STATEHOOD TALK IS HELPING STATE OF NEW MEXICO

Agitation Over Passage of Resolution Gives Wide Publicity All Over Country With Evident Results.

It is an accepted fact that the recent publicity enjoyed by the state in the process of the statehood resolution has accomplished a great deal of good for New Mexico, but the actual results are hardly realized until brought definately into view. One of the direct evidences of the benefit done to New Mexico by the agitation and publicity is the number of inquiries received by the Commercial club about Albuquerque. This number has increased a great deal in the last few weeks, and now averages many a day.

Yesterday there were eight inquiries from one town, two of them from one family, though all the rest were from other interested people not connected with them. The town was Parrottsville, Tenn. A New York lawyer wanted literature regarding the city and its environs, and said he wanted to locate here. Another lawyer from Jacksonville, Fla., wished information regarding the health advantages of the city, as well as its population and resources. A Missouri doctor was another inquirer. A colored man from Birmingham wanted to know about the possibilities for work by colored people. There were inquiries from Baltimore; Connellsville, Pa.; Tulsa, Okla., and numerous other places. Altogether it appears as though there would shortly be a large increase in the state population.

Secretary Thomas J. Naylon of the Commercial club is in receipt of a communication from the Real Estate News, a national paper devoted to real estate interests, asking for an article on Albuquerque for publication in the city publicity department of that paper, with other articles to follow later. The matter will be considered by the club officials at an early date and it is likely that favorable action will be taken. The articles are published strictly as news and no charge is made for printing them.

PHOTOGRAPHS ARE ON DISPLAY

Number of Poses by Cast of "Man From Home" Being Exhibited This Afternoon on the Streets.

A large number of artistic groupings of photographs of the cast of the Y. W. C. A.'s benefit play, "The Man From Home" have been made and are on display on the streets and principal corners today. The photographs illustrate actual scenes in most instances, and are remarkably good. Characteristic poses were chosen in making them. There is no doubt but that those who are the dramatic or comic incidents shown in them will want to attend the play.

There are also portrait pictures of the principal characters taken alone. The work was done by Gray.

Hives, eczema, itch or salt rheum sets you crazy. Can't bear the touch of your clothing. Doan's Ointment cures the most obstinate cases. Why suffer. All druggists sell it.

R. W. D. Bryan left on the flyer this afternoon for Raton, where he will deliver an address at the dedication of the Elks' lodge.

MARRIAGE CEREMONY.

C. B. Roberts and Miss V. E. Slaughter were married at 1:30 o'clock today, Rev. J. W. Rodgers of the A. M. E. church performing the ceremony.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

BRADFIELD REGULATOR CO., Atlanta, Ga.

TWELVE MILES OF NEW TRAILS ARE NOW FINISHED

United States Forest Service Opens Up Good Roads in Mountains East of Albuquerque.

That the United States forest service officials in the third district are keen for building good roads which are of benefit to the general public as well as to rangers and forest guards is indicated by the fact that twelve miles of new trails have just been completed in the Manzano range, east and southeast of Albuquerque.

The trails are all near the head of Hess canyon and open up a fine camping and hunting country to the vacation camper. Three of the trails run north and south and two east and west. The object of the government in building these trails is to open up the forest to transportation and communication in the event of fire, and to facilitate the patrol work done by the rangers and forest guards. It is in accord with the present policy of the service to get as many trails and telephone lines through the forests as possible, as it was clearly shown in the great northwest forest fire of last year that the prime needs of the service in fighting fire was better roadways and transportation of water and supplies for the fire fighters, and better communication so that an earlier notice of fire may be obtained.

GOLDEN RULE SALE ON HOME STRETCH

Even the Low Sale Prices Are to Be Slaughtered for Balance of This Week.

The big Golden Rule August cash sale is turning into the home stretch and the closing days are to be marked by a burst of bargain speed that promises to break records in these parts. Prices have been memorably low from the beginning of this sale, but for the balance of this week even the sale prices are to be slaughtered.

The price pruning knife will be applied in every department, particularly strong values being offered in stylish summer dresses of every description. There will be big bargains, too, in waists, wash petticoats, skirts, summer suits and women's furnishings. In the men's department the prices on men's $18 and $20 suits have been cut to $12.50.

MAN FROM HOME IS IN TOWN TODAY

Picturesque Representation of Character in Play of That Name Parading Streets Down Town This Afternoon.

"The Man From Home" came to Albuquerque today for a visit. He will remain to take part in the play bearing his name Thursday and Friday nights, which local people are producing for the benefit of the Y. W. C. A.

