The Markets

Chicago Board of Trade.

Chicago, Nov. 2.—Bullish cable advices gave the wheat market today a decided upward swing. Quotations from Liverpool showed a material advance, and were accompanied by dispatches saying the purchase of wheat from Bulgaria on the part of Greece was causing serious political complications. After opening ¼c to ½@⅝c higher, with December at $1.02⅝ to $1.03 and May at $1.04⅝ to $1.04⅝, prices made sharp further gains before beginning to react.

The close was strong, 1½c to 2@2¾c net higher with December at $1.04½ and May at $1.05⅝.

Corn rose as a result largely of estimates that this season's crop had an average quality of only 76.9 as against 85 for a series of years. Opening prices which ranged from ¼c to ½c higher, were followed by a moderate additional upturn.

The close was firm, ½c to 1c above yesterday's finish.

Improved demand from the east lifted oats.

Provisions displayed a slight tendency to harden in value.

Close:
Wheat—Dec., $1.04½; May, $1.05⅝.
Corn—Dec., 59⅝c; May, 60⅝c.
Oats—Dec., 39¼c; May, 39⅝c.
Pork—Dec., $14.50; Jan., $16.65.
Lard—Jan., $9.07; May, $9.27.
Ribs—Jan., $9.07; May, $9.27.

Kansas City Grain Market.

Kansas City, Nov. 2.—Wheat—No. 2 hard, $1.02@1.16; No. 2 red, $1.15@1.17; Dec., 99@99⅛c; May, $1.03⅛.

U. S. TROOPS NOW READY TO TAKE DRASTIC ACTION

(Continued from Page One.)

morning at 6 o'clock. At 3 o'clock, when Villa launched his fiercest attack and the combined fire of rifles, machine guns and cannon, it probably surpassed in violence the din of any previous Mexican battle.

Villa opened on the western trenches of Agua Prieta with every gun available in support of a final rush by his Yaqui Indians about 3 o'clock. Calles replied with every weapon in his garrison.

Douglas trembled under the vibrations of the continuous crashes and concussions.

Bullets from the Mexican side rained upon the American town, from the United States army trenches at the border to points a mile or more from the line.

Scores of women and children, most of them hysterical and weeping, cowered behind brick or adobe walls.

The United States custom house was again peppered by Mexican bullets.

The American trenches were plentifully sprinkled with bullets also. Private James Tank, Company D, Eleventh infantry, was struck in the legs by a bullet that fell into a section of the trench a few feet from the customs house.

No move was made by any of the United States army detachments to return the fire.

Observers on the American side reported Villa's troops had drawn off, not in retreat, but to procure water. Villa still intends to take Agua Prieta, they declared. Some of them were served with water yesterday by civilians but were stopped when Calles made a protest.

Mines exploded by Calles west of Agua Prieta killed 300 Yaquis, according to reports from the Mexican town.

Twenty-three hundred refugees were concentrated at a camp at Pirtleville, a suburb of Douglas.

General Villa sent about a thousand cavalry eastward to the pass near Nigger Head mountain early this morning to bring up supplies of ammunition for his big guns under escort of four thousand reinforcements which Villa leaders this morning said should arrive by noon.

Another attempt will be made to storm Agua Prieta during the afternoon. "This time," said they, "we are going to win; we will be in Agua Prieta by nightfall."

Firing practically ceased shortly before 9 o'clock and for some time after that only occasional shots came from the Calles trenches, Villa soldiers not replying.

Major James A. Ryan, Thirteenth cavalry, received reports that 25 women and children were killed in Agua Prieta, and 35 women and children wounded.

A Mexican bullet struck Sergeant Henry Wardell of Company A, Eleventh infantry, breaking a pipe in his breast pocket last night. Wardell afterwards found the bullet in his pocket.

Two warnings were sent today to General Calles shortly after two American soldiers were wounded in a trench west of the customs house.

Sharp machine gun firing which began at noon ceased in a few minutes and a desultory artillery exchange which followed practically had stopped by 1 o'clock, the hour supposedly fixed for Villa's general attack today to begin.

General Davis sent American troops back from the boundary 500 yards to keep spectators out of the Mexican zone of fire. An attack by Villa is apparently expected shortly after 2 o'clock.

Up to 2:30 p. m. there was no sign of renewal of attack by Villa. His ammunition and reinforcements had not arrived and his troops lay out in Chapparal for hours, paying no attention to steady fire from Calles entrenches. Two or three dead and a dozen wounded seemed from the American side to be the total of Villa casualties.

