SAGE AND SULPHUR DARKEN GRAY HAIR

It's Grandmother's Recipe to Restore Color, Glow and Thickness.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the glossy and lustre and gives it an appearance of abundance.

WHITE SAYS COUNTY SCHOOLS ARE IN SPLENDID SHAPE

State Superintendent Pays High Tribute to Efficient Work of County Superintendent.

"Whenever you find schools so crowded that there is a demand and a necessity for more teachers, you can be pretty sure that county school administration is getting results," said State Superintendent of Education Alvin N. White this morning. Mr. White has been in Bernalillo county for a week, inspecting the county schools with County Superintendent A. Montoya. He will complete his work tonight, having visited all the schools in the county save two or three of the far distant mounta n precincts.

"I have found the Bernalillo county schools in most satisfactory condition," said Mr. White, "and to say that I am pleased with the conditions here is putting it mildly. I am delighted. Your county school superintendent is not only an energetic, hard working official, but he knows how to work and how to get the very best results from his teachers. He is adopting the most approved and most advanced methods with very gratifying results.

"More teachers are needed in several of your schools and in one or two of your school districts new buildings are badly needed; although the progress you have made in building schools during the past year is remarkable. The school at Alameda, which we visited yesterday, is as fine a rural school as any community could desire. There was one room with sixty pupils in it, which is too many by half and another teacher will be necessary there, but Mr. Montoya assures me this will be provided for next year.

"I have been over the plans for the several new buildings for which bonds have been voted recently and find them right up to the best standard. The only district in the county where conditions really are bad is in Pajarito, where we found ninety pupils in one long, barnlike room, with one teacher. The most this teacher can do is to guide a little. She has no time and no opportunity to teach. I find there has been plenty of effort on the part of the superintendent to remedy this condition, but there is some opposition to the new school building which is so badly needed.

"Otherwise your county schools are simply doing great work and the county is to be congratulated upon the showing. You are having an average of eight months of school in the whole county, which is as good as could be asked. The only two districts where there are only five months of school are in the far distant mountain precincts, and these are in good shape.

"The securing of good teachers for the rural school is a difficult problem. The country teacher must go on her own responsibility. She has no principal and no superintendent to whom she may take her troubles, as in the city schools. She is the boss and responsible for the whole thing, and her work is no sinecure. Your county superintendent has a fine teaching force behind him.

"I was much interested in the use of the graphophone in school work which Professor Montoya has inaugurated. I have seen the little people march in and out of school to the tune of "America," or a popular march, with fine effect. The children like it and its educational and refining value is high.

"I have been much pleased to find that your county teachers actually are teaching English. The little native children, even the very small ones, know the language, and I have been surprised at their command of it. This to my mind is one of the most important works of the common school teacher in New Mexico.

"All in all I have found no more satisfactory conditions anywhere in New Mexico than are present in this county and your county superintendent is to be highly commended upon the kind of work he is doing and the results he is getting.

"Generally educational conditions in the state are good and advancing rapidly. We are going to show a splendid advance this year."

COUNCIL WILL SEEK TO CLEAR UP ORDINANCES

Effort at Adjourned Meeting to Leave a Clean Business Sheet Prior to the City Election.

At an adjourned meeting tonight the city council will endeavor to clean up all the pending business, in order to have a clean slate for the coming administration. A regular council meeting is slated for the night before election day, but it is doubtful if a quorum will be in evidence that evening, so that tonight offers virtually the last chance to clear away the loose ends of councilmanic affairs before a new council takes hold.

Several ordinances, all of which have been aired more or less at length will be passed on final reading. The council will also look into the contracts relating to the Barelas ditch, and decide what action to take regarding the remaining vexations of the muddle.

"CASCARETS" ALWAYS STRAIGHTEN YOU UP

If Costive, Headachy, Bilious, Stomach Sour, Breath Bad—Clean Your Liver and Bowels.

Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

STUDENT DEPARTMENT OF THURSDAY MUSIC CLUB MEETS TOMORROW

Thursday Morning Musical club will meet tomorrow afternoon at 2 o'clock instead of 1:30 as heretofore, in the Presbyterian church parlors. Mrs. Mable Stevens Himoe will be in charge, and will read a paper. The program is as follows:

OFFICIAL CALL FOR DEMOCRATIC CITY CONVENTION

Chairman Louis A. McRae Issues Formal Notice of Primaries March 23d and Convention March 26.

