VICTORIOUS GERMANS TAKE WARSAW AND OVERRUN ALL RUSSIAN POLAND

Washington, Oct. 13—Warsaw, capital of Russian Poland, is threatened by German forces and may fall at any moment according to an official dispatch to the American government from one of its consuls who asked for instructions as to the care of foreign interests during the expected period of occupancy.

BELIEVED DECISIVE BATTLE UNDER WAY IN WEST; BELGIAN GOVERNMENT FORCED TO MOVE TO FRANCE

LEMBERG IN GALICIA IS REPORTED RE-TAKEN TODAY BY AUSTRIA

Berlin Has Unconfirmed Report That Russians Have Lost Fruits of First Great Victory in Austrian Territory.

AUSTRIAN OFFICIAL REPORT STARTLING

Przyemsl Not Only Relieved by Crushing Russian Defeat, but Galicia Cleared of the Czar's Armies.

Berlin, Oct. 13, via The Hague and London (4:32 p. m.)—There is a rumor current here today, but it lacks confirmation, that Lemberg, Galicia, has been retaken by the Austrians.

Amsterdam, Oct. 13, via London (6:50 p. m.).—The Germans are marching toward Ostend and German bicyclists already have been seen near Eecloo, 17 miles north of Ghent, according to the Telegraaf today. German cavalrymen are near Bruges.

Washington, Oct. 13.—Late advices from the American consul at Ostend said communication by telephone with Bruges had been established and that the town still was held by the allies.

Vienna, Oct. 13, via Amsterdam and London (5:55 p. m.)—An official announcement given out in Vienna today reads as follows:

"Our offensive has reached the San river, after numerous fights, most of which resulted victoriously for our troops.

"The relief of Przyemsl has been completed. To the north and south of this fortress what remains of the hostile army has been attacked. Jaroslau and Lezapak are ours.

"A strong force of the enemy has retired from Sieniawa, to the eastward of Chrynow, our offensive movement is progressing.

"In Russian Poland all attempts made by strong Russian forces to cross the river Vistula to the south of Ivangorod have been repulsed."

Berlin, Oct. 13, via Wireless to Sayville, L. I.—Information given out for publication today says:

"The British ambassador at Constantinople has ordered the women of the embassy to leave the Ottoman capital today.

"Information received from Sofia confirms the report that the Russian Black sea fleet is sailing southward.

"The porte declined the demand made by the triple entente that the German naval officers in Constantinople be dismissed."

London, Oct. 13 (8:50 a. m.)—Reuter's Amsterdam correspondent sends the following German official communication concerning events in the eastern theater of the war:

"After their expulsion from East Prussia the Russian armies were pursued across the frontier. The center of the German military operations is now in Poland. The whole of Poland west of the Vistula is now in German possession, the Russians occupying only Warsaw.

"The few kilometers lost by the Germans in Russian territory near the East Prussian frontier were of little importance as it was never intended definitely to occupy or govern Suwalki.

"It is not true that the siege of Ossowetz has been abandoned as the fortress has never been besieged.

"During our retreat to the East Prussian frontier our troops now here were defeated, but on the other hand repulsed any attacks of the Russians."

GREAT BATTLE IMPENDS BETWEEN LENS AND CASSEL

London, Oct. 13.—That dispositions are now being made by both the Germans and the French and British allies for a big battle between Lens and Cassel, on the westward wings of the opposing hosts, is deduced here from fragmentary information disseminated by the intelligence departments of the belligerent powers. Cassel is 18 miles inland from the fortified seaport of Dunkirk on the straits of Dover.

The claiming of decisive victories has dropped out of fashion since they so often have proved neither or greatly exaggerated and since it has become recognized that the possibility of brilliant coups and surprises by enterprising commanders has been largely eliminated by the scouting of aviators.

BELGIAN GOVERNMENT IS MOVING INTO FRANCE

Bordeaux, Oct. 13 (11:50 a. m.)—It has been decided to transfer the Belgian government to France in order that it may have full liberty of action. The foregoing was announced officially in Bordeaux today.

