STATEHOOD JUBILEE IN EL PASO

Big Celebration Is Planned in Pass City During October to Celebrate Admission of Territories to the Union.

El Paso, Texas, Aug. 22.—Secretary C. A. Kinne of the chamber of commerce, is formulating plans for a statehood jubilee to be held two or three days in the early part of October. It will be a general get together and will be a jubilee that will be remembered.

A smoker will be held early in September, to discuss the matter, as several of the chamber of commerce are absent from the city at present, but the celebration is practically a sure thing that is if Los Angeles doesn't beat us to it. The idea of the celebration is to gather the people of the two new states in the Pass City which is adjacent to both New Mexico and Arizona, and the people of each have interests in both. With delegates from all the large and small cities of New Mexico and Arizona gathered in this city for a big jubilee, it is estimated that a great amount of advertising will come to El Paso. The eyes of the whole country are now upon these two states, and the natural advertising that they are receiving through the admission to statehood will be focused upon El Paso during the celebration.

"Now that the statehood bill has passed congress," said Charles A. Kinne yesterday, "El Paso can begin preparations for its big statehood jubilee. We want to bring 20,000 people here from New Mexico and Arizona and give them the time of their lives. We want a jubilee that is a jubilee."

Alderman Clayton said Saturday that if the statehood bill passed it was up to El Paso to let her friends in New Mexico and Arizona know that this city is in on the rejoicing.

Since it was mentioned that El Paso was going to give a statehood jubilee to the people of the two new states, the Los Angeles papers have been talking about that city welcoming Arizona into the Union with a big fiesta.

But El Paso is not going to permit Los Angeles, Denver or any other community to give the coming out party to Arizona and New Mexico, consequently the matter will be taken up at once with the state and municipal officials of the two new states.

MR. HURRY MET MISS DELAY.

Not a Joke, But the Introduction of Real People in Washington.

Washington, Aug. 22.—"Mr. Hurry, I want to present Miss Delay," said a clerk in the postoffice department today to the recently appointed chief clerk to the third assistant postmaster general. Mr. Hurry started work today. Miss Delay has been employed at the postoffice department for several years.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulets. They operate easily, tone the stomach, cure constipation.

M'DONALD WILL GO TO JEMEZ SPRINGS WITH DESCHLER

Scotchman and German to Journey to Hills Together; Blacksmith to Train Partner for Mabee Match.

With a view of getting into first-class condition in order to be in a position to take on Roy Mabee in a wrestling bout, should arrangements for the proposed grappling contest be completed, A. F. MacDonald, the Scotchman, will leave tomorrow or the next day for Jemez Springs, 30 miles north of Albuquerque. MacDonald will probably be accompanied by Simon Deschler, the big German blacksmith, who is some wrestler himself. MacDonald and Deschler will do a few workout stunts in the hills and the Highlander expects to come back fully recovered from his recent illness and in shape every bit as good as he was when he defeated Young Olson of St. Louis in lightning time here several months ago. Provided further negotiations are conducted between MacDonald and Mabee, looking toward a match within the next few weeks, it is understood a sufficient forfeit will be posted to insure the bout.

NEW MEXICO'S IS FORTY-SEVENTH

As This State Was Created a Territory Thirteen Years Before Arizona It Will Have 47th Star on Old Glory.

Made a territory 13 years earlier than Arizona, New Mexico will be the 47th state, while Arizona will constitute the 48th.

At the time of the conquest of New Mexico in 1846 by General S. W. Kearney Arizona formed a part of New Mexico. By the treaty of Guadalupe Hidalgo in 1848, the section north of the Gila river was ceded to the United States by Mexico, while the district south of the river came into the possession of the government through the Gadsden purchase, approved in 1854.

Indian raids and military expeditions followed, rich mining fields and cattle ranges were discovered, and the country began to be settled by Americans.

By act of congress approved February 24, 1863, Arizona was made a territory and on December 29, of the same year the territorial government was formally organized at Navajo Springs.

Beginning with a few years after that time, Arizona has been almost continuously asking for statehood.

The history of New Mexico reaches back much further.

Mexico having thrown off the yoke of Spain in 1821 New Mexico then became a Mexican province. In 1824 it was made a Mexican territory and in 1836 a department. It remained a department until it was seized by General Kearny in 1846 in the name of the United States.