The Man expressed himself as greatly pleased with the arrangements made for his stay in this city, and said he was delighted at the sale of seats. Not all the seats are gone yet, many good ones being still unsold, so that those who desire to see the play have still an opportunity of doing so to good advantage.

"I am delighted with the scenery," the Man said, "and find it fully up to the mark. It is much better than amateur productions in general give me. And I am particularly pleased with Rexburgh, the Airedale, who takes part. Too often they give me merely a yellow cur, whereas the lines call for a genuine Airedale. It is a satisfaction to see things so faithfully carried out. And I notice also that the costumes worn by the Englishmen in the play are really truly English. You may doubt this, but I saw the label."

The Man attended the dress rehearsal last night, and said he was much pleased with the smooth way in which things went. He will attend the second dress rehearsal tonight.

If you doubt any of these things, ask the Man today. You'll see him walking about. He is a great walker.

EVERY PROMISE

(Continued from Page One.)

fitted to his full share of the credit.

"We honestly and persistently endeavored to relieve the people of some of their burden of taxation, but the president would not have it. To use a sporting phrase 'He blocked the game.' On these issues we appeal to the country, feeling absolutely certain that as we have stood manfully for the best interests of the people, the people will stand by us."

The four cabinet officers to whom the speaker referred as having been on the floor of the house when the tariff revision vetoes were pending in that body were Attorney General Wickersham, Postmaster General Hitchcock, Sec. Stimson and Secretary of Commerce and Labor Nagel.

CITY COUNCIL HAS REGULAR MEETING LAST NIGHT

Motorists Favor Abolution of Rear Lights; Gladding Gets Leave of Absence; Plumbers Present Petition.

Although consideration of paving bids was the chief order of business at the regular meeting of the city council last night, the aldermen found time to transact considerable routine business. By unanimous vote the council agreed to permit James Gladding, city engineer, a leave of absence for one month, beginning August 28, his pay to continue. Mr. Gladding will journey to Detroit to "get into trouble," as Alderman Wroth explained it when presenting the motion for leave of absence for the engineer. Protests from automobilists that keeping rear lights lighted on automobiles worked a hardship on them, and a protest from the plumbers that putting up a cash bond of $10 each time they made a street excavation was an injustice to them, next occupied the attention of the aldermen. Col. D. K. B. Sellers represented the motorists, the plumbers presenting a petition containing their complaint, signed by a dozen or more plumbers. Taking up the grievance of the motorists, it was decided that if motorists would carry their numbers adjacent to side lights the ordinance requiring tail lights would not be enforced.

The petition asking for a reduction of the cash excavation bond from plumbers stipulated in the new plumbing ordinance was considered and on motion the request was denied.

City Attorney Collins recommended that the city pay $125 to William Dolde for damages to a mare injured during the construction of the sewer. The city attorney reported that he had examined the claim for $500 made by Emil Kleinwort as compensation for abandoning the Barelas arroyo, and that he had conferred with Mr. Kleinwort suggesting settlement on a basis of $225. Mr. Collins considered this an equitable settlement but Mr. Kleinwort was of a different opinion.

REPUBLICAN CLUB MEETS THURSDAY AT 8 O'CLOCK

Plans Will Be Discussed for Proposed Educational Campaign in Bernalillo County.

For the purpose of considering general organization and talking over plans for the proposed campaign of education to be conducted within the next several months a meeting of the has been called by Chairman A. A. Sedillo for August 24. The call for Bernalillo County Republican club sued by Mr. Sedillo follows:

A meeting of the executive committee and officers of the Bernalillo County Republican club is called for Thursday, August 24, 1911, at the office of the chairman, A. A. Sedillo, in room 8, Grant building, for the purpose of general organization and discussion of plans for the co-operation of the club in the campaign of education about to be inaugurated. All members of the executive committee and officers of the club are earnestly requested to be present at the meeting. Remember the date, Thursday evening, August 24, at 8 o'clock, room 8, Grant building.

A. A. SEDILLO,
Chairman.

CARS WILL STOP AT EDITH STREET CROSSING

Drivers of automobiles and carriages will be interested in the announcement that north and south bound street cars will hereafter stop on the near side of the street before crossing Central avenue on 14th street, this being provided for as the result of a resolution adopted at the city council last night. On several occasions automobiles coming down the hill on Central avenue have narrowly escaped serious collision with Edith street cars. Recently an auto containing a driver and four passengers crashed into the rear of a street car, smashing one of the grab handles on the car and damaging the engine on the automobile. If the collision had occurred a few seconds sooner it is likely fatalities would have resulted. Realizing the danger to motorists the street committee authorized the digging of a trench fifteen feet east of the street car tracks on Central. Automobile drivers objected to this means of having their lives and property protected. The motorists appealed to the council last night with the result that an order was issued today requiring street cars to stop at the Central avenue crossing on Edith street in the same manner as the cars stop at Second street and Central avenue on the north and south lines.

