Apropos.

(Apropos of the present scanty apparel of the weaker sex, so called, with apologies to Rudyard Kipling, and most sincere apologies to the shade of Gunga Din.)

The party frock she wore
Was nothing much before
And a little less than half of that behind.
For a bit of rilmy lace
And some power for her face
Was all the dance equipment she could find.

Y. M. C. A. STEERING COMMITTEE OF 15 NAMED

Original Committee of Five Authorized to Arrange for November Campaign Adds Ten Active Men to Body.

The committee of five, appointed at the general meeting of business men in the Commercial club several weeks ago, and authorized to make preliminary arrangements for the whirlwind campaign for the Y. M. C. A. building in November, at a meeting in the office of M. E. Hickey yesterday afternoon increased the membership of the promotion committee to fifteen, and made plans for beginning active work in preparation for the ten days of effort which will result in giving Albuquerque one of the finest Y. M. C. A. buildings in the country. The committee, while not prepared to give final details of its plans, has gone far toward perfecting them and at this time the enthusiasm behind the project and the strong financial backing it already has seems to insure complete success.

ST VINCENT'S TO BEGIN TERM ON SEPTEMBER 1

Popular Convent School for Girls Prepared Better Than Ever to Care for Resident Pupils.

St. Vincent's Academy, a popular institution for the education of girls and young ladies, which occupies several blocks of ground in the northern part of the city of Albuquerque, will begin its fall term on September 1.

St. Vincent's meets all the requirements of a cultured vocational school for girls. Courses are offered in academy and preparatory departments, with special work in music, art, languages and household arts. St. Vincent's attaches a value to many things not taught in books—a sense of honor, self respect, courage, courtesy, reverence, duty—in a word, "the art of living and the science of conduct."

Because of its desirable and healthful location, splendid equipment and strong faculty, St. Vincent's is an ideal place for the education of girls and young ladies.

The student at St. Vincent's, because of association with women who devote their lives to teaching and with pupils from the best families, almost unconsciously absorbs the polish and refined manners ever connected with a convent atmosphere.

Special attention is paid to resident pupils at St. Vincent's. Within a radius of several hundred miles of Albuquerque there are many parents who desire to give their daughters a finished education, but who at the same time are in doubt as to the institution which is to impart that education. To those who are thus doubting, St. Vincent's Academy solves the problem. The Academy is better equipped this year than ever to care for resident pupils, and a card will bring a catalogue and detailed information to anyone interested.

Friends in this city have received word of the death of Clarence Lovern in Pueblo, Colorado. Mr. Lovern was proprietor of the Albuquerque Automobile and Repair Co., and was widely known here.

Deputy Sheriff Querino Coulter went to Springer today in charge of a boy committed to the reform school.

Col. J. G. Albright went to Santa Fe this afternoon to be on hand for the Republican convention Monday. The colonel said he thought the convention would be as good as a three-ring circus.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HORSE HE SOLD NOT HIS; 30 DAYS IN JAIL

WOMAN'S PETITION FOR HABEAS CORPUS DENIED

Mrs. Mauricia Marino de Chavez's petition for a writ of habeas corpus was denied by Judge Herbert F. Raynolds yesterday afternoon. She alleged that she was re-arrested on the same charge after she had given bond on appeal. Assistant District Attorney H. H. Jamison called the court's attention to the fact that the petition failed to state that she had been surrendered by her bondsman.

Mrs. Himoe wishes to announce to her pupils that she will be absent until October 31, after which time she will resume her teaching at room 17, Whiting building. During her absence Miss Louise Nichols, who has been studying during the summer with Benoit Levy of Chicago, will have charge of her studio and pupils.
