THE INDEPENDENT PRESS

ABBEVILLE, S. C.

W. A. LEE, EDITOR.

Friday Morning, October 5, 1860.

We call the attention of our readers to the advertisement of Mr. Geo. B. Hack, in another column. The Southern Planter's Press is no doubt a valuable machine. Made and sold by Mr. Hack, of Millen Ga.

See advertisements of John N. Herndon, A. A. Williams; Dr. Edwin Parker; C. P. Remsen; J. H & J. K. Vance; Commisioner, Ordinary, &c.

REV. R. C. GRIER, D. D.

We learn that this talented and distinguished divine has received a call from the Due West Congregation (A. R. P.) to supply the vacancy occasioned by the death of the lamented Dr. E. E. PRESSLY, their late Pastor. It is thought that Mr. GRIER will accept the call.

GUBERNATORIAL.

A writer in the Edgefield *Advertiser* nominates Col. I. D. WILSON, of Darlington Fistrict, for Governor. And a correspondent of the Newberry *Conservatist*, from a neighboring District, nominates Gen. WM. E. MARTIN for the same office.

ACCOMMODATION TRAINS FOR THE FAIR.

We are pleased to state that the officers of the Rail Road, feeling always a deep interest in whatever pertains to the development of the resources of the country, have determined to run an accommodation Train during the Fair. Also they will have stock cars at the different stations, on the Road in the District. Persons intending to exhibit stock must send up the number of stock, kind, and station, to the agent, Mr. D. R. SONDLEY.

DUE WEST FEMALE COLLEGE.

The Exercises of this Institution will be resumed on the Third Monday of October inst., and we would recommend those having daughters to educate to patronize this Institution. The board of Trustees have elected a corps of Professors and Teachers, who will be found efficient in their respective branches. We learn that quite a number have engaged boarding for the coming collegiate year. For full particulars see the advertisement of the College, which may be found in another column.

NEW CHURCH.

We had the pleasure of visiting Honea Path a few days since, and we were pleased to see that a new and comfortable Church (Presbyterian) is in course of erection at this thriving village on the Greenville and Columbia Rail road, near the line of Abbeville and Anderson Districts, which speaks well for the morals and liberality of the citizens of that place and vicinity. We would especially speak of the liberality of those of the place, who are not members of any Church—many of them having contributed largely to the erection of this building.

OUR COURT.

The Court for our District has been in session during the present week, his Honor Judge WARDLAW Presiding, with his usual ability and dispatch. The Summary Process Docket was disposed of on the first day. The Criminal business of the Term is small, embracing principally the minor offences of retailing, trading with slaves, &c. On the Civil side of the Court, the Docket is a heavy one, and will occupy the entire week.

The attendance during the week has been large. Among the visiting members of the Bar from other Districts, we observe Messrs. ORR, WHITNER and SLOAN, of Anderson, and Messrs. HARRIS and McGOWAN, of Laurens. The Hon. J. D. ASHMORE was also present, and seems to be in fine health and spirits.

Among the members of our own Bar, our citizens have had the pleasure of greeting the Hon. A. BURT, who returns again to the scenes of his former triumphs, and is prepared to enter the arena once more, and measure his strength with more youthful colleagues. He seems to be in fine health and keeping, and we trust has many years of usefulness in store for him.

The Grand Jury reported very favorably as to the condition of our Public Buildings, and Public Offices.

CONGAREE IRON WORKS.

We have recently had the pleasure of being shown through the large Brass and Iron Foundry of Messrs John Alexander & Co., of Columbia, S. C., and we would especially recommend these gentlemen to the favorable notice of these of our readers who employ machinery of any kind. They are young men of mechanical skill, and are well known to be first-class business men of perseverance and enterprise. Less than four years ago this firm commenced their operations with quite a small capital, employing but five hands. Since that time, their business has steadily increased, till now they constantly employ from forty-five to sixty hands in their Foundry and Shop, which we think, is the very best sign of their prosperity.

There can now remain no necessity for sending to the North for ordinary Iron or Brass Castings employed in this State, as there are few Foundries better prepared for the execution of all orders for Iron or Brass Castings than the Congaree Iron Works—Messrs. John Alexander & Co, Proprietors—they having two large Furnaces for melting Iron, both of which can be used at once, which enables them to cast at least ten thousand pounds in one mould.