BERT BAKER CANDIDATE FOR CITY CLERK

Chairman Louis A. McRae of the Democratic city central committee today issued the following official call for the Democratic primaries and convention next week:

Call For Democratic Primaries and City Convention.

Pursuant to the instructions of the Democratic city central committee a convention of the Democratic party of the city of Albuquerque is hereby called to meet at the Central school building Thursday, March 26, 1914, at 8 o'clock to nominate candidates for the several city officers to be voted for at the approaching city election, and to transact such other business as may come before it. Primaries to select delegates to said convention from each ward were ordered called to be held in the several wards on Monday, March 23, 1914, at 8 o'clock p. m. at the places hereinafter designated, said primaries to be called to order by the persons herein named:

First ward—North of Gold avenue and east of Second street; 11 delegates; at the First ward school building; R. H. Crews.

Second ward—South of Gold avenue and east of South Second street; 13 delegates; Second ward school; S. E. Roehl.

Third ward—South of Gold avenue and west of South Second street; 19 delegates; at the Central school building; John Tandberg.

Fourth ward—North of Gold avenue and west of Second street; 19 delegates; A. Fleischer; at the Fourth ward school building.

LOUIS A. McRAE, Chairman.
A. FLEISCHER, Secretary.

BERT BAKER CANDIDATE FOR CITY CLERKSHIP

Lively interest was expressed among Democrats today in the announcement of the candidacy of J. H. (Bert) Baker for the Democratic nomination for city clerk. Mr. Baker's hat in the ring puts an entirely new aspect upon the situation as regards the filling of that place on the city ticket. Mr. Baker is one of the best known and most popular of Albuquerque's younger business men. He has lived here all his life and for the past ten years has been in active business in the A. J. Maloy grocery store. He has taken a prominent and effective part in Democratic city and county politics as an indefatigable worker in the ranks, and although he has been urged to run for office frequently, has never been a candidate for any official position before. His wide acquaintance and personal popularity will make him a strong candidate for the nomination and of material strength to the Democratic ticket in the event of his nomination.

BURG NOT A CANDIDATE FOR THE CITY COUNCIL

Judge John Baron Burg of the probate court this afternoon stated that he was not a candidate, receptive or otherwise, for the Republican nomination for the city council from the fourth ward. Judge Burg's name had been mentioned by the Herald in an article Thursday as among those talked of for the nomination.

"I am not a candidate for this or any other city nomination," said Judge Burg; "and could not consider my name being used."

SUES TO RECOVER ON POST OFFICE CONTRACT

New York Insurance Department Institutes Action Against Clark M. Carr on Trial in District Court.

Argument was heard before Judge Raynolds in the district court today in the case instituted by the insurance department of New York against Clark M. Carr to recover under an indemnity bond issued in connection with the postoffice contract of A. W. Anson. The Empire Surety company of New York, among the assets of which the bond figures, is in financial difficulties, and the insurance department is clearing up its affairs. Neill B. Field appeared for the plaintiff and A. B. McMillen for the defendant.

On motion of the plaintiff in the case of the Citizens' bank of Albuquerque against J. A. Olden, a na note, the action was dismissed.

In the case of J. W. Mahboub against the Maryland Casualty company, the defendant's demurrer to plaintiff's reply has been sustained, and the plaintiff's request for leave to file an amended complaint has been granted.

UNEXPECTED BUSINESS HOLDS THE GRAND JURY

Unexpected business is serving to prolong the session of the grand jury. Matters not in sight when the jury began its sessions are said to have been brought before it since that time and now adjournment is not expected before Monday at the earliest.

JURY GIVES PADILLA DAMAGES FOR $350

The jury in the case instituted by Luis Padilla against S. H. Hampshire to recover damages for false arrest awarded the plaintiff $350 in the district court yesterday. Judgment was awarded the plaintiff by default, and Judge Raynolds gave the case to the jury to assess damages. Padilla asked for $2,000. He was arrested at Hampshire's instance on a John Doe warrant charging theft of a saddle and set of harness, spent two hours in jail before securing bond, and later was acquitted after a hearing before Justice George R. Craig.

