In the morning service at the San Felipe church, Old Albuquerque, about 300 were confirmed. In the afternoon the archbishop confirmed 400 at the Sacred Heart church and in the evening he confirmed 82, those whose names were given in the Herald Saturday evening, at the Church of the Immaculate Conception.

The archbishop will be in Albuquerque until Wednesday, the guest of the Jesuit fathers, when he will go to Bernalillo and Peña Blanca, completing a tour of the Rio Grande valley parishes.

FERGUSSON GETS DAY SCHOOL FOR INDIANS AT ISLETA PUEBLO

The following letter from Congressman H. B. Fergusson to President C. O. Cochran of the commercial club explains itself:

"My Dear Mr. Cochran: With reference to your recent communication relative to an appropriation to be distributed by the department of the interior for the erection of buildings on various Pueblo Idian reservations, I am pleased to advise you that the commissioner of Indian affairs has appropriated $12,000 for the establishment of a day school plant at Isleta.

"The plan of this plant is to have three school rooms of forty pupils each, an industrial room and quarters for two teachers and a housekeeper. Action has been taken to expedite the construction of this plant.

"Very truly yours,

"H. B. FERGUSSON."

The club and Superintendent Perry of the Indian school have been interested in securing this school especially and Congressman Fergusson has had the matter up with the Indian bureau for some time past. It will add materially to the educational equipment for the Indians of this section of the state.

A MEDICINE OF MERIT

A proprietary medicine, like everything else, that comes before the public, has to prove its merits. The law of the survival of the fittest applies in this field as in others. The reason for the tremendous success of Lydia E. Pinkham's Vegetable Compound is because it has been fulfilling a real human need for forty years, so that today thousands of American women owe their health and happiness to the marvelous power of this famous medicine, made from roots and herbs—nature's remedy for woman's ills.

Have you been disappointed in your pictures? It won't cost any more to have the beautiful kind—made by a master workman. Come—see my work and let's get acquainted.

CONGREGATION IS SORRY MR. ALLISON CANNOT COME BACK

Rev. S. E. Allison, pastor of the Methodist church, has gone to Pecos City to attend the annual conference. Under the laws of the church he is ineligible for return to his present charge, having served the Central avenue congregation four years. At a congregational meeting last night resolutions of esteem and regret were adopted.

During his four years' pastorate here Rev. Mr. Allison has led the church in a steady growth. When he came to this city the congregation was small; now it is one of the most important in Albuquerque.

Who Mr. Allison's successor will be will not be known until the bishop announces appointments at the close of the conference.

Bad Acting.

Prof. Brander Matthews, the noted student of the drama, was talking in New York about a bad play.

"The actors, too, were bad," he said. "They remind me of a certain bal masque.

"One east sider said to another:

"'How did the bal masque come off?'

"'Very poor,' was the reply.

"'You don't say so. And how was Mary Lannigan as the goddess of liberty?'

"'Rotten!'

"'Rotten? Didn't she act the part well?'

"'No. She got locked up.'"—New Orleans States.
