VOCIFEROUS PUSH FOR WILSON VOTES WILL BE LAUNCHED

First Voters to Let Loose Limitless Noise Whenever Rallies Are Held; Roaring Greetings for Campaigners and Visitors.

Colonel Sellers is devoting himself now to the organization of a First Voters' Noisy Corps.

The Noisy Corps will be called upon to take prominent part in greeting all distinguished Democratic campaigners and stumpers, and in enlivening rallies. They will style all manner of yells and campaign songs in their repertoire and they will disgorge the entire repertoire on all fitting occasions.

It was predicted today that when the corps got going right it would take away the breath of all nominees and other campaigners who first encountered it on their arrival in town. At the very least it will impart a novel slant to the campaign in town and make the big push for Wilson votes in this vicinity long remembered in political circles. The corps will be rehearsed in yells and songs before its first public appearance.

The membership of the Wilson club continues to swell. The 1,000 mark will be passed with ease by Saturday night.

Colonel Sellers today, on behalf of the organization, challenged every county in the state to make as good a showing in membership of Wilson clubs. No county is barred. The colonel does not believe that there is another county in the state can equal Bernalillo in enrolling Wilson supporters in any one week.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."
