Seabreeze News

SEABREEZE, Feb. 10.—Miss Brown, one of a party of friends from New York spending the winter at Pleasantview cottage on the beach, is visiting at Rockledge this week.

Mr. and Mrs. Toppington, relatives of Captain and Mrs. Brown add their guest on the boat, Lady Lou, for a time, have returned to their home in the north.

Mr. and Mrs. Hyde, of Cleveland, O., are recent arrivals at The Gleenwood.

Mrs. John S. Bronson will arrive from St. Louis next week and will spend March with her parents, Mr. and Mrs. Bianchi, on Halifax avenue.

The Ladies' Sewing Circle met with Mrs. Dayton, on Valley street, Wednesday afternoon. The Circle has a large membership and good weekly attendance. The ladies are deeply interested just now in such work as will promote the success of the church bazaar, which takes place March 5th.

W. C. Cannons has sold a tract of land running 265 by 300 feet on Oakland and Grandview avenues to a Jacksonville party, and a force of men have been at work for several weeks past underbrushing and grubbing the ground. It is supposed a hotel will be built on the plat.

Col. Wm. M. Shaffner and wife and Mrs. E. M. Holman were visiting in the burg yesterday.

Both the Clarendon cottages on the East side of Grandview avenue have been taken this week. The larger one will be occupied by Mr. Robinson and family, of Buffalo, and the smaller cottage has been taken by guests of the Clarendon who will spend the rest of the season here. They will have their meals at the Clarendon grill room.

Cheaper.

Servant—Please, sir, missus wants you to send for the plumber, 'cos she's dropped her diamond ring down the bath pipe. Mr. Nuriche—Tell your mistress not to be ridiculous. I'll buy her another diamond ring! — London Mail.

The Talking Pots.

"Yes, these pots of mine are all right," said the potter. "They don't talk, though."

"No pots do."

"Don't they? Look here."

He took from the shelf a strange, crude pot daubed yellow and blue that had the shape of a duck. He filled it with water; then he poured the water out again. "Quack, quack, quack!" said the pot distinctly. Every gurgle was a distinct quack. "There's art for you," said the potter. "Every gurgle of that duck pot is a quack. Wonderful Aztec art! And I have an Aztec pig pot that grunts like a pig and a dog pot that barks like a dog. Wonderful chaps, those Aztec potter fellows! I wish I knew their secret. Imagine an Aztec banquet," he said after a pause. "Pots filled, you know, with wine. And every time you pour yourself a drink 'Quack!' go the ducks, 'Bowwow!' go the dogs. Regular pandemonium!"—New York Press.

Doings at Daytona Beach

DAYTONA BEACH, Feb. 20.—Miss Kathryn Thorp, Regent of the local D. A. R. Chapter, will attend the State Convention of the Daughters of the American Revolution at St Augustine, Feb. 22d. It is expected that quite a delegation will go from the Daytona Chapter.

The next regular meeting of the Abigal Bartholomew Chapter D. A. R. will be held at the home of Mrs. C. H. Raynor, Daytona Beach. Program of the afternoon Deleware and Maryland Responses—noted soldiers of the Revolution.

At the Seaside Inn, Wm. V. Horn, Michigan; J. Hemming, New York, are among the recent arrivals.

Cosan Villa, winter home of Mr. and Mrs. Sidney Hubbell, which has recently been repaired and re-painted, this week had the electric light fixtures put in and connection made.

Fishing from the ocean pier and from the bridges was very good Thursday and some fine sea bass, whiting and sheepshead were caught.

D. F. Fuquay has put in cement front walk for Mrs. Todd.

Miss Hume of Lexington, Ky., arrived yesterday and is a at the Seaside Inn.

At the White House, Mrs. M. M. Kelley, Richardson, N. D., A. B. Elliott, Chicago.

The following party are located in Dr. Owen's cottage, and will have their meals at Pinehurst, Mr. and Mrs. H. D. Wilson, Versalles, Ky., Mrs. Poage and daughter, Mrs. Chas. Meffert and little girl, Centralia, Mo.

The Light of the Firefly.

When man will attain the perfect vacuum, then the rude ether blush of the electric light bulb will give forth many times more light, purified and heatless, soft and healing, as the light of the stars, penetrating as the sun. An examination of the firefly when emitting flames or light shows bodily movements that cannot be understood to mean anything else than vacuum producing. The lights are always seen in the vacuum sack on the back. Immediately before emitting light the insect will flatten the body, draw the legs in, droop the head, seemingly contracting in all directions; then with the relaxation come the flame and light. The bodies of the glowworm and firefly always are transparent when filled with flame. The blades of grass or other debris are seen plainly through the bodies. Here are cases of nature dealing with X rays.—Chicago Tribune.

Literary Irrigation.

"Your latest novel seems very dry," said the reader of the publishing house to the young but rising author.

"I was pretty sure you would say that," rejoined the author. "Consequently if you will count them you will find the heroine weeps real tears on just 253 pages of my story."—Cleveland Plain Dealer.