PAVING CONTRACT WILL BE LET WEDNESDAY

City Council Opens Bids Last Night; Will Probably Take Final Action on Matter Tomorrow Night.

Bids for paving the business section of Albuquerque were opened at a regular meeting of the city council last evening and the contract will probably be let at a special meeting tomorrow night, at which the paving commission, consisting of Jacob Korber, D. S. Rosenwald and F. E. Sauerwein will be present. The bids opened and considered last night follow:

The Denver and Pueblo Paving company agreed to use Bermuda Lake asphalt in the construction of paving. Asphaltic concrete, $1.95 per square yard. Work in the street car tracks, $2.95 per linear foot. For culverts, $2.80 per linear foot.

John A. Laughlin of Trinidad also agreeing to use Bermuda Lake asphalt bid as follows: Brick, $2.22 per square yard; asphaltic concrete, $1.80 per square yard; street car tracks, concrete, $2.30 per linear foot; or with brick, $2.85 per linear foot; rock heads for cross streets and ends of paving, 45 cents per foot; concrete heads, 30 cents; culverts, $3.30 per foot.

Western Paving company of Oklahoma. For asphalt concrete, $2.14 per square yard; sheet asphalt, $2.24; street car tracks, $2.95; oak or concrete heads, 15 cents; culvert work, $1.95.

Municipal Paving company: Brick, $3.00 per square yard; asphaltic concrete, $2.00; sheet asphalt, $2.15; oak heads, 20 cents; concrete heads, 40 cents; culverts, $3.27; work in street car tracks, 10 per cent additional rate over that rate for paving.

A supplemental bid was read from the same company saying that they had received late information that they could reduce their brick bid 40 cents per square yard.

Texas Bitulithic company: Bitulithic paving, complete, $2.30 per square yard; street car tracks, $2.25 per linear foot; oak heads, 45 cents; concrete heads, 15 cents; culvert work, $2.30.

The work between the street car tracks involves the laying of a concrete foundation for the pavement and also placing brick each side of the rails.

Can't look well, eat well or feel well with impure blood feeding your body. Keep the blood pure with Burdock Blood Bitters. Eat simply, take exercise, keep clean and you will have long life. K

The Markets

FREE SELLING IN WHEAT TODAY

Market Loosens Up Under Decline at Winnipeg and Failure of Frost Reports as Expected in Northwest Provinces.

(By Evening Herald A. P. Leased Wire)

Chicago, Aug. 22.—The wheat market started today with free selling influenced by the decline at Winnipeg and failure of predicted frost to materialize in the northwest provinces. September opened 1-4 to 3-8 under yesterday at 99 5-8 to 3-4, and declined to 99 1-4@3-8S. Dec. started unchanged to 3-8 lower at 95 5-8 to 1-4, and tumbled early to 94 3-4.

The close was weak with December 7-8@1 cent down at 94 5-8@3-4.

The corn market was fairly active at the start and despite the wheat weakness was comparatively steady in tone. December opened a shade to 1-8 down at 61 5-8@3-4 to 5-8, and declined stubbornly to 61 3-8.

The close was easy, December being 3-8@1-2 lower at 61 1-4@3-8.

Commission houses were moderate buyers of oats and in the absence of selling prices held relatively steady. The tone was firm. December opened unchanged at 43 to 44 7-8@45 and sold to 44 5-8.

Provisions were weak on selling of September product. There was less pressure on lard than on pork and ribs and a better demand for it from packers. September pork opened at $16.90, but slumped promptly to $16.20. January pork sold off to $16.42 1-2; January lard to $8.92 1-2 and Jan. ribs to $8.40.

Grain and Provisions.

Chicago, Aug. 22.—Close:
Wheat—Sept. 99 1-4@1-8; Dec. 94 5-8@3-4.
Corn—Sept. 62 7-8; Dec. 61 1-4@3-8.
Oats—Sept. 42 1-8; Dec. 44 1-2@44 5-8.
Pork—Sept. $16.50; Jan. $16.37.

Chicago Livestock.

