A Request.

Hon. W. H. Barnes, who has been selected by the President from among the many applicants, to preside over the Courts of Second Judicial District of Arizona, arrived in Tombstone last evening. Judge Barnes comes from his eastern home with a very strong indorsement of his legal abilities and a reputation for judicial honesty and integrity which warmly commends him to the best citizens of the Territory irrespective of party. THE DAILY TOMBSTONE is not of Judge Barnes' political faith, but stands ready to extend to him the meed of praise for his every act resulting beneficially to this district, and is equally ready to condemn such of his acts as it deems prejudicial to the best interests of our people. So much for a preface to the statement, that in the opinion of THE DAILY TOMBSTONE, almost the first official act of the new Judge in Cochise county was a grave mistake. We refer to the appointment of George G. Berry as Court Commissioner. To the residents of this county familiar with the crooked and tortuous career of Berry since his advent in our midst, it is not necessary to recall the many and varied schemes of rascality in which he has been engaged, some of them dirty and disreputable enough to bring a blush to the cheek of one not entirely lost to sense of shame. THE DAILY TOMBSTONE makes bold to declare, and stands ready to prove, that in order to accomplish his purposes he has not hesitated even at perjury. His four years history in Cochise county is black with deceit and slimy with infamy. His corrupt practices as an attorney are sufficient to disbar him from any respectable court in Christendom. He has been paid for legal advice by more than one of our citizens, who acting upon it, now find themselves confronted by him in suits for the recovery of property which was purchased by that advice. Could moral degradation find lower depths? He is the principal attorney for a combination now seeking to evict from their homes, hundreds of families in this city. The question may be settled by the courts, but so the matter stands Berry as Court Commissioner is placed in position to rob, and harrass our citizens. That the appointment was made by Judge Barnes with an ignorance of the character of his appointee there can be no doubt, and yet THE DAILY TOMBSTONE as the humble representative of this people, asks Judge Barnes to rescind the appointment and relieve us of the incubus placed upon us. "Who touches pitch will be defiled" and not more so than the judicial ermine of Chief Justice Waite of New York, will be contaminated with the contact and disposition of Berry. Than will be that of Judge Barnes by association with the man MY as notorious and as cunning G. G. Berry.

We learn that during Judge Barnes present visit to Tombstone, he intends making a change in the clerkship of the District Court. This was to have been expected, and their will be no fault found, provided the new appointee is one whom the people respect and have confidence in. As the next term of the District Court will not meet until early in 1886, the change made at present will give the new incumbent a good chance to familiarize himself with the duties of his office, and be prepared in connection with the Judge to expedite business during court term. Having learned that it is almost the unanimous wish of the Democracy that Mr. B. A. Fickas, the present efficient Deputy County Recorder shall succeed to the position, and that Judge Barnes in conformity with that expression, has signified his intention to appoint him, THE DAILY TOMBSTONE congratulates his Honor on the wisdom of his selection, Mr. Fickas on his appointment, and Cochise county on getting an official who will so worthily adorn the position.

GIVE THEM THE SPOILS.

THE DAILY TOMBSTONE always has been, is at present, and will continue to be a Republican newspaper. It does not believe in mugwumpism, and has no use for that political genus. It has sufficient leaven of genuine Democracy in it however to heartily endorse the principle enunciated by Governor Marcy, that, "to the victors belong the spoils." It still further believes that when the victory is won, that the fruits of the same, namely the spoils, should come into the hands of the victors. It is in the nature of Republican office holders from the highest to the lowest, and ring their resignations to the power that be. I wants the party, now in the Democracy to assume the reins everywhere, at once, believing that the sooner they are put on horseback, the sooner they will ride to the devil. It believes that a Republican is wanting in self respect, and false to his party, who when defeated hangs around the enemy's camp to pick up the few crumbs that fall from his table. If there are any Republicans now holding position in Cochise county, THE DAILY TOMBSTONE thinks that they will at once hand in their resignation, and further trusts that if they have not sufficient manliness to do so, that they may be ignominiously kicked out of office. To the "victors belong the spoils;" the Democrats are victors, let them have them until 1889.

FIRE the out Judge. Remember that every day counts to a hungry Democrat.

THE "grand old party," don't ask any odds of the Democracy. They have won the offices, and we would scorn to hold them.

A party of men were sitting in Barnum's saloon in Morenci last Sunday evening, when a succession of shots was heard and bullets came tearing into the saloon, fired by unknown parties, apparently from sheer devilry. A Mexican lay on the floor against the bar, drunk. A shot struck him in the spine, causing death in a few hours. No other person was injured, though bullets passed near the heads of all. The deceased was named Trinidad Fekes, aged 26, a native of Chihuahua, and bore a good character. He was buried on Monday. Mr. Barnum has offered a reward of $100 for the apprehension and conviction of the party or parties that did the shooting.—Clifton Clarion.
