STRIKE A DREAM SAYS HUNING

Secretary of Electrical Company Says Employe Quit Work on New Theater Because of Misunderstanding.

[illegible] the so-called strike of electrical workers on the new Crystal theater, which is being erected on Second street near Silver avenue, is not a strike at all, was the statement made by Arno B. Huning, secretary of the Nash Electrical company, one of whose men quit work on the theater last night because a non-union plumber was at work there also.

Mr. Huning said that the young man was not aware of the exact facts of the situation, which include a two-weeks' truce between the plumbers and the other building trades, arranged by the Industrial exchange, which was recently organized here. It is hoped that within the fourteen days' respite so obtained, during which the strict lines against the non-union plumbers hitherto maintained are abandoned, the plumbers' strike will be settled.

The statement made by Mr. Huning for the Nash company is as follows:

"The article appearing in the Evening Herald on July 26 stating that the electrical workers at the Crystal theater had gone on a strike was not stated exactly as the facts are, due to an error on the part of the young man who quit working.

"There were only a few men working on this installation and the young man who stopped was not informed that there had been a time of truce declared on this work and that he had no official authority to quit work. Everything is satisfactory at present and all electrical workers are back at work.

"The article appearing might lead those not conversant with the facts to infer that the Nash Electrical Co. had a strike on their hands, which is not the fact."

STREET CAR GOES OFF TRACK IN HIGHLANDS

Wall of Water Comes Down Iron Avenue and Tears Out Big Chunk of Edith Street At Intersection.

That part of the Highlands in the vicinity of the intersection of Edith street and Iron avenue is pretty much of a lake this afternoon. A big wall of water came down the arroya from the hills this afternoon and tore into Iron avenue. At Edith street and Iron, the water pulled off a big chunk of earth and softened the street car track to such an extent that when a trolley car came along it went into the mud. A helper car was sent to the scene of the accident and the car was replaced on the rails.

COURT NEWS.

A suit for divorce was filed from McKinley county today in the office of the district court clerk. The plaintiff is Edna Grace Tinker, and the defendant is John J. Tinker of Taos. The plaintiff resides in Gallup. The couple were married in Flagstaff in 1888 and there are three children, Ben H., Nellie E., and Nathaniel G. Tinker, ranging from 18 down to 11 years of age. Alimony of $10 a month is asked until such time as the youngest child is 16 years old. The alleged abandonment took place in February last year.

Suit for Foreclosure.

Suit was today filed by M. Helena Leonard and George S. Klock as trustee versus Martin Ryan, for the foreclosure of a trust deed to some lots in the city given as security for a note of $3,000 about a year and a half ago.

should regain his senses. A gold watch and eighteen dollars in money were on a table in plain sight in the car, but were not disturbed. So far as known, nothing of value was taken from the car. It is presumed that the robber, or robbers, after they had attacked Phipps, became frightened and gave up any further attempt to accomplish their original purpose.

Ralph Probert, a Santa Fe detective, acting under orders from Chief Seivy, left on the California Limited at 11:30 today for Suwanee and will make a rigid investigation into the affair. The limited was stopped at Suwanee to let Probert off by special instructions from Superintendent Gibson of the Albuquerque division of the coast lines.

Phipps' friends are at a loss to account for the terrible tragedy. Phipps' record and character are splendid and it is a certainty that no one would make an attack upon him in a spirit of revenge.

The Holmes Supply company by which Phipps was employed, has the contract for furnishing supplies to the section gangs on the coast lines and maintains a branch office and agent in Albuquerque, its head office being in Los Angeles.

NEW YORK BROKER MURDERED BY BURGLARS

William Henry Jackson Found Dead on Floor of Bedroom; Killed When Effort to Chloroform Him Failed.

(By Evening Herald A. P. Leased Wire)

New York, July 27.—Murdered, apparently by burglars, William Henry Jackson, a well known Wall street broker, 70 years old, was found dead on the floor of his bedroom today at the Hotel Irequois. The body was covered with bruises. There was a wound over the right eye and finger marks on the throat and arms. A wash cloth was stuffed in the mouth as a gag.

The dead man's pajamas and the whole room bore evidence of a terrible struggle. In the bath room of his suite was found a bottle containing traces of chloroform. The pockets of his trousers were turned inside out but his trunk and bureau drawers had not been touched.

The police believe that an attempt had been made to chloroform Mr. Jackson as he slept, and that he awoke and made a fight before he was overcome. Apparently the murderers were frightened before they had time to rifle the room, unless, as one theory is, they were not ordinary thieves and entered the room to get some particular paper or article.

Detectives have taken prints of bloody finger marks found in the bath room. Jackson was a cashier for the firm of Van Schaick and company, where he had been employed for more than 30 years.