Several Belgian ministers, accompanied by a group of officials left Ostend this morning for Havre, where the French government has prepared temporary offices for them.

King Albert remains at the head of the Belgian army.

FRENCH CLAIM GAINS REPORT SHOWS LOSSES

Paris, Oct. 13 (3:08 p. m.)—The following official announcement was given out in Paris this afternoon:

"On our left wing our forces have resumed the offensive in the regions of Hasenbrouck and of Bethune against detachments of the enemy composed in large part of cavalry coming from the front along Bailleul, Estaires and La Bassee.

"The town of Lille, held by a territorial detachment, has been attacked and occupied by a German army corps.

"Between Arras and Albert we have made notable progress.

"In the center also we have made some progress in the region of Berry au Bac and we have advanced toward Soissin, in the west of Argonne and north of Malancourt.

"Between the Argonne and the

BOSTON WINS THE SERIES

World's Baseball Championship Won for First Time in Four Straight Games.

Fenway Park, Boston, Oct. 13.—The Boston Braves are the world's baseball champions of 1914. The defeat of the Philadelphia Athletics today by the score of 3 to 1, winning the series with four straight games, the champions of the American league not capturing a contest.

Rudolph pitched a masterly game, winning his second contest of the series today. The Philadelphia team could not catch the elusive slow ball when hits would have sent runs over the plate.

The Bostons out-gamed and out-played their opponents today in every department of the sport. They clinched the victory in the fifth inning after two men were out, with Rudolph's single, Moran's double and Evers' solid blow to center. It is the first time that the world's series has been won in four straight games and after the last man was out the Athletics rushed over and congratulated their rivals. The spectators went mad with joy and paraded the field singing and cheering.

"The world's championship in four straight games," was the cry of the triumphant Boston Braves, champions of the National league, as they swung their battle formations against the Athletics today in the fourth game of the world's baseball series.

The pennant winners of the American league fought today in their last line of entrenchments.

The left Indian, Bender, was ready for the pitching mound and the veteran southpaw, Eddie Plank, said he was in shape to take up the hurling burden. The day was suited to the Indian's service. It was a day of shadows from passing clouds. Bender's speed is most effective on dark days.

About 1 o'clock the sun broke through the clouds but it was still cold and the players had to work fast to warm up. In the Boston's batting practice Tom Hughes used his fast ball in order to accustom the home club to Bender's speed.

John Coombs took the pitching slab for the Athletics when they took their batting practice. They shot his drives to all of the fields.

Rudolph and Gowdy warmed up for Boston, while Manager Connie Mack caused a general surprise by sending Bob Shawkey out to warm up with Jack Lapp.

Rudolph and Gowdy were announced as the battery for Boston Shawkey and Schang were announced as the battery for Philadelphia.

Byron gave the decision behind the plate, Hildebrand on the bases, Klem in left field and Dineen in right field.

The Game by Innings

FIRST INNING.
First Half.

Murphy was out. Evers to Schmidt.
Oldring went up a high foul to Gowdy and sat down.

The Athletics were evidently not waiting Rudolph out but hitting at first ball pitched as the Boston pitcher was sticking them over.

Collins singled over the middle station.

Rudolph held Collins closely to the bag to prevent a steal.

Baker out on a fly to Whitted.
No runs, one hit, no errors.

Second Half.

Baker threw out Moran.

Evers was given a good hand when he stepped to the plate. He was out, Baker to McInnes, who made a nice pickup of Baker's low throw.

Connolly flied out to Oldring.
No runs, no hits, no errors.

SECOND INNING.
First Half.

Leal threw out McInnis, making a nice one-handed stop of McInnis' slow roller.

Walsh doubled to left field fence, Connolly misjudged the ball.

Dethronement of Emperor William to Be England's Peace Demand

HERNANDEZ CARELESS FAR BACK AS 1909

Governor McDonald Makes Public Correspondence Showing "Pernicious and Offensive Meddling" by Traveling Auditor Safford.

