"Is there anything more than 10 cents in the situation?" asked Hubbard.

"Yes, replied Mr. Parrock of Hackensack. "There is. Living in the suburbs is one of the others."—Harper's Bazar.

(Golfer (to scrubbing round)—I do love to see the grass flying about!

Aeroplaning Friend—Oh, come away, old! I can't stand watching them! They shouldn't be out in this wind!—Punch.

Whooping cough is not dangerous when the cough is kept loose and expectoration easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by all druggists.

Panamas!

Panamas are the center of interest just now.

"Craning" your neck to see the new styles?

They're very smart---not

We had to "dig" after the genuine weaves this year. There are not enough to supply the demand.

But we wouldn't have any other than those woven of real grass by the Indian women in South America.

Genuine panamas are woven under water---makes the grass very soft and pliable---so that the finish hat takes the shape of the head.

Exceedingly comfortable.

It is said many of the finer grades can be rolled up and put in the vest pocket.

Prices $5.50 to $6.50.

They last for years---can be cleaned and blocked.

M. MANDELL

DOPE ARTISTS ARE VINDICATED

Predicted Status of big League Clubs Is Rapidly Coming to Pass; Jenning's Tigers Only Dark Horse Club.

The two big league pennants seem to be narrowing down to the basis predicted by the sporting writers at the first of the season, and those who were at first hailed as legitimate contenders for the respective flags are in fact coming into their own.

It isn't often that the grizzled old veteran goes very far wrong. When more than a score of the highest paid writers in the country fell over eight straight from the bat that certain tenuous hope the last chance at the rag, don't get it into your head that they are all crabs, or that they are being paid to hand out the wrong dope. And it, during the first month or six weeks of the new season, it seems that they were some wrong, that an upset and mild sort occurred, and that if they didn't come around after all.

In only two respects have the sages fallen down so far, and the two in side issues that their predictions may yet prove to be well founded. In the National League it was believed that Cincinnati, with the men supposed to be the trade with Philadelphia not under, would certainly come inside the money, and have better than an even chance to win the rag. Cincinnati luck, and especially Clark Griffith's luck, was not taked into account in making this prediction. It is baseball history that the best player in the world will look like a bushed playing in Cincinnati, while a bunch of hushers who have been cried out in Holland and found wanting will set the world afire if transferred to some other burg.

Again, it was freely predicted that the title of Mack would make a cumbersome race of it in the American league, whereas the world's champions are just now having the time of their and young lives catching up with Hughie Jennings' bunch of wilmen. Of course, the critics couldn't foresee that Jennings would pick up three real live pennants for his fielding staff in one year, one in three years being the usual allotment, and that the world's champs would fall into a lot of bum luck that would put them almost out of the running at the gateway.

Anyhow, you bet, the Athletics are back in the race, and the man who counts them out as a factor in the American league pennant fight has several thinks coming to him.

The struggle between the Cubs and Giants in the National and the Tigers and the Athletics in the American, only lay as make a bunch of baseball history that the fans of 1911 will tell to their grandchildren.

HUB CITY SLUGGERS DEFEAT MAROON AGGREGATION

Willard, N. M., June 7.—The ball game here Sunday afternoon between the Hub City team and the Maroons resulted in a victory for the Hubs to the tune of 11 to 7. The batteries, Hub City, Kelsey and Coombs; Maroons, Alvarado and Chavez.

The Hub City team had advertised to play a game at Belen on that date, but the Belen guys, it is surprised got a bad case of third pedal extremities at the last moment, for they phoned down Saturday just before the train left, to cancel the game.

Manager Howell of the Hubs announces that his teams will play July the Fourth either at Estancia or Santa Fe. Both teams want games on that date with the Willard boys.

TRACHOMA IS BARRED FROM COUNTRY

Mexicans Suffering With the Dreaded Blind Disease Are Turned Back by Customs Officials at Douglas.

Douglas, Ariz., June 7.—Trachoma, the dreaded eye disease, being discovered to have them in its grasp a Mexican woman and her two children, were turned back here by the customs officials Monday, when they attempted to enter this country. This action followed a session of a special board of inquiry which soon found unanimously that the family was a menace to public health on this side of the line.