COMPETITION FOR RIFLE TEAM

Excellent Work by Competitors for Places on New Mexico Guard Team to Compete at Camp Perry.

Las Vegas, N. M., July 27.—The soldiers competing for places on the New Mexico National guard rifle team, which will represent the territory at the national shoot at Camp Perry, have completed the first course. Five men have been eliminated from the contest. The total scores made, which include shooting at 200, 600 and 1,000 yards, rapid fire and skirmish firing, are as follows:

Feemster, 231; A. Coll, 216; Smart, 204; Safford, 201; Reed, 199; Williams, 197; Browne, 195; Duke, 193; McHughes, 190; West, 188; Enos, 185; Doen, 183; Vierra, 183; Lohman, 181; E. Coll, 178; Forbes, 176; Newkirk, 172; Abbott, 171; Goldsdorf, 169; Echols, 163; Smith, 153; Lewis, 149; Hoering, 139; Marsh, 131; Hepner, 123; Frederick, 120; Bardshar, 117; Croser, 106; Dessauer, 85; Vigil, 64. The last five men have been eliminated from the contest.

The shooting is being done under the direction of Col. E. C. Abbott.

ARIZONA FAIR TO BE A WINNER

Preparatory Work Has Been Progressing and the Outlook Is for a Record Exposition; Governor Sloan Interested.

Phoenix, Ariz., July 27.—At a meeting of the Territorial Fair commission, just completed, definite arrangements were made for the holding of the Seventh Arizona Annual fair, the dates this year being November 6th to 11th. Unlike past years work of preparation has been carried on for some months past by Shirley Christy, the secretary of the fair, and as a consequence, matters are in such shape that the best work of the commissioners was largely the consideration of plans outlined by Mr. Christy.

Governor Sloan, who is a good friend o fthe territorial fair, and much interested, has urged that an effort be made to secure new exhibits and this matter will be given special attention. Increased premiums have been offered in all the various departments of the fair and for their care and exhibition several new buildings are being constructed.

Taken in all, the outlook for a successful fair this year is most encouraging. The territorial Fair commission is now composed of Hugh E. Campbell of Flagstaff, who is president; E. B. Pirtle of Douglas, and W. C. Foster of Phoenix, treasurer. Shirley Christy has been re-elected secretary and many of the heads of the various departments of last year have been retained.

PRESIDENT'S CONGRATULATIONS

In promising to open the ground-breaking ceremonies of the Panama-California exposition, President Taft told Director General D. C. Collier that he congratulated San Diego on its enterprise, and he added that he was taking an especial interest in the exposition because of the demonstration it would make of irrigation, reclamation and forestation.

vote on the final passage of the compromise bill follows:

For the bill, Republicans: Bourne, Oregon; Bristow, Kansas; Brown, Nebraska; Clapp and Nelson, Minnesota; Crawford, South Dakota; Cummins and Kenyon, Iowa; Dillon and McCumber, North Dakota; LaFollette, Wisconsin; Poindexter, Washington; Works, California.

For the bill, Democrats: Bacon, Georgia; Bailey, Texas; Bankhead and Johnstone, Alabama; Bryan and Fletcher, Florida; Chamberlain, Oregon; Clifton and Watson, West Virginia; Clark and Davis, Arkansas; Foster and Thornton, Louisiana; Gore and Owen, Oklahoma; Hitchcock, Nebraska; Johnson, Maine; Kern and Shively, Indiana; Martin and Simmons, Virginia; Martine, New Jersey; Myers, Montana; Newlands, Nevada; O'Gorman, New York; Overman and Simmons, North Carolina; Paynter, Kentucky; Pomerene, Ohio; Reed and Stone, Missouri; Smith, Maryland; Smith, South Carolina; Taylor, Tennessee; Williams, Mississippi.

Against the bill, Republicans: Borah and Heyburn, Idaho; Bradley, Kentucky; Brandegee and McLean, Connecticut; Briggs, New Jersey; Burnham, New Hampshire; Burton, Ohio; Clark and Warren, Wyoming; Crane and Lodge, Massachusetts; Gallinger and Lorimer, Illinois; Curtis, Kansas; Dixon, Montana; Gamble, South Dakota; Guggenheim, Colorado; Jones, Washington; Lippitt and Wetmore, Rhode Island; Nixon, Nevada; Oliver and Penrose, Pennsylvania; Page, Vermont; Perkins, California; Richardson, Delaware; Root, New York; Smith and Townsend, Michigan; Smoot, Utah; Stephenson, Wisconsin.

Absent: Dupont, Delaware; Frye, Maine; Gallinger, New Hampshire; Lea, Tennessee; Percy, Mississippi; Sutherland, Utah; Tillman, South Carolina.

Present and not voting, because paired with absentees: Culberson, Texas; Dillingham, Vermont; Rayner, Maryland.

