The Markets

New York Stock Exchange.

New York, May 10.—Today's moderate operations reflected the uncertain attitude of the speculative element, gains and losses being more than ordinarily confused.

Quotations at the opening of today's market indicated further uncertainty regarding impending developments, particularly in the Mexican situation. Trading showed the usual mixture of advances and recessions, the more substantial changes being made by specialties, while investment issues moved within narrow limits. Willys-Overland and Woolworth were the strongest features, gaining four and two points, respectively, with a more moderate rise for Mexican Petroleum which was soon lost and all speedily reacted. Declines varying from fractions to two points occurred in munitions and allied issues, while Rubbers were firm in the main.

Chicago Board of Trade.

Chicago, May 10.—Dry, hot weather southwest reported to have caused the wheat crop to deteriorate led to decidedly higher prices today. Opening prices, which ranged from ⅛c to ⅜@⅝c higher, with May at $1.15¾ and July at $1.16⅝ to $1.17, were followed by a substantial further advance.

The market closed strong, 1⅝c to 1¾c net higher, with May at $1.16½, and July at $1.17⅝@1.17¾.

Corn shared in the wheat strength. After opening a shade off to ⅛@⅜c up the market scored a general upturn. Destruction by green bugs in Oklahoma tended to harden the price of oats.

Prices closed unsettled at ¼@⅜c net decline.

Forecasts of heavy summer packing in the west weakened provisions. Close:

Wheat—July, $1.17¾. Sept. $1.17½.
Corn—July, 74⅛c. Sept. 73⅝c.
Oats—July, 43⅝c. Sept. 40¼c.

Rickart's Livestock Market Letter

Kansas City Stock Yards, May 9.—Steer steers moved last week slightly lower, but the opening of the week, from $5 showing some strength Wednesday and thereafter. Butcher stuff closed a shade lower, and stockers and feeders sold a quarter lower last days of the week.

Receipts today are 11,000; cattle market generally 10c lower, except that good killing yearlings are steady and stockers and feeders are as good as the close last week.

Some mixed yearlings brought the top, $9.40, and prop. fed Colorado steers, 1,100 to 1,400 pounds, sold at $8.75 to $9.20, including a string of eleven loads from the sugar company at Sourisburg, 1,496 pounds at $9.20, not as good by 10 cents as steers from same people last Monday at $9.35.

Some short yearlings from the Panhandle brought $9.00, from Mr. Cauble, Big Springs, who also had three loads of heifers, 749 pounds at $8.65. Furneaux Bros. Trinity Mills, Texas, had two cars of yearlings in the quarantine division, 554 pounds at $7.85.

Heavier quarantines sold at $8.00 last week. Chicago overran its estimate on cattle today, and and the market there is lower, but the liberal supplies around the market circle today are regarded as a temporary condition, and expectation for tomorrow is for a light run and stronger prices.

Indications point to heavy steers getting into the specialty class at an earlier date than usual this year. Last year no special advance was made on finished heavy steers till July.

Hogs sold five lower today on receipts of 14,000 head. The opening was 5c to 10c lower, but the hog market has a way of gaining strength all through each daily session, and the close was the best point, top, $9.85; bulk, $9.55 to $9.75.

Receipts generally are larger than ever before, and while a big June run is assured, there is some speculation as to whether or not the customary break in prices will be effective this year, owing to the unusually strong demand on packers for all kinds of meats and product.

Texas is producing more than twice as many hogs this year as last, which has its effect in supplying the southern trade through Fort Worth, but the south is a stronger buyer this year.

Receipts of sheep, lambs and goats today were 12,000 head, of which 2,000 were goats. Lambs and sheep sold strong, goats 10c higher.

Top Colorado fed lambs brought $11.55, some 92 pound lambs $11.35, a very strong price. Arizona spring lambs, 8 lpounds, $11.25. Arizona clipped ewes, 116 pounds, $8.00, a record price. Texas killing goats, $5.60 to $6.00. Angora breeders, $7.25 to $8.60. Spanish breeders $8.00 to $8.90. A liberal run of goats will arrive all through this week.

NOTICE OF SALE.

Whereas heretofore on the 15th day of July, 1909, Edwin H. Dunbar and Ella R. Dunbar, his wife, executed and delivered to Willard S. Strickler, as trustee, their certain deed of trust to secure the payment of a certain promissory note for the sum of $6,000 payable to M. T. Moriarty on or before five years from the date thereof, and in and by said deed of trust conveyed by said Willard S. Strickler as trustee the following real estate situate in the county of Bernalillo, N. M., to-wit: Lots numbered eleven and twelve in block number twenty-four of the New Mexico Town Company's original Townsite of the City of Albuquerque, N. M., as the said lots and block are known and designated on the map or plat of said Original Townsite filed in the office of the probate clerk and ex-officio recorder for said Bernalillo county, N. M., on the 27th day of December, 1882, and which said deed of trust was duly recorded in book 15, p. 127, of the records of trust deeds in the county of Bernalillo aforesaid.

And whereas said promissory note is past due and unpaid and whereas it was provided in and by said deed of trust that if the makers of said deed of trust should fail or refuse to pay said debt according to the true tenor and effect thereof, then said deed of trust should remain in force and the said trustee or his successor in trust should, at the request of the legal holder of said note, proceed to sell the above-described property at the front postoffice door in the city of Albuquerque, N. M., for cash, first giving twenty days public notice of the time, terms and place of sale and of the property to be sold, by advertisement in some newspaper printed and published in the city of Albuquerque, and upon such sale should execute and deliver a deed in fee simple of the property sold to the purchaser and receive the proceeds of said sale, and that any statement of facts or recital by said trustee in relation to the non-payment of the money secured to be paid, the advertisement, sale, receipt of the money, and the execution of the deed to the purchaser, should be received as prima facie evidence of such fact, and that such trustee, out of the proceeds of such sale, should pay first, the costs and expenses of executing said trust, including reasonable attorney's fees and compensation of the trustee for his services, and next should apply the proceeds remaining over to the payment of said debt and interest, and the remainder, if any, to the said makers of said deed of trust. And it was further provided that in case of the removal or absence from New Mexico of the said trustee, then the then-acting sheriff of the county of Bernalillo should be and was in and by said deed of trust appointed and made successor in trust of the said Willard S. Strickler as trustee, and in such event that the lands and premises should become vested in such trustee, and all the power and authority granted to the said Willard S. Strickler as trustee should accrue to and be exercised by the then-acting sheriff of the county of Bernalillo, the same to all intents and purposes as if he had been made the party of the second part.

And whereas the said Willard S. Strickler is now a resident of the state of California and absent from the state of New Mexico and the undersigned is the duly elected, qualified and acting sheriff of the county of Bernalillo, N. M.,

And whereas the legal owner and holder of said promissory note has requested the undersigned to proceed to sell the real estate above described under the powers vested by said deed of trust, and to apply the proceeds of such sale as provided in said deed of trust,

Now, therefore, in consideration of the premises the undersigned will on the 16th day of May, 1916, at the hour of ten o'clock in the forenoon, at the front door of the United States postoffice in the city of Albuquerque, N. M., offer for sale and sell at public auction, to the highest and best bidder for cash, the real estate above described, to secure the payment of said principal promissory note of six thousand dollars, together with interest thereon at the rate of seven per cent
