WELL, MUTT'S JOB WAS HONEST LABOR AT THAT. BY "BUD" FISHER.

The Markets

WALL STREET

New York, Jan. 2.—Wall street began the new year cheerfully today and there was a varied demand for stocks. Business in the first hour amounted to 110,000 shares, which approximated the total transactions of some recent days. Sentiment was influenced by the advances of Americans in the London market and by confident assertions of trade authorities as to immediate prospects. After prices had been 1 to 2½ points, bear selling of Southern Pacific stopped the advance. The market yielded but little and became dull. Money rates continued moderately firm, call loans opening at 6 per cent. Bonds were steady.

Special stocks were marked up readily but the general list was quiet and traders showed little desire to do business while certain stocks continue vulnerable to pressure. Canadian issues rose 4 points.

Notable strength developed in various quarters in the latter part of the day. Active issues, including steel, leading Union Pacific and coppers, all went higher. In addition there was a large assortment of inactive issues that advanced buoyantly.

The market closed firm. Although there was a renewed fall in Southern Pacific to its lowest level, the general market was not affected, and earlier advances were extended considerably. Southern Pacific improved nearly 2 points and there were gains of 1 to 2 points each generally among the representative stocks. Toward the close profit-taking caused fractional recessions all around, but the undertone was good. Closing prices:

Amalgamated, 80 1-8.
Sugar, 166.
Atchison, 105 7-8.
Northern Pacific, 121 3-4.
Reading, 164 3-8.
Southern Pacific, 105 1-8.
Union Pacific, 151 3-8.
Steel, 68.
Steel preferred, 119¾.

Money Market.

New York, Jan. 2.—Money on call was inclined to ease, 1½@2 per cent; time loans weaker, 60 to 90 days, 5@5½ per cent; six months, 5 per cent. Prime mercantile paper, 6 per cent. Sterling commercial bills, $4.81.25.
Bar silver, 62½c.
Mexican dollars, 48c.

St. Louis Spelter.

St. Louis, Jan. 2.—Lead firm, $4.20; spelter steady, $7.20.

Chicago Board of Trade.

Chicago, Jan. 2.—Lightness of farmers' stocks brought about strength today in the wheat market here. Predictions that the movement from first hands in this country would soon exhibit a falling off tended also to help the bulls. In addition there was continued absence of moisture to the winter crop belt. Opening prices were 1-8c to 1-4c higher, May starting at 91 1-8c to 91 3-4c, the same gain as the market taken altogether, reached 91⅞@91 5-8c and then rose to 92c. The close was steady with May 91⅞@91 5-8c, a net gain of a shade.

May corn unchanged at a shade off to 48 1-4c to 48 1-4@48 3-8c and climbed to 48⅝@48 5-8c. The close was steady, 1-8c net higher at 48 3-8@48⅝c for May.

May oats which started the same as Tuesday night to 1-16c down at 32 3-4c to 32 7-8@33 7-8c ascended to close.

Provisions dragged lower with corn. First sales were unchanged to 5c lower including May of $17.92½ to $17.95 for pork; $9.72½ to $9.75 for lard and $9.67½@9.70 to $9.72½ for ribs, closing prices.

Wheat—Sept. 88 1-8c; May, 91⅞@92c.
Corn—Jan. 45 1-8c; May, 48 3-8@48⅝c; July, 49 7-8c.
Oats—May, 32 7-8c; July, 33c; Sept., 28½c.
Mess Pork, per bbl.—Jan. $17.42½; May, $17.95.
Lard, per 100 lbs.—Jan., $9.52½; May, $9.70@9.72½.
Short Ribs, per 100 lbs.—Jan., $9.22½; May, $9.65.

The Metals.

New York, Jan. 2.—Copper steady; standard spot and January, $17.12½@17.37.
Tin easy; spot, $50.60@50.75; Jan., $50.40@50.50.
Lead steady, $4.25@4.35.
Spelter steady, $7.20@7.40.
Iron, quiet and unchanged.

Kansas City Livestock.

Kansas City, Jan. 2.—Cattle—Receipts 5,500 including 1,000 southerns; market steady to weak; native steers, $6.75@9.25; southern steers, $5.00@6.75; southern cows and heifers, $3.50@6.25; native cows and heifers, $3.60@8.00; stockers and feeders, $5.00@8.00; bulls, $4.50@6.50; calves, $6.00@10.00; western steers, $5.50@9.00; western cows, $3.75@6.50.