The LaFollette amendment to the Underwood bill was the first thing proposed when the votes began. Only 14 Republican insurgents supported it. Following its defeat came the vote on the Underwood bill. With the single exception of Senator Brown, Nebraska, all Republican insurgents and regulars joined in opposing the Underwood bill and it was defeated, 44 to 36.

Senator LaFollette at once moved to reconsider and Senator Martin, the Democratic leader, endorsed the motion. This made it appear that an understanding had been reached between Democrats and insurgents and the motion to reconsider was carried, 43 to 31.

Senator LaFollette in offering his substitute said it fixed the raw wool duty at 25 per cent and reduced all manufactured wooden rates correspondingly. These rates are still high above the rates proposed in the Underwood bill, especially on wool, which was placed at 20 per cent, ad valorem.

"The situation is entirely to our liking," said Chairman Penrose of the finance committee. "We are satisfied that the president will veto any bill that can be sent to him within the range prescribed and we shall proceed next winter to whatever tariff revision may be necessary. Then we shall have the tariff board's report and can work intelligently."

La Follette's Speech.

Washington, July 27.—In offering amendments proposing reductions in the duties on wooden goods, Senator La Follette of Wisconsin, in a speech before the senate today took the position that these reductions, if adopted would compensate the farmers at least in part for the losses they will suffer as a result of free trade in agricultural products with Canada.

"They will," the speaker continued, "in some measure, relieve all of the people of the United States who have been made to pay tribute to the woolen trusts, long the pampered favorite of the tariff law. Two years ago at the time we were considering the present tariff act, which left schedule K practically unchanged, I proposed certain amendments.

"These amendments I have modified and offer as an amendment to the pending bill. I believe that the duties proposed by me on manufactured woolen cloth are greater than are necessary to protect American manufacturers from European competition. However, bearing in mind that this is but a temporary measure to be followed, as I hope, by a more thorough going revision and with the purpose of meeting the views of a majority of the senate to the end that some reduction may be promptly secured, I shall offer for present consideration changes in the woolen schedule.

"The effect of the amendments to schedule K, which I now propose are as follows:

"Duty on clothing wools 40 per cent; carpet wools, 10 per cent; tops, 45 per cent; yarn, 50 per cent; carpets, 40 per cent; on clothes and all other manufacturers composed entirely of wool or having wool as the competent material of chief value, 60 per cent.

"The present average duty on raw wool is shown by the report on commerce and navigation of the bureau of statistics for 1910 is a fraction less than 45 per cent. In proposing a duty on 40 per cent advalorem, I take no wide departure from the duties paid today on raw wools on the average. It will do away, however, with the gross inequalities and discriminations under which the users of the cheaper wools, which go to make up the poor man's clothing, have no labor under the present specific duties.

"A straight advalorem duty of 40 per cent will do away with prohibitive rates and will reduce the rates on wools which manufacturers of woolen goods need today for the purpose of blending with our own wools.

"The ad valorem duty will also do away with the present injustice of subjecting wools that contain three fourths of their weight in grease and dirt to the same duty as the fine expensive wools, with a shrinkage of some twenty per cent.

"Passing now on the proposed duties on intermediate and finished products, the principle underlying them is that in all cases a compensating duty equivalent to the duty on raw wool shall be imposed in addition to a protective duty which is to cover the difference in the cost of production at home and abroad in the manufactured article."

Senator La Follette said that the proposed amendments of duties of manufactures of wool would result in a reduction from 89.58 per cent ad valorem under the present law to 56.02 per cent or more than 33 1-2 per cent ad valorem and more than 27 per cent below the present rate. The change for the wool schedule as a whole would represent a reduction from an average ad valorem of 61.71 per cent under the present law to 36.24 per cent or a reduction of 25 1-2 per cent ad valorem, and more than 38 per cent below the present rate.

Speaking of the effect these reductions would have upon the revenue the speaker said:

"A reduction of duty may result in an increase of importation which will not only offset the reduction in rate, but bring in a larger revenue than the old higher rate did. Of course this is not always the case, since the manufacturers should reduce their price to the consumer and thereby prevent increased importations from abroad. What usually happens and what would probably happen if the proposed amendments were adopted, would be a combination of both conditions and it is impossible to tell what the ultimate effect upon the revenue would be.

"It is a matter of common knowledge to all who have traveled abroad as well as to those who have studied the conditions in business that woolen goods are sold in this country generally at double the price at which they can be purchased in England. This would justify the assumption that the duty enters fully into the price to the consumer."

UNDERWOOD COTTON REVISION REPORTED

Washington, July 27.—The Underwood cotton revision bill was reported to the house today by Chairman Underwood of the Ways and Means committee but debate was postponed until tomorrow to permit the republicans to file a minority report from the committee.