On November 25, 1850, New Mexico was organized as a territory through the agreement by Texas to the New Mexico boundary under the act of congress, approved September 9 of that year.

In 1862 western New Mexico became the territory of Arizona, and in 1865 a northern strip was annexed to Colorado.

Teacher—Now, Tommy, what is a hypocrite?

Tommy—A boy that comes to school with a smile on his face.—Lippincott's.

Birds of a Feather.

"What's the bill for fixing my auto?" asks the strange patron.

"It figures up to $110, sir," replies the garage man.

"Whew! I'll have to give you a check. I left all my money in my drug store."

"Why, are you a druggist?"

"Yes."

"Oh, in that case the bill will be a dollar and a quarter. We fellows ought to stand together."—Chicago Post.

His Trouble.

"I think the doctor is about through with me. Told me my ailment is practically cured."

"What did you have?"

"Two hundred dollars, originally."—Washington Herald.

SEWER AND WATER WORKS PLANS COMPLETED

Engineers Have Gone Over the Preliminary Surveys, and Work Will Soon Be Begun; Will Improve Sanitation.

(Special Correspondence to the Herald)

Las Cruces, N. M., Aug. 22.—Plans have been completed for the commencing of the city water works and sewage system. Last spring the subject was presented to the taxpayers for settlement and they voted for it with only three nays. The bonds as voted were later sold to an eastern firm. The interest is 6 per cent and the principal redeemable at any time within 20 years.

The taxpayers voted $75,000 for both projects. Of this amount $40,000 will be spent for a modern water works and $35,000 for a sewerage system. Engineers have examined the water flows, quality, pressure, etc., and decided that the most east of the city is the best place. The best water to be found anywhere for domestic use is on the mesa. Private holes have proven that water is plentiful. A reservoir or standpipe will store plenty of water in case anything happens to the pumps. It will also add to the pressure. Test holes will soon be drilled to determine the best location.

Las Cruces has long needed a sewerage system. There are many cesspools, but these only add danger to those who use water from surface wells. Local physicians have stated that our 365 sunshine days a year have helped to keep the city free from disease. The main part of the city is in the valley, making the fall very slight. This difficulty will be overcome by installing the septic tank system. In this way the sewers can be flushed a couple of times a day and the sewage will be easily cared for in the septic tank. The water works and sewage systems will be the greatest boon Las Cruces has ever enjoyed.

M. J. Daley, manager of the Memphis mine in the Organ mountains, has left for Utah on business. Rich ore is being taken from the mines and it is not known as yet just how it will be handled. The new company now has 14 miners on the pay roll and this number will soon be increased.

Mr. Merrill of the University of Iowa has arrived and will soon take up his duties as assistant professor of biology at the Agricultural college.

William Adair, the Amador street merchant, has returned from a two weeks' visit in Santa Fe and Taos. Mr. Adair was at one time manager of the Taos Trading company.

Mrs. Lafferty and Mrs. Houser have taken charge of the Crawford house on Main street. They expect to open a good home dining room at once. Mrs. Scott, the former manager, will remain until September.

Mr. and Mrs. S. A. Stewart of Pittsburg, Kan., are visiting their daughter, Mrs. Bert Hazen.

Hon. H. B. Holt has returned from Santa Fe, where he attended the session of supreme court.

The Stephenson family are spending a couple of weeks at the Cleva, a cave just west of Dripping Springs.

Mrs. Hugh Clary and baby are spending a few weeks at Chloride.

W. W. Cox, the Dona Ana county cattle king, has returned from Albuquerque, where he attended the state meeting of the cattle sanitary board. Mr. Cox is in charge of this district, recently created by the board.

One of the best advertisements for the Mesilla Valley and southern New Mexico is the Francis E. Lester company of Mesilla Park. This firm sends out several million letters every year to all parts of the world. These letters are usually followed by advertising pamphlets containing various cuts of advertising this section as well as selling goods for the Lester firm. Several carloads of catalogues are mailed each year to people who apply for them.

A Mean Man.

Professor John Dewey of Columbia was talking about a legislator who had turned traitor to the suffrage cause.

"A man who could be so mean to woman, he said, 'must be the original of the Clayton jail story.

"A convict in the Clayton jail, you know, managed to do a little flirting over the wall. He flirted for some weeks with a girl who milked the cows in a field adjoining the jail, and one evening he called to her, and they struck up a conversation.