BIDWELL BRINGS SUIT AGAINST SANTA FE FOR $10,000

Suit has been started by Mrs. Caroline E. Bidwell on behalf of Charles Raymond Bidwell, 15 years old, against the A. T. & S. F. Railway Co. for $10,000. Young Bidwell was shot by Station Master Martin Byrnes in the Santa Fe yards. At the time of the shooting Byrnes said he had drawn his revolver to shoot in the air, and tripped over a switch, causing the weapon to go off accidentally. According to the plaintiff's allegations, the boy is permanently injured as a result of the shooting.

GOLFERS ARE HAPPY OVER PROSPECT FOR GAME

Enthusiasts in Considerable Numbers Ready to Join the Club. Woolsey Says Course Already Good.

are happy over the successful launching of the new Albuquerque Golf club announced by The Herald yesterday. A considerable number of men and women who love the game have asked to join and there is no longer any doubt that the club will be a complete success.

"I have played over the course near the University which the club is to take over," said Theo. B. Woolsey, Jr., president of the new club, this morning, "and in its present condition it affords a pretty good game. But with the work which will be done on it at once, we will have as good a course as could be desired.

"From what I have heard thus far the club is going to be popular. We hope in a little time to have a club house where tea and light refreshments may be served and for the use of players and their friends, and I have no doubt this will be arranged for during the present season."

R. R. Pollock, Mr. Woolsey, Mr. Jamison and W. H. Springer will go out tomorrow afternoon to complete plans for improving the links.

Mr. Wolsey was elected president of the club at its organization meeting but by an oversight his name was ommitted from the list of officers by The Herald yesterday.

FIRST LEGAL SHOT IN BASEBALL WAR FIRED

Federal League Files Petition for Injunction to Prevent Killifer from Playing with Philadelphia

[By Leased Wire to Evening Herald.]

Grand Rapids, Mich., March 20.—The first legal shot of the baseball war of 1914 was fired here today by the Federal league in filing a petition with the United States district court for the western district of Michigan, asking for an injunction to restrain William J. Killifer, Jr., formerly catcher of the Philadelphia Nationals, from playing baseball with any club other than the Chicago Federals.

Killifer signed a three-year contract with the Chicago Federals but afterwards was persuaded that the reserve clause in his old contract with the Philadelphia club held him legally to Philadelphia, and joined his former team.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 Cent Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few week's use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

SPORTS

VARSITY-INDIAN CLASH FIRST OF THE SEASON

Interscholastic Struggle for 1914 Diamond Honors Begins at Hopewell Field Tomorrow. Interest in Game.

The first interscholastic baseball game of the season, and one that promises to be highly interesting to the fans, will be played tomorrow afternoon at Hopewell field between the United States Indian school and the University of New Mexico. Both teams are strong and will show up well in their initial game.

Last season the Indian school had a shade the better of the University in all games played. The contest this year will be at least as even, with the advantage perhaps just a little the other way.

Additional interest centers about this game on account of the fact that the University team is scheduled to play Colorado College, for two years champions of the Rocky mountain region, in the near future, and this is the first chance for the general public to get a line on the probable outcome of that game by seeing the boys from the hill in action.

Tomorrow's game will be called at 3 o'clock at Hopewell field. Admission will be charged with a special low rate for children.

The Line-up.

U. S. Indian School—Denet Namaza, catcher; Harold Clark, pitcher; Hosteen Ayze, first base; Pasquale Pighuihu, second base; Herbert Ayze, third base; Eskanada Spencer, shortstop; Henry Acoia, left field; Hola Teo, center field; Thomas Hood, right field; Clah Lee and Eskil Bahe, substitutes.

University of New Mexico—Calkins, catcher; Lackey, pitcher, Gass, first base; J. McCanna or Shufflebarger, second base; Higgins, shortstop; Bateman, third base; R. McCanna, left field; Lapraik or Leopold, center field; Carlisle or Olds, right field.