Heretofore we have been dependent on the North for everything in the way of Church Bells, or large Bells of any discription, but now the heaviest or the lightest bells of the clearest and sweetest tone can be had of Messrs. John Alexander & Co, of their own manufacture. at actually *lower* figures than the same article can be bought North. One of their bells weighing five hundred pounds has recently been brought to this place for the use of our new and elegant Episcopal Church. The bells of this firm were awarded premiums at the late State Agricultural Fair in Columbia, and also in Charleston at the Institute Fair in 1859.

Another article manufactured by Messrs. John Alexander & Co., which we think deserves special notice, is their excellent and well proportioned Steam Engines. These gentlemen were awarded Premiums at the Charleston Institute Fair, and also at the State Fair in 1859 for their beautiful and well finished Engines. We saw an excellent Engine of their manufactory taken from the Shop while we were there. It was purchased for Messrs. White & Co.'s large Carriage Factory at Rock Hill, York District, S. C.

We have not space to say more, but wish this establishment that large patronage which their so justly merits

THE DISTRICT FAIR.

The Executive Committee being desirous of encouraging every department of Industry connected with the Fair, have determined to award the following additional premiums:

HORSES.

For the best Mare and Colt—Colt raised in the District, Mare open to the world, - - -	Silver Cup, $8.00
Best Sucking Colt, (mare excepted)	" 5.00
Best District raised Saddle Horse,	" 5.00

CATTLE.

Best 3 Year Old Heifer, full blooded,	4.00
do 3 " " Grade,	4.00
do 3 " " Common Stock,	4.00

SHEEP.

Best Grade Buck, - - -	3.00
do do Ewe Lamb, - - -	3.00
do do Pair of Lambs, - -	2.00

We would say to the ladies, that under the class of "Native Wines," any domestic wines, whether made of Catawba, Scuppernong, Medeira, Muscadine, or from any other kind of grape, will be received and premiums awarded according to merit.

We are glad to say to the friends of the Fair that the prospects of a fine exhibition are brightning. The men are being aroused from the effects of the late drought, by the fact that they are not as bad off as they expected, two months ago. All that is wanted in an enterprise like this, is for every farmer, mechanic or tradesman to do *his* duty, and not throw it over to his neighbor. Let every one bring something, and not think about the premiums. If you take a premium, well and good; but if you do not, you will have the satisfaction of having done your part in the good cause, and your neighbors and every good man will praise you for the effort.

W. C. DAVIS, Sec'y.

Public Meeting.

At a meeting of the citizens in the vicinity of Gain's Shop, Abbeville District, on 29th September, 1860, John Brownlee, Esq., was called to the Chair, and James A. Black, Esq., requested to act as Secretary.

On motion of M. B. Latimer it was resolved that the Chairman appoint a Committee of three to prepare and report Preamble and Resolutions, for the consideration of the meeting, whereupon the Chair announced James A. Black, Esq., M. B. Latimer and Micheal Magee, as such Committee.

The said Committee, through James A. Black, submitted the following, which was unanimously agreed to and adopted:

Whereas, It becomes every Southern community to exercise the utmost vigilance in the protection of their persons and property against the insidious, dark and dangerous designs of all enemies to our peculiar institutions. Therefore, be it

Resolved, That impressed with this belief, we, the citizens of this community, do hereby resolve ourselves into a Committee of Vigilance, for the purpose of detecting and examining all such suspected and dangerous persons who may from time to time be found engaged in any efforts to carry out their evil intentions in our midst, and that each member of this Committee report to the Chairman all such persons, who upon conviction, shall be dealt with either by indictment in the Court of Sessions, or in such summary manner by this Committee as may be directed by the Advisory Committee. That the Advisory Committee, consisting of a Chairman and four members, selected at this meeting, shall appoint, within our bounds, Patrol Companies as often as they deem expedient, and shall meet at the call of the Chairman of said Committee, and determine all matters which may be laid before them by any member of this organization, and that their decision shall control our action in the premises.

On motion, the Chairman appointed James W. Black, Esq., M. B. Latimer and Clayton Jones, to nominate Officers of the Advisory Committee, who reported the following gentlemen, who were unanimously chosen to serve twelve months, viz: R. C. Harkness, Chairman; Conrad Wakefield, J. J. Cunningham, T. J. Hill and Michael Magee.

