"PEP" WILL BE CHIEF CONDIMENT AT U. N. M. DINNER

Alumni Association Officers and Committee Determined to Make Organization the Livest at Institution.

The only thing that can possibly hurt the success of the banquet given by the University of New Mexico Alumnae association to the graduating class and the board of regents of the university tomorrow night is its number—twenty-third. The committee in charge are sure that their efforts will circumvent any such hoodoo. Pearce Rodey and the members working with him propose to make it better than any banquet that has preceded it, to put new spirit into the organization, and to make every ex-student of U. N. M. feel that he or she are able to do something towards the good of their Alma Mater.

"It is not money that we need, half so much as spirit," said Mr. Rodey. "We want every alumnus to feel that he has a definite duty to perform; not that with commencement or with leaving the school on the hill he is no longer responsible. The school needs a wider recognition in the state, the time is coming when we shall need assistance from its citizens, particularly the legislature, and these ends can be furthered by our alumni better than by any other method. We expect the banquet tomorrow night to furnish this 'pep.'"

The association expects the banquet and dance to be attended by every U. N. M. alumnus and friend and have already reserved seats for a number of out of town alumnae.

The diners are asked to be on hand at Taft hall at 6:30 sharp.

The program:

Toastmaster, Dean C. E. Hodgin.
"How Can the Alumnae Help?" Dr. David Ross Boyd.
"El Abanico," Alfred Hunt, 1918.
"The Later Point of View," Erna Ferguson.
"Relation of the Alumnae to the Public," D. R. Lane.
"Faculty and the Alumnae," Dr. John D. Clarke.
Election of officers.

Throughout the banquet music under the direction of Professor Stanley Seder will be rendered.

Following the banquet the alumni and their guests will dance at Rodey hall.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
