Chicago Board of Trade.

Chicago, Nov. 4.—Wheat rose in value today, influenced largely by word from Liverpool that prospects of any supplies from Russia or the Balkans were now considered hopeless. The reduction consequent in the world's available surplus was estimated at 240,000,000 bushels. After opening ⅛c off to ⅛c up, with December at $1.03½@1.04 and May at $1.04@1.04¼, the market here scored a material advance all around.

The close was strong, 1⅛c to 1¼@1⅞c to 2c net higher with December at $1.05⅝@1.05½ and May at $1.05½@1.05⅝.

Export business gave strength to corn. Prices, which varied from yesterday's finish to ⅛c lower, were followed by a moderate general upturn.

The close was firm at ⅛c to ⅝@⅞c net advance.

Oats, like corn, developed firmness owing to buying on European account at the seaboard.

Lower quotations on hogs weakened provisions.

LAST EFFORT TO SAVE LIFE OF BULGER

Application Made Today in Denver for Writ of Habeas Corpus for Condemned Man on Insanity Ground.

[By Evening Herald Leased Wire]

Denver, Nov. 4.—Application for a writ of habeas corpus in behalf of James C. Bulger sentenced to be hanged before midnight Saturday was filed in the district court today by Pauline C. Bulger, a sister, of Brooklyn. Bulger's release is asked on the ground of insanity.

James C. Bulger, while intoxicated on May 6, 1914, fatally shot Lloyd F. Nicodemus, one of the proprietors of the Savoy hotel, where Bulger was maintaining headquarters for a recruiting station to raise a regiment to fight in the expected war between the United States and Mexico.

Bulger was tried in the district court and made a defense on the grounds of insanity. He was found guilty of murder in the first degree, the jury fixing the penalty at death. The sentence was affirmed by the Colorado supreme court which on October 4, 1915 refused a rehearing, thus ending all chance of averting the execution through court action.

Appeal was then taken to the state pardons board, which at several hearings listened to evidence in support of the plea that Bulger was insane. On October 29 the pardons board refused to interfere with the execution of the death sentence.

Bulger had spent the life of a soldier of fortune. He fought in the Spanish-American war and later was an officer in the Philippine constabulary. He participated in revolutions in Guatemala, Honduras, Peru and Mexico and was a general under Madero. Fleeing from Mexico when Huerta gained control, he later joined the Carranza revolution. He came to Denver shortly before the shooting of Nicodemus, with the avowed intention of raising a regiment to fight in case there should be war between Mexico and the United States.

In the intervals of his more exciting adventures, Bulger in 1912 found time to gain notoriety by "shooting up" the town of Bulger, Colo., which had been named after him. Later he shot and wounded J. H. Franklin, a private in the United States army, at El Paso, Texas. Bulger was but 35 years old.

NOBODY HOME BUT THE BED AND KLEIN HAD THAT PUT OUT

The fire department was called to 415 Pacific avenue, home of Mrs. Dolcinea Romero, late yesterday afternoon, by a fire that started in a bed.

When the companies got there—both trucks answered, because the alarm came from the Santa Fe hospital box—no one was found in or around the house, except a small girl. She said no one was home and no one had been on the bed. What started the latter blazing was a mystery Chief Klein never did solve. The bed was a total loss.

BULGARIANS NOW IN 6 MILES OF TEMPORARY CAPITAL OF SERBIA

(Continued from Page One.)

landing of French troops at Saloniki continues without incident, according to announcement made this afternoon by the French war office on the operations in the east.

The first British contingent arrived Friday at Guevgueli, in the Serbian theater, according to a Havas dispatch filed Saturday at Saloniki but delayed. The British force will act as a separate unit but in collaboration with the French troops. Guevgueli is just across the Greek border forty miles northwest of Saloniki.

BRITISH FORCES INTEND TO WINTER ON GALLIPOLI

Amsterdam, Nov. 4 (via London, 1:02 p. m.)—The Constantinople correspondent of the Lokal Anzeiger of Berlin says the opinion in well informed circles of the Turkish capital is that the British forces intend to spend the winter on Gallipoli peninsula and have no intention of voluntarily abandoning their positions there.

Berlin, Nov. 4 (via wireless to Sayville).—The German war office report given out today announces that the town of Mikalischki, between Lake Swenton and Lake Eisen, which was captured by the Russians on Tuesday, has been reconquered by the Germans. It was added that further south on the eastern front General von Bothmer had taken 3,000 Russian prisoners near Sienikowice.

The Hague, Netherlands, Nov. 4 (via London, 3:56 p. m.)—A German submarine in distress was towed into Tershelling, a Dutch island in the North sea, by a Dutch lifeboat this morning. A Dutch torpedo boat saw the rocket signals sent up by the submarine and escorted her to an anchorage. The undersea boat is being closely guarded.

TOO EARLY TO PREDICT RESULTS ON MESOPOTAMIA

London, Nov. 4 (11:32 a. m.)—A Central News dispatch from Amsterdam quotes the Cologne Gazette's Berlin correspondent with regard to the progress of the British forces in Mesopotamia, the gist of his comment being that with the aid of gunboats on the Euphrates river the British have been able to get close to Bagdad with a relatively small display of force.

The newspaper adds, however, that it is too soon to say whether the British will be able to occupy the city, as they may be forestalled by Turkish forces which are on the way to Bagdad, a city which the Gazette remarks has been much mentioned in German oriental policies. It advises Germans not to take a British occupation of Bagdad too seriously.

STRONGLY AGAINST ANY GENERAL ELECTION

London, Nov. 4 (6:06 p. m.)—The Marquis of Lansdowne, minister without portfolio, announced in the house of lords today that the government was firmly of the opinion that there should be no general election until after the war.

TO RELIEVE SOLDIERS OF EXPENSES AT HOME

London, Nov. 4 (1:29 p. m.)—The suggestion was made in the house of commons today by Sir Alfred Mond that legislation be enacted to suspend during the war payment of rent, insurance on mortgages and similar fixed obligations of men who join the army. Sir Alfred, whose suggestion was received with favor, said that these charges were like millstones around the necks of many men who, except for them, would be glad to enlist.

Premier Asquith said the government fully recognized the importance of the problem and promised to consider the question carefully.