"I hear your son is going to be a musician. What professor have you got for him?"

"We haven't got any teacher as yet. For the present we are just letting his hair grow."—Judge.

"Yes, I see him. He looks commonplace enough. What's he noted for?"

"Conspicuous bravery."

"What did he do?"

"Walked out with his wife when she wore the first harem skirt that was ever seen on our streets."—Chicago Tribune.

TAOS RAILROAD WILL PASS THROUGH BERNALILLO

Articles of Incorporation Filed for Road That Will Bind Together Northwest Counties of New Mexico

SUNSHINE VALLEY WILL REAP GREAT BENEFIT

Taos, N. M., June 6.—The Taos, Sierra Nevada and San Francisco Railroad company, whose offices are in this town, has filed application at Santa Fe for articles of incorporation. This is another of those big enterprises that are going to make the eyes of the world turn to New Mexico. Taos, while being one of the most favored spots in the territory, has in the past labored under a disadvantage because of the lack of railroad facilities. The sunshine valley is unequalled anywhere in the country as a fruit growing and agricultural country. The soil is of the most fertile to be found, being the wash of disintegrated rocks of the nearby mountains, and rich in those elements which are productive of plant life. The climate is unexcelled for raising of all classes of farm produce. The cold winds are kept out by the mountains that protect the valley from all sides, and the waters that drain from their sides furnish ample substitute for irrigation purposes.

The new road therefore will mean the exploitation of the valley to its greatest advantage. The products of Taos will be placed upon the markets of the country, and will bring a season of prosperity never before realized here.

It is estimated that about 750 miles of railroad will be built for the present. The line will run from a point in Utah, passing through the northwest of New Mexico, through the counties of San Juan, McKinley, Rio Arriba, Sandoval and Santa Fe, with a northern division through Taos, Colfax, Mora and Union and continuing through Bernalillo, Torrance and San Miguel to terminate at Fort Sumner, in Guadalupe county. It will be seen that this road embraces all of the Northern counties of the territory, which at present are lacking in railroad facilities. It will mean that the several counties will be bound together by bands of steel, and ions for a more united New Mexico.

The personnel of the men who are to direct the fortunes of the company indicates that the venture will be pushed through with all possible vigor. The officers of the company are:

R. S. Wanamaker, president; Frank Hamm, first vice-president; J. S. Holland, second vice-president; Joseph Gill, secretary; A. C. Probert, treasurer, and W. P. Halliday, chief engineer.

The directors are W. P. Halliday, Joseph Gill, R. S. Wanamaker, J. S. Holland, Charles J. H. Bushnell, A. C. Probert, Frank Hamm, John B. Rodwell, J. Wright Giddings, Malquides Martinez and D. A. Cloutier.

Santa Fe, New Mex., June 7.—A copy of the articles of incorporation of the Taos, Sierra Nevada and San Francisco Railroad company, of Monticello county, Utah, was filed in the territorial secretary's office Monday admitting the company to do business in the territory. The purpose is to lay out, construct, etc., a railroad beginning at the western boundary of the county of Washington in Utah and running thence in a easterly direction through the counties of Washington, Iron, Kane, Garfield and San Juan to the eastern boundary of the county of San Juan in Utah, thence continuing in an easterly and southeasterly direction through the counties of San Juan, McKinley, Rio Arriba, Sandoval and Santa Fe, seeking a division at some feasible point in the counties of Sandoval, Rio Arriba and Santa Fe, with the northern division leaving through the counties of Taos, Colfax, Mora and Union, and through the town of Taos, Taos county, and continuing to the eastern boundary of Union county, New Mexico, the southern division passing through the counties of Bernalillo, Torrance, San Miguel and Guadalupe and terminating at or in the vicinity of Fort Sumner, Guadalupe county, New Mexico.

The location of the principal office of this corporation in New Mexico is at Taos and A. C. Probert is the agent upon whom process against the corporation may be served. The total authorized capital stock is $600,000 divided into 6,000 shares at $100 each.