BAILEY RESIGNS FROM ELECTIONS COMMITTEE

Washington, July 27.—Because he does not believe in the senate's method of taking testimony in investigation, Senator Bailey today resigned from the committee on privileges and elections. He made no explanation to the senate and the resignation was accepted without comment.

FARMERS' FREE LIST BILL BEFORE SENATE

Washington, July 27.—The farmers' free list bill was laid before the senate by Senator Penrose today and was made the unfinished business. Senator Bristow of Kansas announced he would offer amendments to it to be voted on tomorrow. The final vote on the bill will occur Tuesday.

SENSATIONS LACKING IN LORIMER CASE TODAY

(By Evening Herald A. P. Leased Wire)

Washington, July 27.—A new line of investigation was begun today before the senate Lorimer committee when Herschell D. Holstlaw, son of State Senator D. W. Holstlaw of the Illinois legislature that elected senator Lorimer took the witness stand. It was Senator Holstlaw who confessed to receiving $2,500 and $700 from Senator Broderick after the Lorimer election—For what purpose he was not sure, he testified at the first Lorimer hearing.

The son was assistant cashier in his father's bank at Juka, Ills., in 1909. He identified a deposit slip which he said was in his father's handwriting, showing a deposit of $2,500 in the Holstlaw bank on June 18, 1909, to the credit of D. W. Holstlaw.

SLAUGHTER OF SEALS BLAMED ON NAGEL

(By Evening Herald A. P. Leased Wire)

Washington, July 27.—Dr. Wm. T. Hornaday, director of the New York zoological park, declared today before a house investigating committee that Secretary of Commerce and Labor Nagel was practically responsible for the slaughter of young seals under legal age on the Pribilof Islands. He said no distinction had been made as to sex or age in the seal slaughter.

PERSONALS.

Robert E. Putney returned today from a brief business trip to Denver and the northern part of the territory.

Mrs. John A. Hennessy and son, John A., Jr., of 311 W. Roma avenue, left last night for Los Angeles and the beaches in Southern California.

John Lee Clarke, delegate from Albuquerque lodge No. 461, B. P. O. E., to the Elks' National convention in Detroit, returned to the city on the limited today, accompanied by Mrs. Clarke and children. Mr. Clarke reports a very successful convention.

Col. M. L. Stern, and Col. E. W. Dobson, members of the staff of Governor Mills, have returned from Las Vegas, where they participated in the review of the national guard troops yesterday at Camp Mills.

John Finaller, a laborer, broke his right leg below the knee yesterday while lumbering for the American Lumber company near Cold Springs, N. M., and was brought to the city this morning on Santa Fe train No. 10 for treatment at St. Joseph's sanitarium. The fracture was set and he will eventually recover the use of his leg.

BOARD ROOM GOSSIP OF HEAVY LOSSES

By Prominent Trader in Cotton Market Causes Liberal Offering of Stocks; Market Partially Recovered.

(By Evening Herald A. P. Leased Wire)

New York, July 27.—Trading was less active today and variations in prices of stocks during the morning were small. For the first successive day buying of the coalers were conspicuous. Trading in Reading during the early part of the session constituted more than one-third of the total, and with Lehigh Valley, which became increasingly active and strong in the second hour, overshadowed the remainder of the list. Board room gossip connected the name of a prominent trader, who is reported to have lost heavily in the cotton market, with the recent selling of stocks, particularly Reading. This stock was offered so liberally today that it fell back to yesterday's closing after its early advance. Lehigh rose 1 5-8 and Minneapolis, St. Paul, Sault Ste. Marie a point. Bonds were steady.

The selling movement assumed the proportions of a bear raid in the afternoon and prices gave way rapidly. The market closed steady at a partial recovery.

MOROCCAN SITUATION CAUSES CHICAGO WHEAT TO BE EASY

Chicago, July 27.—With the Moroccan situation appearing less acute, the wheat market today became easy. Moreover, there were signs of larger world shipments this week. In addition, current gossip regarding the American spring wheat crop inclined to favor the bear side. September started 1-4 to 3-8c lower at 88 to 88 1-8 and declined to 87 3-8@7-8.

A rally on wheat ensued on account of export sales and the fact that for the first time in a long while shipments from Chicago exceeded receipts. The close was steady, 3-8 higher for September.

Considerable selling pressure developed in the corn pit, due to a leading authority declaring a large yield might be expected. September opened unchanged at 62 7-8, but sagged to 62 3-8.

The close of corn was steady with September 1-2@5-8 higher.

Oats weakened with other grain. September started a shade to 1-4@3-8 off at 39 5-8 to 39 7-8 and fell to 39 1-2.

Demand was less urgent for hog products and there was plentiful selling by packers. Initial transactions were five cents lower to 2 1-2c up with September delivery $16.90 for pork, $8.57 1-2 for lard and $8.70 for ribs.
