Goodall Happenings. Personal and Pointed.

Mrs. Mary E. Lond, of Barton, Mass., is one of the Seaside Inn's new guests. She arrived from St. Augustine on Tuesday.

Mr. and Mrs. Gus Johnson have rented their cottage on Valley street for the season, and are rooming at Mrs. Harry Buckland's.

Mr. and Mrs. Bert Fuquay have returned from Alamagorda, N. M. Mrs. Fuquay has not been in good health and it was thought the change of climate may benefit her.

Mrs. L. Z. Burdick, wife of Seabreeze's popular postmaster, is convalescing from an attack of la grippe.

Mrs. E. L. Stewart, of Chicago, has returned for her fifteenth visit to Sunny Florida. She is pleasantly located at Mrs. Julia A. Stewart's residence on the river front.

Chas. J. Wright, a prominent banker of Fergus Falls, Minn., has left for a few days' trip to Lake Worth, Miami, and Cocoanut Grove ere he returns to the fascinations of beach life.

C. E. Grayson, of Miami, spent a few days around town looking up business prospects. He has decided that Goodall is all right, and we hope he will become a permanent citizen of the place.

A large turnout attended the card party on Tuesday night at the Beach House. Some eight tables participated in the game of progressive euchre. Miss Anna White and W. H. Jones captured the first prizes.

Wm. H. Jones has rented his Daytona home property to a jolly party of seven Illinois ladies; Mesdames Geo. W. Lindsey, Augusta Morgan, S. H. Busey, Caroline M. Busey, S. Dougan and Grace Morgan are the names of these ladies, and Urbana is their home address.

The childrens' party, given by Mrs. Elbert Rogers at the Lone Bay, was a pleasant affair and greatly enjoyed by about two dozen of Goodall's children. Mrs. Rogers spared no pains to make the evening one long to be remembered with pleasure to the little tots. Games, dancing and refreshments were the features that took the childrens' hearts.

Mrs. Celia E. Kreis, of Chicago, is delighting the guests of Seaside Inn with her fine performance on the piano. Mrs. Kreis, besides being a talented pianist, is most agreeable and obliging with her music, and we want to keep her with us as long as possible. Mr. Kreis is a successful Chicago business man, and this is his first Florida outing with his wife and charming daughter, Elizabeth.

A jolly party took the Tomoka trip in the Undine on Tuesday. A perfect day and no accidents, with the addition of several alligators and a good lunch, made the day a howling success. Among the party we noticed several guests from the Seaside Inn, namely: Mr. and Mrs. Kreis, Elizabeth Kreis, of Chicago; Mrs. Ella Shank and Jessie, of Lansing, Mich.; Mrs. S. H. Sandusky and Katherine, of Lexington, Ky.; Silas P. Hubbell, of New York City; Dr. Elizabeth T. Kane; Dr. Mary J. Hays, Elisha H. Kane and wife, of Kane, Pa.; Mrs. I. N. Huntsberger and Mrs. C. W. Munson, of Toledo, O.

PALMETTO CLUB MEETING.

"That which history can give us lost is the enthusiasm which it raises in our hearts."—Goethe.

The regular meeting of the Palmetto Club, which was in charge of the History and Literature Department, was held in the Opera House Thursday afternoon. The hall was decorated with palms and potted plants and lighted with lamps. One end of the room was hung with many copies of the painting of the old masters which illustrated in part the studies pursued by the class during the past summer; the history of Italy and the progress of art, particularly during the Renaissance period. The ladies of the class marched into the hall clad in fancy costumes, some representing Italian peasants in gala attire and others ladies of quality. Mrs. May E. Thompson as chairman of the department gave a condensed history of the Renaissance movement which began in Italy about 1400—from which all modern civilization dates. Italian art found its first expression in architecture, and all Europe is filled with beautiful examples of the palaces, churches, public buildings and tombs; but the Renaissance constructed its greatest and purest triumph in the art of painting. This arose from architecture and was architectural in its purpose, position and character. No fine building was considered complete without interior decoration of painting.

Mrs. Cook and Mrs. A. Carter exhibited the works of Michael Angelo and Leonardo de Vinci and gave a short account of their lives. Photographs of Michael Angelo's statues of Moses, David and the Pieta and DeVinci's "Last Supper" were shown.

Mrs. Rawson and Mrs. L. Thompson showed the works of Raphael, and Mrs. Thompson gave a fine history of his life and masterpieces of work. The Sistine Madonna, Madonna of the chair and portrait of Raphael by himself were the principal pictures.

Guido Reni was represented by Mrs. May Thompson and Miss Wilder. A fine copy of the "Aurora" reproduced in colors, the "Ecce Homo" and "Beatrice de Amor" with her "backward glance that haunts the world" were the main part of this exhibit.