The names of the incorporators and the number of shares they own are as follows: J. M. Redd, Monticello, Utah, 1; D. A. Cloutier, Springer, N. M., 400; C. H. Randall, Taos, 150; W. P. Halliday, McAlister, Okla., 500; Gideon Gusdorf, Taos, 50; Joseph Gill, Clayton, 500; J. S. Holland, Motisos, 100; Charles J. H. Bushnell, Burnham, 100; S. E. Rucker, Amistad, 100; H. S. Wanamaker, Amistad, 1500; A. C. Probert, Taos, 2194; J. Wright Giddings, Taos, 250; John A. Dorney, Taos, 15; Jose Montanez, Taos, 100; J. N. Vigil, Tulpa, 150; Hubert H. Johnson, 100; J. J. Vigil, Taos, 50; Frank Hamm, Dallas, 500; Frank Hamm, Jr., Arroya Seco, 50; Antonio C. Pacheco, Arroyo Seco, 10; Malaquias Martinez, Taos, 250; Angus McGawon, Taos, 10; H. G. Newby, Arroyo Hondo, 50; William McKean Taos, 10; Isaac W. Dwire, Taos, 10; John B. Hidewell, Taos, 250; Eli Hartt, Taos, 50; Squire Hartt, Jr., Ranchos de Taos, 50; P. M. Dolan, Taos, 20; A. A. Rivers, Taos, 10; C. C. Lewn, Taos, 15; John cPerson, Taos, 20, and I. M. Hudson, Taos, 15 shares.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all druggists.

COLLEGE MAN GETS TO BE FOREMAN

S. E. Merrill Given Position on Judge Fall's Fine Farm and Orchard Near Three Rivers; Little Rain There.

(Special Correspondence to the Herald)

Three Rivers, N. M., June 5.—S. E. Merrill of Las Cruces, N. M., and a graduate of the New Mexico Agricultural college, has accepted a position as foreman of Judge A. B. Fall's large stock and fruit ranch in this place.

Charles Gilley of Las Cruces, N. M., has been in the valley during the past week buying up horses and mules. He expects to buy several carloads and ship them to his ranch, where he will get them in shape for the eastern market.

Dan Tucker of Alamogordo, left here Sunday for his home. He has been inspecting cattle in this section for Texas Steve and reports that all cattle tested were found to be free from the disease. He says the sanitary government is universally good.

It has been very windy and terrifying thunderstorms afternoon during the past week, but so far there has been no heavy rains. The wind blows the hardest on last Thursday and Friday mornings and respect from the river is that it has been for several years and other members report from the Dripping Springs section that the prospects are good for rain.

Mrs. R. Gallacher left the week for her home in Ohio. She has been here during the spring taking care of her son, who has poor health. He has considerably improved since coming here and has now gone to California.

Mr. Gilbey Lee of Alamogordo spent several days in town last week looking after some interests that he has up the valley. While here he has been shopping at the home of Judge Fall.

The sheep range is in excellent condition and sheep are looking better than they have for a long while. The government sheep inspector has been here and reports no scab in this section.

ELECTRIC PLANT MAKES RECORD

Lights Have Never Been Turned Off in Las Cruces for Two Years; Trouble With Boiler Causes Stop.

(Special Correspondence to the Herald)

Las Cruces, N. M., June 7.—Friday night the boiler pump failed to work at the electric plant and forced the engineer to cut off the lights. A scale got into the pump valves and not the fireman soon the water gauge go dry no doubt the boiler would have blown up. This is the first time the lights have been turned off since August 1, 1910 and makes a record that few plants in New Mexico can equal.

T. H. Conway of El Paso has spent part of the week in Las Cruces on business.

Ed Hart of El Paso came up in his large touring car Saturday and will spend a day or two in Las Cruces and Mesilla Park.

J. C. Curry, who has been associated with Evangelist J. P. Lass for the past few years, left Saturday morning for Oklahoma, where he will marry a young lady of Las Cruces. Mr. Curry's short but full of the dread and sorrow a free source last as the train pulled out. Many passengers were in attendance above the bride.