Significant action was taken by American troops during the day. Forces in trenches along the border were heavily reinforced and new trenches manned in anticipation of the possible entrance of Americans into the fight. So far very few desertions have taken place from Villa's forces. A few men starving and almost dead from thirst, have crept across the line, but Villa's veterans cling to their work and are waiting for word to advance to the battle which will decide the fate of the revolutionary leader.

NINE WIRE FENCES ACROSS S. P. RIGHT OF WAY

Nogales, Ariz., Nov. 2.—Nine wire fences were built across the right of way of the Southern Pacific railroad of Mexico during the night by the Villa garrison of Nogales, Sonora, close to the international boundary.

Carlos Randall, Villa governor of Sonora, said it was not intended to confiscate the company's property because of notification that the railroad would not serve the Villa faction, but that the property would be used for military purposes until service should be resumed.

MEXICAN COUNTERFEITERS PINCHED IN SAN FRANCISCO

San Francisco, Nov. 2.—Jacinto Herrero Lucrigo and Lorenzo Rosiera Aribeau were under arrest here today, charged with printing and circulating in this country fictitious bank notes of the republic of Mexico. They were taken into custody by E. O. Padilla, chief of the confidential department of the Mexican government and two United States secret service operatives.

ZAPATA RESUMES WORK ON THE WEST COAST

Washington, Nov. 2.—Zapata forces have resumed activities on the west coast of Mexico, according to advices dated Sunday, received today at the state department. The department made this announcement:

"Reports dated October 31 from the west coast indicate that there is some activity on the part of the Zapatistas in the state of Guerrero. General Maraseal, the commander of the forces of the de facto government is said to be returning to Acapulco after an engagement with the Zapatistas.

"No telegraph lines are in operation to Acapulco and the town is cut off from communication with the interior. The town is quiet."

ARMY HAS ORDERS TO OPEN FIRE WHEN NECESSARY

Washington, Nov. 2.—Anxiety on the part of the administration officials for the safety of American citizens along the Mexican border as a result of the fighting between the Carranza and Villa armies was somewhat relieved today. This was based upon reports that a warning by General Thomas F. Davis, commanding the American troops intrenched on the international border, to commanders of the warring factions at Agua Prieta, to cease firing into American tegritory had been heeded. The warning followed the serious wounding of Louis F. Taylor, an American, by a shot fired from a machine gun which fell into American territory.

Major General Funston had instructions from the war department to return any fire from Mexican territory endangering lives on the American side of the line. Should bullets continuously fall into American territory and endanger Americans, United States troops without further reference, are to shell the faction which fires into American territory. Decision to make the orders issued to American troops on the border last May effective in the present situation at Douglas, was reached at a conference between President Wilson and war department officials.

WORD FROM CARRANZA ON BORDER SITUATION EXPECTED

Monclova, Mex., Nov. 2. (Via Laredo, Tex., Nov. 2.)—First Chief Carranza is expected to reply tomorrow to the note of the United States government regarding border disturbances. In the note received today General Carranza was asked what his government was doing and what it proposed to do to prevent further outrage against American lives and property along the border.

The arrival of General Obregon, who rejoined his chief here this afternoon, was said to have prevented earlier action on the note.

Governor Luis Caballero of Tamaulipas, opposite the border where most of the disturbances were alleged to have occurred and who is traveling with the first chief, declared today that the trouble was not a matter for the United States and the Mexican government to exchange notes over, because it was merely a local situation.

This statement of Governor Caballero, it can be said authoritatively, does not reflect the attitude of the first chief.

General Obregon will accompany Carranza north to the border. The first chief will not announce the name of the Mexican ambassador to the United States until after his conference with Eliseo Arredondo, his personal representative in Washington.

GREAT BRITAIN EXPECTS TO RECOGNIZE CARRANZA

London, Nov. 2, (4:24 p. m.)—Foreign Secretary Grey informed the house of commons today that Great Britain intends to follow the course already taken by the United States in regard to the recognition of the Carranza government in Mexico. He said the government was in consultation on the subject with its allies.

ROBBED MAN GETS A CHANCE TO BUY BACK HIS WATCH

R. A. Gardetti, it is alleged, offered Del Alarid, a barber, of 519 North Twelfth street, a watch for sale last night. Alarid looked at the watch and called the police. He said it was a timepiece that was stolen from his house several months ago.

The police questioned Gardetti and he told them he got the watch of Leo Luna, who sold it to him. The police had warrants for Gardetti and Luna issued. Gardetti was released under $250 bond.
