My lady, how would you like to own and manipulate one of those wonderful vacuum cleaners? They remove all dirt without effort. Then an electric iron. Think of it! Ah! an electric toaster. Everything in Electric Utensils for the household.

COUNT THE MEN WHO COUNT

Count the men who count in our city or any other and you will find the Home Owner, the Developer, the man who is depended on in adversity times. The man who has to admit that he is not a property owner, has never been, and does not expect to be, confronted that the stuff that makes a man was left out of his makeup, or was and never will be again the opportunity to buy as cheap as now. We have lots ranging from $25.00 up. Good terms on everything. Some carpenter in Hoover and Lots. Ask Prewitt & Pender MORAL—Buy lots and build that home, now is the time; there never for anything you want, if we haven't got it, we will get it for you.

HERE ONE, WE SAYING—

(By Will and Iphe.

That a young woman did the dance. Then we had one by young man, reading from the Bible. Then the Gene Morgan, who spoke for nearly two weeks, but unknown to everybody it was reported that our town was being filled up with people in potentia. On travel during go in one room, it was learned that a very distinguished party of the same staff were waste and with an amount to follow him to 'do you wonder why the boys?'

That last Firelfiem B. H. Friday, 6th February, about seven month speak, was Sol. Nuber Wilson, Bacon, covered every inch from Lots and January starting out at a pail of a hundred miles a second. I saw him look a little worried the other day. Looks like he is slowing down. I wonder how we persuaded a tire! You know what I mean. You will at least meet a motorcycle to catch Hy-ride.

That "Bunny Houston," camp police sergeant, at one time in his life must have horsed in the Mexican cavalry. We are going to see about having his use lost in the saddle, to keep them from flying out so far—not that we care so much for "Bunny," but he is about to beat the poor horse to death.

That the famous mine bonch, known as the 24th Floor Hundred, has suddenly ceased activities. One would suppose that their inactivity is due to the high percentage of family quarrels, divorces and separations taking place within this set.

The Mayor has one, the butcher has one, the farter has one. What? A late model Essex.

A real fighter located with his famous left and with a quick uppercut brought his destructive right (the one that he signs papers with) in contact with the jaw of the Columbus Athletic Association, which knocked it out of bounds and sent it down for the count.

That my partner Spiey said he was looking forward to Thursday evening, the same as if it is was Christmas. I wonder what he means?

Need Encouragement.

The drum slaged by the engine instructors of the educational branch of the 24th Infantry Tuesday night at the 24th Infantry Service Club proved a big success. These young men have the right idea and should be encouraged.

Don't stop, boys, but continue to strive to reach the top. You must not be discouraged, for there is no success that is not first overshadowed by failure.

Consider the words of Hannibal: "Beyond the Alps lies Italy." No doubt every man who participated in the show feels a bit downhearted over the exhibition. Cheer up, boys. Remember: "Non victoriam ex labores."

C. Carter Moves.

C. Carter's American Tailoring Company has moved from its old location to the old Del Shop across the street from James Poff's cowstand.