Resolved, That we pledge ourselves to each other in carrying out these objects.

Resolved, That the foregoing be published in the Abbeville papers.

Fifty two signatures to the original.

RESOLUTIONS

Passed at the first meeting of the Senior Class of South Carolina College, held on 2d October in respect to the memory of JAMES W. WARDLAW, of Abbeville.

In memory of JAMES WITHERSPOON WARDLAW

It has pleased Almighty God in the mysteries of his Providence to lay his hand heavily upon us, in the death of a beloved classmate and cherished companion. Thus saddened, at this our yearly convocation, we pray that this chastening may be brought upon us in mercy and not in wrath; and that this dispensation of grief may be lighted to the afflicted family by the Christian manner of his death.

Be it then

Resolved, 1st. That we deeply mourn the loss of a dear friend and associate bound to our hearts, by the manifold ties of College life and companionship, by ties of youthful affection and by a noble, virtuous, generous and truthful spirit.

2d. That we lament the loss to our College and State of a valued member, just passing from a well-spent youth into vigorous manhood, cut down upon the threshold of life in which his future was so bright and promising.

3. That we deeply sympathise with the afflicted family in their bereavement, by which which we too have so deeply suffered.

4th. That resolution be published, and that a copy of them be sent to the family of the deceased.

PRESIDENTIAL ELECTION DAY.

Congress passed an act in 1845, "to establish a uniform time for holding elections for electors of President and Vice President in all the States of the Union." This act fixes the time of election on the "Tuesday next after the first Monday in the month of November"—which this year is on the 6th day of the month. All the electors must be chosen or appointed on that day, except in the Electoral College, or where a State has failed to effect an election on the day designated.

CINCINNATI HOG MARKET.—Fat hogs are in good demand at $5.50 to $6 gross on the spot, and about 4,000 head sold during the week. For future delivery they have been dull all the week, and at the close it was difficult to find buyers at $6.50 for November, and there were not many disposed to operate at $6.25 for all December. There are not many offering however; still the offerings exceed the demand.—*Cincinnati Price Current, 26th ult.*

QUERY.—Have you seen that big Indian in another column boiling *Roots, Barks and Leaves* for the "Cherokee Remedy!"

OBITUARY.

"Our life is even a vapor, that appeareth for a little time, and then vanisheth away."

DIED on the 24th ult., of Pulmonary Consumption, Mrs. KATE G. POWER, in the 25th year of her age.

Thus has drooped and died one of earth's sweetest and loveliest flowers. We suppose she was too pure for *earth*, therefore has been transplanted to live and bloom eternally in the garden of Paradise, where she will be continually fanned by the cooling and blissful breezes of Heaven. Having been blessed with pious parents, she received a religious training which, together with the influences of the Holy Spirit, naturally led to the conversion of her soul to God, which took place in 1854, under the preaching of the Rev. Daniel Baker, D. D., when she attached herself to the Presbyterian church, of which she remained a consistent member up to the time of her death. She loved to mingle with the people of God, to talk of Heaven and heavenly things, and to worship in her Father's sanctuary; and but few had as much reverence for holy and sacred things.—Well does the writer remember what may be appropriately termed the sweet and gentle reproofs which she has, in the most affectionate manner, given him for the little light and frivolous remarks which he was sometimes wont to make, and if any expression of sadness was caused thereby, she would not rest until she was assured that they were received as they were sent—in kindness. A more devoted wife and loving mother we are sure never breathed the air of earth. As a mistress she was kind, liberal and humane. She loved her neighbors and friends with that true and genuine affection of which but few can boast, and could say truly, as I have often heard her do, that she bore no ill will for any living soul. To be deprived of such a precious jewel is a loss almost too heavy to be borne. But we must not murmur or complain, for we feel that she was a gem we were not worthy to possess, and that she has only been removed from the pernicious influences of earth, to bask in the sunshine of her Father's countenance, and to breathe the pure and holy air of Heaven—all, we believe, for our good as well as her own. When we look around and miss the affectionate smiles, and no more hear the sweet voice of a dear, devoted wife, our tears flow, our spirits sink and our heart almost bursts with grief. But when we remember that she is with Jesus, and that her voice that used to cheer our drooping spirits on earth, is now attuned to the melody of Heaven, we are constrained to say, thy will O! God, be done.