BOB YORK HERE ON WAY TO ROSWELL TO FIGHT JACK HERRICK

Bob York, who is to meet Jack Herrick at Roswell March 75, trained here on the fly yesterday. He stopped over here on his way from Silver City to Roswell, and seized the opportunity to put in a short workout at the New Mexico A. C. during the day. He went on last night.

LINING 'EM OUT

Umpire Bill Klem has just been operated on in New York to patch up "shattered shoulder blade, fractured breast bone and several fractured ribs." Injuries resulted from being struck on breast by foul ball at beginning of the world tour. And said injuries didn't trouble him until he reached Europe. Yet there are foolish fans who think they can make a dent on an ump's feelings merely by calling him hard names.

Takes 80 per cent dynamite to produce an effect on an ump withig a reasonable time. And even that will go to waste if aimed at his head.

Manager George Stallings has invoked Georgia labor law to protect himself from machinations of Feds while his club is in training at Macon. Injunction restrains agents of Feds from having any communication with Boston players under contract. Indicates great change in Bostons. Few years ago wouldn't have been necessary to get an injunction to keep anybody looking for ball players away from Boston club.

Frank Moran is confident he will knock out Jack Johnson when they meet in Paris June 27. Wish we were as confident as Frank.

Ty Cobb struck out on his first two appearances at bat for 1914. Slump was followed by a three-bagger, but depressing effect of this Busher-like action was immediately dispelled. He was put out trying to steal home.

Federal league managers are beginning to prune their rosters. This is a chance for big league clubs to strengthen up.

Eastern exchange says Federal league will soon be in an embarrassing position. "It will have to play ball." At this distance looks a whole lot as if the embarrassment would be felt in the other fellows' camp.

Covaleski, who slipped back to the minors several years ago after a brief career with the Phillies, is upstairs again, this time with the Tigers, who got him from the southern league. It is said that he is due for a wonderful season. He'll have to go some to do stunt he pulled in one game in Philly. He gave something like ten bases on ball in succession.

Christy Mathewson and Eddie Plank are about to start their fourteenth season. Both of them exhibit the peevishness of the aged. Say it makes them nervous to see youngsters running around the bases, and they don't intend to have any of it going on while they are at work.

Frank Chance is spending a lot of time teaching his young pitchers to handle bunts. Strikes us as a better idea to teach pitchers how to get hold of three-base hits and homeruns.

Tommy Leach is to play his old position at third for the Cubs, and Heine Zimmerman will spread himself at short.

COOPER TO MEET SPORTSMEN TONIGHT

Government Biological Survey Expert Proposes Local Organization for Protection of Migratory Birds.

Sportsmen of the city are to meet at the Commercial club tonight to hear an address by A. C. Cooper, a federal game warden and an expert on the government biological survey. It is planned to organize an association for the protection of migratory birds and other wild game in New Mexico. Mr. Cooper has organized such associations in various parts of the state. One was formed in Roswell recently and in Santa Fe Wednesday night a temporary organization was formed following an address by Mr. Cooper.

Tony Ortiz, deputy game warden, arranged the meeting on receipt of a telegram last night from Mr. Cooper, who wired from Santa Fe. Mr. Ortiz notified the members of the Rio Grande Gun club today and all other gunners in the city and its vicinity are urged to attend the meeting.

The need of game preserves in this state is beginning to be generally recognized.

"Unless adequate steps are taken in New Mexico," said Mr. Cooper in Santa Fe, "the wild game here is in real danger of extermination in a few years." Mr. Cooper is a sportsman himself, keenly interested in gunning afield, and not crusading against hunting. "The only difficulty of the biological survey," he says, "is with the game hog."

Mr. Cooper has figures to show that in regions where strict laws are rigidly enforced the increase in wild game amounts to 50 per cent in a short period.

BANKERS TAKE TWO GAMES FROM THE SANTA FE TEAM

The Bankers won two games from the Santa Fe team in the city handicap bowling league at the Brummer alleys last night. The railroaders grabbed the last of the three. Harris, of the Bankers, was high man. He smashed the timber for 211 in the first game, and registered 210 in the second.

The Foresters and the Continental Oil company will meet in a league match tonight.