Miss Gladys Newby and boy to visit in Horace Newby left Friday morning for El Paso, where they will accepted positions in the schools.

WILLARD PEOPLE FLOCK TO COOL MOUNTAINS

(Special Correspondence to the Herald)

Willard, N. M., June 7.—There was a complete exodus of Willard residents to the mountains Sunday. Dr. and Mrs. V. S. Chisholm, Mr. and Mrs. V. A. Lindsay, Mr. and Mrs. Sargent and made one, Mr. and Mrs. L. G. Elliott, Misses Carrie Lewis, Minnie Dyer, Rose Hughes, and Messrs. Ernest Hughes and Elgar Hurts were members of a crowd that spent the day near the historic Punta De Agua ranch. Another party that picnicked near the green south of town included Mr. and Mrs. John H. Clayton and family, James Clinton and daughter Doris and Mrs. Minnie Ross and her two little girls, Catherine and Marguerite.

Word has been received here by the relatives of the death by accidental shooting of Tommy Hause at Bakersfield, Cal. Tommy was the eldest son of Mr. and Mrs. C. T. A. House, residents of Willard for a number of years. In company with his uncle, Fred Mason, he had been out hunting and while crossing a bridge a plank gave way and both boys fell below into a ravine. A loaded shotgun Mason carried was discharged and the younger boy received the full force of the shot in his body. He lived only a couple of hours after being taken to his home.

George Alter is installing a gasoline engine to operate the pump that supplies the water for his barber shop.

Mrs. J. H. Perrin has been ill for several days.

Mrs. Alfred Means, who is quite ill with a rheumatic attack, is planning to go soon to the Jemez Springs for treatment.

HOT WAVE STRIKES MESILLA VALLEY

Heat Increases Every Day, and Residents Leave for the Mountains; Professors Take Their Vacations.

(Special Correspondence to the Herald)

Las Cruces, N. M., June 7.—A hot wave strikes the Mesilla valley the early part of May and has been increasing ever since. The increase was gradual, making Wednesday, May 31, the hottest day in the month. The first few days of June have been very hot, causing many people to leave for the Organ mountains and other resorts.

The college professors and their families and leaving for different points in the United States to spend their summer vacations. Dr. W. E. Garrison, president of the institution, left Friday for Santa Fe, where he will attend a meeting of the territorial board of education. Mrs. Ethel Marlow, matron of McFie hall, has left for Long Beach, Calif., where she will spend several weeks. Miss Morton, Miss Yair and Miss Payne will spend the summer in Cloudcroft. Mrs. Lulu Foster, wife of the director of the experiment station and former president of the college, and her daughter, Miss Elizabeth, have left for Logan, Utah, to visit relatives. Mr. J. A. Miller, wife of the cashier, and Miss Pearl Miller, professor of household economics, will soon leave for the Pacific coast, where they will be joined by Professor Miller. Other members of the faculty will leave soon.

Over one hundred people attended the open air meeting held on Main street Friday night by Evangelists Low and Singer Curry. Another open air meeting was held Saturday night.

Messrs. R. L. Faulkner, R. L. Young and E. E. Day have left for Las Palomas hot springs for a few weeks outing.

FAKE SOLICITOR FOOLS PEOPLE

Man Claims to Be Representative Writer of Everybody's Magazine Takes Subscriptions at Reduced Rates.

(Special Correspondence to the Herald)

Las Cruces, June 7.—F. Gilbert Arnold, supposed member of Everybody's magazine staff, ex-solicitor and all around write-up booster is being sought far and wide by some dupes who believe they have been swindled. Arnold came here in March and claimed that he was walking from coast to coast on a $1500 bet. Also he was writing magazine articles, and a pal explained, picked up a magazine subscription at a cut rate.

After leaving Las Cruces Arnold came to Mogollon Rufus to get some mountaining on the side. Since leaving Mogollon Rufus he has not been heard of, except once when the Ladies Home Journal, answering a Las Cruces inquiry, stated that they do not know the man.