A few days before her death she expressed a desire to have her two little children baptised, the eldest of whom was about seventeen months, and the other only nine weeks. It was done, and Oh! what a solemn scene! While the former was in the arms of the father, and the infant in the arms of the mother—prostrate upon a bed of death—they were consecrated to God.

She bore her affliction with christian resignation; and we often heard her say that "she was ready and willing to go whenever the Lord called for her"—that "she was perfectly resigned to His will," and that "she was going home to God." She used many similar expressions while suffering beneath the hand of Him who ever knows what is best for us. Those who knew her best loved her most. She was ever ready with an affectionate smile to minister to the wants of her husband and little children, often showing a disposition to deprive herself of the comforts and pleasures of this life for their benefit. But she is gone; no more can we see affection flash from those soft blue eyes—no more can we hear the welcome sound of her footsteps, or listen to the sweet tones of her cheerful voice on this earth. Then farewell, thou dearest of all earthly objects, farewell, farewell. She has left a distressed and disconsolate husband, two little children, aged parents, brothers and sisters, and numerous friends to mourn her untimely loss. She died in the full triumphs of a Gospel faith, and is gone to reap the reward of the children of God. Let us all, kindred and friends, strive to attend to her last dying request, which was—"Meet me in Heaven."

DIED in this District, WADDY THOMPSON, infant son of G. F. and SARAH J. MATTISON, who was born October 28th, 1859, and on the evening of the 23d September, 1860, his spirit left the cold tenement of clay, and took its flight to Him that said "Suffer little children to come unto me, and forbid them not, for of such is the kingdom of Heaven."

Dear as thou wert, and justly dear,
We will not weep for thee;
The priceless jewel we have lost
Is brightening in eternity.

THE SOUTHERN PLANTER'S

COTTON PRESS.

THIS PRESS is superior to any other because it is a

SCREW PRESS,

and occupies less room. It can be placed in the Gin House and operated by a belt from the Gin Gear, or hand.

They will pack from 450 to 600 lbs. in a bale, without breaking or flying back in any way. One of these machines will last twenty years, if housed and properly cared for. They are furnished *all complete*, and numbered, so that any one can put them up. Delivered at the Depot in Augusta, as follows:

1st Class, will pack 600 lbs, warranted for $180
2d " " " 450 " " " 160

Any further information may be had by addressing me at Millen, Burke co., or Bones, Brown & Co., Augusta.

Respectfully, GEO. B. HACK.

WATERLOO, Laurens Dist., S. C.

I purchased one of Geo. B. Hack's Southern Planter's Cotton Press, in the Fall of '59, with which I packed 50 bales of Cotton, averaging 15 bales per day, with two men and two boys, by hand. I regard it the best Press I have seen. You can pack any kind of weather, without exposure to hands. It is quite convenient, and, with care, will last 50 years. I would rather buy one of Hack's Presses than to have the common press given to me and warranted. D. A. RICHARDSON, M. D.

CORESBURY, S. C., May 3d, 1860.

Dear Sir: Your Press gives me perfect satisfaction. It is certainly the best application of power I have ever seen, two negro fellows being able, without much effort, to "pack" a bale of Cotton, weighing over five hundred pounds. With a little more *speed* it would be perfection.

Yours truly, D. WYATT AIKEN.

POPE HILL, Jefferson Co., Ga., July 11th 1860.

Messrs. HACK & DUVAL.—Dear Sirs: Having packed one crop of Cotton on the "Iron Screw Press" I purchased of you last fall, I take pleasure in stating that it gives me entire satisfaction. I find it all you represent it to be, and, for convenience, cheapness and durability, do not believe it excelled by anything of the kind I have ever seen. In a word, I think it just the article cotton-planters have long needed, and *will have*, as soon as they become acquainted with its superior advantages.

Yours Respectfully, J. W. BRINSON.

Mr. HACK—Dear Sir: The Southern Planters Cotton Press I bought of you, works finely. I operate it by the same power that drives my Gin, (a water-wheel) and it has so far given perfect satisfaction

Yours truly, JOHN A. RHODES.