"Every day after that, for a year or more, the girl came to the wall. Then the convict, getting tired of her, told her it was no use waiting for him, as he was in for life."—Washington Star.

ANDREWS WRITES HE GOT STATEHOOD

Interesting Telegram Is Received by County Chairman of Eddy From Delegate in Congress; Juarez Has Lid on

(Special Correspondence to the Herald)

Carlsbad, N. M., Aug. 22.—The following telegram from Delegate Andrews was received here late Saturday night by M. S. Groves, the county chairman of the Republican party of this county:

Washington, D. C., Aug. 19.

Hon. M. S. Groves:

Chairman Smith of the senate committee on territories passed his joint resolution 37 yesterday in the senate by a vote of 52 to 8. It passed the house today after six hours debate unanimously. It goes to the President Monday for his signature, as soon as it is signed I will wire you and will have accomplished what the people of New Mexico sent me to congress for.

W. H. ANDREWS.

The Carlsbad Commercial club gave the Normal school attendants a fine entertainment last Friday night at the club parlors. Nearly everybody from Carlsbad and vicinity was there and it was a social entertainment long to be remembered. Speeches were made by the teachers and others and an elegant punch was served. Professor Roches brass band discoursed sweet music. Dancing was engaged in until a late hour and all went home with the understanding that they had had the time of their lives.

J. B. Roberts of El Paso, Texas, and formerly a resident of this place and Lakewood, is here on a visit. He says that Medina, a thoroughly American-bred Mexican, was appointed Jefe Político of Juarez, and that he proceeded to make a wide open town of it in the face of many letters from Governor Gonzales of Chihuahua to close the gambling halls and be quiet about it. Senor Medina paid no attention whatever to the governor. The governor sent General Orosco to Juarez, put Medina in jail, closed ten gambling saloons and confiscated sixty thousand dollars of the gamblers bank roll. Orosco left word that if the gambling was opened up he could get special attention to the Americans and put them in jail and take they money away from them.

WILLARD SCHOOLS BIG SUCCESS

Three Teachers Are Employed and at Least a Six Months Term Will Be Held; Big Enrollment Is Expected.

Willard, Aug. 22.—The public school will open here September 6, with present indications that it will be the most successful term yet held. There will be three teachers. C. D. Williams has been employed as principal. Mrs. Josephine Sandusky, who has had charge of the grammar department for three years, was re-employed. And Miss Thompson from Moriarty will be in charge of the primary grades.

The school board announces that they believe the district will be able to give at least a six months term. This will be good news as many people have moved away from Willard each fall because of the lack of assurance of a good school. It is expected that at least 160 pupils will be enrolled the first day.

In addition to the regular grammar course, it is the present plan of the board to add at least two years high school course.

The new brick building of four rooms will be put in the best of condition for the opening of the school, and if the enrollment should justify it, an additional teacher will be employed.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Eclectric Oil. The pain ceased and the child sank into a restful sleep."—Mrs. Nancy M. Hanson, Hamburg, N. Y.

THEN THE DRIVER GOT HIS PAY

Advent Ministers Holding Revival at Corona Offered Transfer Man Fifty Cents But Gave Up Two Dollars.

(Special Correspondence to the Herald)

Corona, N. M., Aug. 22.—No little interest was taken here in the case entitled Territory vs. J. A. and C. A. Cates, tried before Justice J. L. Jones last Thursday and Friday. J. A. Cates and his son were arrested on complaints of Rev. Bean et al, charging them with assault with intent to murder and carrying concealed weapons. The charges against the older Cates were dismissed after the evidence was heard, but C. A. Cates was held to await the action of the grand jury. Attorney F. F. Jenkins of Willard appeared for the defendants and Hon. Ross represented the territory.

Briefly, a statement of the case is to this effect. The Adventists are holding a camp meeting near this place. A number of ministers arrived on the evening train Wednesday and engaged Mr. Cates and his son to transfer themselves and baggage to the meeting grounds. Arriving at the destination the ministers tendered their driver 50 cents in payment and he demanded $2, this they refused to pay. It was then alleged that the younger Cates drew a six-shooter and demanded the two simoleons for the transfer.

The money was handed over and the arrests and trial followed. Among the ministers who assisted in the prosecution were the Ross Weeks of Albuquerque, Hoover of Estancia and Powell.