Hogs—Receipts 9,500 head; market 5c lower; bulk of sales, $7.10@7.35; heavy, $7.30@7.42½; packers and butchers, $7.25@7.40; light, $7.00@7.25; pigs, $6.00@6.50.

Sheep—Receipts 5,000 head; market steady; mutton, $4.00@5.60; lambs, $7.00@8.65; range wethers and yearlings, $4.50@7.50; range ewes, $3.25@5.00.

Chicago Livestock.

Chicago, Jan. 2.—Cattle—Receipts 8,000 head; market steady to a shade lower; beeves, $5.80@9.80; Texas steers, $4.75@6.90; western steers, $5.75@7.60; stockers and feeders, $4.20@8.00; cows and heifers, $2.90@7.80; calves, $6.50@10.25.

Hogs—Receipts 29,000 head; market slow to 5c lower than Wednesday's average; light, $7.20@7.50; mixed, $7.20@7.52½; heavy, $7.20@7.55; rough, $7.20@7.30; pigs, $6.75@7.50; bulk of sales, $7.40@7.50.

CALIFORNIA LEADS WEST IN MINERAL PRODUCTION

Washington, Jan. 2.—California ranks first among the states west of the Mississippi river in the value of its mineral production, according to the United States geological survey. In former years California's claim to distinction as a mineral producer rested on its output of gold, in which, in fact, it held first place in 1911, although in recent years it has usually fallen behind Colorado in the production of gold. The premiership of gold in the state has, however, been succeeded by petroleum, the value of which in California exceeds that of gold by 94 per cent and gives the state first place among the states in the production of crude oil. California also leads in the production of asphalt, of platinum, and of quicksilver, and enjoys a monopoly in the production of borax and magnesite. It is second in the production of tungsten ores, third in the production of cement, and sixth in the production of copper and stands well up among the states in the production of a number of less important minerals.

The total value of the mineral production of California in 1911 was $36,517,566, compared with $36,721,069 in 1910.

GOLD PRODUCTION IN 1912 $5,500,000 GREATER THAN IN 1911

Washington, Jan. 2.—The world's production of gold during 1912 was $5,500,000 greater than in 1911, the total having been $465,000,000 according to a preliminary estimate announced yesterday by George E. Roberts, director of the mint. Gold production in the United States amounted to $91,685,163 compared with with $86,890,000 in 1911. California led with $19,988,486; Colorado was second with $16,791,710; Alaska third with $13,398,946; Nevada fourth with $13,251,680 and South Dakota fifth with $7,795,680.

Of the world's production, the Transvaal and Rhodesia made a gain of about $20,000,000 and Canada gained nearly $3,000,000. The United States and Mexico and Australasia lost about $16,000 and in the rest of the world, the production was about what it was last year. Since 1908, the production of gold in the world was $442,475,000 the annual increase has been small. The mint service of the United States during the year sold $28,000,000 worth of gold bars for consumption in the arts in this country and Canada as against $25,000,000 in 1911. The net consumption of new gold including coin for such uses, in the United States and Canada was about $25,000,000 and in the world, including Asia, probably between $100,000,000 and $115,000,000. The absorption of gold by India again attracted attention. The net imports of India in 1909 were $50,000,000; in 1910, $90,000,000; in 1911, $116,500,000 and in 1912 approximately $110,000,000.

The movement of silver to India also continues heavy. The importations of silver, in ounces during 1912 have been exceeded only once in the history of India—in 1906. The increase of gold in the monetary stock of the United States in 1912, was approximately $50,000,000. The gold holding of the United States treasury increased about $70,000,000 chiefly in bullion, represented in the circulation certificates. The production of silver in the United States during 1912 amounted to 62,369,914 fine ounces, compared with 60,389,400 fine ounces in 1911, the chief gains in production having been in Utah and Colorado. Nevada ranked first in production with 13,642,148 fine ounces; Utah second with 12,795,972 ounces; Montana, third, with 12,338,539 ounces; Colorado, fourth with 8,359,316 ounces, and Idaho, fifth, with 7,793,724 ounces.

Big Receipts at Denver Mint.

Denver, Jan. 2.—Bullion valued at $38,194,062.76 was received at the Denver mint in 1912 according to figures made public today. This is an increase of $2,954,934.92 over 1911. The bulk of this was received from Colorado and smaller quantities were received from all the Rocky Mountain states, Canada, Mexico and South Africa.