Chicago, Aug. 22.—Cattle receipts 5,000. Steady to 10 cents up. Beeves $5.10@8.10; Texas steers $4.50@6.45; western steers $4.25@6.95; stockers and feeders $2.10@5.50; cows and heifers $2.25@6.40; calves $6.00@8.60.

Hogs 12,000. Market steady. Light $7.35@7.95; mixed $7.20@7.95; heavy $7.05@7.80; rough $7.05@7.30; good to choice heavy $7.30@7.80; pigs $5.50@7.60; bulk of sales $7.35@7.70.

Wall Street Tradings.

New York, Aug. 22.—The market's early weakness was generally ascribed to authoritative reports of another serious hitch in the Moroccan negotiations. This found reflection in the Paris market as well as London, where Americans were heavy. In the second hour Union Pacific recovered three points from the opening decline with material gains in Reading, St. Paul, Lehigh Valley, and other active issues. Large transaction in steel were among the few conspicuous features. The rally was only fairly well sustained, however, but trading became very dull. Bonds were steady.

The market was practically featureless during midday except for the further heaviness of Union Pacific. Business fell to the most meager proportions.

Selling of stocks was resumed in the afternoon, the movement begun with a slump of almost five points in Canadian Pacific, which had its inception in Berlin. Union Pacific fell back close to the morning's low and steel all its gains with general weakness all around. Buying of Union Pacific rallied prices in part, after which the market lapsed into its customary dullness.

The market closed steady. U. S. Steel was the feature of the last hour, advancing to 73, its best price of the day on heavy offerings. The list as a whole, was favorably influenced, Union Pacific and Reading reflecting more than moderate support.

New York Cotton.

New York, Aug. 22.—Cotton spot closed quiet, ten points higher. Middling uplands $12.60; middling gulf $12.85; no sales.

New York Stocks.

New York, Aug. 22.—Close:
Amalgamated Copper 61.
Sugar 116 bid.
New York Central 104.
Atchison 105 1-4.
Northern Pacific 119.
Reading 144 1-2.
Southern Pacific 113.
Union Pacific 170 3-8.
U. S. Steel 72 7-8.
U. S. Steel pfd. 115 3-4.

TO GET ITS BENEFICIAL EFFECTS—ALWAYS BUY THE GENUINE.

MANUFACTURED BY THE CALIFORNIA FIG SYRUP CO.

SOLD BY ALL LEADING DRUGGISTS
ONE SIZE ONLY. REGULAR PRICE 50¢ A BOTTLE

FORTY MOTOR CARS TO VISIT CITY

According to Present Plans, Likely That Many Members of National Highway Association Will Come Through

If efforts now being made by Secretary H. B. Hening of the Bureau of Immigration are successful, an automobile party of forty members of the National Highway association, an organization interested in the construction and maintainance of a good road across the continent, will visit Albuquerque this fall.

Mr. Hening has been in correspondence with Charles H. Davis of South Yarmouth, Mass., in regard to the matter since June and has outlined a route for him along the lines suggested as the general way the party wishes to travel. This route will bring the party into the territory near Raton, south, along the Scenic Highway where possible to this city, thence to Rincon or possibly Las Cruces, and west into Arizona, after a visit at Deming.

Information regarding roads, hotels, etc., has been sent Mr. Davis by Secretary Hening and other territorial officials who are acquainted with the roads, and it is almost sure that the party will make the trip this way. A similar trip has already been made along a northern route. The party will endeavor to select a trans-continental route practicable for other automobiles. No attempt at speed will be made, but a comfortable trip will be taken. A number of ladies will be members of the party.

FALL HATS VERY STRIKING.

Local Buyer Enthusiastic Over New Millinery Styles.

Miss Elsa Hartner, head milliner at the Economist, has returned from a six weeks' buying and inspection tour through the big eastern fashion centers, including New York, Chicago and Denver. Miss Hartner says the most authoritative fall hats will be unusually striking and attractive, and she has purchased for the Economist a stock which is splendidly varied and absolutely correct. Among the fashionable colorings will be carnation red and purple, king's blue and emerald green.

LET YOUR WIFE HAVE

an opportunity to show how economical she can be. The chances are she is more thrifty than you and a shrewder buyer.

Any woman who has to look after the many details of housekeeping finds it a great convenience to pay her household bills by check. It is economy, too. With

A CHECK BOOK OF HER OWN

your wife will find it unnecessary to keep money in the house, and will always have the right change. Her account is balanced by the bank each month and the cancelled checks are receipts for all payments.