CATTLE RATES ARE MUCH TOO HIGH

Arizona Shippers Protest Against Tariff Now Charged; Commercial Club Will Prepare Specific Complaints.

Phoenix, Ariz., Aug. 21.—A special committee appointed recently by the Maricopa County Commercial club to prepare specific complaints on freight rates charged on various commodities out of the Salt River valley is making great headway in regard to the tariff on cattle. The compilations of the committee will be used as evidence at a hearing on the rates to be had before Interstate Commerce Commissioner Lane in Los Angeles September 14.

Yesterday it was learned that on a recent shipment of cattle from Temple, on which the actual valuation of the commodity was placed, the railroad companies compelled the shipper to pay $150 excessive freight in addition to the already excessive charges out of the valley. The shipment was consigned to Los Angeles.

It has already been discovered and will be shown to the commissioner at the Los Angeles hearing that if a Salt River valley cattle shipper pays cash for a shipment from Phoenix to Maricopa, and rechips there with Los Angeles as destination, he will demonstrate to the commissioner the fact that not only is it cheaper to ship from Tucson to Los Angeles, but that it is cheaper to ship from El Paso to Los Angeles than from Phoenix to the same point.

In the matter of valuation of cattle shipments the Salt River valley suffers a tremendous discrimination as compared with other points of origin. The valuation on cattle shipments from Tucson, El Paso and a dozen other places which the committee has in mind is $50 per head. From the Salt River valley it is $20 per head, and an attempt to protect himself against loss in case of wreck by compelling the railroad company to put the real valuation on the Tempe shipment noted above brought about a loss of $486 in excess freight.

Arizona this year has better range and more water for cattle than at any time past for a number of seasons and the harvest of beef should be a rich one. Of the total for Arizona the Salt River valley will get its share. And since the range conditions are so good the growers are more than ever anxious to secure fair freight rates, that they as well as the railroads may profit by the present splendid conditions.

THREE THOUSAND IS LOSS FROM FIRE

Leepy Building in Clovis in Blaze which Comes Near Being Disastrous; Fire Department Saves Business Section

(Special Correspondence to the Herald)

Clovis, N. M., Aug. 22.—The Leepy brick on Main street caught fire from an unknown cause Monday morning at about 5 o'clock. The Orlofsky jewelry store in one part of the building and the Bates Grocery company in the other. The stock of goods in both stores was badly damaged and the timely arrival of the fire department was all that saved Clovis from the worst fire in its history as the building is in the middle of the block. The building is also badly damaged. The total damage is conservatively estimated to be over $3,000, which covered only in part by insurance.

A monster celebration was held last night upon receipt of word that the president had signed the statehood bill.

The celebration was held under the auspices of the Chamber of Commerce. There were speeches by the orators, prominent candidates and a fine program for the population of Clovis who turned out as a body to show their enthusiasm.

Judge R. E. Rowell, Attorney H. M. Williams and M. C. Spicer of Clovis and Attorney George Reese of Portales left Monday for Santa Fe on business which comes before the supreme court now in session there. Judge Rowell represented the appellee in the case of Mellee versus O'Cunnell and Mr. Reese will argue the other side of the case.

Hon. W. D. McBee, late state senator from the twelfth district of New Mexico, has announced his candidacy for probate judge of Curry county. Mr. McBee is one of the best known men in the county, having lived here or in Melrose for a number of years and has a large number of warm personal friends and admirers who have insisted on his making the race and expect to see him through to the end. Now that statehood is certain candidates a dozen or two for every office are coming to the front and politics will at least be interesting for the next three months.

Hon. T. J. Mabry, editor of the Cleveland Journal, who has been in Washington the past two weeks with the New Mexico delegation in the interest of statehood for the territories, arrived in Clovis on the noon train Monday.

A Trifle Withered.

In his native tongue no one could have made more graceful speeches than Monsieur Blanc, but when he essayed compliments in English he was not quite so successful.

"Have I changed in my five years since we met in Paris?" asked an elderly woman who desired above all things to be thought younger, much younger than she was.

"Madame," said the courtier, his hand on his heart, "you look like a rose of twenty years!"—Youth's Companion.

Ultimate Vexation.

"There is nothing more unsatisfactory than a boarding house bedbreak," growled the chronic grumbler.

"Oh, I don't know," ventured the impressionable young man. "Did you ever get a kiss from a pretty girl over the telephone?"—Tit Bits.

Eliminate Cobwebs
