John Tolias Thinks Well of Goldsmith Mail Copper Company

Two miles from the school house in Bisbee, Arizona, and fifty miles from Douglas, Arizona, in Cochise county, is located the Goldsmith Mail Copper Company, a corporation which is now developing and showing assays on the ores already in sight worth near-Lly will make revenue connected with the corporation.

E. F. Forrester, representing the company, was in Columbus last week and made an extensive visit to the property. Mr. Forrester, after his return to Columbus, Mr. Tolias went to Arizona but said he had seen the company's assay and was so pleased and enthusiastic. Mr. Tolias said he himself had to be convinced before he would attempt to sell stock to his friends in this city.

Jno. Wilson Rose, attorney for the company, and T. F. Forrester, president, showed Mr. Tolias around the mines, and Mr. Tolias says that if his friends in Columbus could see this wonderful property as he saw it he would have little difficulty in selling all the stock necessary. Mr. Tolias returned with pocketful of ore samples and a contract showing what he thinks of this mining company, which is believed to be one of the best propositions in the country.

Mr. Tolias says that at a recent meeting of the stockholders, the Gold Point Mining Company offered $50,000 for the property and gives as his authority R. C. Kimball. The Goldsmith Mail people turned the offer down and intend to give the public a chance to share with them in the big things to come. The company needs money for the purchase of machinery and intends to start operations August 15. Mr. Tolias went down an 80 foot shaft and says that he is satisfied this mine will be one of the sensations in Arizona.

The Goldsmith Mail Copper Company shares are now at par value but will be worth double the money in a short time.

Mr. Tolias states that T. F. Forrester owns $100,000 worth of stock and that Attorney J. W. Rose is another large owner, and that the money secured from the sale of stock in Columbus will be remitted to Attorney Rose, Box 1220, Bisbee, Arizona. The company is incorporated under the laws of the state of Arizona for $1,000,000. Par value of each share $1, fully paid and non-assessable. The company owns nine claims in Dos Cabezas district. The company also gives 30, 60 and 90 days' time.

for four years and gives as its personal reference the Columbus State bank. While he admits that while in Columbus he has been compelled to make a living at various occupations, his real vocation is mining and he proposes to be engaged in the Triumph Gold Mine of Denver, Colorado. He is now a stockholder in the Goldsmith Mail Copper Company and will take pleasure in showing samples of ore taken from this property. If interested call at his place of business, the Busy Bee Cafe.

WATSON AND PAT DIET

A. D. Evans of Moosine Lake, N. J., says he is off his experience on a Kansas farmer, he never gave "Pat Watson" in 1913 as he did while in the 1. Lieutenant "Jonnie Marlar" from Hoosick Lake to Hoboken, N. J. as a result of a motor coming at Hoosick Lake Watson volunteered to be an engine, and others agreed to come up the rest of the crew. The grateful unknown on reaching Hoboken gave up a purse of $500 for Evans.

Dutch Naval Authorities Return Mine Sweeper

THE HAGUE, May 28.—(By Associated Press.)—The Dutch naval authorities have decided to return the German mine sweeper U219, which was interned a few weeks ago, to the German mine sweeping flotilla from which it deserted.

The vessel was taken by the German crew into the Ender Zee. At Muyden, a little fishing town, the captain, mate and two other members of the crew went ashore in order to find a purse for their boat, but were arrested. The rest of the crew, who waiting in vain for their comrades, had grown impatient, were just going to leave the Dutch waters again when they were caught by a Dutch torpedo boat.
