

Las Vegas, N. M., May 26.—Careful investigation by the territorial grand jury has demonstrated beyond a doubt that the statements of the officials of statehood before the congressional committee at Washington, to the effect that the election of delegates to the constitutional convention was characterized by fraudulent methods, were not based upon the slightest truth. The grand jury in its final report to Judge Florencio J. Roberts Wednesday afternoon stated that it had examined many witnesses and probed the charges to the bottom and had found no evidence to warrant it in believing that frauds had occurred in San Miguel county at the election last year.

The grand jury reported having examined into 47 cases and returned 33 indictments. Its report in part follows:

"A citizen of the county appeared before the grand jury and requested that we make an examination into alleged election frauds, which he said occurred during the elections held during the year 1910, for members to the constitutional convention and for the ratification or rejection of the constitution, and other elections held within the county within the past three years.

"He was requested to furnish us with names of witnesses whom we could summon before us and thereby make a thorough examination into the charges preferred. A number of names were suggested by him and these parties were summoned and appeared and testified before the grand jury. We made a very careful, thorough and searching examination into the charge of election frauds, as well as the charge of keeping open of saloons during the days upon which the elections were held; and the jury, after listening to the evidence presented, unanimously decided that there was no evidence sufficient to bring in any indictment against anyone charged with the violation of the election laws or of the law prohibiting the keeping open of saloons on election days. The evidence brought out showed very conclusively that the elections were conducted in a straightforward and lawful way, no witness being able to present sufficient evidence of perjury or illegal voting, or that any saloons were open, and a part of the testimony that was introduced before us was purely hearsay. Charges of assaults, disorder and intimidation at the voting places in the various precincts of the county, made in the same complaining witness, received our attention and were carefully investigated, and we found that there was no sufficient evidence to support these charges or show that any serious trouble of this kind had occurred at any of the voting places within San Miguel county.

KIDNAPING CASE IS APPEALED

Attorneys for Wiggins, Convicted of Burglary and Felious Intent File Notice of Taking Case Higher Up.

(Special Telegram to Herald.)

Las Vegas, N. M., May 26.—Notice of appeal to the supreme court was filed Wednesday afternoon by Attorneys John D. W. Yeager and Fred L. Hursan, who represent Joseph Wiggins, accomplice in the Rogers Kidnaping, who was convicted of burglary with felonious intent at the recent term of the district court. The appeal is said to be based upon numerous errors which crept into the trial. The attorneys announce their intention of making a strenuous fight for their client.

GOOD NEWS FOR CATARRH SUFFERERS

So many hundreds of catarrh victims who have taken the HYOMEI treatment, have written thanking us for publishing our method of taking the HYOMEI vapor treatment in connection with the inhaler that we gladly publish it again.

The vapor treatment is especially recommended in stubborn cases of chronic catarrh of long standing, but remember that the inhaler should be used daily as usual.

This treatment only takes five minutes' time before going to bed. Pour a teaspoonful of HYOMEI into a bowl of boiling water, cover head and bowl with towel and bathe for several minutes the vapor that arises.

You will be surprised at the result of this treatment; it makes the head feel fine and clear; you will sleep better, and that stuffed up feeling will gradually disappear.

This method will break up the worst cold in the head in one night.

A bottle of HYOMEI costs 50 cents at J. H. O'Rielly company, who guarantees it. Complete outfit, which includes the little pocket inhaler, costs $1.00.

No stomach dosing; just breathe HYOMEI and cure catarrh and all diseases of the breathing organs. Free trial bottle by addressing Booth's Hyomei Co., Buffalo, N. Y.

CITIZEN WANTS TO BE NATURALIZED

Native of North Carolina Asks Arizona Judge to Make Him a Citizen of the United States of America.

Phoenix, Ariz., May 26.—Yesterday a lawyer appeared at the courthouse here accompanied by a client and his wife. The man desired to take out naturalization papers, as he wished to own land in Arizona and had been told that privilege was denied all except citizens.

After several minor adventures the trio reached Clerk F. A. Tritle of the supreme court, who knows all about naturalization matters.

He got a naturalization blank and directed the applicant to be seated. "What's your name?" was the first question. The name was one that any American or Englishman might have had. It was entered in the application.

"Native of England?" asked the clerk.

"I don't know," was the reply.

"Don't know what your nationality is?" asked Mr. Tritle in amazement, which was shared by the lawyer.

"No, I don't know," said the man.

"Of what country was your father a native?" asked Mr. Tritle in an endeavor to get at it in another way, but the man did not know.

Mr. Tritle remained in deep thought for a moment and then his features lightened. He had devised a way to get at the information desired. It was so simple that he wondered he had not thought of it before.

"Where were you born?" he asked.

"North Carolina," was the reply.

Mr. Tritle and the lawyer collaborated in a gasp of surprise and both of them cried in concert, "What's that?"

Mr. Tritle said: "I've heard of natives of New Jersey, Missouri and Arkansas forswearing allegiance to their respective governments and adopting the citizenship, language and customs of the United States, but I believe this is the first time any citizen of North Carolina has applied for naturalization."

"Come on," said the lawyer, impatiently, "we've no business here."

"Why did you tell me," asked the lawyer as they were leaving, "that you were not born in this country?"

"I didn't tell you that," replied the man, "I told you that I was not born in Arizona, where I wanted to take up the land."

MAKES FIRE PAY FOR ITSELF

Superintendent Woodman of Holbrook Shaft Extracts Copper from Water Used to Fight Blaze in Mine.

Globe, Ariz., May 26.—After continuous fighting for four months, the fire in the Holbrook shaft is announced as under control. A feature of the battle has been the extraction of copper from the water used in fighting the flames, which became impregnated with the metal. Work in the shaft near the fire is not interfered with.

Superintendent Parker Woodman has waged a continuous fight on the fire and at the same time has made it a paying proposition by taking the ore from the water, which became impregnated with copper. The fight against the fire, now confined to a quarter where it does no damage, will not be let up.

There is an old saying among miners that a mine fire has never been put out but Mr. Woodman has vowed to put the fire out or put the "Holbrook out."

30 Days in
