SELL ONE PUNCTURE-PROOF TIRES $4.80

$4.80 NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

FROM PUNCTURES.

Notice the thick rubber tread and puncture strips and "D" tube the strip also to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

Made in all sizes. It is lively and easy riding, very durable and lined inside with rubber, which never becomes porous and which closes up small punctures as fast as made. We have hundreds of letters from satisfied customers stating they ran through a tacks or twice in a whole season. They weigh no more than the regular roadster qualities being given by several layers of this specially prepared fabric. That "Bottom Bump" so commonly felt when riding on uneven roads is overcome by the patent "Basket Weave" tread which prevents all air from being in the tire and the road thus overcoming all suction. The regular price of these tires is $5.50 but for advertising purposes we are making a special factory price to the rider of $4.80. All orders shipped same day letter is received. We ship C.O.D. on approval. Do not buy until you have examined and found them strictly as represented.

Cash discount of 5 per cent (the only reduction from the price $4.80 per pair) if you send cash with order and enclose this advertisement. We will also send one nickel plated two compartment metal puncture closers on full paid orders (these metal closers are in case of intentional knife cuts or heavy gashes). Tires to be returned if for any reason they are not satisfactory on examination.