Santa Fe, N. M., Oct. 12.—That the marking of letters as "copy" which had not been good in C. F. Hernandez, the Republican candidate for congress was one the only instances in which there was evidence of undue leniency in the Rio Arriba county treasury while Hernandez was the treasurer, was indicated today by correspondence made public by Governor William C. McDonald. Taken from the records of the traveling auditor's office, which Charles A. Safford, Republican, was the traveling auditor.

The correspondence indicates that Safford had at first spoken to deputy in connection with the Rio Arriba county treasury accounts as contrasted by Hernandez of the kind which the present Republican state politicians brandy as "pernicious and offensive meddling" and that for some reason, which the correspondence does not make plain, the deputy did not proceed.

The correspondence made public by Governor McDonald consists of first, the following letter:

Office of the Traveling Auditor.
Santa Fe, N. M., July 1, 1909.

Hon. George Curry, Governor,
Santa Fe, N. M.

Dear Sir:—Enclosed I hand you copy of statement of the condition of the treasurer's office of Rio Arriba county at the close of business June 22, 1909. You will notice that there is a balance of $2441.94 which is unaccounted for. Mr. Hernandez, the treasurer, is satisfied that the full amount of cash for which he is accountable is on hand and that the difference will be explained when he can check up his bank account, which he will come to Santa Fe to do within a few days if he is unable to locate the difference there in his office. With this understanding for the present I have left the matter open.

Yours respectfully,
CHARLES F. SAFFORD,
Traveling Auditor.

There is also made public a statement of settlement at the close of business June 27, 1909 on which there shows and is marked

"Balance . . . . . $2447.94"

Governor McDonald also makes public a subsequent copy of a letter written by Traveling Auditor Safford to Mr. Hernandez, as treasurer of Rio Arriba county, in which the auditor criticises Hernandez's attitude in the fact that the county commissioners of Rio Arriba county had levied a tax of four mills for road purposes, notwithstanding evidence showing the fact that the few hundred south part to use mill.

This letter concludes with the following paragraph:

"I have withdrawn my report to the governor regarding discrepancy in the office, as requested."

Dethronement of Kaiser Wilhelm, the destruction of the Krupp armament works and full reconnoise for Belgium.

These three things British public opinion has decided upon! Britain will make their peace when Germany has been conquered, according to Charles Bonnington, secretary and actuary of the Occidental Life and Fire Insurance companies, who returned yesterday from a stay in London. Whatever may the diplomats may decide to say, Mr. Bonington said, the British public would consent to no less. The three ends in view is more or less, and it will not consent by peace or the terms short of them, if Germany is crushed.

"The Germans will be conquered," Mr. Bonington said, "the British are absolutely confident, although they realize the task will be a long hard one.

"Why Britain went to war, what she is fighting for and something of what she is doing about the tremendous and grim business in hand was vividly sketched by Mr. Bonington in an interview accorded to a Herald reporter today.

Why England Went to War.

While the official cause lies in the breach of the treaty that guaranteed Belgian neutrality, Mr. Bonington said, the cause that moved Britain to arms was bigger and more enduring than the violation of Belgian neutrality.

"Great Britain went to war to end an intolerable condition," said Mr. Bonington. "For years the conviction has been growing on the British that Emperor William's settled policy was to force her into being a continental confederacy, a confederacy in which other nations might retain whatever form of ruler they saw fit, but must look to Berlin as the head of the union, as the petty kings of Germany do now.

"That picture of a German-dominated continent became a nightmare to the British. With the growth of German militarism, the increasing talk of 'mailed fist,' 'German might,'

PRESIDENT OPPOSED TO ONE TERM PLANK OF THE PLATFORM

Washington, Oct. 13.—Officials close to the White House today admitted that President Wilson opposed the single term plank in the Baltimore platform in a letter written to Representative Palmer of Pennsylvania last year, when the subject was considered by the house judiciary committee. It was said, however, that the letter would not be made public.