Rubens and Van Dyck were represented by Mrs. Huston and Mrs. E. G. Harris, the latter quaintly dressed as "Baby Stuart" from Van Dyck's picture, gave a charming history of the life of Van Dyck as pupil of Rubens and afterwards as court painter to Charles I of England.

Rembrant was given by Miss Thorp and Miss Atwood. Reynolds and Gainsborough were shown by Mrs. Chas. Harris, Millett of the French school was represented by Mrs. Niver and Mrs. Williams. Murillo was shown by Mrs. Conrad and Mrs. Williams.

The music was delightfully rendered and formed no small part of the entertainment.

BEDFORD, IOWA, AHEAD.

The Bedford colony that have their headquarters on the peninsula, opposite Daytona, have been very busy since their arrival in December, taking in the sights to be found in the southland. A number of the party—like many other visitors to this section of Florida—have become enthusiastic desciples of Iziak Walton. One of the number, Mr. John L. Payton, has paid special attention to this line of work. He has caught trout, sheepshead and catfish on the bridges, burned his hands with shark lines on the pier, and was still looking for trouble. Tuesday afternoon while on the beach he noticed a porpoise almost aground in the shallow water. Procuring the only club in sight he rushed into the waves determined to land the big fish. The club proving a failure, as a last resort, Mr. Payton seized the big fish by the tail and landed him without assistance. Length six feet, weight 200 pounds.

A STARTLING INCIDENT.

There was considerable excitement one afternoon recently over the supposed drowning of a woman tourist in the Halifax. It seems that a young man and his wife were out at Austin's wharf, and for some reason the man went off a way but soon returned. When he did so his wife was gone and a search of the vicinity failed to reveal her whereabouts. He was so sure of finding her at the wharf that he became alarmed, thinking possibly she had fallen in the river and drowned. This conviction grew on him, and in his excitement he dispatched a messenger for Marshal Rodgers, asking him to come post haste. Mr. Rodgers was soon on the ground. Seeing no other alternative of making a speedy rescue, he waded into the river and made a thorough search about the wharf, assuring himself that the woman had not fallen overboard.

In the midst of the excitement it dawned on W. H. Edmondson that a woman who had been some time in the Mason & Wall store admiring the beautiful china and other pretty things on exhibition might be the object of search. He expressed this belief to one who was engaged in the search and it was passed to the distressed husband, who went over and was reunited.

COUNTY COMMISSIONERS.

The County Commissioners met at DeLand Tuesday with all members present, Commissioner Bond in the chair. The road reports showed considerable progress in the work. One mile of shell has been laid on the road between Enterprise and Osteen. Finestraw has been completed on the Enterprise and Orange City road. Considerable repairs have been made on the roads from Daytona to Port Orange, Daytona to Ormond, Glenwood and DeLeon Springs, and DeLand and Seville. The finestraw has been completed between DeLand and Lake Helen.

The road work is progressing satisfactorily, and substantial improvement has been made in nearly all of the Commissioner's districts. The pension claims of Jesse Nelvington and T. C. Marlow were approved. The notary bond of R. J. Skipper, of New Smyrna, was approved. Revolver bonds were approved for S. W. Bishop, Nannie Bennett, Zack Bullough, S. O'Quinn and J. H. Lord and licenses were issued. The County Auditor's report was examined and approved. Criminal Court costs, amounting to $20.41, were approved and warrants issued. The Sheriff was authorized to purchase tools and material for use of county prisoners while working on the roads. The letting of the contract for the work for the new vault for the court house was postponed to the March meeting. A franchise was granted to Frank E. Bond and his associates to erect, operate and maintain an electric road along the county roads east of the city limits of DeLand to Blue Lake and west to the St. Johns River. After the payment of the regular monthly bills the board adjourned.

WANTS STETSON'S MONEY.

A dispatch from DeLand states that suit has been begun by Dr. John F. Forbes, president of Stetson University, against John B. Stetson for libel and slander, damages being claimed in the sum of $250,000. Maj. Alexander St. Clair-Abrams, of Jacksonville, is the attorney representing Dr. Forbes.

On receipt of this information a reporter of the Metropolis called at the office of Maj. St. Clair-Abrams, and he confirmed the report. The major declined to make any statement concerning the case, but stated that the reason why neither Dr. Forbes nor the trustees of the university had made any published statement in reply to the articles which had appeared in the papers was because he had advised against this, and had instructed Dr. Forbes not to do so.

The only way, the major said, to settle the question was to give Mr. Stetson and those assailing Dr. Forbes an opportunity in court to prove and justify the slanderous and libelous articles which have appeared in the newspapers, but he would not be a party to trying the case in the press.—Jacksonville Metropolis.

Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nervine with the Heart Cure and the effect was astonishing. I can only impress regular sufferers to give these remedies a trial."
