BUILDING PERMITS TO BE ISSUED NOW

The restrictions which have been placed on erecting new buildings have been lifted and now building permits for structures to cost not more than $10,000 will be issued. This should revive building in Clovis for there is a great need for more residences.

CLOVIS BANKS SHOW INCREASE IN DEPOSITS

The official statements of the Clovis banks show total deposits of over $1,000,000, a considerable increase over the deposits shown in the offirial statements two months ago. This is a good showing and proves that the financial condition of the county is healthy.

SCHOOL NOTES

School opened Monday with ninety percent attendance. The small percent of pupils absent apparently are afraid influenza will break out again, thus spoiling a good beginning. In order to make school attendance perfectly safe the teachers request a handkerchief showing twice daily, and make two inquiries, morning and noon, regarding new cases of influenza. By this means we are trying to keep the schools open. Parents should not hesitate to send their children under the plan adopted.

The consolidated district which was formerly the Liberty school district, is sending a small quota of children to school in cars rented for that purpose until the regular barge arrives. The Board of Education purchased a twelve foot, worm drive, Ford truck, which will accommodate thirty children. The truck has arrived, and the body is momentarily expected. When it makes a trip from the school building on Main and Bent and returns it will have gone seventeen miles. According to the route no pupil will be required to walk further than one half mile. The car line runs on a schedule similar to the Santa Fe railroad. A pupil is expected to be at his station when the car comes, and should he be late, more than a very few minutes, the car goes on without him, just the way the Santa Fe does. Should the car be late in arriving at its station the usual Santa Fe wait is enjoyed.

Friday night, November 22, the county club girls and boys will enjoy a program especially prepared for them. This is the annual gathering of club members. All friends are invited. The exhibits of club work will be on display, but the awards will be ready for inspection Saturday. The program on Friday night will be more definitely announced next week, but it will contain addresses by prominent people interested in the work of boys and girls.

The Lyceum course has only been postponed. Watch for the first number.

The Johnson Service automatic heat regulators are now doing their work. They turn on and off the steam automatically. It is interesting to see the little machine do its work. It knows when to work and when to rest. Come for a call and see it.

RECEPTION IN HONOR OF DEPARTING PASTOR

A reception was given Monday evening at the Christian Church in honor of Rev. and Mrs. Lambert who left Tuesday morning for Shreveport, La. A number were present attesting the regard for which the members have for their pastor who has resigned. Light refreshments were served and all enjoyed the occasion.

J. H. Shepard acted as toastmaster for the evening and short talks were made by the pastor and members of the church.

The best wishes of not only the members of the Christian Church, but the entire citizenship of the town, go with Rev. and Mrs. Lambert to their new home.

Houses in Clovis pay from 15% to 30% on the investment. Your Liberty Bonds only pay 3½ to 4%. You have been patriotic in buying Bonds, now the war is over be wise and convert your bonds into a house. We will sell or build you a home on best of terms. See us. Reagan Land & Cattle Co.

DO YOUR PART

The United War Work Campaign is on in Curry County this week. Solicitors have been busy and the compaign should end by Sunday night with the county far over the top with its quota. People who figure that the work of the Y. M. C. A., Knights of Columbus and other organizations is at an end on account of peace are badly mistaken, for our soldiers will be in France for months to come and the War Workers will be needed the same as ever. Do your part in this great work and let the solicitors have your donation at once.

GURLEY WILL MOVE TO WICHITA, KANS.

A. L. Gurley is in Wichita, Kansas, this week. Mr. Gurley will enter the broom corn business there as a jobber and is planning to move from Clovis to that place.

MAKE YOUR DONATION TO WAR WORK FUND

The United War Work Campaign is on in Curry county this week. The donations are coming in pretty freely but are not what they should be if the county does her share in this great work, and no real true-blue citizen would see her fall behind. C. W. Harrison, who is chairman of the work in this county says every effort is going to be made to raise the quota even if he has to ask a committee of citizens to assess those who have not done their part. It is truly to be hoped that such a course will not be found necessary.

SATURDAY SCHOOL

Clovis pupils are now attending school on Saturday. For five weeks the schools were closed on account of the influenza and the Saturday school plan has been adopted to make up this lost time. By having school on Saturdays it will not be necessary to have school up into the summer when the weather is disagreeable.

SPECIAL SERVICES AT METHODIST CHURCH

Next Sunday will be a memorial service for those, who, as members of the church or members of families of the church, have lost their lives in the struggle in France, namely: Dean Lucas, Ernest Claybrook and Harry Kelsey. These services will be just "In Memoriam" and we hope such as will be proper respect shown to those who have given their lives for our freedom and will also be of comfort to the families. Special music, sermon on the resurrection, etc. will be the program. All are invited to attend. The service will be at eleven o'clock.

"WRITING HOME"

When the soldier is off duty he may employ and amuse himself in many ways, but one of the first things he is sure to do is to write to home folks. Writing paper, envelopes, ink and pens are furnished free to the men by the Army Y. M. C. A.

This is a picture of a "rush hour" of letter writing and magazine reading in a "Y" building in a large camp of the Southern Department.

CLOVIS CELEBRATED THE SIGNING OF ARMISTICE

CHRISTMAS SHOPPING TIME IS HERE

Clovis merchants are well prepared to take care of your Christmas wants this year and people are urged to do their buying early. The fact that the war is over is going to make much more holiday buying than there would have been otherwise. People are in good spirits and are going to feel like unloosening their purse strings for old Santa.