This is the second humbug case in the last two weeks, the other being Mrs. N. H. Baker who claimed to be working for the Ladies' Home Journal company of Cincinnati, Ohio.

G. C. Cheney, proprietor of the Great Northern hotel in El Paso, has purchased some residence property on the Potrillo homestead.

On Friday evening, June 9, the Woman's Christian Temperance Union will observe Flower Mission day. The meeting will be held in the Methodist church. All members are asked to contribute flowers and plants for the sick in cities.

Mrs. Louis E. Hemphill has received from the pensions department of the Indian Depredations Appropriation under the act of 1909, the face value of the depredation debt current in her husband's hand when killed in the Apache war.

Yesterday some excitement burst out of nowhere when word has spread of the big dance which will occur on the banks of the Rio Grande. While the dance hall is being constructed the dance will be 50 feet wide and 100 feet long. Decorations, refreshments and all material must be ready before the dance will be ready to go. The matting and silk side of the dance will be lined with cottonwood poles on the sides and branch for the roof. Very little wood will be stored with the dance in accordance with the dance is estimated at [illegible]. This will require the dance to be ready for the social after for four months. When the dance will be only 15 feet wide it will have a capacity of 15,000 people per second. In the end of years this dance would have been large enough to handle the largest crowd.

FOUTH CLASS POST MASTERS ARE APPOINTED

Washington, June 7.—The postmaster general has designated Ramonicita V. Vigil as fourth class postmaster at Cuesta, Rio Arriba county, New Mexico to fill the vacancy caused by the retirement of F. Vigil.

George F. Manning and F. G. Mitchell have been appointed as fourth class postmasters at Fort Defiance and Tolchaco, Arizona, respectively.

It is worse than useless to take any medicines internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by All Dealers.

The Marketer—Aren't you wasting a good deal of that steak in trimming it?

The Butcher—No, ma'am; I switch it first.—Toledo Blade.

CORNADO BAND HAS MANY ARTISTS

Miss Blanche Lyons, Soprano Soloist, Comes to Albuquerque After Achieving Much Success in East.

Miss Blanche Lyons, the soprano soloist of the Ohlmeyer band, is a Boston girl, and looks full of energy and with a personality that at once asks, as well as it commands of a powerful, sweet voice of clear tones. She is one of the few singers who can really sing a song in connection with band concerts. She has had an extensive repertoire of recreations and arrangements of which have specially been made by and for the instrumentation of the Ohlmeyer band.

Miss Lyons, after years of study at the Boston conservatory, decided she desired to further her voice culture and she went abroad for several years of study in the European conservatories.

Upon her return, Mr. Ohlmeyer was on and hearing the brilliant young soprano held a trial of exceptional merit, immediately engaged a contract covering several months.

JAMES G. SEEBOLD
Piccolo Soloist, Ohlmeyer's Band.

adapted to meet the requirements of his band, after careful consideration selected and engaged Miss Lyons for the entire season that the Ohlmeyer band has booked for this summer.

After his concert here Mr. Ohlmeyer and his band go direct to the Pacific coast, and for ten weeks will play at the famous California resort, Cornado Beach. The very fact that Miss Lyons is contracted to remain there the entire season argues well for her ability and her worth as a singer, and there is no question but that she will sing herself into the hearts of the critic clientele attending the concerts.

Miss Lyons comes direct to Albuquerque on June 15 after her great success with the Ohlmeyer band at Willow Grove park, Philadelphia. Her ability as a singer may best be indexed by the fact that Willow Grove park is the highest type of an amusement park in the United States and caters to the very best clientele of Philadelphia. The strength of the organization with which Miss Lyons is connected can best be judged from the fact that such orchestras as Victor Herbert and Walter Damrosch of New York and Theodore Thomas orchestra of Chicago follow in succession Mr. Ohlmeyer's engagement at Willow Grove. The band comes here direct from Willow Grove park, and it was only through the energy of the manager of the opera house that a date was made here.
