DEMONSTRATION AT ROSENWALD'S IS POPULAR

Free Refreshments for Busy Shoppers at Department Store Proves Genuine Boon to Women.

Never has there been a more popular innovation in the mercantile world than the free [illegible] demonstration at the demonstration booth in the big Rosenwald store for the convenience of the Christmas shoppers. Dainty and appetizing and greatly refreshing things to eat and drink, without cost, are served to tired shoppers, thus saving time for more profitable spent in going home or elsewhere to lunch. [illegible] J. Harold [illegible] representative of the [illegible] company, is in charge and serves the dainty [illegible] served are [illegible] fruit, Welch's grape juice, [illegible] and K. fancy blend coffees and National Biscuit company products. These delicious refreshments are served to everyone, and that the arrangement has made a tremendous hit with shoppers goes without saying.

BURRELL LECTURE INTERESTING AND PROFITABLE

Good Roads Expert Illustrates Address at Elks' Theater With Fine Stereopticon Views.

Probably the best and most educational lecture on good roads ever heard here was that delivered Saturday night at the Elks Theater by D. H. Burrell, detailed by the government office of public roads to lecture in the west. The lecture was illustrated with 120 fine stereopticon views, each one with a strong good roads moral in it. Scenic beauties along the ocean-to-ocean highway in New Mexico were strikingly demonstrated by these views. Mr. Burrell's address was largely devoted to practical advice on ways and means of building permanent thoroughfares. He particularly emphasized the virtues of the King split log drag. Mr. Burrell goes from here to Belen, Socorro and other southern New Mexico points.

SPORTING BREVITIES OFF THE WIRE.

Berkeley, Cal.—Whether the University of California is planning to send its crew to the eastern regatta could not be learned here. An officer of the rowing association said that California purposed adopting the Cornell style of rowing and that Captain Eaton's visit to Ithaca was mainly for the purpose of obtaining a coach.

Rome.—Roland G. Garros, the French aviator, completed yesterday his long flight from Tunis, Africa, thence, after a splendid flight from Tunis on Dec. 15, to Tripoli. Garros, a distance of 700 miles over the Mediterranean sea. He left Tripoli Saturday and flew to the Italian mainland. Yesterday he continued his flight, stopping at Naples for lunch. Favorable weather enabled Garros to cover the last stage of his journey in a short time. He landed at Naples an hour and one half before he was expected. In the landing the aeroplane was slightly damaged but Garros was not hurt.

Paris.—An ingenious automatic parachute for aeroplanes was demonstrated from the Eiffel tower yesterday. The contrivance, which consists of a vast umbrella forty feet in diameter has a system of springs operating instantaneously and automatically when the fall begins. The parachute was dropped today from the first platform of the tower, with a sandbag to represent an aviator. The apparatus opened fully before it had fallen sixty feet. It landed gently, taking sixteen seconds to drop 150 feet.

Ithaca, N. Y.—That the University of California is getting ready to send crews to the intercollegiate regatta on the Hudson is believed from a visit here this week of Arthur Eaton, captain of the 1913 'varsity eight of that university. Captain Eaton has been here consulting with Coach Courtney in reference to his rowing methods and boat building. It is learned that he was an interested visitor in the crew rooms for a few days. He donned rowing togs one day and had special instructions from Coach Courtney. He is now at Columbia, where he will study Coach Rice's system. He will visit other eastern colleges before returning to the coast.

LOUIS BERTONI TO SPEND HOLIDAYS BEHIND BARS

Apparently Incorrigible Boy, Who Has Been in Prison Almost Entire Time for Four Years, Committed Toda.

Louis Bertoni, 22 years old, who has been in the penitentiary, the reform school, the county jail and the city jail almost the entire time during the last four years, was committed to serve 60 days in the county jail today, having failed to live down as he promised Judge Crum several days ago. Bertoni has become so accustomed to being in jail that he is apparently indifferent about it, or pretends to be. Bertoni is apparently incorrigible. He was released from the county jail only a week ago after serving six months for burglary.

T. K. D. Maddison, clerk of the district court, received a letter today from Judge Raynolds, who is in El Paso, recovering from a recent operation for appendicitis. Judge Raynolds says he expects to be out of the hospital for Christmas and to return to Albuquerque after New Years.

PANAMA CANAL OF IMPORTANCE TO SOUTHWEST

Dr. Frederick Vining Fisher to Show How in Graphic Stereopticon Lecture at Elks' Theater January 2.

That the opening of the Panama canal will be an event of vital importance to the two states of New Mexico and Arizona as well as to California is going to be clearly pointed out to the people of this city by Dr. Frederick Vining Fisher, who will deliver a lecture on the Panama Pacific exposition at San Francisco, and who will appear at the Elks' Theater January 2, under the auspices of the Commercial club, which secured the theater for Mr. Fisher.

The lecture will be illustrated with many bright stereopticon views and the Club is doing the people of Albuquerque a great deal in interesting them in hearing one of the ablest lecturers of the day. The views of the construction work on the Panama canal are said to be especially interesting.

CLAIM JUMPERS COVET BIG POTASH DEPOSITS

Los Angeles, Cal., Dec. 22.—A United Press dispatch from Los Angeles says that three men claiming to be United States marshals, accompanied by a number of armed men, visited Searles lake, in San Bernardino county, the property recently in the hands of J. W. Smith, who was murdered for his share in the general gambling concession of Searles lake, and ordered the workmen off the property. The men claimed to be the representatives of potash deposits in the lake, one of the lake, Receiver Austin, who is in San Bernardino, said today he did not expect any trouble. Several days ago, at his request, a deputy sheriff was sent to Searles lake to prevent any damage being done to the buildings erected by the California Trona company, which originally owned the property and held it under the Foreign Mines company, a Hawaii corporation, which had advanced large sums for development, filed force measure proceedings.

RAILROAD DETECTIVE MURDERED ON TRAIN

Mobile, Ala., Dec. 23.—Alexander Morley, special agent for the Mobile and Ohio railroad at Tuscaloosa, Ala., was shot to death Sunday in a baggage car of Mobile & Ohio passenger train No. 195 and his body thrown from the train into a bridge over Gypsum creek, where it remained hanging between the cross ties until discovered by a searching party today. Napoleon Jones, a porter on the train was arrested and charged with the crime.

CITIES MUST NOT TAX TELEGRAPH COMPANIES

Washington, Dec. 23.—Cities must not tax telegraph companies for sending messages if the companies have accepted the terms of the act of congress of 1866, making them governmental agents under certain circumstances, according to a decision today by the supreme court.

DISHRAG TOIL FOR THE UPLIFT OF PA

Los Angeles, Dec. 21.—Father had his innings at the California congress of mothers at Lincoln Park school, South Pasadena.

Among other things suggested as diversion for the bread-winner was a course in dish washing, in order to give him equality in the home. Of course, it was suggested that mother should not pile up the dishes on father for two or three days, and then spring them some night when he was tired, but the approach to the dish-pan should be gradual.

Father came to the bat under the heading of "The Modern Father's Share," which was treated by Mrs. S. W. O'Dell of Pasadena.

"There should be hours when father takes part in the home life," said Mrs. O'Dell.

"Oftentimes mother does not open the inner curtain of the home to father.

"When there's a baby a mother refers to the infant as 'my baby.' Men, bless their hearts, take women for granted and always think they are the best ever."