FRANK J. ALLEN DEAD

Lieutenant Frank J. Allen of El Paso died recently in France from an attack of influenza. Mr. Allen was well known in Clovis as he resided here for quite a while and traveled out of here for Swift & Co. He was a member of the local Elks lodge and was only 23 years of age.

Lieutenant Allen enlisted several months ago and subsequently entered the officers training school at Camp Pike, Ark., where he was commissioned September 3rd and on September 19th left for France. His death occurred October 11th.

PRESBYTERIAN MEETING BEGINS SUNDAY

The "Flu" having taken its flight now give us the opportunity of having our evangelistic meetings planned for before its coming.

On next Sunday morning at 11 o'clock the campaign will begin and continue through the week. Cottage prayer meetings will be held each afternoon, the time and place to be announced Sunday. There will be no day services at the church. But each night at the church we will have our public services at 7:30.

This campaign will consist of eight days and nights of prayer, plain, simple Gospel preaching, and of battle against sin and for the souls of men. The great war that is fast becoming history, the wonderful news of Victory and Peace, and the passing of the local epidemic should cause men to halt on their way long enough to consider God and His claims, requirements, and decisions concerning them. We are too prone to disregard these fundamental and eternal things but we know we should be true to them even though it costs us a great sacrifice. We should give to God "till it hurts." Jesus Christ hung the first "Service Stars" in the Heavens. He gave the best He had, His Life, for you. What are you giving to Him? No man has a right to disregard these things and he who ignores them becomes an individualistic Kaiser, trampling right under foot, even the Cross of the Son of God.

For four years men have been pouring out their life's blood to wipe out wrong; in a short time the diplomats of many nations will come together for the purpose of cleaning up of flagrant national and international sins. Men of Clovis, while this general cleaning up is taking place let us all get in the game and make this cleansing an individual matter. There are numerous individuals in Clovis that need a genuine spiritual bath in the "fountain filled with blood drawn from Immanuel's veins" where "sinners plunged beneath that flood lose all their guilty stains."

For a cleaner, better, more Christian Clovis let us pray and work. We can have it, if we buckle under the job and do our duty toward God. We urge all strangers and friends to come to our services and feel perfectly at home.

TED P. HOLIFIELD, Minister.

A baby girl was born on the 11th to Mr. and Mrs. Frank Mace. Mrs. Mace has recently recovered from influenza and Mr. Mace from a severe attack of influenza-pneumonia.

In handling confinement cases an Osteopath uses antiseptics and anesthetics and any other means that is found necessary. Dr. H. R. Gibson.

The signing of the Armistice was heralded in Clovis Monday morning shortly after two o'clock by the blowing of whistles and shooting of fire arms. Monday morning was virtually a holiday in Clovis and there was a general celebration of the victory which means peace after the greatest war the world has ever known. The school children marched through the streets and enough ammunition was shot up to kill a goost many Huns, but it was all worth the money and everyone's countenance carried a genuine smile that told of the happiness that was in his heart.

November 11th will go down in history as the greatest of all dates save that of the birth of Christ. The world has been saved from the masterful dominion of a brute force, and with this victory we witness a marvelous exposition of the wonderful manner in which all things work together for those whose purposes are right.

Analysis of the terms imposed upon Germany shows them to be even more drastic than those being enforced against Austria, Bulgaria and Turkey.

From a military standpoint, all of these powers have been stripped even of the means of defense.

The objects sought—absolute prevention of a recurrence of hostilities—is the same in each case, and, in general, the same character of concessions were required, though in Germany's case there was no necessity to provide for future campaigns against a remaining enemy.

To surrender 5,000 cannon, 2,000 airplanes and other war material in proportion, military men say, means that for years to come the German states will be unable to think in terms of armed force against any of the powers associated against them. Austria, Bulgaria and Turkey are in the same state as to military essentials, even if the complete political disintegration of Austria-Hungary had not virtually disposed of danger from that source.

The strength of the German Navy has also been cut and she must give up the greater part of her ships. The ships which are retained are chiefly of the obsolete type.

ONE POUND BOXES OF CANDY NOW THE LIMIT

Five pound boxes of candy will be strictly tabooed this year, as Christmas presents, even to very "best girls." The little pound box of sugar candy has come back to its own and will be the popular sweet present this year.

As to the dainttiness of the box, that will depend on the chooser, but the size of all will be the same. The reason for this is that the food administration recently sent requests to all candy dealers asking that no candy be sold in boxes of more than one pound until further notice.

NEW MEXICO ELECTS FOUR WOMEN SUPERINTENDENTS

New Mexico elected four women county school superintendents last week, Mrs. Nina Otero Warren, in Santa Fe county; Mrs. J. W. Wilson in Bernalillo county; Mrs. Rachael V. Smith, in De Baca county, and Mrs. T. W. Hayes, in Chaves county. Mrs. Warren and Mrs. Wilson are Republicans and Mrs. Smith and Mrs. Hayes Democrats. School offices are only ones women can be candidates for in this state.

Frank, the son of Mr. and Mrs. A. F. Curzen, is recovering from some painful burns he received recently. His injuries were caused from the explosion of a small steam engine which he had constructed and when it blew up one of his arms was badly scalded.

CURRY IS BANNER DEMOCRATIC COUNTY

Curry is the banner Democratic County in New Mexico. While the county did not poll its full vote, still the Democratic nominees were given greater majorities here than in any county in the state.
